CITY COUNCILMEN.

Members of the city council who going on this excursion are: O. J. Davis, E. H. Davis, Thomas Hobday, L. J. Wood, C. M. Newhausen, F. J. Hewlett, J. R. Precce, A. J. Barnes, J. T. Hartenstein, W. J. Tuddenham.

## TO SELECT SITE.

### Nevada Land Commission Leaves Over San Pedro Tonight.

Col. H. B. Maxson of Reno, Nev., and Hon, Phil H. Triplet of Wells, Nev., members of the Nevada land commission for the selection of a branch agricultural farm in southern Nevada, arrived in town today, and are at the Kenyon. Mr. G. H. True of Reno, Nev., the remaining member of the commis-sion, reaches Sait Lake tomorrow morning, when they will organize and proceed to southern Nevada, in pur-suit of their duties. The selection will suit of their duties. The selection will probably be made at the most available point slong the line of the Salt Lake

## STRIKERS AS FARMERS.

#### Carbon County Miners Are Now Engaged in Tilling the Soil.

When Maj. Bird was down in Emery county the other day, he noticed that the ex-Italian strikers from the Utah Fuel mines, to the number of 200 or more, had started in to support them-selves by tilling the soil. They had cleared off land that has been considered of no value whatever, removing tons ed of he value whatever, removing tons of boulders and rock, and turning over the soil until they had actually got it to bearing crops. The ex-strikers have formed a community by themselves, and big bake ovens are run for the benefit of the same. The people live in caves, dug-outs and in anything that comes handy, and appear to get along.

## ARMORY BOARD MEETS.

### Discusses Site of the New Building And Its Probable Cost.

There was a meeting of the Armory board this morning, when the site and I the moneys to be expended wer discussed. Brig.-Gen, Park and Secy. of State Tingey were appointed a com-mittee to confer with the Armory committee from the Officers' association, as to where the site should be, and all matters of interest connected with the proposed building and its equipment The general estimate of cost was fixed at \$90,000, this, of course, including everything; and it was decided that the committee should report at the May

16 meeting as to the progress effected.

After adjournment, the board discussed informally the matter of the annual encampment, and it was the opinion that the next annual encampment should be held Sept. 6, to last eight days. But no agreement was arrived at as to the location. The armory committee on the Offi-

ders' association of the N. G. present at the meeting and submitted reports of the condition of the armories various companies throughout It is reported that all the companies outside Salt Lake, with the exception of that at Nephi, had halls which were ample for drill work and all guard purposes. Secretary of and all guard purposes. Secretary of State Tingey was appointed as a coma hall which will be suitable for company there. He will visit Nephi for that purpose next week,

## AMUSEMENTS.

White Whittlesey wound up his Salt Lake engagement last night before the strongest audience he has attracted. The bill was the stirring drama Sol-diers of Fortune and the enthusiasm and applause of the audience were of the most vociferous kind. Mr. White-lesey, in fact, had to go down before the foot lights, and make the usual address of thanks in the course of which he made his usual pleasant reference to full and empty benches, and gave the usual assurance that he proposed keeping at it until he had conquered Salt Lake, a sentiment which was equally applauded.

At the Theater tonight Chauncey Olcott in "A Romance of Athlone" makes his reappearance after a long absence. The play is a remantic drama and is laid in Ireland in the year 1800 a picturesque period which gives the company every opportunity for costuming and scenic effects.

"The Senator's Daughter" opens at the Grand tonight and will run the hal-ance of the week with the usual Baturday matinee.

Mr. Rubin goldmark has lately completed a remarkably successful tour of the east with his lecture recitals of Wagner's operas. His course here will begin Tuesday of next week at Unity hall, dates, May 9, 11, 12, 13 and 14,

## TOOK CHARGE TODAY

#### Geo. M. Bridwell Becomes Superintendent of School Building.

George M. Bridwell, who on Monday night last was appointed superintendent of the city school buildings to succeed of the city school buildings to succeed the late lamented William Pinney, assumed the duties of that office today, Mr, Bridwell is an experienced engineer and as such is thoroughly qualified to discharge his new duties with satisfaction to the board of education, and to the public generally. During his residence in this city he has had charge of the McCornick, Auerbach and Templeton buildings, and in each position has done full justice to the work required at his hands. That he will do likewise in his new calling there can be but very little doubt.

We've Been Telling You For Over a Decade That Three Crown Flavoring Extracts Are Of "High Strength" And "Absolutely Pure."

Have you read what State Chemist Harms, says about them?

This trade mark guarantees that they will cost you nothing if you don't like them. Just say "THREE CROWN" to the grocer next time you buy

# MISSIONARIES IN CONFERENCE.

Gathering of Episcopal Church Ministers for Seventh Missionary District.

## SERMON BY BISHOP MORELAND.

Says Christ Must be the Center of All Civilization and Development-Tomorrow's Frogram.

The third annual conference of the Seventh missionary district of the Epis. copal church, covering three dioceses and nine missionary districts-all states and territories west of the Rocky moun. tains, opened at 10:30 this morning, in St. Mark's cathedral. Bishop Funsten of Idaho was to have presided, but as he had not arrived, Bishop Spaiding officiated.

The first order of exercises was the holy communion, with hishop Spaiding as celebrant. The sermon was then preached by Bishop Moreland of Sacramento from the text, "And a man shall be as an hiding place from the wind, and a covert from the tempest; as rivers of water in a dry place, as a shadow onter of all civilization of the central point bishop's sermon was that Christ must be the center of all civ. ilization and development, the great center of the world's history, upon

SOME OF THOSE PRESENT.

At noon, following the sermon, the oil was called, and these delegates an-wered: Bishops Spaiding of Sait Lake: Moreland of Sacramento; Nichols of San Francisco; Archdescon Emery of San Francisco; Rev. N. B. W. Gallwey of San Mateo, Cal.; Rev. L. C. San-ford of San Francisco; Rev. G. E. Swan of Sacramento: from the Salt Lake dis-trict, Rev. Dean Eddie, Rev. C. E. Per-kins, Rev. J. W. Gunn, Rev. A. Brown; Messrs. J. A. Houghten, C. S. Stevenson, Messrs. J. A. Houghten, C. S. Stevenson M. L. Ritchie, F. A. Druehl, Arch-deacon Bywater of Denver was present and given a seat in the conference Spalding extended a greeting the conference, and an adjournment was taken until this afternoon, when the following program was observed:

AFTERNOON PROGRAM. General subject, "Work Among the Young. 'The Value of Church Schools," Rev.

William A. Brewer, San Mateo, Cal.
"The Sunday School and its Prob-

lems."

"The Scarcity of Well Trained Teachers and its Remedy," Rev. E. Ruffin Jones, Pocatello, Idaho,

"Lessons and the Graded System.",
Rev. John H. Houghton of St. Mark's church, Denver, Colo.

"Scrieties for Children, Junior Broth-erhood, G. F. S. Daughters of the King, Babies Branch," etc. Rev. John H. Hougton, Denver, Colo.

'Missions in the Sunday School," the

This evening will be devoted to a re-fluor for the delegates and church people, given by Bishop Spaiding at the bishop's house, 444 east First South.

TOMORROW'S EXERCISES. Temerrow's program is as fololws:

7:30 a. m., hely communion. 19 a. m., special missionary problems the Seventh district.

"Meeting the Appointment," Rev. J. W. Gresham, San Jose, Cul.
"Methods of Developing Self Help," Rev. N. B. W. Gallwey, San Mateo, The relation of the Church to the

Christian Denominations," Rev. J. W. Gunn, Montrose, Colo. weman's mass meeting. General subject: "Weman's Place and

"In the Home," Rt. Rev. W. H. Moreland, D. D., bishop of Sacramento, "In the Church," Rt. Rev. Wm. P. Nichols, D. D., bishop of California, "In the Church Institution, School and Hospital," Rt. Rev. James B. Fun-sten, D. D., bishep of Boise. Paul's church.

"The Brotherhood of St. Andrew," Hon. M. L. Ritchie.
"Lay Readers" League," E. L. Bey-land, San Mateo, Cal.

# Catarriets

Relieve Nasal Catarrh, allay inflammation, soothe and heal the mucous membrane, sweeten and purify the breath. Best gargle for Sore Throat. 50c. or mail. HOOD

indigestion and dyspepsia. Pleasant and economical. Medium size, 25c.; Large, \$1; Pocket, bandsome aluminum benbonniere, 10c. Druggists or mail. C. I. HOOD CO., Lowell, Mass.

# NOT A LAWYER BUT A FIGHTER.

Alfred Lochelt Wanted to be His (wa Attorney in Divorce

## STARTED TO WRITE ANSWER.

Quit, Hewever, When He Had Been at It Half an Hour-A Sensation Expected.

Alfred Lochelt, whose wife filed a suit for divorce against him yesterday charging him with various acts of cruelty, called at the county clerk's office today and inquired if he could not fight his own case. He was informed that he could but was advised to see an attorney to draw up his answer for him. He replied that he was not going to pay a lawyer a cent but would write

it his answer himself, lie asked for a sheet of paper and a pen and was furnished with the same by Deputy Clerk Smith and he immediately set to work drawing up the decument. He wrote for about a half decument. He wrote for about a half hour and then stopped and told the deputy that he guessed ne would see an attorney. He thereupon destroyed his answer and left the office. Judging from his demeanor while in the office it is very probable that his answer was a one and aimost as sensational wife's complaint. It is also probable that it was a curiosity in the way of legal pleadings.

## LEAVES ALL TO NEPHEW.

Will of Hans Halverson Filed for Probate in District Court. The will of Hans Halvorsen, deceased, The will of Hans Halvorsen, dressed, who died in this city on April 29, 1865, was filed for probate in the district court today, together with the petition of Harley V. Halvorsen, who asks that letters testementary be granted to him as provided in the will. The estate consists of real estate of the value of \$2,500 and persons real estate. sists of real estate of the value of \$2,500 and personal property of the value of \$1,342.25. In the will all of the property is bequeathed to the petilioner herein who is a nephew of the testator. The petition will be heard by Judge Armstrong on Saturday, May 20.

## LLOYD VS THATCHER.

Defendant Plands Statute of Limitations In Mining Suit.

In his answer filed in the district court today by Moses Thatcher, who is defendant in a suit filed by Benjame.

T. Lloyd, the statute of Handations is set out as a defense. The action was brought to recover \$2,329 alleged to be the balance due for 50,000 chares of stock of the Copper Ranch Mining company, which is alleged to have been sold to defendant on March 5, 1801. In Mining Suit.

The defendant denies that he ever entered into any contract for the pur-chase of the stock, and that such a contract would now be barred by the statute of limitations which requires ment for that amount with interest.

#### FOR NEW ADMINISTRATOR. Heirs of Jonathan Williamson Want H. Hurd Appointed.

A polition has been filed in the pro-bate division of the district court by Mrs. W. J. Buckingham and other heirs asking that Joseph H. Hurd be ap-pointed administrator of the estate of Jonathan Williamson, deceased, in the place of R. B. Shepard, who recently resigned. The estate has been in the courts ever since October, 1883, and Joseph R. Walker and Boyd Park were the first administrators of the estate. The property consists of real estate on the corner of Fifth South and State streets valued at \$15,000 and \$3,600 in each in the hands of R. B. Shepard, which it is it is claimed, is now ready for distribution.

## COURT NOTES.

Judge Morse today rendered a de-cree in favor of plaintiff in the case of Addison Cain against Bert Cushing and Marie Cushing, quieting plaintiff's title to the west half of lot 6, block 1, Acadla

Judge Morse has granted Nancy Picker a divorce from Edward H. Pick-Picker a divorce from Edward H. Picker on the ground of cruelty. The decree awards plaintiff all of the house-hold goods and a horse and also \$435 as alimony and attorney's fees. The title to the real property belonging to the parties is awarded to defendant upon the payment of the above amount to plaintiff. to plaintiff.

Judgment was rendered in favor of defendant by Judge Morse today in the case of Andrew Larsen, by his guard-ian ad litem, against Niels Lind. The tion was brought to set aside a judg ment secured by defendant against plaintiff, and to recover \$182.65 which plaintiff paid on the judgment.

## UNIVERSITY ELECTION.

#### Arts and Normal Students Nominate Candidates for Office.

The arts and normals of the University of Utah, who will be pitted against the engineers at an election to be held May 17, today nominated their standard bearers for the battle to be waged on that day. They are: President, Harold Stephens; vice president, Earl Hopkins; secretary. Virginia Best; treasurer, Elsie Ward; athletic representatives, Fred Bennion, George A Hedger; member of athletle council, John Jonsen; manager of debating club, Leo Marshall; editor of Chronicle, Dan

The engineers' ticket was published a week ago. The election promises to be quite spirited and the Australian ballot will be used.

## WARD ENTERTAINMENTS

Eleventh Ward—Tonight and tomor-row night the Eleventh Ward Dramatic association will present the popular drama, "Down in Dixie," in the ward hall, the entertainment being as a ward enefit. A finished performance is as-

Fifth Ward—The Fifth ward choir will present the drama. "A Loyal Friend," in the ward amusement hall tonight and tomorrow night. In addition there will be a laughable farce entitled, "This Paper For Sale," and vocal numbers between the acts.

# U. P. MOTOR CAR HAS ARRIVED HERE

Much Heralded Railroad Phenomenon Got to Salt Lake This Morning.

# LOOKS LIKE A TORPEDO BOAT.

Came Down from Ogden With a Party Of Railroad Officials Aboard-laspected Today.

Looking more like a torpedeboat than a railway car, and frightening seasoned section hands into the belief that an airship had swooped down on the right of way, a Union Pacific motor car drove into Salt Lake from Ogden this morn-The coming of the car marks an entirely new era in means of locomotion, and does for the railroad system what automobiles have done for roadway traffic. The car will remain in the city two days, and this afternoon at 4 o'clock will be placed on exhibition. It is propelled by gasoline, has a capacity of 20 passengers, and is operated by a crew of two men. On its trip into Salt Lake it carried a dozen ratiroad officials and guests, and as they knew the schedules of regular trains they came un-annuanced. There was trouble at once when the new craft began speaking for the locomotive salute which all well regulated locomotives give to each other er in passing. Its voice is the shrill er in passing. Its voice is the siril whistle of a Bamberger engine, rather than the deep besse of a ady of the regular line, and when the old engines were saluted as they sped past they refused to acknowledge the intruder, and cometimes had to be recognized haif a dozen time before they steeke up in dozen time before they spoke up n

#### MAKE A QUICK RUN.

MARCE A QUICK RUN.

The trip consumed a little over an hour and a hair, but much of this time was lost at sidings, waiting for regular trains to pass. The first stop was made at Layton, after leaving Ogden at 9:12 o'clock. At Simpson's brick yard another stop occurred, and finally just out of Woods Cross a forced stop occurred. It was all because some section hands had a hand one on the track, and were not going to surrouder the road to such a craft as that "or the like of that" !! craft as that for the like of that it proved its right to be running over the regular broad gaged line. When they heard the whiells they declared it they heard the whistle they declared it was a Bamberger critice, and when the car hove in eight, they declared it was a flying machine. When it stopped to force them to clear the track the boss whated to know if it was an Ogden electr's car running amuck. All along the line the people of the small towns gathered in force to see the new craft pass, and they were profuse in their cheering and hat waving.

## OFFICIALS ABOARD.

entered into any contract for the purchase of the stock, and that such a contract would now be barred by the statute of limitations which requires that an action on a contract of that nature shall be instituted within four years. Defendant by way of cross-complaint alleges that he loaned plaintiff \$80 on Nov. 25, 1903, no part of which has been repaid. He asks judgment for that amount with interest. Pierson, of Ogden; and C. M. Beard and L. C. Adams, car erew from Oma-ha. Neb. In addition to these railroad men Mayor William Glasmann of Ogien and S. H. Stinson of Chicago were aboard the car.

GLASMANN DELIGHTED.

When seen by the "News" today Mayor Glasmann said of the trip: "The new car is certainly a winner. Although it was propelled by gasoline there was not the slightest odor of the gas in the car, as there is in the case of automobiles. The trip was comfortable, and the speed all that could be desired. The stop at Woods Grosa showed how nicely the car behaves under the brakes, as the engineer stopped in a very short speed. in a very short space of time, and in ood time to prevent a collision."

## WEATHER REPORT

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Barometer reading at 6 a. m., 25,36 inches. Temperature at 6 a. m., 39 deg.; maximum, 48; minimum, 35; mean, 42, which is 12 deg. below nor-Deficiency of the daily mean tem-

4 deg.

## Fire in Colorado Spring.

Colorado Springs, Colo., May 4 .- The Colorado Springs, Colo. May 4.—The New York Cash Store, at 116-118 South Telon street in this city, was damaged \$60,000 by fire today and the building was damaged about \$10,000. About 35 clerks, most of them girls, fled from the store in a panic when the smoke began pouring up from the basement, but none was injured.

# BURLINGTON GETS RECORD SHIPMENT

Secures 1.800 000 lbs of Idaho Wool Which Changed Hands Yesterday.

# WHAT THE BUSINESS MEANS.

Some Startling Figures in Ready Cash Paid Out for Territorial Wools.

The news of the largest sale of wool ever recorded in Idaho which came yesterday afternoon, created some discussion in railroad circles today. The fact that there is 1,800,000 million pounds of wool in the hands of one firm is causing a lively scramble among the rajiroad agents to secure this traffic plum, until it became known that the Union Pacific would transfer it to the Burlington for shipment east. "Ludvig Eiseman is certainly stirring up the animals in this territory," said railroad man this morning. "This losten firm of woolbuyers I firmly believe will clean up a million dollars this cason in the way of profits. It takes ome money to go into the wool business."

case of each down on the delivery of he wool and cash down for freight when it is moved. I have figures which demonstrate that this firm alone bought 13,000,000 pounds of wool hall, Idaho and Wyoming this year and is still purchasing more. Taken all through, this wool averages 18 cents a pound spot cash-some bought in Utah cost 20 cents and some in Wyoming 22-this means a cash outlay of \$2.340,000 for the wool, and \$260,000 for feelph. freight to the railroad companies, or \$2,600,000 before a single cent comes in by way of returns on this investment. There are very few businesses that are quite the same."

Nearly every pound of weel brought in this territory ultimately goes to St. Louis, Philadelphia or Boston. Chicago apparently has passed out and is not taking any chances in what a great many people look upon as a big gam-ble this year. While all admit that here is a shortage on reserve wools his year, local buyers maintain that existing prices are not entirely war-

## OGDEN YARDS.

# Barriman Lines are to Spend \$1.000,

Ogden, May 4.—At a meeting of the Ogden Real Estate Mer's association held here yesterday, blue prints prepared by the Harriman railroad lines which center at Ogden, were presented to the real estate men, showing the improvements which, are to be frace to this city during the next twe years, costing a total of \$1,00,000. One of the improvements that is greatly predel and is contemplated, is the construction of the Twenty-fourth street viaduet, which, if done, will be appreciately greatly by the public, whose lives are endangered by crossing the railroad tracks as they now are. Already the management of the system has approved of an expenditure of \$250,000 in Ogden, and they expect to approve of the expenditure of that much more here during 1965.

The blueprints opening the content of the system has approved the properties of that much more here during 1965. 000 in Improvements.

during 1965.

The blueprints specify the improvements, which will consist of an enlargement of the local yards, the completion of the sand vidge cut-off, the building of a foundry and storehoue, and the erection of a fine new freight depot. The present freight depot is entirely inadequate for the vast amount of shipping done in Ogden, which is the great shipping point of this intermountain region. A committee of real estate men was appointed to go to estate men was appointed to go to Salt Lake to consult with Mr. Bancroft concerning the improvements.

## HARRIMAN CUTS TIME. San Francisco to Chicago in 68 flours

And 20 Minutes. San Francisco, May 4.—The overland limited, which left San Francisco yesterday at 11 o'clock a. m. for Chleago via Ogden and Omaha, on its initial trip under the new schedule, will make the trip in 68 hours and 26 minutes, allowing for changes of time. This rapid schedule is made possible by the betterments which have been inaugurated under the Harriman regime during the past two years, in which millions have been spent in straightening out the track along the Southern and Union Paclific lines, and in constructing the Og-clific lines, and in constructing the Og-den-Lucin cut-off across the great Salt Lake. This is the fastest time which any regular train has ever made be-tween San Francisco and Chicago.

SPIKE AND RAIL The first through train from Salt Lake to Los Angeles was only 40 min-utes behind time yesterday morning. B. R. Pinney is now traveling freight agent for the Short Line at Boise un-der District Freight and Passenger Agent Frank Plaistead.

J. T. Wallace of the Lake Shore Michigan Southern at Newburg, N. J., in numbered among the visiting railroad men.

H. P. Howard of the passenger de-partment of the Southern railroad at Washington, D. C., is in the city, ac-companied by Mrs. Howard. The Sait Lake Route delivered an-

other through car of passengers to the Rio Grande this morning. They are en route from Los Angeles to Law-Arrangements are under way for the entertainment of the returning dele-

Portland next week. Quite an army of conductors is expected to invade Sait C. O. Jensen, one of the numerous immigrant agents of the Short Line arrived from Chicago last night. He reports that scores of bonafide homes seekers are making preparations to move to Idaho.

The Rio Grande Western has filed condemnation suits in the Second district court to enable the company to secure a right of way for the Hooper branch which is to be built for the ac-commodation of the beet raisers.

General Agent Harding of the Colorado Midland returned this morning orado slidiand returned this morning from Iron Spur, where he has been leading 300,000 pounds of wood for shipment east over his line and the Burlington and Rock Island.

# AFTERNOON ON EXCHANGE.

This afterneon's sales on the mining This afternoon's sales on the mining exchange were;
Carisa, 700 at 17%,

Daly-Judge, 500 at \$5.12%,
May Day, 1,000 at 20%; 500 at 20%,
Silver Shield, 400 at 27%,
Little Chief, 1,000 at 3%; 2,000 at 3%,
New York, 900 at 65; 200 at 66; 100 at
64, seller 30,

# CHICAGO AGAIN SCENE OF VIOLENCE

(Continued from page 1.)

As the results of the efforts of Mayor Dunne, Gov. Deneen will come to Chi-cago Saturday for a conference with him. It is quite likely that an effort will be made to bring the employers and strikers together, with a view to a settlement of their controversy. The police accompanied an increased num-ber of wagons of the boycotted whole-sale and retail stores and express comsale and retail stores and express com-panies today, and there was less in-terference with deliveries by strikers and their sympathizers. This was possibly due to the general presence of the municipal guardians. It had been exclaimed by the police that the private detectives and hired guards were responsible in large part for the rioting and the claim was apparently well founded by the result of the well founded by the result of the

Additional wholesale Chicago Team Owners association, the independent organization announced that deliveries were to be made to boycotted stores, though non-union drivers will not be discharged if stopped by pickets.

pickets.

The situation has been somewhat cleared by the announcement of President Shea that the Teamsters' union does not demand a "closed-shop." There is much feeling among the public about the bringing in of negroes from the south to take the piace of strikers, and it was given out at the employers' headquarters that no more negroes were to be brought here.

There were several riots while the

There were several riots while the caravans were being taken through the streets, and a number of people, spectators and non-union drivers, were sudously hurt. One or two may die.

## LATE LOCALS.

The state board of examiners held special session today, and considered a number of bills against the state. Three hew Elks were taken into the local lodge, and more will follow next Wednesday night. The membership of lodge No. 85 is now over 600.

Miss Maud May Babcock went to Ogden last night under the auspices of the M. I. A. lecture bureau, and render-ed in splendid style Browning's "Blot on the 'Scutcheon." The funeral of George B. Norman was

held at 2 p. m. today from Masonic hall under the asupices of Argenta lodge No. 3, of which the deceased was a member. The interment was at Mt. Olivet, The rainy season is apparently setting in, as the weather map today shows clouds and occasional rain for tonight and tomorrow. Rain conditions are obtaining pretty much over the country,

The Light & Railway company has forces of men actively laying track on east Fourth South, and Ninth East streets, so that in a short time the state prison lines will be double tracked to Tenth South street. This will save delay. The quarterly edition of the Bell Telephone directory has just been published, and is being distributed. There are in all 15,000 names in the book, or 500 more than in the previous quarterly

and temperatures are moderately high

directory; and there are 200 more names in the Salt Lake section. Mr. and Mrs. S. F. Fenton have re-turned from San Francisco with Mrs. Fenton's health much improved. Mr. Fenton reports everybody busy in San Francisco, and the town free from labor troubles. But there is a big sensation on the escapade of the tax collector with a big wad of the city's money along with one or two variety actresses. A prominent local bakery shop pro-prietor says that the retail dealers about town have no cause for kicking, as they have been making 49 per clear profit on their bread. He cal tention to the fact that while in states there are laws regulating weight of loaves, there is no law in this of increasing or shortening up on the amount of flour in a loaf, according to

the price of flour. The company planning for the building of a railroad from Mack, Colo., to Dragon, Utah. 60 miles, is completing plans for a \$15,000 hotel in each of the two towns, equipped with all the modern than the company of the ern improvements. The company has \$50,000 worth of automobiles for its stage line to Duchesne and Vernal, and will fill in the wheel ruts and channels in the road with asphalt, which will make the road easy to run over. These intomobiles are huge affairs, carrying
