

## THE BALL.

## ACTION OF THE INAUGURATION EXECUTIVE COMMITTEE RELATIVE TO TICKETS.

The action of the Executive Committee of the Inauguration Ceremonies at Washington, in designating the Baltimore & Ohio ticket offices in the principal cities, East and West, as special depositories for the sale of Inauguration Ball tickets, cannot but prove of great advantage, as heretofore tickets could not be obtained for the ball until after arrival at the national capital. Everybody knows where the B. & O. offices are in the leading cities: 83 Clark Street in Chicago; 5 N. High Street in Columbus; 173 Walnut Street in Cincinnati; 136 S. Illinois Street in Indianapolis; 101 N. Fourth Street in St. Louis; 152 W. Baltimore Street in Baltimore. Letters relative to the ball tickets addressed to the B. & O. ticket agent at any of the addresses given, or to ticket agent B. & O. office, Louisville, Wheeling, Zanesville, Newark, Sandusky, Cumberland or Frederick, will receive prompt attention. At the offices named, those who desire can purchase the ball tickets same time as they do their railroad tickets; while those who may want them as souvenirs do not have to send to Washington for them. Preparations for the inauguration ceremonies are being carried forward with the determination to make them memorable. The Baltimore & Ohio, as the only direct line from the West into Washington, has extended every facility to the executive and other committees in so shaping matters as to bring about complete success in every particular. The B. & O. has announced the lowest rates ever made for an inauguration, in most instances less than half-fare for the round trip, with a limit on the tickets of the most satisfactory length. By the B. & O.'s recently put on fast train schedule, its noted limited trains make the run through to Washington, from all points, from one to six hours quicker than any of the limited trains on other lines. Not a nickel extra is charged for the fast time, which is directly to the contrary of the rule followed by other lines with their limited trains, for upon them double fare is the only way one can travel, and must take sleeping cars through, whether wishing so to do or not. On the B. & O. one exercises the good old American custom of going as he pleases. Trains run through solid, no change of cars of any class, and pay only for what is asked for—not a cent more, no matter what may be the custom on other lines. All these things are well worth considering before starting.

**For Throat Diseases and Coughs.**—BROWN'S BRONCHIAL TROCHES, like all really good things, are frequently imitated. The genuine are sold only in boxes.
