No Fence—Organization—Progress—Sickness, etc.

SANTAQUIN, July 3rd, 1877.

Editor Deseret News:

At a mass meeting called for the purpose, on June 30th, by due public notice, it was agreed almost unanimously (only two dissenting votes) that the precinct of Santaquin should be governed in farming operations by the "No Fence Law," and in the event of opening new farms, to do so as compactly as possible. Also at a public meeting immediately following the above, and called by due public notice, Messrs. Thomas B. Heelis, Peter N. Anderson, and Lars A. Johnson were unanimously elected three trustees to take charge of the Church property belonging to this ward. The Lesser Priesthood of this ward has completed its reorganization and all set in working order.

Santaquin is making increased efforts to move in the right direction. Our facilities for temporal and spiritual prosperity are continually being developed and utilized. Our beloved bishop and co-workers are by their untiring labors drawing the people to a oneness and are with great effect teaching them the necessity of living the religion of Jesus Christ, that they may be eligible to the blessings accruing therefrom.

We have had much sickness among our children, but through the administration of the ordinances very few deaths have occurred.

Our Y. M. M. I. A. is steadily progressing; its moralizing and general reformatory effects are very perceptible.

Peace, good will, and "mind your own business" are the leading characteristics of our town.

W. C.

## Health—Various Labors—Crops.

SAN LORENZO, Valencia Co., New Mexico, June 3rd, 1877.

Editor Deseret News:

Dear Brother—On the 12th we were bereaved by the loss of Sister Mary Maughan, wife of Elder John Maughan. She was sick only nine hours. She was not conscious of pain but for a short time, and fell asleep peacefully. She leaves a husband and two children to mourn her loss, one in Utah and one daughter here, of twelve years, whilst all of our company feel that we have met with a great loss, as in our journey we were called to pass through many important trials and privations, and through all she never found fault nor complained. She and Sister Hatch were the only white women in our company till the arrival of my nieces and sister. We were here six months and only two families of us. Sister Maughan was the sister of Elder Charles Nibley, who is on a mission to Europe.

On the 7th of May we baptized eight Navajoes at Savoy and administered to two of them, who had been suffering for years from the effects of wounds received in battle, and they were healed and made sound as before. One of them was the chief of a small band of Navajoes, and he told me on the 21st of May that he could ride without pain. Last winter, when he came to visit me, he would lie and moan all night with pain.

On the 21st we baptized three more and a woman of about 40 years, the first of the female race of the Navajoes. She was carried to the water in a blanket by her son and three others, and we administered to her and she walked to her horse and rode eight miles. She had been helpless for three months previous to this. I called her name Ruth, and all of those baptized have requested a name, which I have given them and placed it in their recommends, which they prize very highly. One of the young men can talk a little English, and has been baptized, and through him we have been able to explain the Book of Mormon, and some of our faith and doctrines.

We have about thirty-five acres of corn and wheat at this place, mostly corn. We shall put in a few acres more, and then go to fencing and building.

We number five men and three boys at this place, Brother Westover and family having arrived

three weeks ago from St. George. He came in company with Brother John Hunt and family from Beaver, and Brother Manassah Blackburn, a single man. The two latter brethren have gone to Savoy, also Brother Powell, from Joseph, Sevier Co. He is at Savoy and will soon return for his family, who are at Kanab.

I received a letter from Elder J. Morgan, who is laboring in Georgia, in which he states that some 200 Saints will emigrate this fall to this part of New Mexico or vicinity.

The weather has been cold and wet, and there is a fair prospect of good crops of grain and vegetables. On the 3rd I baptized another Navajoe, and I learn that the first Navajoe baptized has been preaching in favor of the truth and has been threatened with being put in chains by white men, who wish to suppress the testimony of this worthy man lest his people should receive and obey the glad news.

We are struggling in poverty, but not in despair, as we hope to raise bread for our sustenance. To-day is our fast day, and we were made glad by the arrival of 1,000 pounds of corn, brought to us by some Zunies, in pay for wagon repairs and blacksmithing. This was timely, as we were living on borrowed flour. We are laboring hard, early and late, and enjoy our food, though scant, as much as the wealthy enjoy the rich abundance that fills their store-houses. We are near the summit of the highest portion of New Mexico.

It is now the 8th of June and we have had about five hours of rain, and now it is snowing very fast. This cheers us, as we need water for our crops. We shall soon have all our corn and beans planted. The crop of wheat at Savoy looks very fine. The soil is a black, sandy loam, and will raise early corn without irrigation.

Your Brother in the Gospel,  
L. H. HATCH.

THE Mitchell Wagon is acknowledged by farmers and freighters to be the lightest draft and has more marked improvements suited to the wants of Utah than any other wagon on the coast. Mattison & Johnson, sole agents for Utah. Call and see them.

MATTISON & JOHNSON,  
w At the sign of The Windmill.

VARIOUS CAUSES—advancing years, care, sickness, disappointment and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. Ayer's Hair Vigor will restore faded or gray, light and red hair to a rich brown or deep black as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous. For sale by all dealers.

LAWs concerning Naturalization, Citizenship, Elections, Supervisors of Elections, and United States Marshals at Elections, in pamphlet form. Price 15 cents. Two copies, 25. For sale at the DESERET NEWS Office.

## Crackers! Crackers! Crackers!

## IMPORTANT NOTICE!

Readers and Heads of Families

CUT out this notice and send it to the Graefenberg Company, 55 Rea e St., N. Y., together with TWENTY-FIVE cents, and you will receive by return mail, postage paid, a copy of their valuable family medical book, entitled

The Graefenberg  
MANUAL OF HEALTH.

It contains 360 pages, handsomely printed on fine paper, and is written in language plainly understood by every one.

Centaur  
Liniments.One kind for the Human Family.  
The other for Horses and Animals.

These Liniments are simply the wonder of the world. Their effects are little less than marvellous.

The White Liniment is for the human family. It will drive Rheumatism, Sciatica and Neuralgia from the system; cure Lumbago, Chilblains, Lock-jaw, Palsy, Ich, and most Cutaneous Eruptions; it extracts frost from frozen hands and feet, and the poison of bites and stings of venomous reptiles; it subdues swellings and alleviates pain of every kind. When sprains or bruises occur, it is the most potent remedy ever discovered to heal the injured parts. The Centaur Liniment is used with great efficacy for Sore Throat, Toothache, Caked Breasts, Ear-ache and Weak Back. The following is but a sample of numerous testimonials:

"I. I. IANA HOME, Jeff. Co., Ind., May 28, 1873.

"I think it my duty to inform you that I have suffered much with swollen feet and chafes. A few bottles of Centaur Liniment has done the work for me. I have not been free from these swellings in eight years. Now I am perfectly well. The Liniment ought to be supplied warm."

"The proof is in the trial. It is reliable, it is handy, it is cheap, and every family should have the White Centaur Liniment."

The Yellow Centaur Liniment is adapted to the tough muscles, cords and flesh of horses and animals. It has performed more wonderful cures in three years of Spavin, Strain, Wind-galls, Scratches, Sweeney, and general Lameness, than all other remedies in existence. Read what the great Expressmen say of it:

"NEW YORK, January, 1874.

"Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the best article ever used in our stables."

"H. M. RSH, Supt. Adams Ex. Stables, N. Y."

"R. PULTZ, Supt. U. S. Ex. Stables, N. Y."

"ALBERT S. OLIN, Supt. Nat. Ex. Stables, N. Y."

The best patrons of this Liniment are Farriers and Veterinary Surgeons, who are continually using some Liniment.

It heals Galls, Wounds and Poll-vill, removes swellings, and is worth millions of dollars annually to Farmers, Livery-men, Stock-growers, sheep-raisers, and those having horses or cattle.

What a Farrier cannot do for \$20 the Centaur Liniment will do at a trifling cost.

These Liniments are sold by all dealers throughout the country. They are warranted by the proprietors, and a bottle will be given to any Farrier or Physician who desires to test them.

Laboratory of J. B. Rose & Co.,

46 DEY ST., NEW YORK.

## Honey.

Pitcher's Castoria is a complete substitute for Castor Oil, and is as pleasant to take as Honey. It is particularly adapted to Teething and Irritable children. It destroys worms, assimilates the food, regulates the stomach, and cures Wind Colic. Few remedies are as efficacious for Feverishness, Croup, Worms and Whooping Cough. Castoria is a scientific and purely vegetable preparation, more effective than Castor Oil, and neither gags nor gripes.

COLUMBIA, Conn., May 3, 1876.

Messrs. J. B. Rose & Co., N. Y.

Gents: I have a family of eight children and have used as much CASTORIA as any family in the United States. I think I have never found anything equal to it. My children have been saved from a fever several times by the use of Castoria. I recommend its use for children, for many diseases they are subject to, in preference to any medicine I know of. I feel it my duty to give this certificate on account of the benefits I have derived by the use of CASTORIA.

Very truly yours,  
NORMAN P. LITTLE.
