

SPECIAL BUSINESS NOTICES.

THE CITY OF SALT LAKE CITY.
The mail box of Ogden City has been found to be a very malignant character.
All persons suspected of having been in contact with the disease should be immediately placed in quarantine.
Railroad conductors and train hands in general are respectfully requested to watch their trains closely, that no infected individual be brought to this city and allowed to mix with the public.
Disinfectants should be profusely used in every passenger car, box car and engine, that are constantly on transit between this city and Ogden.
A bottle of burning tar should be kept in each car sufficiently long to permeate every interior and engine with the fumes thereof, at least three times a week.
Cathartic acid and water, 20 per cent solution, should be sprinkled freely over the floors and platforms of every car, every day.
It is the duty of all railroad officials and citizens throughout the city and county to take all possible preventive measures to keep away the dreaded scourge from their midst.
Respectfully,
SARAH B. YOUNG, M.D.,
Quarantine Physician for Salt Lake City.
