Rehearsals are now in full blast for the Tom Show, which is to be given the auspices of the Press club on Monday night, Feb. 3, at the Salt Lake

From all indications the burlesque on Uncle Tom's Cabin will not be a bit like that famous production of four rears ago, as some of the rough edges are being polished off and new jokes and flings at people and things are be-ing interjected with a lavish hand. Of course, the famous ice scene, the slave etion, the death of little Eva, and the ekanniny band, will be retained herwise the show departs sadly from otherwise the snow departs saily from the book. The gags—and new ones are being injected every day—embrace anything from cashiers' checks to the latest aspirant for office.

Chamberlain's Cough Remedy Bene-fits a City Councilman at Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West Indies, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble and I think I should have been more quickly relieved if I had continued the remedy. That it was beneficial and quick in relieving me there is no doubt and it is my intention to obtain another bottle." For sale by all druggists.

WANT CLOSED CONDUIT.

Residents Along City Creek Again Ap.

The condition of the City creek bed through west North Temple street is still exercising the apprehensions of people in that part of the city. It appears to them that the only way to permanently remedy the evil of spring overflows, would be to tube, or close-conduit the creek from the Short Line yards to Ninth West street, the size of the bore being five or six feet. It is understood that the city engineer is of the same opinion, and that a tube of this size would easily take care of all the freshets that might come down from the mountain. Ex-Councilman E. E. Rich remarked today, climan E. E. Rich remarked today, "If that flume is left open, it will be only a question of time before one or more children fall in and get drowned, and then the damages the city will be called on to pay, will much more than offset the extra cost of a least conduit."

Mabel Fennimore Bailey Walcott Jenkins Contracts a Multiplicity of Husbands.

NOW HUBERT SEEKS DIVORCE.

For He Believes One Hubble in Fam. ily is a Sufficiency and Two Are a Crowd.

Hubert Jenkins believes that one husband in a family is quite sufficient to be conducive to happiness and bliss. In accordance with his notion he has filed a complaint against his wife, Mabel Fennimore Bailey Walcott Jenkins, charging that at the time he married her she already had a husband and also that when they were married in Farmington on Nov. 22, 1907, she told him, Jenkins, that she had been divorced from her other husband in a southern county of this state. Now, says Jencounty of this state. Now, says Jenkins, she denies ever having been divorced. He thinks that his wife is getting ready to go to Nevada with her first husband. The first husband has been known as Fred R. Bailey and Fred R. Walcott, hence the multiplicity of names in the defendant's

The unmasking happened in Bing-nam. Jenkins was in the dining room ham. Jenkins was in the dining room of his Bingham home and his wife was in the front room. Balley had heard that she was there and thought he would call to see her. He did so and met her at the door.

"What are you doing here?" Bailey thoughed.

"Oh, I am working here," she he credited with saying in an offhand Jenkins heard the remark and then he grew warm, then warmer and finally

he grew so uncomfortably warm that he has sought solace for his injured feelings in the divorce court. AWARDED ONE DOLLAR.

Because John E. Smith and Avilda C. Smith were not married in the temple, Mrs. Smith decided, after they had been married only a few hours, not to live longer with her husband and she accordingly left the home he had provided for her. Ludwig Roselund, administrator of the Benson estate, brought suit against McCoy's stables alleging that owing to negligence and criminal carelessness, Benson had been run over and killed by a horse and buggy ownand killed by a horse and buggy owned by the stables and driven by one of the employes of the place. The jury from the evidence submitted, falled to find the required showing.

A CURE FOR MISERY.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50-cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Z. C. M. I. Arrangements Made With the Presiding Bishopric for the Use of Part of Tithing Office.

The Latter-day Saints' university has been given more room. Arrangements were made recently with the presiding bishopric for the use of the upper floor of the tithing office, in the rear of the university buildings. It was foreseen early in the year that the available room would be too small for the ac-commodation of the school, notwith-standing the institution occupied the business college building the Barratt Hall, the Memorial building the gym-nasium, the Lion House, and the base-ment of the Social Hall, Steadily from ment of the Social Hall, Steadily from September last the enrollment has grown, till now it exceeds the 1,200 mark. It was feared, too, that the probable large addition to the enrollment from the mid-winter graduates of the city schools would increase the attendance beyond the capacity of these six buildings. Hence the permission six buildings. Hence the permission to make use of the tithing office block

## To Cure Rheumatism

The excessive accumulation of uric acid must be eradicated from the system. Dr. Miles' Nervine used as directed for rheumatism, is alkaline in nature. It neutralizes this acid, and its soothing effect upon the irritated condition of the nerves relieves pain and induces sleep and rest.

"I was suddenly taken with a severe pain in my foot. My physician could not tell what was the trouble. In a few days I had the same trouble with the other foot. I was so crippled that I could scarcely walk and at times I had to craw on my hands and knees from my bed down stairs. After having my shoes on for an hour or two I could manage to walk by suffering the pain. I suffered more or less all summer, and tried almost everything but got no relief. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but I was scarcely able to walk when I left it. I read about Dr. Miles' Nervine, bought a bottle and also wrote the Miles Medical Co.. for advice. They advised me to add sallcylate of soda to the Nervine, and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

P. O. Box 5. Rocksway, N. J. Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it falls, he will retund your money.

The building is now being fitted up for a chamical laboratory.

In addition to this, arrangements have been perfected by which the upper floor of the Social Hall is to be used by the departments of music and art. Hitherto only the basement floor was occupied by the university. The removal of these two large departments from Memorial building will give the needed room for the new classes in first year subjects, which it is intended will be organized week after next for the benefit of those who are entering school in mid-year. Classes will be organized in all first-year subjects, not only in the high school department, but also in the business college.

During Last Two Months 131 Men Have Enlisted With Uncle Sam.

The West Temple street recruiting station of the army is now doing a land oce business. Since it was opened 18 months ago, 246 recruits have been accepted there and 208 rejected, or 454 applications received. But in the last two months and a half, 131 of the 246 have been received, and applications for enlistments are being received now every day from desirable classes of men. The great majority enlist for service in the Philippines, as they can thus see foreign countries, and stand a good chance of being returned home via the Suez canal, making a trip around the world. The great rush is for the infaniry arm of the service, very few going to the artillery. Applicants are rejected for defective vision, non-conformance with regulations as to height or physical measurements, weak lungs or heart, etc. Quite a number of men are being sent into the engineer and signal corps. months ago, 246 recruits have been ac-

Street Car Conductors Are Firm In Regard to Issuing Transfers.

The new rule on the street cars regarding issuing of transfers is being rigidly adhered to, and no passenger can have a transfer who does not recan have a transfer who does not request it when paying his fare. One stubborn passenger yesterday afternoon, demanded a transfer afer payment of fare, and when he was refused, declared he would stay on the car until he got it. The conductor referred the situation to the superintendent en route, and was told to let the man ride all day if he liked, but not to give any transfer. The passenger remained on the car for three round trips, when his patience gave out, and he quit.
