

HE THOUGHT HE WAS DIVORCED.

Neal Rasmussen Forgot to Pay Referee's Fees, so Was Still Married.

THEN HE WEDDED ANOTHER.

Peculiar State of Affairs Brought to Light Through Misunderstanding of the Law.

A misunderstanding of the divorce laws of this state may cause Neal Rasmussen, an old man residing in the western part of town, considerable trouble. The facts in the case, as related by an attorney interested in the matter, are that in 1901 Mrs. Rasmussen brought suit for divorce against her husband, and the case was tried before a referee, who recommended that the divorce be granted. It appears that neither party ever paid the referee's fees, so that his report nor the decree of divorce have ever been filed.

Labored under the impression that he had been divorced from his wife, it is said that Rasmussen, in October last, married another woman, with whom he has been living ever since. His former wife became worried about the real property owned by herself and husband, so she went to her attorney to see if she could not get part of the property.

The attorney investigated the matter and after finding that Rasmussen had presumably married another woman, he obtained leave of the court to file a supplemental complaint in divorce for Mrs. Rasmussen. This supplemental complaint charges Rasmussen with adultery, and asks the court to divide the property in question between the plaintiff and defendant. The matter will probably be heard in court tomorrow.

HOW TO GET LICENSE.

Nineteen-Year Old Boy Placed in a Very Awkward Position.

Frank Simile, a young man 19 years of age, from Murray, found himself in an embarrassing position this morning when he called to wed Hansena C. Blum, also of Murray. The young man's parents are in the old country and he found that he would have to get their consent before he could secure a license, because he was under age. He first learned that such is the law of this state when he applied for the license, and for a time he was very much worried as to what action to take to overcome the difficulty.

Deputy Clerk D. B. Davies suggested to him that he call on the county attorney for advice in the matter. He did so and County Attorney Whitaker at once drew up a petition asking that the court appoint Joseph Schaeffer, a friend of the young man, as his guardian. The petition was at once presented to Judge Hall, who made the order appointing the guardian, and the latter then gave his consent to the marriage of the young man, so this afternoon the young couple again called at the clerk's office and secured the license. The bride-elect is only 15 years of age, but her parents came with her to secure the license and hence she had no trouble in that respect.

POLYNESIAN DAY.

Special Arrangements Being Made for Outing at Lagoon.

The general committee of the Pacific Islands Missionary association is hard at work in the interest of their ninth annual reunion, which will take place at Lagoon, Wednesday, Aug. 3. The Elders and Saints from all of Polynesia, including Hawaii, Samoa, Tahiti, New Zealand and Australia, will gather together on this day, when a program of sports will be such as never before given by the islanders. On this occasion one can come and see them climb coconut trees, sing songs, dance the "hula-hula," give instrumental music, and watch the blushing maidens in native costume paddle genuine native canoes. After the sports a grand dinner will take place at 6 p. m., when each mission will gather in its place and be presided over by some of the Church authorities.

State committees are also hard at work in Preston, Ida., and Cache, Bowdler, Walker, Davis, Salt Lake and Utah counties and special trains will run from all these points at excursion rates.

PACKING HOUSE PLANT.

Real Estate Men Meet to Consider Ways and Means.

There was a meeting this morning of the special committee appointed by the Real Estate exchange to consider ways and means for pushing Mr. Leary's local packing house plant proposition; but the committee adjourned, subject to call from the chair, Mr. Houston, as several matters in connection with the project must be looked into more in detail. Mr. Houston, in speaking of the scheme today, said that the Real Estate exchange will accord the heartiest support to it, as it will prove one of the most important improvements ever attempted in this part of the country. All the backing necessary will be given.

SECOND SOUTH FIRE.

Free Coking—Restaurant and Tailor Shop Burnt Down This Afternoon.

At 3:30 this afternoon the Free Coking restaurant and Boomer and Rothchild tailoring establishment were burning to the ground. It is not known how the blaze originated, but the supposition is that it started in the restaurant kitchen.

SCANDINAVIAN OUTING.

Conference and Reunion at Manti on Sunday Will be Big Affair.

One of the biggest excursions that will be handled by the Rio Grande this season will be one to Manti on Sunday morning on the occasion of the Scandinavian reunion and conference July 17-18. Special rates have been put in for the occasion at a decided low figure, which will be good until the 20th. In addition to the crowds expected to go down from Salt Lake the Oregon Short Line will bring in a number from Cache valley, Brigham and other points. The train will be returning on Sunday night. Two trains will leave Sunday morning, at 7 and 8, and will be put on should occasion warrant. The fare has been marked single only a dollar below the regular single rate.

ORDERED TO FORT MCKINLEY.

Lieut.-Col. Joseph Callif, commanding the battalion of light artillery at Fort Douglas, has been ordered for station to Fort McKinley, a heavy artillery post near Portland, Me. At present Colonel Callif is away with the Twelfth and Twenty-second batteries en route to the Strawberry country, but will leave on his return for his new post where he is to be the commanding officer.

POSTOFFICE FOR WAPI, IDAHO.

(Special to the "News.")

Washington, D. C., July 14.—A post-office has been established at Wapi, Idaho county, with James Gifford as postmaster. Additional rural free delivery service has been ordered established Aug. 15, at Troy, Latah county, Idaho, with one carrier.

LATE LOCALS.

Alexander Bong, formerly roadmaster with the Denver Tramway, is now with the streetcar service in this city, giving great satisfaction. He is at present laying a fine piece of track on South State street.

The large stone arch over the entrance to the new M. A. A. building was put into place today. The building is beginning to make an imposing appearance.

Mr. B. F. Saunders is quietly investigating the recent slaughter of his sheep in Colorado, the fair about his prices being able to decide what to do a little later.

The naval recruiting detail took in today William Lewis as the fourth man to be enlisted this week. He registered as from New York city, aged 33, and will be made a coal passer.

One case of smallpox was reported to the board of health today, that of Heber Aldous, aged 24, residing in the rear of 15 Fourth East street. The patient was quarantined at his home.

PERSONALS.

Mr. and Mrs. Adam Peterson, accompanied by their daughter, Miss Tille, are here from Huntsville.

Mrs. J. E. Driscoll of Eureka is a guest at the Wilson.

G. M. Thompson and Asa Thompson of Logan, are at the Wilson today.

Bishop George Smoot of Vineyard, Utah county, is in town today.

J. A. Wydrone and Mr. and Mrs. Louis A. Merrill of the capital city, payable for the Sunday school outing.

Ralph Rawley of Pocatello, Ida., is critically ill at St. Mark's hospital, where he will be pleased to have his friends visit him.

Dr. F. E. Strapp of Bingham, returned this morning from his eastern trip. The doctor attended the national medical convention at Niagara Falls and went from there to the St. Louis exposition. He claims that all the "knockings" against the fair about high prices and grafting is unwarranted. "Things are very reasonable," said he, "and it is a magnificent show." Mrs. Strapp remained at Lawrence, Kan., to visit relatives. Dr. Wherry was the only other Utah doctor in the medical convention.

HORACE G. WHITNEY, Sec. and Treas. Salt Lake City, Utah, July 14, 1904.

HIGH TIME TO SEND HIM HOME.

It is Paid by Official Reporter E. V. Murphy of the United States Senate.

IS VISITING SALT LAKE TODAY.

Says Junior Senator from Utah Has Proved Himself a Wise and Practical Legislator.

E. V. Murphy, official reporter of the United States senate, accompanied by his wife and son, are guests at the Knutsford today. They are on their way to the Pacific coast for a pleasure trip and expect to remain in Salt Lake two or three days.

Mr. Murphy has been in the senate as a stenographer since 1880. His oldest brother, Dennis Murphy, held the same position as early as 1848, with Oliver Dyer, and was recognized as the finest reporter in the United States at that time. He was succeeded by another brother, James J. Murphy, in 1884, and upon his retirement E. V. Murphy, Salt Lake's visitor today, took the position jointly with Theodore F. Schuyler.

Mr. Murphy is a delightful man to meet and what he doesn't know about the affairs of government is scarcely worth knowing. He is intimately acquainted with Senator Rawlins, Senator Cannon, Senator Kearns and Senator Smoot, and for all of Utah's representation he has high compliments to pay.

Asked as to the "Forest case," he called Mr. Murphy said he considered it improper during the pendency of the proceedings to discuss it on the merits, as it is being pre-judged by the action of the senate.

"But," he said, "Mr. Smoot has borne himself with such dignity and propriety as to command the respect and esteem of his associates in the senate. A scholar, a statesman, and a gentleman, he has taken an active part in the debates on the floor of the senate pending the investigation as to his right to a seat in the senate, but he has taken an active and dignified part in the proceedings of the various committees of the senate of which he is a member and has submitted a number of reports showing careful and thorough research, demonstrating his ability as a practical legislator. If the pending case is decided in his favor, I have no doubt he will reflect great credit upon his state and carefully guard and protect his interests. He has been most active in representing the interests of his constituents before the executive departments and has had a greater degree of success than usually falls to the lot of a new senator."

STATEMENT REGARDING BRITISH ARMY REFORM.

London, July 14.—War Secy. Arnold Forster made his long-promised statement as to his proposed reform of the army when the house of commons went into committee this afternoon on the vote for the war office. The secretary said he did not believe in the reality of the military, as public opinion was not ripe for it, neither would the royal artillery be decreased, nor the number of cavalry regiments be reduced. He preferred to reduce the regular infantry force by 14 battalions, leaving 40 or 50 battalions for home service. After providing for India and the colonies, the army would be divided into two parts. A certain number of battalions would be kept at home. These would be reduced to 500 men, 400 of whom would be enlisted for two years' service, and would afterward enter the reserve for six years. The rest of the force would be territorial battalions, and the object of the short service system would be to build up the reserve.

The volunteer establishment would be reduced to 180,000 men and much larger grants would be made so as to make the volunteers an effective force. From 15,000 to 16,000 regular troops would be kept at Aldershot, ready to take the field in case of emergency. Provision would be made for a permanent garrison of 21,000 men in South Africa.

It appears that Mr. Arnold-Forster's proposal would result in a decrease of 324 men, a saving of a total of 227,000 and a decrease in expenditure of 2,450,000.

The war secretary concluded with saying that the army was passing through a period of great danger, and that the remedy for the existing evils must be found and while he was unable to provide any marked immediate reduction in the expenditures he hoped that the scheme would enable his successors to effect progressive economy.

The British army, as at present constituted, was one of the costliest machines ever devised, and quite unable to supply the necessities of the empire. In view of the progress made in submarine boats he hoped to make a considerable reduction in the expenditure of the aquatic establishment. He discarded the conscription proposal as it would cost an additional 130,000,000 yearly for the same number of troops as now forthcoming.

WHAT IS "CREAM PHOSPHATE"?

It is the very purest and best quality phosphate. A special brand, especially manufactured for Hewlett Bros. Co., by the largest and most thoroughly equipped phosphate works in the world.

This pure phosphate is scientifically and accurately combined with the purest Cream Tartar, Bi-Carbonate of Soda and the finest Corn Starch (the latter article to prevent chemical action until the proper time and when so combined they produce the purest, strongest and most nourishing Baking Powder known—the "Three Crown Brand"—the "Best of the good ones."

Three Crown Baking Powder does its work perfectly, and leaves behind no disagreeable effects. Where health, quality, and economy are considered, the Three Crown Brand of Baking Powder is invariably used.

EX-ATTY. GEN. OLNEY CONGRATULATES PARKER.

Esopus, N. Y., July 14.—The expected visit of State Senator Patrick H. McCarron to Judge Parker, was the only item of interest at Rosemount today beyond the installation of a telegraph for the presidential office in the coming election. Both the party and the country can not be too emphatically congratulated is certain. Whether you can fairly be congratulated personally I leave to you, but your present position is so exalted and so manifestly congenial to your tastes and is filled with so much dignity, that leaving it for politics cannot justly be imputed to anything but a noble sense of duty. That fact will be appreciated by the intelligent voters of the country, and cannot but enhance your claim to their confidence and support.

"Feeling a candidate, auspiciously begun by a most striking proof of fidelity to conviction, will be identified with the present and future welfare of the republic, and strongly wishing and hoping for its complete success, I am, Sincerely yours,

"RICHARD OLNEY."

Henry Watterson, editor of the Louisville Courier-Journal, sent Judge Parker a congratulatory letter, but without a letter in which he congratulated the judge, and concluded as follows: "I shall go into the campaign before us with a greater confidence of victory than I have ever had before, not even excepting the campaign of 1874."

There also was a congratulatory letter from Carl Schurz, which the judge declined to make public.

A new sort of letters at hand today were those of parents who have named their newly-born children "Alton" or "Parker" or both, after Judge Parker.

CONSPIRACY TO DEFAUD EXPOSITION DISCOVERED.

St. Louis, Mo., July 14.—William H. Ellis, Henry Miller and Edward Kieley, all of St. Louis, employees of the admissions department of the world's fair, have been arrested and taken to the world's fair police station, where they will be held pending an investigation into what is believed to be a significant conspiracy to rob the exposition company by ticket irregularities.

Norris B. Gregg, director of admissions and concessions of the world's fair, said that the conspiracy to defraud the exposition company by ticket irregularities.

The investigation is that a large number of the employees of the division of admissions have been in the conspiracy and that a large sum of money has been secured.

The switching back and second sale of genuine tickets, and the wide circulation of counterfeit admission cards are said to be two of the schemes which have been worked with success.

The force of the collusion threw her had the co-operation of others in the ticket booths and of certain employees in the offices of the admissions department in the administration building, as well as inspectors stationed at the entrances.

IS TO HOLD MARKET FUTURE.

Volume of Stocks Offered Was so Great That Decline Could Not be Stayed.

TENDENCY WAS REACTIONARY.

Persistent Pressure Against St. Paul, Union Pacific and So. Pacific Disturbed Speculative Sentiment.

New York, July 14.—The first transactions showed a reactionary tendency in the principal stocks. Gains in other quarters of the list made the opening irregular. The purchase of 4,000 shares of United States Steel preferred lifted it 1/4. American Express rose a point. Puller efforts were made to hold the market against the volume of stocks offered, and by 11 o'clock the list was yielding easily in all directions. The western stocks displayed the most heaviness, St. Paul, Atchafalpa, Missouri Pacific, Southern Pacific, Union Pacific, Pennsylvania and Reading losing from 1/4 to 1/2. Smelting and refining advanced 1/4. United States Realty 1/4. Car preferred 2. Amalgamated Copper suddenly sprang into activity and was rushed up 3/4 with only moderate effect on the general list. Anaconda rose 1/4 and Smelting advanced 1/4.
