

**SCHWAB CUTS  
A WIDE SWATH.**  
His Reception in Austrian Capital  
A Splendid One.  
ATTENDS THE COURT BALL.

Given a Grand Dinner by the Nobility  
Orders a Special Train for Budapest—  
Festivities Hungarian.

New York, Jan. 28.—According to the Vienna correspondent of the Herald, the reception of Mr. Charles M. Schwab at the Austrian capital was a splendid one. The emperor is quoted as saying that he would gladly welcome the news that any number of Americans were coming over here, and he meant to come here in his reception of Mr. Schwab. The steel trust's president made a record in getting an invitation to the court ball. All the invitations had long since ceased and the books of the court were closed. The answer at first was "impossible," but that there is no "impossible" was shown by the fact that Mr. and Mrs. Schwab were present. They were the first of the first night in the world—a Viennese court ball.

Mr. Schwab made a record and accompanied people here by ordering a special train to take him to Buda-Pest, so enthusiastic were the Hungarians over his large hands and enterprise in the matter that they met him with cries as he arrived and departed. "The Schwab," the first word, it may be explained, meaning "bravo." He was given a dinner at Hotel Bristol, at which were present, among others, the secretary Prince Metternich, Count Sanyasi, who had done Mr. Schwab the honors in Buda-Pest as president of the Park club—considered one of the finest clubs in the world; Count Sternberg, Herr Novak, one of the leading commercial men in Austria, and Herr Chas. Arthur and Ernest Wolff. Dr. de Gries Wittenstein, the largest steel man in Austria, gave a party in Mr. Schwab's honor. They went direct from that party to the train—move which rather astonished the guests present, but which Mr. Schwab described as "the way we do things in America."

People say that Mr. Schwab combined a touch of business with a deal of pleasure, and that he found time to talk about the possibilities of the steel industry in Austria and that questions of an amalgamation of interests were not foreign to Germans.

**OHIO AND ST. LOUIS FAIR.**  
Delegation to Go to Columbus to Interest the Legislature.  
St. Louis, Jan. 28.—A number of former citizens of Ohio who now reside in St. Louis will compose a delegation that will leave here tonight for Columbus to meet the members of the general assembly and talk over the matter of an appropriation for state exhibit at the Louisiana Purchase exposition. The delegation will be composed of representative men of St. Louis capitalists, lawyers, manufacturers and others. It has been estimated that an appropriation of \$300,000 could be profitably spent in presenting the commercial, industrial, educational and other interests of Ohio at the great exposition, in providing a building and in

assisting in the proper location of exhibits. Among the numerous letters received at the headquarters of the Louisiana Purchase Exposition company were four from London aeronauts and ship experts, asking for information about the proposed aerial tournament to be held in St. Louis in 1903.

President Francis of the exposition company, left the city last night for Frankfurt, Ky., where he will join the world's fair delegation, which started Sunday night, to appear before the legislature of that state. President Francis intends to make a personal appeal for large appropriation to defray an adequate exhibit from his native state. Other speakers will address the assembly in support of the bill which has already been presented.

After his work has been completed in Frankfurt, President Francis will go to Columbus, Ohio, where he will join the St. Louis delegation, which will arrive in that city Wednesday morning for the purpose of presenting the exposition's request for an appropriation. President Francis will make an address before the Ohio assembly.

**Cold in Spokane.**  
Spokane, Wash., Jan. 27.—This is the coldest day reached in this city for some years. The thermometer registered 125 degrees below zero this morning. Reports from the fruit districts of eastern Washington give no cause for alarm. Apples are being distributed in little quantities at Colton. It is estimated that one bud in twenty-five on the early peach trees has been killed. Otherwise no damage seems to be feared even if the cold weather should last several days.

**Murder in the Second Degree.**

Webster has been taken to Fort Flieger and delivered to the army officers.

**A Boise Editor Held Up.**  
Boise, Ida., Jan. 27.—Jesse C. Fleharty, telegraph editor of the Statesman, was assaulted and robbed at an early hour this morning while on his way home from work. The attack was made while he was passing through the state house grounds. He fought the robbers, of whom there were two, knocking one of them down. The other struck him on the head with a brick, and they left him for dead, after taking \$60 from his pocketbook.

He soon recovered partial consciousness and commenced to seek shelter from the bitter cold. The injured man knocked at several doors, but people supposed he was intoxicated, while he was too dazed to explain. He finally reached the door of St. Alphonsus hospital, where he was admitted. He dropped into unconsciousness at once, and was in that condition for several hours. It is not thought that he is dangerously hurt, but his mind is wandering.

**Montana's Big Giant.**  
Great Falls, Mont., Jan. 27.—Edward Baupre, probably the tallest man in existence, arrived in this city from his home at Assiniboia, N. W. T., this evening. He is of French descent,

speaks but little English, and is accompanied by a young man who will exhibit him in the east as the "Montana Giant." Baupre is now 21 years of age, and until his twelfth year exhibited no gigantic tendencies. He rode the range until a few years ago in the neighborhood of Glasgow in this state. He measures 7 feet 10½ inches in height, his chest measurement is 54 inches, hip measures 48 inches, and waist measures 48 inches. His head is 28 inches in length, his shoes are 17 inches in length and his hand measures 11 inches from base of thumb to tip of middle finger. His weight is 267 pounds.

Physically, he is almost an Apollo, but his intellect and deportment are formed. He is equally as strong as he is phenomenal in height, and it is said that with ease he will reach over a 300-pound horse under his arm and lift it from the ground.

**Found Naked in the Snow.**  
Livingston, Mont., Jan. 27.—Luther Gay, a young man 25 years old, was found lying in the snow, bareheaded, and with his arms outstretched, near the mouth of the canyon, three miles south of the city by Sheriff Beley, who happened to be driving in that vicinity. The thermometer registered 10 degrees below zero at the time he was found, and he was nearly frozen to death. He has a brother in this city, William Gay, to whose house he was taken and where he is now being cared for. Both his ears and his feet were frozen.

**Prison Made Twice Seized.**

**Corruption in St. Louis.**  
St. Louis, Jan. 28.—Bench warrants have been served on Emil A. Meysonburg, a member of the city council; Chas. Kratz, ex-member of the city council; and John K. Murrell, ex-member of the house of delegates in connection with an alleged bribery case in which the Suburban City Railway company plays an important part.

Mr. Murrell and Mr. Meysonburg were arrested and have been released. A \$15,000 was deposited in a safe deposit box by the Suburban Railway company, \$75,000 of which was to be paid to the house of delegates and \$50,000 to the city council. It is alleged that the extension of the suburban railway franchise was passed and became a law. The council passed the measure, but a writ of prohibition from the supreme court stopped it in the house. As there were two keys, it is said, to the safety-box one held by the railway representative and one by the political combine—one has been able to get the money.

It is said that the grand jury has from 12 to 14 other indictments in the same case. Mr. Murrell and Mr. Meysonburg were arrested and have been released. A \$15,000 was deposited in a safe deposit box by the Suburban Railway company, \$75,000 of which was to be paid to the house of delegates and \$50,000 to the city council. **Water Worse than Boer Bullets.**  
San Francisco, Jan. 28.—Sir Thomas Fitzgibbon, an eminent surgeon of Melbourne, who was honored with an appointment as consulting surgeon to the British army in South Africa several months after the breaking out of the Boer war, is here on a visit. He was knighted by Queen Victoria in 1897. He says that fever, due to bad water, cause more deaths in South Africa than do the bullets of the Boers.

Damages are asked for in \$3,075, or if the liability is limited, then a pro rata of the sum so decreed.

**Filipinos Turning Protestants.**  
San Francisco, Jan. 28.—Rev. Homer C. Stuntz, superintendent of Methodist missions in the Philippine islands, arrived here on the steamer China and will make a trip to the eastern states. He declares that the Philippines are rapidly becoming pacified and about church matters, says:

"The people are giving Protestants, I am a very good hearing. About 12,000 assemble every week in response to the efforts of the four missionary societies working in the Philippines."

**CARNegie ON WAR.**  
Condemns South African War and Shooting of Filipinos.  
New York, Jan. 28.—"The killing of men under the name of war," wrote Andrew Carnegie in a letter which was read at the P. F. Collier dinner at the Metropolitan club last night. "The foulest blot upon humanity today. We see much discussion as to what is or what is not permissible under civilized warfare. My view is that this is a contradiction of terms. There can be no such thing as civilized warfare. We have made little progress in the path of genuine civilization as long as we can find no better substitute for the settling of international disputes than the brutal murder of one another. As a general proposition it may be stated that the nation who refuses peaceful arbitration is responsible for the war which ensues. Britain, having done this in its dispute with the Transvaal republic is responsible for the extermination of a brave and heroic Christian people."

"But let us also remember that we are today engaged in shooting down Christian Filipinos whose only crime is that they believe in the Declaration of Independence. The most highly civilized race should be guilty of the most uncivilized crimes. Let us all pray that this disgrace is soon to pass away."

**NO JEFFRIES-SHARKEY GO.**  
Champion Withdraws His Objection to Negroes and May Meet Martin.

Since the fight with Sharkey has been declared off, Champion Jim Jeffries has decided to withdraw his objection to the color line and will make a match with any man in the world, white or black. He has authorized Billy Blaney to make a match with Denver Ed Martin. What a shame. Just what the champion will do to the colored man from this Rocky Mountain region, will be a caution. Martin is a fair referee and knows that he will receive more than a loser's end fighting Jeffries than he would winning from anyone else. Madden, his manager, knows this and as Madden is strictly out for the cold regardless of whether his man wins or loses, there will not be much trouble in arranging the details of the match. In the meantime Joe Walcott wants to bet \$100,000 that Jeffries cannot stop him. But Jeffries cannot agree to meet Jeff all the other matches are to be declared off.

club of San Francisco, took the only course open to them and still maintain the public confidence when they declared off the fight between Jeffries and Sharkey. The action of the latter in Philadelphia called forth such a round of protests from all parts of the country that the managers could do nothing else. Whatever the losses sustained by the club in losing this contest will be more than made up in future events. They have shown the public that they will at least try to be "square" with them and the public will not be slow in appreciating this fact. It would, however, have been much nicer had the club declared off the contest immediately after the Philadelphia fake instead of waiting and learning what the press throughout the country had to say about it. But better late than never must satisfy us in this particular instance, and the public ought to be grateful for even that concession on the part of those who were handling the affair.

**A Pitiable Contrast This.**  
Is not this a pitiable contrast of the favor bestowed on the two men? The support by the public in Philadelphia last week? For riding forty-eight hours on bicycles fourteen riders drew \$4,000. The riders' share was \$1,600. The two winners received about \$350. The balance, after \$500 was divided equally, was divided in percentages of 70, 20, 7½ and 2½. For sparring two and a half rounds, seven and a half minutes, Sharkey and Maher drew \$4,800. The fighters' share was 70 per cent \$3,360. Each man received \$1,680. Now, was it not a sorrowing contrast, says the New York Evening World. Ask any of those who paid from \$1 to \$5 to see the Maher and Sharkey fiasco which they would patronize in the future. They would probably take a chance on the bicycle race.

**"Back Heeled" O'Brien.**  
London, Jan. 27.—Jaek O'Brien secured the decision over Charlie McKeever, both of the London club, in the London club tonight, in a contest for the mid-weight championship and a purse of £200. McKeever weighed 151 and O'Brien 155 pounds. The fighting was clever and furious until the end of the third round, when McKeever "back-heeled" O'Brien and was disqualified.

most important the society has up for consideration at this time. If the concessions asked for are granted, the horsemens will go to work at once to build the track and attend to all the work called for in their agreement. It is said the question of a fifteen-year lease will be the most difficult obstacle to overcome. It may be that the directors will trace the view already expressed by Secretary Sears, namely, that a lease for a longer period of four years, or the limit of the most difficult terms of office can not be granted, that the lease would not be binding on the succeeding officers.

The horsemens say if the directors want to grant a lease for fifteen years, or any length of time, they can do it just as the City Council makes contracts that are binding on the succeeding councils.

**WHEELMEN ARE WONDERING.**  
They Are Thinking About Those Promises Made Before Election.

Just now the wheelmen belonging to the Protective association are wondering about those promises made to them just before election. Since that time they have done nothing to speak of in the way of agitation for cycle paths, but now they are beginning to do a little thinking, which is regarded as a good thing, they expect to have the pleasure of skinning over paths all their own.

Last night, a meeting of the Wheelmen was held in the office of Dr. E. M. Keyser, at which the cycle paths were discussed at some length and it was finally decided to do nothing in the matter at present.

President Berry thought it a good thing to wait until the city council was in better working order and sets some of the important business now under consideration disposed of.

The wheelmen desire it understood that they do not want the earth with a lion on the moon, all they want is what has been promised them and they are confident of securing their rights at the proper time and in the proper manner.

**PLENTY OF RING TALK.**  
Fighters, Alleged and Otherwise, Looking for Matches.

The air is full of ring talk just now. Roy Coad, as was expected, is anxious to make a match with young Phil Green. Roy is always looking for something easy, but in this instance, it is not likely that he will be gratified with such a snip. Roy is entirely too large for Green, even if he is not a bit better as far as science is concerned, and but few of the sporting fraternity would care to see the two men meet. It would not be an evenly matched go and Coad would have such a decided advantage over the little wonder that the go would be uninteresting and unprofitable, at least such is the view taken by a number of the fraternity.

What is regarded as the most likely go for the messenger boy, is a match with Silent Rowan. Silent has always had an idea that he could make the local lad look like a novice and it would not be a bad idea to match the two just to teach the mute something.

**Special Correspondent.**  
Scotfield, Utah, Jan. 26.—A glove contest was exhibited here in the L. O. O. F. hall Saturday night at 8:30 o'clock. Between David John Rowe of Winter Park and John B. Adams of Salt Lake. It lasted for five rounds and in the fifth round Adams was defeated. Considerable money was wagered on both sides. The winner getting 50 per cent of the stake. A few besides some money he himself had bet.

But Scotfield has another young man who will challenge the Winter Quarters boy.

**OST** men are bound to their business. Most women are bound to their household cares. So tight are the ties, or so great is the interest that as long as they keep up and around they don't pay attention to the everyday ills which beset them. But you should, for those are forerunners of serious sickness. Don't delay, realize your danger now. Consider your condition. Are you sleepless? Is your body branded and blistered by eruptions? Is your appetite failing? Are you nervous and irritable? Is your breath bad and your tongue coated? These are a few of the symptoms that indicate the rising tide of disease. The present is yours, act now.

**KICKAPOO SAGWA MAKES NATURE WORK**  
It has saved thousands from just such peril. It drives out the impurities that taint the blood. It enables the stomach to digest and assimilate the food. It cleanses the kidneys and tones up the liver by removing the obstructions that prevent the harmonious working of the great organs of the body. It enables Nature to carry on its work. Kickapoo Indian Sagwa is Nature's own remedy, a compound of healing roots, herbs and gums, that cleanse the system and promote the healthy action of the physical organs.

"I had no appetite and could not eat or sleep well. I took one bottle of Kickapoo Indian Sagwa and have felt no pains since, while my appetite is good and I sleep well. That bottle of Sagwa was worth 20 times its cost to me."—William Cowperthwaite, Manila, Ontario.

**THE CHILDREN ENJOY**  
Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be
