AMERICAN.

WIRED FROM WASHINGTON.

WASHINGTON, 10.—May returns of wheat to the Department of Agriculture make the condition compared with the April average materially lower. In New York, Michigan, Ohio and Illinois. Further injury was wrought by frosts early in April, and in the more northern districts real damage was done by the March freezing. This was more fully disclosed as the covering of snow and ice disappeared. The average is 77 for New York; Michigan, 83; Ohio, 82; Illinois, 66. Further loss is suffered by plowing up large areas in Ohio and Illinois. A reduction in Missouri from 83 to 80 is also reported. Indiana averages 75, and New Jersey reports 101, both the same as in April. All the remaining northern States show improvement since the April reports, as well as the Pacific Coast and nearly all the Southern States. These averages are, Connecticut 96, Pennsylvania 97, Delaware 85, Maryland 99, Virginia 97, North Carolina 96, South Carolina 93, Georgia 97, Alabama 98, Mississippi 92, Texas 87, Arkansas 86, Tennessee 88, West Virginia 90, Kentucky 81, Kansas 91, California 77, Oregon 72. This is an improvement of 15 points in California and 17 in Oregon. The average condition of winter wheat is 83½ against 80 in April. The loss in area from replanting in other crops may be a sumad to reduce the prospect. April 1st in 1879 and 1880 the general average was 99; in 1881 it was 88; in 1882 it was 102; in May last year, 105. In former years there were no May returns. Two years ago the average declined to 80 in July. Last year it increased to 104 at the time of the cutting. It should be understood that in Department reports of condition, 100 means a medium growth, with full stand and healthy plant. The Ohio and Illinois State reports compare with last year's crop thus: Ohio reports 28 for May, compared with last year, and 102 compared with an average crop. Spring sowing will not be complete till May 15th, and will be reported June 1st. The statistical agent for Dakota makes the probable increase 30 per cent; he reports this per cent over last year's area already planted. An increase of five per cent. is reported from Washington Territory. It is not probable that the increase in spring wheat area will be more than enough to make good the loss of winter wheat acreage. Without regard to spring wheat breadth, the present prospects for winter wheat are in a considerably reduced condition and the acreage is 20 per cent. less than in May last, representing a loss of about 77,000,000 bushels. A dispatch from the London statistical agent under date of April 28th, reports the improvement in the European wheat prospects during the last month seventy per cent. March was followed by three weeks of dry weather, which was succeeded by one week of invigorating rain. The season is still backward, and higher temperature is needed. A small area of spring wheat was sown in England, which is thin, and much of it will be displaced by barley. In France and Germany rain is needed and higher temperature is necessary. With reduced acreage in Western Europe and some injury from freezing in March a reduced crop appears inevitable. In Austria and Hungary the prospects are favorable for at least a medium crop.

Returns of progress in cotton planting show the work is later than usual in every State, and indicate that on May 1st 71 per cent. of the proposed area was planted, when the usual proportion is said to be 81 per cent. In Virginia and North Carolina it was very late; per centages planted were, Virginia 15, North Carolina 35, South Carolina 75, Georgia 75, Florida 96, Alabama 88; Mississippi 82, Louisiana 81, Texas 75, Tennessee 62.

The Acting Commissioner of Internal Revenue to-day sent a letter to collectors of the principal tobacco manufacturing districts, of which the following is a copy: "Increased facilities have been provided for imprinting stamps, and after to-morrow it will be within the power of this office to relieve the pressure and at an early day fill all commissions."

The Secretary of the Interior declined to request Martin B. Hayes to vacate the approval made by the Commissioner of the General Land Office of entries upon the mines known as the Santa Rita del Calire in New Mexico, consisting of 45 lode claims entered by D. H. Moffatt, Jr., and the patents will accordingly issue in favor of the mining claimants.

The Comptroller of the Currency authorizes the First National Bank at Union, Oregon, with a capital o $50,000, to begin business.

The President had a conversation with Eaton, of the Civil Service Commission, last evening, with reference to filling the office of Chief Examiner. The question under consideration was whether Keim should be appointed to that office or whether some one else should be selected. The result is that Charles Lyman, chief clerk in the treasury office, has been selected Chief Examiner in the Civil Service Commission, vice Keim, whose name was withdrawn at the request of the commissioners.

The Union Pacific.

WASHINGTON, 10.—The Commissioner of railroads has prepared a reply to the letter of Sidney Dillon in relation to the indebtedness of the U. P. to the United States under the Thurman act. The Commission recommends that the controversy be submitted to the court of claims for final settlement by means of an amicable suit. Secretary Teller has the matter under advisement and will probably adopt the recommendation.

A Mongolian Pandemonium—A Horrible Picture of Crime in New York.

NEW YORK, 10.—As facts concerning the habits of New York's Chinese inhabitants are brought to light the community is beginning to realise for the first time what the Pacific Coast has been suffering for years from the same source. The policeman in the vicinity of Mott Street give the Chinese a bad character. According to one intelligent officer, they are worse than the Italians, their predecessors, ever dreamed of being. In their present habits they are considered by police to be a good deal lower than beasts, and every respectable person when the reporter saw, agreed that they were a curse to the neighborhood and the cause of untold misery and disease. Whenever the police have attempted to interfere political power has been exerted to protect them. One of the members of the transportation association said, after meeting last night, that he went to police Captain Petty at Elizabeth St. Station, and informed him that scores of young girls were being dragged into Chinese opium shops and there ruined. He said Petty threatened to lock him up if he did not leave the station at once. On Sunday the place swarms with Chinamen from all parts of the city and from out of town, who make of the neighborhood a perfect hell. Women and young girls cannot go through it without being insulted in the vilest manner. Every evening women and girls can be seen coming out of Chinese dens, staggering from the effects of debauchery. From the rooms of the association mentioned sights are seen almost every night which members can no longer tolerate. Father Berry estimates that a hundred little girls have been irretrievably ruined within the last year.

Murderer McConkey Executed.

PITTSBURG, 10.—Ward McConkey was executed here this morning in the yard of the County Jail for the murder of George A. McClure, in Dalzman's Hollow, near McKeesport, Pa., on the night of Aug. 2, 1881. The murdered man had goods stolen from his store, and had tracked the thieves, among whom was McConkey, to the Hollow, where he was afterwards found riddled with bullets. The murder created intense excitement, and a vigilance committee was organized, who scoured the woods, but the murderers eluded them. Several months after ward McConkey was arrested in New York State, but the others have never been apprehended.

The Chinese in Chicago.

CHICAGO, 10.—It is well known here that in almost every Chinese laundry in this city there are special facilities for those desiring to "hit the pipe." The dens are visited daily by white men and women and the latter have been outraged by Chinamen while under the effects of the drug.

Peremptory Adjournment.

In the trial of Jere Dunn, for the murder of pugilist Elliott, Judge Sidney Smith, presiding, peremptorily adjourned the court this morning until 2 o'clock, assigning as cause, (the afternoon papers will say) that it was learned that a man named Hardy, on the jury, is a sporting character and belonged to the coterie in which Dunn mingled.

The Catalogue of Crime.

KANSAS CITY, 10.—It is difficult to obtain reliable information in regard to the disturbances at Dodge City, Kansas. Private dispatches received here say that the lawless element had become so obnoxious in the town that the city authorities are determined to drive them out. Twenty two policemen were sworn in about ten days ago, and have since been working to rid the town of gamblers and prostitutes. A number of them were put on the train and cautioned against coming back. The thugs in the vicinity, those who yet remain, have become less riotous under the salutary treatment. There has been no bloodshed, and the only excitement, the dispatch says, that has been practised was placing toughs on the train. The above statement is believed to be pretty accurate; still, there seem to have been some factional troubles growing out of the recent election, which have some connection with the origin of the trouble. While it is stated, there have been no threats made against newspaper correspondents, yet they seem to have some fear of consequences, and consequently thus far no special has been sent out.

The dispatch quoted says there is no danger to life and property, and that the whole affair amounts to nothing more than a determination of the lawful citizens to establish order. The guards stationed at the depot were only for the purpose of preventing the return of the gamblers. The cow-boys are not wicked in the affair. Dodge City has a population of some 1200, about three fourths of which is made up of the floating element. It is situated on the border of the cattle country, nearly in the extreme Southern Kansas.

Kansas City, 10.—No reliable explanation of the trouble at Dodge City has yet been received. A dispatch from Topeka says nothing definite is known there, but it is believed the disturbance has not been nearly so great as stated. Luke Short, the most prominent of the six men expelled from Dodge, came to this city and left to-night for Topeka where he intends to bring his case before Governor Glick.

A prominent cattle man who resides in Dodge City, said he believed the whole trouble was simply a war upon gamblers; that the citizens had determined to make in the place a more orderly state of society; therefore they compelled certain parties to leave. They said they had a similar experience some years ago; that there is nothing especially remarkable in the present movement.

New York, 10.—H. J. Marriott and Marie Pesoux, arrested for larceny of $75,000 worth of diamonds from a Paris jeweler, were married to-day in court, where Marriott was on a writ of *habeas corpus*. Marriott returned to jail, the girl to her lodgings.

East Saginaw, Mich., 10.—The private banking house of T. North & Co., at Vassar, was forced into by burglars early this morning, and $3,000 in gold and $1,100 in silver carried off. The time lock to the door of the vault was wrenched off, and the burglar-proof safe blown open with powder. The gang left $7,000 in currency in the safe, as they were frightened off by a young man, Frank L. Fales, who slept over the bank, and who was awakened by the explosion; $600 in silver was subsequently found in a box some distance from the bank. A large posse went in pursuit and drove the gang into a swamp, exchanging shots with them, but at last advices had not effected their capture.

Cincinnati, 10.—The *News Journal's* Harrodsburg, Ky.: Proceedings in the Thompson murder trial were mainly formal. The prosecution rested after giving legal proof of the murder. Col. Jacobs then presented the defence to the jury by a statement which shows that his defence will be that the shooting was justified by the great wrong suffered by Thompson, and that this provocation was only heightened when Davis in the car offered his hand to Thompson. Col. Jacobs drew a picture of Davis' conduct in Cincinnati when he brought Mrs. Thompson drunk to the St. Clair Hotel, and declared it was worse than criminal. Testimony for the defence began, but was merely formal. The contest will be made when the defense attempts to prove facts which justify Thompson.

New Orleans, 10.—*Picayune's* Nashville special: Five thousand dollars' worth of gambling apparatus was burned on the public square this afternoon, by order of the Criminal Court. Five hundred gamblers are leaving the city, on account of the law making gambling a felony. A large number have gone to Chicago.

Pittsburg, 10.—Two prisoners in the Western penitentiary, Alleghany, set fire to the bed clothes and bedding in their cells last night, with the intention, it is believed, of escaping in the excitement. The flames were confined to two cells, which were badly burned. During the progress of the fire the guard were on the alert and thwarted the plans of the incendiaries, who were immediately remanded to other quarters.

Washington, 10.—On the resumption of the Star route trial this morning, the court said it wished to qualify a remark made yesterday which seemed to censure Blackman. The evidence showed Blackman had made no proposition to Beredell, but had merely listened to propositions coming from the latter.

By consent of court and counsel, Blackman was allowed to take the stand, and he declared that Beredell stated to him long before the trial that he intended to exercise his privileges as defendant and challenge jurors, but in the interest of the Government.

After Blackman had concluded his testimony in refutation of the alleged conspiracy (to challenge and otherwise manipulate the jury,) between Beredell and himself, the court remarked that testimony showed Blackman had only listened in silence to Beredell's suggestions. The court failed to see any ground for the "indignation" expressed by counsel (Wilson) at the course of the Government and court, in refusing to go further in to the examination of the subject. Wilson resumed his address to the jury, and had not concluded when adjourned.

Death and Disaster.

STERLING, Ills., 10.—A heavy storm passed over the southern half of Whiteside County last night. Many farm houses and barns were blown down. Henry Speigle was killed and Mrs. John Speigle seriously hurt in a falling house. Many farms were flooded by the heavy rains and planting destroyed.

Avoca, Ia., 10.—There was an extensive fire here this morning, originating in a livery stable. Ten horses perished in the flames. Sixty-four thousand bushels of grain, the cribs also burned, and a large neighboring lumber yard. It is thought the stables were struck by lightning.

St. Thomas, 10.—Hayti advices state that several noted persons at Cape Hayti were arrested. Six hundred fugitives, inhabitants of Miragoane, have reached Portau Prince. They state the rebels blew up the bridge at Miragoane with dynamite, killing 200 persons and wounding 200 more. A boat with four men which ran the blockade at Miragoane arrived at Kingston, carrying letters to Gen. Barcelaise assuring him the force in Miragoane can resist a siege of four months. President Solomon has issued a decree that the properties of political offenders will be held as security for all war expenses, and the government is mortgaging such properties.

Suspicious Steamer.

HALIFAX, 10.—The interest attaching to the Fenian scare produced by Gov. Archibald's startling letter from Ottawa is abating somewhat, but to-day a report that suspicious vessels have been seen about the harbor entrance was discussed with some excitement. About 3 this morning the signal was hoisted on the citidel staff for a steamer reported to the eastward. She was made out by the signal officers at Tambro to be brigantine rigged, but her name was not known, and she did not approach sufficiently near the signal station. She came toward the port from the southeast, passed on to the westward and an hour later returned and seemed to hover at the mouth for a short time—Apparently undecided whether to come in, then turned about and put to sea again without having made any signals.

BRIEF TELEGRAMS.

ATLANTA, Ga., 10.—Gov. McDaniel was inaugurated to-day.

New York, 10.—The Free-Trade Club appointed delegates to the Detroit conference and convention.

Ottawa, 10.—The first State ball of the season was given at Rideau Hall this evening.

New York, 10.—At the sale of Jersey cattle to-day, the cow Nancy Lee brought $2,100, the heifer Darlington Solitaire $1,900.

St. Paul, 10.—Yesterday the agent sold the first through ticket from St. Paul to Portland, Oregon, over the Northern Pacific Railway.

New York, 10.—The second trial for libel, $20,000, James Frano's Malley against James Gordon Bennet, of the *Herald*, ended with a verdict of $2,500. Malley got a verdict of $.0,000 at the first trial.

New York, 10.—Bishop Doane officiated at the laying of the corner stone of Sherrod Hall for a general Theological Seminary. Bishop Seymour, Rev. Dr. Potter and Wm. M. Evarts made addresses.

Boston, 10.—The steamer *Phenician* from Glasgow brought 821 ovated tenants from Glasgow, Galway, Blarkton and Londonderry. Over 800, principally large families, were assisted. They leave for Pennsylvania, Wisconsin, Virginia and Montana.

New York, 10.—General Walker, counsel for Sheridan and Welsh, left yesterday for Boston, to consult with Governor Butler on the question of the proposed extraditions. Counsel of Sheridan and Patrick Ford, with others have held a secret conference on the same subject.

Richmond, 10.—The death of Stonewall Jackson twenty years ago was commemorated to-day. The Light Infantry Blues marched to Capitol Square and fired a salute in front of the monument. Rev. H. Melville Jackson (Episcopal) then delivered an oration to the large concourse of people.

New York, 10.—The National Temperance Society and Publication House re elected John S. Stevens secretary, and chose Bishop Hopkins of Massachusetts, president. Receipts the past year $60,000; expenditures $61,000.

Montreal, 10.—The Canadian Pacific Railway re elected the old board for the current year, except that James J. Hill retired and Rudolph V. Martines, of Amsterdam and New York, and William L. Scott, of Erie, Pa., have been added.

Denver, 10.—Information just received from Hackberry states that the Hualapai Indians have been undergoing the most horrible suffering lately, from hunger and disease, small pox having killed some fifty of their tribe. The others are fleeing to the mountains, in hopes of escaping.

New York, 10.—In answer to statements made by the Roman correspondent of the London *Standard* and published this morning, Cardinal McCloskey makes the following reply: "The Roman correspondent of the London *Standard* some time ago repeated twice after it had been contradicted, a similar statement, which he knew to be false."

City of Mexico, 10.—Three generals were placed under arrest for 24 hours for failing to take the part assigned them in the celebration of the national holiday. It has no political significance. A San Blas dispatch says there are fifteen hundred laborers on the Pacific Branch of Mexican Central; it is making rapid progress.

Harrisburg, 10.—The Dauphin County Court decided in favor of the Commonwealth in the case against the Pullman Palace Car Company, for the collection of tax on gross receipts. The claim of the State is over $50,000. This amount was reduced to $32,000 by the court which under the decision of the Supreme Court in the Standard Oil Company case would not allow the imposition of a penalty for failure to report the business of the Pullman Company to the Auditor General's department.

Lexington, 10.—Gov. Blackburn to-day pardoned Jas. Sizemore, sent to the penitentiary from Clay County in 1880, for six years, on a charge of murder. Sizemore made no defence on the trial, his brother, a man with a large family, being the real criminal. Sizemore voluntarily took the odium and penalty on himself for the sake of his brother and family. The brother dying the other day, confessed his guilt, and gave unmistakable proof of his confession. The Governor on learning the facts, at once issued a pardon to Sizemore.

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Read proof below.
SAVED HIM $1,800.
ADAMS, N. Y., Jan. 20, 1881.
DR. B. J. KENDALL & Co., Gents—Having used a good deal of your Kendall's Spavin Cure, with great success, I thought I would speak some words in favor of the same. Two years ago I had as speedy a colt as was ever raised in Jefferson County. When I was breaking him, he kicked over the traces and got one hock badly hurt. I used all kinds of liniments, the best farriers, but they all said he was spoiled. He had a very large thorough-pin, and I used two bottles of your Kendall's Spavin Cure, and it took the lump entirely off, and he sold at once for $1,800 dollars. Before I used it for the thorough-pin and wind gall, and it has always acted completely and left the horse sound.
It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it is the best they ever knew. I live in Watertown, but formerly lived in this place, and saw a very fine picture to accept them. I tried to buy it, but could not; they told me I could write to you and you would send me one, if you took your pay out of the proceeds, and I will do so all the good I can.
Very respectfully, E. S. LYMAN.
KENDALL'S SPAVIN CURE
On Human Flesh.
VEVAY, Ind., Aug. 12th, 1881.
DR. B. J. KENDALL & CO., Gents—Enclosed find one dollar, for which please send me one bottle of your Kendall's Spavin Cure. I have used it in my family for rheumatism with entire success. Mr. Jos. Vorris, one of the leading farmers in our county, employed an able leader, and knowing the value of the remedy he knows, tried it on himself, and it did the better of the two. Yours respectfully, C. O. THURSAND.
Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt. Send for illustrated circular.
Sold by All Druggists.
