Y. university at Provo, Miss Lydia Holmgren of the Lydia Lydia Holmgren of the Lydia Holmgren of the Lydia Holmgren of the Lydia Holmgren of the Provo, Lewis A. Merrill, editor of the Deseret Farmer, lectured before large and attentive audiences. A farmers' institute under the auspices of the Manti Farmers' club, the Commercial club and the Ladies' Literary club was held. Separate meetings for the men and women were held on Saturday afternoon and again Sunday morning. The meeting Saturday evening was a conjoint affair, held in the tabernacle, and the building was filled. The program occupied nearly three hours, but the audience felt amply repaid for its effort in holding such a long session. Dr. Widtose discussed Soil Fertility, Agricultural Education and Conservation of Soil Molsture. Prof. Merrill spoke on Animal Feeding, Sugar Beet Culture and Profits in Agriculture. Mrs. Widtsoe spoke on Home Sanitation, and Miss Holmgren on Food in its Relation to the Body, and the Home Beautiful. Local talent assisted in the work by rendering solos, recitations, quarters, etc. The tabernacle choir reidlered several very choice selections.

HOMESEEKERS OPPORTUNITY. Fertile Lands, Plenty of Water, Good Range and Delightful Climate.

Special Correspondence. Garrison, Milard Co., Nov. 18.—This place is situated in the extreme western part of Millard county, near the Nevada state line in what is known as Snake valley. The soil is as fertile as any in the intermountain country. There is plenty of water and the cli-mate is something delightful. Farmers raped a heavy crop of grain, vege-tables, fruits, etc., this season and a failure of crops is unknown here. There is sufficient water to irrigate thousands of acres of fertile land now thousands of acres is room here for making hundreds of comfortable homes. Plenty of water, plenty of fuel, and situated in one of the best stock ranges in the west today. Thousands of sheep and cattle range in the sur-rounding country, and the entire sup-ply of grain raised here this season has now nearly been absorbed by the sheep men.

In Time of Peace.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For safe by all druggists.

Nerve Fag.

If You Waste Your Nerve Energy, After Awhile You Will Suffer For It.

You can waste nerve force by excess, over-work, worry, anxiety, etc. You can weaken yourself by not eating proper food or securing sufficient rest to

renew the nerve energy you use up. The proper treatment, in addition to good phosphatic food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nervine. This is as truly a brain and nerve food as any food you could eat, and be-

sides, furnishes strength and tone of its own, which goes to the weakened nerve system, and sets it to rights. Dr. Miles' Restorative Nervine is a re-

freshing, revitalizing tonic food-medicine for the brain and nerves. It reconstructs worn-out nerve tissue, and fills your languid brain with new life and vigor. Dr. Miles' Nervine has made so many doctors thought they were incurable,

marvelous cures, of people so sick the that it is today the standard medicine in many thousands of American homes. The first bottle is guaranteed to help you, or druggist returns your money.

MADDOCK ALTERS VARSITY LINEUP.

years has been laboring as a missionary in the Southern States, returned home on Friday.

A sympathetic chord has been touched in the hearts of many people here on account of the condition of James Johansen, who has been at the Holy Cross hospital in Salt Lake for over six months and has been operated upon four different times for a disease of the bone in one of his legs. Consequently another benefit is to be given for him which will be in the nature of a grand ball next Friday evening. The officers of the improvement associations have the affair in charge.

A powerful sermon on the personality of God, delivered by appointment by Elder C. W. Sorensen this afternoon at the Latter-day Saints' meetinghouse, attracted a large number of people. The occasion for this is as follows: A number of sons and daughters of Latterday Saints are in attendance at the Wassiba accelerated the intendance of this city. BOISE MAKES GOOD AT GUARD.

Other Men on Second Team Are Show ing up Well and May Play in Logan Game.

At the next football struggle on a Utah gridiron, the 'varsity lineup is once again to be changed materially. This time it is not the retirement of a player that makes alterations desirable, but the good work of the scrub eleven, which has won for some of its members recognition as 'varsity men. Since the Boulder game, men have begun to stand behind Maddock more strongly than before and for the first time there is competition for places at

time there is competition for places at almost every point.

The result is an overwhelming desire on the part of the old men to retain their places, and on the part of new men to make them hustle, and in the race, Boise, a new man on the field, has made good as guard. He will displace Curtis for the position, sharing it with Hennessy, who will play on the other flank of the center. Back of the line there is an important change also. Fitt, a heavy, speedy player, who has worked through the season at right end, gets the plum of quaterback, returing scranton and Herbst, while to take Fitt's place at end Harris, the speedy and promising halfback gets a permanent berth in the lineup.

BOISE A GOOD MAN.

BOISE A GOOD MAN.

The place which Belse has made for himself on the 'varsity line has come as the result of hard work on the second eleven, and is in the direct line of promotion. In the game with the soldiers yesteraay he showed up strong, and as the result of his play the coaen decided he was entitled to a position on the 'varsity.

OTHERS MAY PLAY. With the 'varsity team Coach Maddock intends to take as many of the second eleven to Logan as he possibly can and he will give all who have showed up as likely players, a chance in the lineup, after the play is well under way. The list of those who will go will not be ready until tomorrow, but it will include at least six or eight of the second team.

JACK HUME A COMER.

In the practise game between the second eleven and the soiders Tuesday Jack Hume was a much-watched player. His long arm, his speed, and his endurance, are all factors which with training should make him one of the greatest ends in the country, and after the game was over Coach Maddock ventured the statement that if he had been out at the beginning of the season, he would have made a valuable man on the team.

CLOSES INCIDENT.

CLOSES INCIDENT. CLOSES INCIDENT.

The playing of Hume yesterday probably ends the Jack Hume incident permanently. The question of his amateur standing was capable of interpretation in different ways, and was a position on which there could be an honest difference of opinion. None of the evils of professionalism will follow him to the campus, as he is not paid to come, and is a legatimate student. Furthermore he is not a football player, bought to add prestige to the team, but a Salt Lake boy willing to make a fight for place on the team of his own university. His being allowed to play does not indicate any scrious breach play does not indicate any serious breach between the regents and faculty commit-

BARTON MAY PLAY. But of all the news on the campus, perhaps the best recently heard, is that Barton will be ready for the Thanksgiving game against the Colorado Aggies, and will appear at his old place in the line. He has been reporting for light duty for the past few days and his shoulder is improving ranidly. preving rapidly.

His addition to the team should mean much in bringing home a final big victory over a Colorado team with which to close the season.
