

ZEMSTVOISTS NOT INTERFERED WITH

Resolution Protesting Against Violation of Rights and Authorities' Arbitrariness.

CALL UPON LOCAL OFFICIALS.

Is to Protect Sufferers from Present State of Affairs—Scheme for a Constitution.

Monday, July 20.—The zemstvo congress assembled today without interference on the part of the authorities and commenced a discussion of the proposed constitution. The meeting was again held at the residence of Prince Dolgorukoff.

The first resolution protested against the violation of private rights and the general arbitrariness of the authorities. A delegate from Tver, central Russia, maintained that the resolution was not strong enough, and it was finally referred to a committee to be re-drafted.

Later an amended resolution was presented and passed. It likewise protests against the constant violation of the private and social rights of Russian citizens by administrative officials, and calls upon all local officials to protect the sufferers from the present state of affairs and to assist in preserving the troops from illegal and arbitrary acts carried out by the authorities.

The scheme for a constitution, as elaborated by a committee of the congress, was next discussed and its details criticized by the delegates. The chief points raised were the omission of adequate proportionate representation and the nonrecognition of female suffrage.

By a vote of 220 to 2 the congress passed the first reading of the project as submitted, and copies of it will now be distributed for examination and discussion. The congress rejected a proposal that after the re-examination of the project the zemstvos organize a general petition to the emperor.

M. Petrunkevitch, president of the Moscow agricultural society, declared that all hope regarding the government's scheme, which had hitherto been nourished, had faded away. He said, "The government is going on in the same old way and it is difficult to say whether the zemstvos really intended to work in the national interest. It was obvious, he said, that the bar separating the emperor and the people was too strong, and that they could not count on reforms from above. They had appealed to the emperor and they should now appeal to the people."

Prince Dolgorukoff repudiated Prince Hostkovsk's construction of M. Petrunkevitch's speech, which, he said, only echoed what had been set forth in the memorandum presented by the marshals of the nobility to the emperor.

RUSSIAN SOLDIERS ANXIOUS TO ATTACK

Gunshu Press, Manchuria, July 20, 6 p. m.—Since a month ago, when the army was under the impression that it was about to advance, the commanders have been much annoyed by talk of peace, but the appointment of M. Witte as senior peace plenipotentiary appears to have convinced the commanders of the government's determination.

The Russian army rests, as usual, with cavalry flanks slightly enveloping the Japanese, who remain within their defensive lines.

The correspondent of the Associated Press has made a tour, through mud and heat, through a distance of 75 miles. Their fortifications on the first line have been growing daily, and indications are that it would cost the death of a half of the Russian army to take them, while their second position, of equal strength, is 11 miles farther back on the hills north of Kailuan.

Considerable confidence is evidenced in the strength and size of the Russian position, and an example of the military spirit of the superior officers is indicated in the extreme care of the correspondent of the Associated Press by one of the leading commanders.

"I have 150 machine guns and also strong artillery. I have received many men from Russia. All the infantry companies are 250 strong, and all the men are anxious to attack. Though the situation is very bad in Russia, the army will advance here regardless of the disorders at home. It will fight one, two or three years, because the end must be in victory."

The army does not share the peace desires of the government, which has never had a war so difficult as this. But in spite of all difficulties victorious it must be."

The army has demonstrated during the past three months the hostility indicated by such utterances at the fore-going, which are characteristic of the entire superior command. The civil and military Red Cross organizations are working well and a slight increase in their facilities will enable them to care for those suffering from summer sickness, which is now the sole malady.

It is believed that the danger of an epidemic is great on the Japanese side, because the region occupied by the Japanese army contains no major corpses buried in shallow ground, while the Russian army is operating on clean ground.

PROCURATOR OF HOLY SYNOD Attempt to Shoot Him Proves Unsuccessful.

St. Petersburg, July 20.—Removal of an attempt to shoot Constantine Petrovich Pobedonostzeff, chief procurator of the holy synod, at the Tsarskoe-Selo station in St. Petersburg, last night, by the Associated Press last night, have been confirmed.

In spite of his greatly advanced age and illness, M. Pobedonostzeff's nerves were unshaken by the attempt on his life. He drove to the holy synod and presided at the meeting, telling none of his colleagues of the occurrence until after the session closed. The procurator then drove back to the station alone and, unguarded, returned to Tsarskoe-Selo.

MEAT IN GERMANY. In Last Six Months Prices Have Risen 25 Per Cent.

Berlin, July 20.—The price of meat has risen in Germany from 25 to 35 per cent during the last six months, so that now prices are higher by 30 to 35 per cent than in the neighboring continental states. The price outside of Germany usually are 10 to 15 per cent lower.

Popular appeal, directed by the

IN A WOMAN'S HEAD

STRANGE SENSATIONS CAUSED BY SHATTERED NERVES.

Mrs. Deagan's Long Search for Relief from Distressing Experiences Caused by Overwork at Last Succeeds.

"Before I began to take Dr. Williams' Pink Pills," says Mrs. Deagan, "I was in and out of bed all the time, but now I stay up all day and work."

"What was the cause of your trouble?" she was asked.

"I was badly run down from overwork. One day noises began in my head and almost made me crazy. My head felt as if a tight band had been put around it, and the pressure and noise made me very uneasy. I often had to walk the floor all night when I ought to have been sleeping."

"Did you have a doctor?"

"Yes, I was under the care of a physician for some time, but finally gave him up because his treatment did me no good."

"My stomach was in bad shape, and I had smothering sensations. At such times my body seemed bloodless, my hands were like chalk and my face turned yellow. The doctor said I had dyspepsia in the worst form. Then my nerves gave way and I was completely prostrated. At night I could not sleep, and in the daytime I bent over to pick up a rug the smothering sensation would come on at once."

"How did you find a remedy?"

"After I had used many advertised medicines, we read in the paper about Dr. Williams' Pink Pills for Pale People, and my husband bought a box and insisted that I should take them."

"The first box I used quieted my nerves so that I could get a good night's sleep, which was a new experience for me. Before I began to use them I was a nervous wreck and trembled at the slightest sound. I was so weak that I had to sit down and rest every few steps when I went up stairs. Now I can run up a whole flight at once. The smothering sensations have gone and the noises in my head have stopped entirely. My appearance has greatly improved, for friends who were alarmed on my account before, now say 'How well you are looking!' My husband spent over a hundred dollars on treatment for me that was worthless, but a few boxes of Dr. Williams' Pink Pills brought me sound health."

Mrs. Mary Deagan lives at 56 Kilburn street, Fall River, Mass., where Dr. Williams' Pink Pills are a favorite remedy. These pills are guaranteed to be free from stimulation or harmful drugs of any description and may be taken without fear of injury to the most delicate system. They quickly cure nervous disorders of every kind, cure wasting diseases and build up strength. They are sold by all druggists.

gained meat dealers, are being made to the government, both here and in the provinces, to raise a prohibition against the importation of live cattle. The Russian association of Berlin is planning a number of agitation assemblies. The prices of meat supplied by the retailers today allowing for differences in weights and money, were: Filled of beef, 42 cents per pound; boiling beef, 27 cents; pork, 31½ cents; veal, 37½ cents.

The agitation for cheaper meat, by abolishing the exclusion laws, recurs at intervals. These laws are based, in the case of American canned meats, on sanitary grounds. But the contention is constantly advanced that the sanitary regulations are made unnecessarily severe in order to prohibit cattle and meat imports. In the interest of the German farmer, the question for the moment engages public attention.

BALFOUR GOVERNMENT DEFEATED ON IRISH BILL

London, July 20.—The government was defeated in the house of commons tonight by a majority of three on the motion to reduce the membership from Ireland.

On the announcement of the vote a scene of the greatest excitement was produced by the Liberals and the Irish members yelling, "Resign!"

The incident is considered hardly of sufficient importance to justify the government in resigning, but when asked by Mr. Henry Campbell-Bannerman, the leader of the opposition, who course he intended to pursue, Premier Balfour declined to make a statement.

John Redmond, leader of the Irish, said that the premier had repeatedly declared that he would resign if defeated, and if he disregarded this vote of want of confidence he would be acting against all precedents. Was he going to swallow this humiliation during the last few years? The premier was asked by Mr. Redmond.

Mr. Balfour, replying very coolly, said that Mr. Redmond had greatly agitated himself over a matter which could be settled in due time. He was, he said, not conscious of any humiliation. There would be ample opportunity within a few hours of proving whether the government still enjoyed the confidence of the majority of the house.

The premier said he would consult his colleagues as to whether the question would be again submitted to a vote, and would make a statement to-day. After some wrangling over the question whether to adjourn until Monday, it was decided to adjourn until tomorrow.

DR. PARK EXONERATED. Tutor in Wealthy Family Cleared Of All Suspicion.

New York, July 20.—Dr. Edward Park, the physician arrested in Norway as he disembarked from a steamer from America and there charged with the theft of about \$20,000 worth of jewels which recently disappeared from the residence of J. J. Higginson of New York, today was cleared of all suspicion in connection with the theft. The warrant drawn for his arrest by New York police authorities and the application for extradition papers by the United States authorities were withdrawn. Park was a tutor in the Higginson household when the jewels disappeared. After a short search the family gave up the theft and the robbery became a matter of a mystery. They came the arrest of Dr. Park, who had sailed for Europe soon after the theft was committed.

The police made this arrest on their own suspicions, but today, after examining two pawnbrokers who claimed that a man answering the physician's description had sold some of the Higginson jewels with them, Asst. Dist. Atty. Gane decided that the evidence was not sufficient to warrant the officials in holding Park.

LAND FRAUD INDICTMENTS. Arguments on Demurrer Heard By Judge De Haven.

Portland, Or., July 20.—Argument on a demurrer to an indictment charging former State Representative William J. Jones, Thaddeus S. Potter, a lawyer of Portland, and others with conspiracy to defraud the government of public lands, was heard today by Judge De Haven. The indictment, which is a preliminary one, is not all that it should be, and it is understood that the demurrer will be sustained by the court, who took the matter under advisement until tomorrow.

The contention of the defense is that the indictment fails to describe the nature of the conspiracy with which the defendants are charged.

Did He Kill His Wife? New York, July 20.—Fred J. Carlton, the death of whose wife is now being investigated by the police, and who was indicted a few days ago by the Kings county grand jury on a charge of grand larceny, was indicted by the New York county grand jury on the same charge, made by Charles A. Goldsmith of Stamford, Conn.

The Brooklyn official, yesterday caused the disinterment of the body of Carlton's second wife, who died four months ago of tetanus.

household when the jewels disappeared. After a short search the family gave up the theft and the robbery became a matter of a mystery. They came the arrest of Dr. Park, who had sailed for Europe soon after the theft was committed.

AMUSEMENTS ON THE ISTHMUS

Chairman Shonts Says to Remedy Lack of Them a New Department Will be Established.

MEN HAVE A JUST COMPLAINT

Line of Club Houses to be Set Up—Sails to Make First Visit To the Canal.

New York, July 20.—John P. Stevens, the newly appointed chief engineer of the Panama canal, sailed today for Panama on the steamship Mexico. Chairman Shonts of the canal commission accompanied Mr. Stevens. Mr. Stevens will assume control of operations immediately upon arriving at the isthmus.

Neither Mr. Shonts nor Mr. Stevens has visited the isthmus before, and both said they would prefer to wait until their return before talking of conditions down there. They told something of the plans, however, and the work they propose to do at once to assure the success of the canal building.

Mr. Shonts said he had heard many complaints regarding conditions on the isthmus, but had paid no attention to them.

"There are men down there who have a just complaint, and that is that they have nothing to do but work. They have no amusements and no friends. Men 2,000 miles from home and under these conditions get homesick, of course. What they want is amusement, healthy games and outdoor exercise. In order to remedy this we will establish a separate department, and we expect to establish a line of club houses across the isthmus."

Mr. Stevens said that he was going to the canal zone with an open mind, and would make the best of conditions as he finds them.

Speaking of the possibility of Chinese labor being employed, he said: "I have tried the Chinese in this country, and found them good. I will try many experiments until we get the best kind of labor."

Cheerfully Recommended for Rheumatism.

O. G. Higley, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Hall's Snow Flament, one but it cured me. I can cheerfully recommend it to all suffering from like affliction." Price 50c. 1.00. Sold by Z. C. M. I. Drug Dept.
