established in Salt Lake City, as follows:

District No. 1. Both sides of First South street between East Temple and Fifth West street.

District No. 2. Both sides of First South

military reservation.
District No. 3. Both sides of Second South street, between East Temple and Fifth West streets.
District No. 4. Both sides of Second District No. 4. Both sides of Second

District No. 4. Both sides of Second South street, east from East Temple street to the military reservation.

District No. 5. Both sides of Third South street, between East Temple and Fifth West streets.

District No. 6. Both sides of Third South street east, from East Temple street to the military reservation.

District No. 7. Both sides of West Temple street, between South Temple and Eighth South streets.

District No. 8. Both sides of East Temple street, between South Temple and Eighth South streets.

District No. 9. Both sides of First East street, between South Temple and Eighth South streets.
District No. 11. Both sides of First West

street, between South Temple and Eighth South streets.

District No. 12. Both sides of East Tem-

ple street, between South Temple and First North streets.

District No. 13. Both sides of South Temple street from East Temple street to

Third West street.

District No. 14. Both sides of Fourth

South street to the military reservation.

District No. 15. Both sides of Fourth
South street from East Temple street to

Pith West street.
District No. 16. Both sides of Second East Street, between South Temple and Eighth South streets.
Sec. 2. This ordinance to be in force

from and after its passage.

The ayes and noes were called on the passage of the ordinance, all the members voting in the affirmative.

ANOTHER PAVING PROPOSITION.

A proposition from Foster & Morrison to lay sidewalks was laid on the table. The proposition is as follows: To furnish first class cement sidewalks, the concrete base to be 34 inches thick, and to be composed of gravel and standard hydraulic cement, the top dressing or finish to be ‡ of an inch thick and composed of the best Portland cement, and lay the same in the best manner and conform to the grade given by the city engineer, at the rate of 161 cents per equare foot, not including any grading. This would make the cost of the six foot walk a little less than \$1 per lineal foot.

Mr. Pembroke then offered a resolution providing that when the council shall publish its notice of intention to pave First East Street, between Bouth Temple and Fourth South Streets that the material known as Stradamant mastic asphalt, for which Mr. Remington is agent, be designated

as the material to be used.

The resolution was strongly opposed by Mr. James on the ground that such a procedure would virtually exclude all other bidders.

The resolution was lost.

PROPOSITION REVERRED.

The proposition of Foster and Morrison was referred to the committee on streets with instructions to report on the matter at the next regular session of the Council.

Works on the contract with Duhois & Williams of Denver, Col., for the Parley's Canyon conduit, at a price of \$86,592, with bonds attached, was read

and approved.

Mr. Pembroke again offered the following resolution, which was de-

feated on Tuesday night:

"Whereas, it has been asserted in a communication to the Council, signed by many prominent business men of this eity, that legal opposition will be made to changing the site of the joint city and county building and against further delay in the construction of said building, which delay would occur in any such change as contemplated and be detrimen-

"Whereas, while we may think the site of the Eighth Ward Square superior to the original, we view with alarm any effort to further delay this building; therefore,

be it
"Resolved, that we do request the coninities of the City Council to endeavor to
procure the sanction of the joint committee that steps be taken to immediately commence the construction of the said joint county and city building on the orl-ginal site."

Councilman Anderson—I see, Mr. Pembroke, that you don't want any public building.

Mr. Pembroke (springing to his feet and assuming an all of injured inno-cence)—I do, most decidedly, and I don't want any one to instructe that I do not.

Councilman Anderson (in the language of cheap circus parlance)-Oh, R-r-r-r-a-t-e! (Laughter.)

Acting Mayor Parsons (wielding the gavel)—Come to order, come to order, gentlemen!

The motion to adopt the resolution was lost and Mr. Karrick moved that the matter be deferred until the opinion of the city attorney could be obtained. City Attorney Merritt (curiously)-

What is my opinion wanted for now? Mr. Karrick - On the proposed

change of site. City Attorney Merritt — That has already been positively and definitely expressed.

The agreement as to the proposed change of site between the city and

county was then taken up. Mr. Pembroke called attention to the fact that the agreement provided for a committee of three from the city and three from the county to carry out the contract, and moved that it be amended so as to provide for an arbitrator in case the joint committee might fail to agree.

Judge Bartch-It is a question in my mind if the county court can legally appoint an arbitrator, as the Supreme Court of the Territory has ruled adversely upon such a case.

City Attorney Merritt (addressing Judge Bartch)—Is it not a question in your mind as to the right of the county entering into any such agreement as proposed?

Judge Bartch (hesitatingly)—Well,

I should not like to express an opinion

on that matter.

City Attorney Merritt-I doubt very much if the county can sell its half of the original site to the city, inasmuch the county came in possessiou the property on the express addition that it be used excondition that it be used ex-clusively for a public building. To use it for other than that purpose is a reasons for this increase: one

a clear title by purchase. These are facts worth considering.

Mr. Hall (changing the subject)-In case of a failure on the part of the committee to agree, they could be removed and another appointed in their place.

The motion to appoint an arbitrator

failed to carry.

Mr. Karrick (apparently disappointed)-It now looks like we will not have any public building during the present administration. I move that the whole matter be referred to the city attorney for his written opinion.

City Attorney Merritt (warmly)-Mr. Karrick, I have expressed myself plainly in this matter and should be easily understood but it seems for some reason that I am not.

Mr. Karrick-Well, what is your

opinior?

City Attorney Merritt — Well, this time I will endeavor to be understood and will give my opin-lon orally in a few words as plainly as I could in writing, though I were engaged at the task for forty years. It is this: I doubt the legality of the city building jointly with the county on either of the sites, in the manner of procedure it has and is now adopting. More than this I cannot and will not state.

The reading of the agreement and deed was proceeded with and a number ofminor amendments were made, all of which Judge Bartch was of the opinion the County Court would concur in.

At the conclusion of the reading of the two instruments, Mr. James moved that the amendments all be stricken out and the agreement and deed be adopted as originally presented. As a reason for this motion, Mr. James stated that if the contract and conveyance were accepted as amended, would be impossible to commence work within thirty days as desired.
Acting Mayor Parsons—It seems to

me that it will take thirty days to prepare and insert the amendment of fered.

Mr. Pembroke—Another objection I have of going to the Eighth Ward Square is that I have been informed on reliable authority that a few feet below the surface of the ground is a substratum of quicks and and it will be that the test of the ground in the surface of the ground is a substratum of quicks and and it will be that the test of the grounds. cost at least \$150,000 to erect a foundation there.

More fruitless discussion followed, after which a vote was taken on the adoption of the agreement and Jeed, which resulted as follows:

Yeas—Parsons, Spafford, Anderson, eath. Wolstenholm, Armstrong, Heath, Wolstenholm, Armstrong, Cohn, Hall, James. Noes-Pickard, Pembroke, Karrick Lynn.

On motion of Mr. Hall the Mayor was given authority to execute the

agreement and sign the deed.

The Council then adjourned until Tuesday evening next...
