

BY TELEGRAPH.

AMERICAN.

CHICAGO, 14.

The *Tribune's* special from Streator, Illinois, says the coal miners of that place, who struck some time ago, whose places were supplied with new men, and who subsequently were, for the most part, taken back, so that only about 100 of the new men were retained, have for a long time, been kept separate from the blacklegs, as the novices were called, lest trouble accrued from their jealousy. Of late, however, the two gangs have been allowed to mingle, and to-day the rankling hate found expression by some of the old miners poisoning the food in the dinner buckets of the new ones, and to-night some sixty of these unfortunates are in the throes of agony, and many of them will undoubtedly die from the effects of the poison, and the lives of all hang upon a thread. Arsenic was the drug used, but in some cases was so plentifully administered as to counteract its own action. The whole matter is a mystery, and it is not even known when or how or in what article of food the dose was placed.

MOORE'S JUNCTION, N. Y., 14.—For several days fires have been raging through the forest along the Ogdensburg and Lake Champlain Railroad, between Clinton Mills and Altona Springs. A west wind drove the fire through the woods and across a narrow clearing to the villages of Clinton Mills, Ellenburgh, and Forest Up.

5 p.m.—About twenty buildings have been burned at Clinton Mills, and the large mills there were on fire. The railroad agent is moving everything, as there is no hope of saving the buildings at Ellenburgh, Forest and Moore's Forks depot and other buildings have been on fire several times, but the people hope to save them.

NEW YORK, 15.—The *Herald's* Salt Lake special says the arming and drilling of the Mormons continues throughout Utah. Gentiles, and especially those in the northern and southern settlements, are alarmed at the few United States troops in Utah. Fourteen (?) companies inhabit Camp Douglas, which overlooks Salt Lake, and a fragment of a regiment occupies Camp Cameron, near Beaver; a ghost of a company haunts Fort Hall, in Idaho. Governor Emery has written a letter to the Secretary of War, which will reach Washington on Thursday or Friday, requesting that Camp Douglas be provided with five companies of infantry and two of cavalry; that Camp Cameron shall have two full companies of infantry; that one infantry company shall be quartered at St. George; that another shall be sent to Logan, in Cache Valley, and that the company at Fort Hall be retained and reinforced. It is to be hoped that McCrary will furnish these blue coats at once, whose presence here would do much to allay the apprehensions of capitalists and families who are alarmed at once by the diligence and vigor of the prosecution against prominent Mormons, and their determination to resist.

The *World's* Washington special says neither General Sherman nor the War Department has any advice of any steps being taken by the Mormons for an uprising. If the reports to that effect are true, there is no doubt the United States officers stationed in Utah would have reported upon them ere this. The Department of Justice is not aware of any hindrance to the execution of the laws in that territory, and in the continued prosecution of alleged participants in the Mountain Meadow massacre, nor has it entered into any investigation of the personal quarrel in which District Attorney Howard is involved. There is no deficiency in the appropriation for the contingent expenses of the United States civil offices in Utah, while the act of March 3rd, 1877, provides for an available appropriation of \$20,000 for summoning jurors, witnesses, transporting prisoners, &c., from the 1st of July next, to be paid under the direction and order of the Department of Justice upon accounts duly verified and certified. The plea, therefore, that the last Congress has obstructed justice there by a failure to make appropriations, is groundless; quite as groundless, probably, as the other portion of the story of the uprising of the Mormons and the failure here to give the United States District Attorney proper support.

STREATOR, Ills., 15.—The miners of the Chicago, Wilmington and Vermillion Coal Company, who were poisoned yesterday, as is supposed by their envious brother workmen, arsenic being the medium, have, under careful and prompt medical treatment, generally recovered to-day. Some half a dozen out of the sixty are, however, in a dangerous condition, and their recovery is extremely doubtful. The city is greatly excited.

MOORE'S JUNCTION, N. Y., 15.—Since midnight last night the great fire has spread so rapidly among the forests and through the brush lands, that at this time the entire country for hundreds of miles is enveloped in dense smoke. Clinton Mills, yesterday a thriving village, is now level with the ground, and not a house is left standing; 55 families are burned out of house and home, and the women and children were found this morning huddled together, out of the heat, about a mile west of Clinton Mills. Twenty families are provided with shelter and provisions.

WASHINGTON, 15.—The Secretary of war has notified the disbursing officers that there will be no funds available for the purchase of supplies for the army after July 1st, until after Congress shall have had time to act upon the appropriation bill, and all advertisements for contracts as well as contracts themselves, will state that payment depends upon a future appropriation.

ROCKFORD, Ills., 15.—Before the coroner's jury Architect Gay refuses to place the responsibility, but exonerates his brother architects, who in turn exonerate him, and place the responsibility on Superintendent Latham. They consider the brick used was inferior in quality, and not what the specifications called for. Another victim of the disaster died to-day.

MOORE'S JUNCTION, 15.—The fire this afternoon is upon both sides of the Ogdensburg and Lake Champlain railroad, between this station and Cherubusco. The woods are on fire at Cannon's Corner, five miles from here. Every house was burned last night. A fire has just broken out in Stockpole, three miles from Altona station, and the whole place is in flames.

NEW YORK, 15.—At the St. Stephens, N. B., fire about ninety-five buildings were totally destroyed. Between seventy and eighty families are homeless. The district burned is about one quarter of a mile on the river bank. No lives lost. Total insurance \$121,000.

Forest fires are still raging along the Hudson, in Northern New York, parts of New Hampshire, Pennsylvania, &c.

DENVER, Col., 16.—A serious outbreak among the miners in California Gulch, near Oro City, Cal. is reported. The report says the riot arose from the failure of W. H. Stevens and others, Detroit capitalists, to meet the demands of the miners for pay due them. The miners seized Stevens, and two others named Wood and Northrup, and put them under a strong guard. They demanded of Stevens a check for \$2,000, or enough to take the entire body of eighty-five home to Detroit. Stevens issued a check, which a detachment of men took to the bank at Fairplay, with Stevens' clerk. The bank paid the check, and a second check for the same amount was forced from Stevens. Subsequently a programme for lynching Stevens was prepared. Its execution was announced for last Sunday. A later report says it was delayed until Monday night, the 14th, but the current belief is that no further violence has or will be done. Nearly all engaged in the riot are from Detroit, Michigan. At present it is impossible to determine who are responsible for the riot.

BINGHAMPTON, N. Y., 16.—Five children, belonging to Dunnegal, a railroad employe at Little Hook, Cortland County, were burned to death yesterday. Dunnegal and wife were a short distance from the house when they discovered the fire, and made every effort to rescue the children, but the flames had gained too much headway. The cries of the little ones calling for help could be distinctly heard by the parents.

LUNENBURG, Vt., 16.—Forest fire are raging in New Hampshire. Six thousand cords of wood were burned near the Fabayan House. The Crawford House is in danger. Trains on the Portland & Ogdensburg Railroad are delayed twelve hours.

CHICAGO, 16.—Specials from the vicinity of Green Bay report that

spring fires in the woods north of that point are raging frightfully, and there is now almost one continuous blaze from Marquette, Wis., to Ispeming, Mich., a distance of 129 miles, the fire extending back at some places in the forest a distance of from twelve to fifteen miles. The Northwestern Railroad Company lost 130 cords of wood yesterday, and the Quincy mine lost 5000 cords. Several small houses have been burned. The loss on pine timber is heavy. Rain alone will stop the flames and prevent further losses, which even now aggregate hundreds of thousands of dollars.

WOOD FALLS, N. Y., 16.—The forest fires raging in this vicinity have rendered hundreds of persons homeless. At Stackpole Forge, Cannon's Corners, and Centerville, the people are fleeing in every direction, frequently barely escaping with their lives. At the latter place dwellings with barns attached to them, six saw mills, two stores, and one church were swept away, also a large quantity of lumber. The entire property of Stackpole Forge was swept away; mills, charcoal kilns, dwellings, stores, and their contents are consumed. Three-quarters of a million dollars' worth of property was destroyed at Clinton Mills, N. Y.; R. W. Adams & Co's mills and machinery were destroyed, loss \$150,000, insurance \$25,000; also the dwellings of their operatives, merchandise, barns, store and storehouses, live stock, lumber and cord-wood; loss \$50,000, insurance \$35,000. An appeal was made to the charitable for food and clothing for the unfortunates. At Champlain large quantities of provisions and necessary clothing have been contributed by citizens. The entire country is enveloped in a dense smoke. It is stated that there were many families living in the wood lands where the fires have raged so fearfully, and that undoubtedly many persons have perished while attempting to save their homes.

FOREIGN.

LONDON, 14.—The Porte has given the most satisfactory assurances relative to the destruction of British shipping at Bekef, and promises full compensation.

A dispatch from Bagdad describes the flood, which has overwhelmed both banks of the Tigris, as a flood hitherto unknown. The river threw out a new branch, completely blocking Bagdad, and swept away 200 houses at Kiamizie.

The worst evil which the Russians may bring by their premature invasion is cholera.

The only survivor of the crew of the Turkish monitor sunk estimates the crew at 200 souls. The ship was named *Lutfield*; and was armed with five guns, two nine inch and two five inch.

PARIS, 14.—The newspapers announce that the German Emperor has signed the decree reinforcing the garrisons in Alsace and Lorraine to 50,000 men.

ATHENS, 15.—The first collision between the Greek insurgents and the Turkish troops occurred near Armiros, Thessaly. The press of Athens unanimously demand war.

ST. STEPHEN'S, N. B., 15.—The losses by the fire last night are near half a million dollars. About sixty-three tenements, eleven wharves and two schooners were burned. Among the heaviest losers are the New Brunswick and Canada Railroad, depot, machine shops, wharves, and a number of engines and cars being destroyed. The Watson House and a number of valuable buildings, and the ship *S. E. Shipman*, were burned. W. Johnson is reported killed and five others reported seriously injured by the falling walls.

OTTAWA, 15.—Bush fires have broken out simultaneously in Carleton, Greenville, Prescott, Renfrew and Lanark counties. Much property has been destroyed.

LONDON, 15.—An increase of 12,000 men has been distributed among the garrisons of Alsace and Lorraine.

LONDON, 15.—The *Times* says nothing has been so remarkable during the debate in Parliament as the declarations in favor of peace from conservatives as well as liberals. The war party finds itself in a small minority.

The *Standard's* Constantinople special says, I am glad to report the great success of the Turks in Asia. On Monday, Admiral Hassan Pasha, after bombarding the fortifications of Sukum Kalsch, landed a number of soldiers, who were im-

mediately joined by 3,000 natives. A violent combat ensued. The Russians were driven out of Sukum Kalsch, to-day. Upwards of 10,000 natives joined the Turkish forces, who hold the fortifications. The town is in flames. All the surrounding country is rising in support of the Turks. Telegraphic communication between Constantinople and Kars, by way of Erzurum remains intact.

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

For more certificates of cures see large circular around each box of ointment.

\$10,000 REWARD

Will be paid for a more certain and sure remedy. Sold by all the leading Druggists and country storekeepers everywhere. Warranted a sure cure or money refunded. Beware of imitations. Ask for Dr. Williams' Indian Ointment, and take no other. Depot, 338 Superior Street, Cleveland, Ohio.

Godbe, Pitts & Co., Wholesale Druggists, Salt Lake City, Sole Agents for Utah.

DAHLIAS!

DAHLIAS!! DAHLIAS!!!

ONE HUNDRED named varieties, all imported from the best growers in the United States, not at imperfect ones among them, on sale at the Kanab Nurseries and Gardens. In the collection is every color and style, including show, fancy and bouquet Dahlias.

This is no doubt the most complete assortment of this grand and showy flower ever in Utah.

The lover of the beautiful is never disappointed in them; their culture is as simple as a potato.

Five splendid sorts mailed to any address on receipt of One Dollar, six packages for \$5.00. Money sent by registered letter at my risk can be sent safely until the 1st of June.

Full line of Nursery Stock, suitable for Arizona and New Mexico settlers, at prices to suit the times.

Correspondence solicited.
