FRAGMENTS.

The confidence man is said to be a youth named Ross. Are the burglars going to capture us or we the burglars? Which? Get your tickets for the four days' excursion on the 24th. See advertisement for particulars. It is expected that Hon. John T. Caine will reach home to-night from the East. He is welcome. There are twenty newspapers published in Idaho, five of them democratic.

Another shooting scrape at Park City. Samuel Howell shot John Strom in the neck, last Sunday night, at the Scandinavian saloon.

The "Julia Dean" was loaded down with aged excursionists from the 12th Ward, this morning, on their way to the depot, and thence to American Fork by rail.

The Old Folks of the Tenth Ward were made supremely happy this morning, by being conveyed to the depot in hacks furnished by Mark McKimmins.

JUDGE HUNTER is the only one of the three Federal Judges now in the Territory. Judge Emerson being absent in Vermont, and Judge Twiss also being away in the East.

LAWRENCE BARRETT has three new plays for the season. His repertoire is—"The Blot upon the Escutcheon," "By Robt. Browning," a drama by Chas. Osborne, founded upon the tragic death of Thomas à Becket, Archbishop of Canterbury; and a play illustrative of Puritan rule in New England.

FROM J. H. Parry & Co., we have the Century Magazine for August, a number containing a beautiful amount of good reading artistically illustrated. Its articles on, "A glance at British Wild Flowers," "General Sam Houston," "Recent Architecture in America," "Chinese Gordon" with interesting "Topics of the Times," "Open Letters" and "Bric à Brac," are well worth reading.

LOCAL NEWS.

"Auntie Whitties."—The Verdi Club will present the original musical burlesque "Auntie Whitties and the Excursion Party," at the Twelfth Ward Assembly Rooms, this evening. The performance commencing at 8:30 o'clock. It will be repeated to-morrow evening.

Circus.—Frank Hurst, Esq., advance agent for the J. B. Shaw Silver Plate Circus, which will perform here on the 25th inst., called at the News office to-day. The advertisement will appear to-morrow and will be found to contain the names of such well-known performers as Taylor and Mella Frush, the Leo Brothers, etc., etc.

Still At It.—On opening his shop on Monday morning, George Saville, shoemaker on Second South Street, discovered that since he had been there on Saturday night, someone else had entered and ransacked the building. The midnight visitors, for such a number of half-burned matches and bits of candle would indicate them to have been, pried the back door open, and helped themselves to eight pairs of fine shoes. No clue to the perpetrators of the robbery.

Untrue.—A rumor was current on the streets last evening that Jos. H. Kershaw, of the 21st Ward, who is employed at the Hearn Silver Smelter, Salt Lake City, had fallen into a mass of boiling metal and was burned to death. His brother this morning assured a News reporter that this is entirely untrue, no such accident having occurred. Kershaw was fortunately able some days since to save a fellow workman who came near falling into the molten metal, and from this perhaps the alarming rumor of last evening took its rise.

Literature.—From Dwyer's book store, which is now open and flourishing, we acknowledge the receipt of Harper's latest periodicals. The Weekly presents large pictures of the democratic candidates, and has a telling cartoon on the political situation; the Razor, besides latest fashions and notes of interest for ladies, has some descriptive illustrated articles and a full quota of humorists; the Monthly Magazine, among a mass of interesting reading, has an illustrated article on Salt Lake City by Ernest Ingersoll, which will be of course the chief attraction for local readers. Dwyer has nearly everything in the line of literature, and what he hasn't got he can soon get for you.

Wedding Bells.—The many friends of Miss Agnes Olsen, the favorite vocalist, are long will be extending to the lady their heartfelt congratulations upon her marriage, which is to take place, we learn, very shortly. The happy and lucky individual, who is to be the possessor of such a treasure, is none other than our young friend and brother, Abner J. Thomas, of the Nineteenth Ward, who will, we doubt not, make a husband for any woman to be proud of. The marriage will take place in the Logan Temple, and the reception at S. P. Neve's residence, 21st Ward, on the evening of the 24th inst. We extend our good wishes in advance.

Excursion Rates.—The price of the four days' excursion tickets to points south as far as Nephi are less than half fare rates. For a party of twenty the rates over the S. P. V. R. R. will be \$1.50 to Wales and return—half rate—good for four days; as a number have already made arrangements to visit Santepe, it is probable that there will be sufficient to secure the excursion rate. The excursion all throughout will be pleasant and interesting and no better opportunity than this could be afforded those desirous of making a southern tour. The Sixth Ward Silver Band will go along to enliven the journey and to take part in the exercises.

Pioneer Day.—The Athletic Association are preparing an attractive programme for the celebration of the 34th on Washington Square. For variety, earnestness and the number of participants in the games and races, it has never been equalled. Handicapping the best riders gives every bicyclist a chance to win, consequently there will be more entries for each race and closer work in the finish. There is also unusual interest manifested in the 100-yard foot race for the championship, and speculation is rife as to who will secure the trophy. The famous Olympics are strengthening their line and making every preparation to retrieve their recent defeat, while the other athletes, the Blue Stockings, go into the contest flushed with success and confident that victory will again perch on their banner. It will be an exciting game.

Leon and Cushman.

The Baltimore Every Saturday has the following: The innovation in burnt cork minstrelsy as introduced to the public by Leon and Cushman's Company at the Opera House this week is a taxing success. While it is true that it is worth retaining of the minstrel show, the specialties are diversified of the cut-and-dry methods usually employed, and a running cord of humor is substituted for the often pathos jokes of the end men. The take-off on the "Exalted" ballet and other hits are immensely appreciated. They will play at the Theatre on the 24th and 25th.

Marvin Harris.—Mr. Daniel Harris, cousin of Brother Martin Harris, of Cache County, left the city, and would be pleased if the latter would at once communicate with him. Address care of Deseret News office, Salt Lake City.

TERRITORIAL NEWS.

The railroad warehouse at Yuma, Arizona, was burned on the 15th inst. A load of merchandise on the floor was being transferred, when a workman dropped a lamp and the car was ignited. A gang of horse thieves who have operated with considerable success in and near Cedar City, Iron County, have just been untraced, and one member of the crew, Robert Tate, has been brought back from Nevada on a requisition and now awaits trial in the Territorial jail. The marauders are said to have had considerable success and to be quite numerous. The Sunday-school children from Gunnison, Mayfield, Sterling and Fayette had a jubilee at the first named place on the 17th inst. DESPERATE FIGHTERS.

SEEN PEACE DISTURBERS ATTACKED BY THREE POLICE, AND TWO LANDED IN LIMBO.

One of the most desperate fights the police have had with disturbers of the peace for some time, occurred between two or three o'clock this morning, and resulted in the bringing into the city jail of two pretty badly battered soldiers who were to appear before the magistrate at 2 p. m. to-day to have a hearing. Shortly after midnight a crowd of about ten soldiers, armed with clubs and cursing down First South street, making the most hideous noises and using the foulest language. Marshal Phillips, who was just about to go home, stepped up to them and warned them to desist, advising them to go along quietly. After he had gone, however, they resumed their shouting and, on reaching the City Hall, actually stepped within the open hall door, yelling and cursing like demons, and calling the officers by the vilest names their language could muster. Officer Pratt, who was on duty, trying to get the soldiers to go away peacefully, and to cease their unreasoning uproar, called to his assistance Officers Salmon and Clayton who were in bed but had already been awakened by the racket. By this time the ruffians had gone a distance farther east, howling and swearing as they went. The officers finally got ahead of them in the 12th Ward and ordered them to desist on pain of being arrested. This threat was all the fellows wanted, and they at once gathered around the police, cursing them as they went.
