MINERS' SUPPLIES.

We do not throw out any Bait by Advertising a few Leading Articles at Low Prices.

**ALL OUR GOODS ARE CHEAP!**

Dealers in the settlements and mining towns will find it to their interest to call and enquire prices before purchasing.

H. B. CLAWSON, Sup't.

**140,000 SINGER SEWING MACHINES**  
WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.

The Singer Manufacturing Company AT THE WORLD'S FAIR

—Constituted by the names of the people— Received the Great Award of the Highest Prize and have left all rivals far behind them, for they

Sold in 1870 127,833 Machines!

**SEWING MACHINE SALES FOR 1870.**  
The number of machines to which the manufacture of Sewing Machines has attained is shown by the following table, from which it appears that the sales of the various manufacturers for the year 1870 to the owners of the machines, and the total number sold according to these returns the number of machines sold by each manufacturer in 1870 is as follows:

Manufacturer	1870 Sales
Wheeler & Wilson	127,833
Howe	75,156
Troyer & Baker	67,408
White	52,890
Wilcox & Gibbs	28,890
American Buttonhole & Dressmaking Machine	17,000
Wilson	600

It will be seen by this table that the superiority of the "Wheeler & Wilson" machine, far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced the manufacture of a new model of their machine, which is setting at the rate of nine to ten better than their old style." Their total sales for 1869 were 81,761 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun*.

One-half of our Gigantic Sales, now nearly,

**THREE-QUARTERS OF A MILLION**

Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS.  
But the greatest increase of our Sales over all other Machines, being within the past year  
This is incontrovertible proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

Is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other Machines.

The New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to be done by machinery. We claim and can show that it is the most perfect and complete sewing machine ever invented, and that it is equal to the combined running of all the Family Sewing Machines. It is remarkable not only for the range and variety of the sewing, but also for the variety and different kinds of textures which it will sew. The "Family Machine," like the "Singer," is a combination of the best qualities of course, making the interlocked elastic-stitch, alike on both sides of the fabric sewn: the only stitch which is universally approved, or is as well adapted to the "Family Machine" as any other. It is a combination of the "Singer" and "Wheeler & Wilson" machines, and in a moment this willing and never-wearied instrument may be adjusted for fine work on gauze or cambric tissues, or the stitching of tartans, or ruffing, or almost any other work which any person who knows how to perform. Even the coarse and heavy fabrics have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, silk and twist; furnish lines and cotton thread and oil; all superior quality and service can be relied on only when obtained through our Principal or Branch Office, or Agents.

Other Sewing Machines Repaired on Reasonable Terms!

We Guarantee every Machine we sell to give entire satisfaction.

**MACHINES DELIVERED FREE THROUGHOUT THE CITY.**

**TERMS TO SUIT ALL.**

Weekend a cordial invitation to all to come and see the Machines, whether they wish to or not, and to have a trial without you examine the SINGER.

Visitors always politely attended by competent attendants. Instruction free. All Machines perfectly adjusted before delivery at the time.
