

TALK OF THE TOWN.

The Fair continues to be well patronized.
 Races took place at the Driving Park this afternoon.
 The thermometer reached 82° at two o'clock this afternoon.
 The city assumes a busier appearance as Conference draws near.
 Gen. Eaton, of Washington, D.C., Commissioner of Education, is at the Continental Hotel.
 Yum Klipper, the Jewish fast day, commencing at sundown on Sunday evening, [finished at sundown last night].
 The windy weather which has prevailed for the last day or two detracts from the pleasure of the genial sunshine.
 The boards of the Theatre are to be occupied this evening by the Home Dramatic Club, "The False Friend" is the attraction.
 The difficulty between Judge Bennett and the American Emma Mining Company has been compromised. The Emma will soon "boom" again.
 On Friday evening, October 7, a grand complimentary concert is to be tendered to Mr. Henry E. Giles by his friends and the musical profession, in the 15th Ward new meeting house. For particulars, see programmes.
 Musical Competition.—In connection with the prize offered by Messrs. Daynes & Coalter, for the best performer on the organ or piano, Messrs. Chamberlain and Beasley will meet competitors at Daynes' store to-morrow morning at 10 o'clock. Examination private, if preferred.
 Something Like a Calf.—Mr. James L. Clayton, of West Jordan, a few days ago killed a calf, three months old, which scaled the enormous weight of 241 pounds, and which brought in the market the sum of \$18. The mother of this youthful specimen of the bovine species is a full Durham. One hundred pounds is considered a good weight for a calf, but when 241 lbs. is reached, it must be set down as remarkable.
 Dramatic.—Mr. Philip Margette, the well known comedian, is open to fill engagements to play with and give instructions to dramatic companies organized, or those about to be organized in Utah Territory, north and south, from the 15th of October until the 25th of January. Those wishing the services of Mr. Margette are requested to notify him as soon as possible, so that dates may be fixed.
 "The False Friend."—The Home Dramatic Club will make their second appearance this season to-night, on which occasion will be presented the celebrated play above named. The full strength of the club will be brought into requisition in the production of "The False Friend," and judging from the past performances of the home company there is every reason to believe the piece now to be assayed will be a decided success. Indications point to there being a good house, which is only what the Home Dramatic Club deserve. As on former occasions the Carleton Orchestra will supply the music, and it would be well for all to note that the overture will be rendered promptly at 8 o'clock.
 Theatre.—A very large audience witnessed the presentation of "The Sea of Ice" by the dramatic combination last evening. The piece was put upon the stage in a manner reflecting great credit upon the management, the artists and the workmen. The footlights and aurora borealis were finely presented and elicited great applause. Barring a few hitches occasioned by lack of rehearsal, the piece was well played, the old favorites appearing to great advantage, with the exception of Mr. Graham, who had no opportunity to display his peculiar talents, but performed his part well, though out of place in the character. The public are accustomed to laugh whenever he appears, but had no chance to do so last night. Mr. Margette, who was as Barabas, Mr. McKenzie, who had the leading character, played with vigor and talent, as he always does. Miss Edith Clawson never fails, and she won the attention and plaudits of the audience last evening. We have not space to particularize further. All the performers sustained their parts satisfactorily. The Sea of Ice will be repeated.
 Third District Court.—The following cases were disposed of in the Third District Court yesterday, Chief Justice Hunter presiding:
 Nell McMullen vs. John McCloy et al. Damages sustained on the grounds that the property was not sufficiently described. Exception taken.
 J. E. Dooley et al. and Pleasant Valley Water Company vs. Utah & Pleasant Valley Railway Company. Motion to quash writs overruled.
 J. H. Lewis vs. F. H. Simmons & Co. Writ sustained.
 W. C. Lynn vs. Frank Wright. Five days given to amend complaint.
 London Bank of Utah vs. Morgan M. & S. Co. Motion to vacate judgment by defendant allowed.
 D. O. Dickerson vs. L. B. Mattison. Statement taken.
 M. Shaughnessy vs. L. F. Garrieh et al. Motion for new trial overruled.
 Rebellion S. M. Co. vs. the Citizens Mining Co. Motion to dissolve injunction granted.
 Caleb Tucker vs. Caleb Feller. De-murrer and complaint argued and submitted.
 Jacob Feller vs. Caleb Tucker. Attorneys allowed to file affidavits.
 Bowman & Co. vs. Louis Benzel. Motion to strike out testimony sub-

THE FAIR.

During the whole of yesterday afternoon, and under the blaze of the electric light until 10 o'clock in the evening, the Fair was thronged by a delighted public. As it always is the case, some confusion was experienced on the opening day, but now that everything has been properly arranged, the exhibition proceeds without a hitch.
 THE VEGETABLE DEPARTMENT, situated in the north part of the building, affords the public an excellent opportunity of judging what the Territory is capable of raising in the shape of mammoth fruit and vegetables. There are pumpkins weighing from 100 to 125 lbs., while the beets, potatoes, onions, tomatoes, melons, etc., etc., are abundant in quantity and excellent in quality. The display of
 FRUIT
 of all kinds is simply immense, and comprises some of the largest specimens of apples, pears, peaches, plums, etc., etc., that it has ever been our lot to behold. Every variety of fruit in season can be seen in this department, and the aroma arising from the fruit-stands is very fragrant. A country that can raise such magnificent fruit, and that with-out any great effort, has reason to be proud of its fertility, and the day is not far distant when Utah fruit will be even more eagerly sought after than at the present time. In the matter of
 BUTTER AND CHEESE
 There is an excellent exhibition. As a whole, the show of dairy products is unusually large, but in this respect butter and cheese "take the cake." In this department a special prize of \$50 is offered, which has called forth quite a number of entries. As showing the art of preserving butter, a jar is exhibited containing butter made over a year ago, and so far as quality is concerned, it tastes as sweet to-day as if it had only been cured a week since. The process of preserving butter is an important one, and anything in the way of improvement in this line will prove a benefit to every family. The exhibition of
 WOOLEN GOODS
 is fully as good as that of any previous year. The display of blankets is exceptionally fine, while the varieties of all kinds of yarns, flannels, cloth goods, etc., show the rapid strides that are being made in these important branches of industry. The cloths displayed are of excellent quality, the patterns are neat and varied, and, taken as a whole, will compare favorably with goods imported from the east. As improvements are developed in the manufacture of cloth, etc., the prejudice which exists in the minds of some against "home made" goods of this class must of necessity be wiped out. The display of
 FURNITURE
 is of a very high order. The whole of the exhibits in this department have been manufactured in the factory of Mr. Dinwoody, and so far as quality and finish are concerned, the exhibition is of the most creditable kind. The display attracts considerable attention, and year by year this important branch of industry is sure to be developed to such an extent that much of the furniture now of necessity imported into the Territory, will happily be a thing of the past. The
 UTAH SOAP FACTORY
 makes an excellent display of every variety of soap, the quality of which is not one whit behind the best of soap manufactured and imported into this Territory from Chicago and elsewhere. The display made in this department is very encouraging indeed, and augurs that in the near future, if not at present, Utah will possess in the manufacture of soap a most important branch of industry. The exhibition of
 LEATHER
 is also of a high grade, that from Pacific, Bear Lake Valley, and Salt Lake being of a very superior quality. Under the head of leather, of course, come the display of boots and shoes. Z. C. M. I. makes an immense showing, as also do several others, notably Mr. James Payne and Mr. John Wetzel, while Mr. W. L. Pickard and Mr. Gustavson are the exhibitors in the harness department. In the latter, the display of harness is excellent, some of the specimens having apparently been got up regardless of expense. There is also a splendid exhibition of
 BRUSHES
 by Messrs. White & Hopwood, embracing, we should imagine, some 50 or 60 varieties, of excellent quality and finish. The brush and broom industry must before long assume much greater proportions than it is at present; but it is gratifying, so far, to note the advances that are being made in this very important branch of home manufacture.
 MARBLE WORK.
 The display of ornamental marble work, by Messrs. Brown & Son, of Logan, is well worthy of notice. The marble tombstones exhibited are exquisitely carved, and will compare favorably with anything of the kind exhibited in former years. In the
 ART DEPARTMENT
 can be seen many very fine pictures by local artists. Space will not permit us to go into a detailed description of the paintings, photographs, and other specimens of artistic work in this room. Suffice it to say that, taking everything into account, the display made in this department is an excellent one, and proves that Utah possesses considerable talent in the artistic line. The
 LADIES DEPARTMENT
 is everything that the ladies could desire. The work displayed on the various tables is admired by all; but to attempt a description would be more than our readers could stand. There are many other

berlain; iron work by Mr. Geo. Dunne; a couple of bicycles; furniture and machinery by Mr. Wm. Sugden; matches by the Great Western Match Company, baskets by Mr. Renshaw, etc., etc.
 The display of stock and agricultural implements must also stay for a future notice.
 Taken as a whole, the Fair is one of the finest ever held in the Territory and has been well patronized to-day, and it is safe to predict that a large crowd will find their way in this evening. The exhibition appears to great advantage under the electric light, and many who cannot conveniently visit the grounds during the day will embrace the opportunity thus offered in the evening.
 Fire.—Between 10 and 11 o'clock yesterday morning, a barn, situate on Jordan Street, 17th Ward, the property of Mrs. Juliette Pratt, was completely destroyed by fire, together with some furniture which had temporarily been placed therein while the house was being repaired. Some children playing around the premises with matches were the origin of the conflagration. When the fire broke out Mrs. Pratt was at the residence of Mrs. Marian Pratt. Meantime, until the arrival of the fire brigade, the neighbors exerted themselves to the utmost to get the fire under, but this was not accomplished until the barn was destroyed, and, as above stated, the furniture it contained. The loss to Mrs. Pratt is considerable, and Mr. Philip Margette, who lives in close proximity to Mrs. Pratt, also lost in the neighborhood of \$100, through the demolition of his fence, pigpen, and other out-houses.
 In Town.—Pres. Wm. Rudge, of Bear Lake, is in town, looking well, and gives a good report of the country on the shores of the beautiful lakes.

 It is to be hoped that the poisonous Ague medicines have had their day. Arsenic and quinine are not desirable commodities to carry about in one's system, even for the sake of temporarily driving away the malarial poison which produces Fever and Ague. Ayer's Ague Cure is a sure antidote for the Ague, and is perfectly harmless, leaving the system in as good condition as before the Ague was contracted.
 Dyspepsia and Liver Complaints.
 Is it not worth the small price of 75 cents to free yourself of every symptom of these distressing complaints? If you think so, call at our store and get a bottle of Shiloh's Vitalizer, every bottle has a printed guarantee on it, use accordingly and it does you no good it will cost you nothing. Sold by Moore, Allen & Co.
 GOOD FOR BABIES.
