There was a Heavy Artillery Duel
When the Accident Happened and

Light Combine Meeting.

Fontenac, Y. T., Sept. 8.—The 24th annual convention of the Association of Edison Illuminating companies met here today for a session of three days. The stand was put up this morning. Fully 1,500 people crowded into it. Just about the time the sham battle concluded the grand stand broke down.

ARTILLERY DUEL.

There was a heavy artillery duel with siege guns. Three battalions of infantry were using black powder. Some one announced that the cavalry were emerging from a ravine to charge. People in the grand stand stood up to see them through the smoke when a crash. The grand stand fell down. It was found that many were pinned down under the debris. Hundreds who were on the ground rushed to the grand stand looking for relatives.

CONFUSION.

The confusion was indescribable until the regular soldiers formed a line and kept all back not injured or caring for those injured. The battle which was on the other side of the road was taking care of the injured. Ambulances were used to convey the people to the city hospitals, and within an hour after the accident the injured had all been removed.

Sound Money League.

Oyster Bay, N. Y., Sept. 8.—This afternoon the president received a call from John L. Shepherd, president of the "Sound Money League" and a committee of the organization.

The Sound Money league played an important part in the campaigns of 1896 and 1900 and is organized for that of next year. Mr. Shepherd, as spokesman of the committee, extended to the president an invitation to a dinner to be given in New York on any date he might name. The president told his callers that he could not go to New York, but he would be glad to attend the dinner if it could be given in Washington. To this suggestion the committee acceded readily, and it was agreed that the dinner should be given in Washington in the late fall or early winter, the date to be fixed in the near future.

Produce Prices.

Chicago, Sept. 8.—Fifty representatives of agricultural associations in a dozen or more states met here today for the purpose of organizing a national body and regulating the prices of farm products, the marketing of crops and constructing grain elevators and cold storage warehouses for the use of farmers.

VIOLENT CRUELTY.

Turks Burning Forests and Killing Inoffensive Fugitives.
Sofia, Sept. 8.—The Macedonian interior organization estimates that 150,000 women, children and old men are hiding in the mountains and forests of Macedonia. The Turks are burning the forests in the districts of Leran and Kosh and killing fugitives who attempt to escape to the plains. The Vlach village of Gopesh, three hours distant from Monastir, has been burned by the Turks, who are reported to have thrown several of the inhabitants into the fire. The Bashi Bazuks have destroyed the village of Stolofo, near Miketernofo.

SITUATION IS APPALLING.

All reports from the vilayet of Monastir agree in describing the situation as appalling. Between 20,000 and 50,000 Bulgarian inhabitants are believed to have been massacred by the Turks and every Bulgarian village in the vilayet has been destroyed.

THOUSANDS ARE STARVING.

The refugees in the mountains and forests are dying of starvation by thousands. At present it is impossible

THE FIRST STEP

Of the child is an event in the mother's life. How proud she feels when the attempt to walk is begun so early as to evidence childish courage and sturdy strength. Such pride should be enjoyed by every mother. But it often happens that the child is timid, weak and deficient in vitality, and clings to the mother's arms with no desire to walk or play.

Mothers should learn that to have strong children they must themselves be strong, for the child's strength is the gift of the mother.

The use of Dr. Pierce's Favorite Prescription by expectant mothers gives them health and strength to give their children. It nourishes the nerves, strengthens the body and gives great muscular strength and elasticity to the baby's advent is practically painless.

"I have been using Dr. Pierce's Favorite Prescription, and can say it is just what you advertise to be and can cheerfully recommend it," writes Mrs. Victor J. Edwards, Riley Co., Kansas. "I began taking it just two weeks before my baby was born, and was greatly benefited by its use. The doctor who attended me said I did about as well as any one he had seen. I was sick only about three hours, and also that your 'Favorite Prescription' was the one patent medicine which he had faith in."

"We now have a darling baby boy, strong and healthy, who weighed nine pounds when born (July 28th). During this month he has gained twelve pounds." The doctor who attended me said I did about as well as any one he had seen. I was sick only about three hours, and also that your 'Favorite Prescription' was the one patent medicine which he had faith in."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

TO OBTAIN PRECISE FIGURES.

The revolutionary headquarters estimate that 20,000 Bulgarian men, women and children have been killed while at least the same number of refugees are slowly perishing of hunger.

FIFTY THOUSAND SLAIN.

In official circles these figures are regarded as an under-estimate, and officials incline to the belief that the number of massacred exceeds 50,000. The Turks are apparently determined to exterminate the entire Bulgarian population of the vilayet. The actual details of the happenings outside the town are not available.

Has Another Barrel.

Rochester, N. Y., Sept. 8.—Mrs. Taylor, the woman made famous by her passage over the Niagara rapids in a barrel, is in this city with a new barrel, in which she will make another trip over the whirlpool. Mrs. Taylor has been detained on the date of the trip, but it will be some time between now and Oct. 1.

Colored Boy Murderer.

Baltimore, Sept. 8.—Charles Jones, a colored boy 12 years old, confessed to the murder of the murdered Miss Caroline Link, who was found Aug. 23 in a dying condition in the candy store where she was employed.

FURIOUS FATHER.

Ex-Senator Carey Does Not Like His Son's Marriage.
Douglas, Wyo., Sept. 8.—A very unpleasant sequel marked the unexpected marriage of Robert Davis Carey, son of ex-Senator J. M. Carey, and Miss Julia Freeman, daughter of Gen. Freeman, which occurred here Saturday afternoon. The marriage was wholly unexpected, even by the parents of the couple, they having been ignored entirely by the young lovers.

The parents of the bride took the matter pleasantly and wired congratulations, as did Mrs. Carey, mother of Robert, but the ex-senator was furious. Robert had always made a confidant of his father in social and business matters, even divulging his sensational elopement a few years ago with a New Haven waitress, but to be ignored in so important a matter as bringing a daughter-in-law into the family made the elder Carey furious.

Immediately after the receipt of the news of the marriage of his son, Judge Carey sent a telegram demanding Robert's resignation as foreman of the Carey ranches and other interests at Careyhurst, and announcing the appointment of his successor.

Robert immediately resigned and is preparing to leave Careyhurst, but for what place he knows not, unless it is to go to Cheyenne and accept the hospitality, temporarily, at least, of his mother, for Mrs. Carey, as soon as she learned of her son's discharge, wired Robert that he was welcome to bring his wife to her home.

It is expected, however, that Senator Carey will relent after a few days and extend the usual parental blessing upon the young couple. It is expected that Robert will be asked to return to Careyhurst as manager.

Dr. David Kennedy's Favorite Remedy was recommended to me for this terribly distressing disease. I took it but a short time and found almost immediate relief. Instead of getting up a number of times I can now sleep all night."

BLACK SLAYER BARELY SAVED.

Chicago Policemen Had Rough
Time Rescuing John Brink-
ley From the Mob.

HAD SHOT CHARLES M'CARTHY.

Killed the Man in the Presence of His
Wife, Who Was Holding Her Baby
in the Doorway.

Chicago, Sept. 9.—Under a fire of bricks and stones, policemen last night rescued a negro murderer from a mob of would-be lynchers. Ten minutes before, John Brinkley, a colored watchman, had shot and killed Charles McCarthy, a plasterer, almost in the presence of the latter's wife, who stood in the doorway holding her baby. Then the negro, backing into the doorway of his own quarters, held a crowd of 200 men and boys at bay until Patrons Robert Mooney walked up to him, unarmed, and took away his weapon. Then came the second and exciting attempt of the mob to wreak vengeance on the murderer.

Mooney opened the door and took his prisoner into the office of the city factory in which Brinkley was employed, to await the patrol wagon. But as he did so the crowd surged forward once more with cries of "Lynch him, lynch him; get a rope." The policeman tried in vain to close the door on the crowd and keep it out, but a desperate rush of the mob of the new terrified murderer, it was useless. While Mooney was thus struggling Brinkley turned and fled from the office by the rear door.

The negro saw the escape and, headed by Mooney, streamed down an alley in pursuit. The negro ran several blocks before he was finally overtaken. The policeman having been brushed aside Brinkley was now the center of the crowd. A teamster jumped from his wagon and began lashing the negro across the face with his whip, the victim being held while, by a dozen men and boys. It was just when the cries were growing more furious and an attempt was being made to drag the murderer away that a patrol wagon arrived with three policemen, who together with Mooney drew their clubs and fought their way through the struggling mass of men, while bricks and stones rained on them from every side.

It was only a desperate rush that the four policemen seized the negro and succeeded in dragging him to the patrol wagon. Then, followed a few parting missiles, the horses were whipped up and the rescued prisoner whirled to the police station.

At the police station Brinkley fainted from terror and when revived begged to be put in a cell where no mob could get at him.

McCarthy's family is left destitute by his death. The killing grew out of a quarrel in which McCarthy had accused Brinkley of stealing chickens from his premises.

Robbery Frustrated.

Stevensville, Mont., Sept. 8.—A bold attempt to hold up the Blitter Root express just east of here this morning was frustrated by the vigilance of the crew. A pile of ties had been placed on the tracks. The engineer slowed up, but backed away as soon as he could. Three men concealed in the bushes jumped out and ran for the train as soon as they saw the crew. The crew procured arms and returned and threw the piles to one side, after which the express went through unmolested.

Killed by Tramps.

Drummond, Mont., Sept. 8.—Three tramps, armed with revolvers, invaded a Northern Pacific freight train near here last night and held up two ranch hands who were stealing a ride. The hands, who were unarmed, showed fight, whereupon the tramps shot and killed one and seriously wounded the other. At Drummond they jumped from the train and fled. The bodies of their victims were discovered by the crew. The wounded man is unconscious and there are no marks to identify the men. The sheriff has been unable to locate the highwaymen.

Set for Monday.

San Francisco, Sept. 8.—Charged jointly with the murder of Martin Luther Bowers, the husband of the one and the brother-in-law of the other, Martha E. Bowers and Zephia C. Sutton were instructed and arraigned in the police court this morning. The accused sisters stood the ordeal remarkably well. Their preliminary hearing was set down for next Monday afternoon.

Runaway at Funeral.

Denver, Colo., Sept. 8.—Frightened by the flapping of the black trimmings on the hearses at a funeral in Valverde today, the team attached to the next carriage in line ran away, the carriage was overturned and nine persons, four of them children, were injured. Those most seriously injured are:
Mrs. Ora Sedbrook, nose broken and face and head bruised.
Mrs. Ellen Sedbrook, badly bruised about body and arms.
Mrs. B. T. Sedbrook, aged 9 years, badly bruised about face and knees.
D. W. White, driver, both knees dislocated and one leg fractured badly.
Three infants were so shielded by their mothers who were holding them that they escaped with slight bruises and scratches.

STIRRING IT UP.

Seventeen Additional Indictments
In Postal Frauds.
New York, Sept. 8.—Seventeen additional indictments against persons said to be implicated in the postoffice frauds have been returned by the grand jury. Bonaparte of Baltimore, who has been retained by the government to aid in the prosecution of nearly two score of its employees. Mr. Bonaparte has just returned from his vacation at St. Andrews, N. B. He has received the formal drafts of indictments against George W. Beavers, August W. Machen, Congressmen Edmund D. Driggs, Maurice Rankin, George E. Lorenz, George F. Miller, and Thomas W. McGregor. He declared that the cases in which indictments are returned by the grand jury will be pushed as rapidly as the evidence at hand will permit.

Dying from Persecution.

Chicago, Sept. 8.—Mrs. Janie Stewart Boyson, the Chicago woman, who was recently wrongly accused of stealing goods from a merchant in North Carolina, is dying as a result of the nervous shock she sustained at the time. Mrs. Boyson has been suffering for the last four years from tuberculosis. Last January she went to Asheville to seek relief.

Last week she was staying in White Springs, when a robbery occurred. Through a misunderstanding suspicion fell on Mrs. Boyson, and her apartments were searched. She sustained a severe nervous shock, from which she did not recover. This experience ag-

Glenview, Mo. My little boy, aged three years and seven months, was troubled with his stomach, and I had him treated by eminent physicians for several months at a large outlay of money. I had tried all kinds of worm medicine without any benefit. On the night of the 16th of August I bought one box of the Kickapoo Indian Worm Killer and gave him one lozenge before going to bed. On the following morning several large worms were expelled. Kickapoo Indian Worm Killer has done for the child what all other medicines failed to perform. S. AMER, RILEY, Havana, Illinois.

gravated her disease to such an extent that word was received at her home last night, that she could not survive till morning.

Mrs. Boyson has been a resident of Chicago for many years, and is prominent in North Carolina. She has written many songs and poems.

Treaty is Buried.

New York, Sept. 9.—According to the latest reports received from Bogota, the Hay-Herran canal treaty is now generally regarded in the capital as dead and buried and it is declared, as the Herald's Panama correspondent, that the United States might as well turn seriously to negotiations with Nicaragua.

Here on the Isthmus the people have lost all hope and it is felt that the only chance of preventing the total ruin of the Isthmus depends entirely upon the efforts of Isthmians to save themselves in the near future.

SEATTLE HAS A STRIKE ON NOW.

Street Railway Men's Union Refuses to Handle Cars of Seattle Electric Company.

RAILWAY PEOPLE NOT AFRAID.

They Have the Support of a Rival Union and a Number of Non-Union Men.

Seattle, Wash., Sept. 9.—At 1 o'clock this (Wednesday) morning the Street Railway Men's union declared in favor of striking. None of the members of the union will take out cars of the Seattle Electric company today. The question was bitterly fought at a meeting which began at 7:30 last night, attended by the advisory board, consisting of representatives of all the other unions of the city. The majority of these representatives opposed the strike and after a long debate the question was passed up to the executive committee of the street car men. This committee declared for striking.

The representatives of the other unions thereupon agreed to report the action of the street car men formally to each union, with the recommendation that each of these unions go on strike in sympathy when called on by the street car men. The company anticipates little difficulty in maintaining service, as it has the support of the new trainmen's union and about 200 non-union men.
