

JUDGE TAFT'S PAGE TOO FAST

Admits That He is Somewhat
Tired from What He Passed
Through in Last Week.

HE IS STILL GOOD FOR GOLF.

Goes Over Course With Senator
Bourne of Oregon—Tempted to
Visit Horse Show.

Hot Springs, Va., July 30.—Candidate William H. Taft admitted this afternoon that he felt somewhat tired from the rapid evolutions he has been going through the past eight days. He reached the Homestead hotel shortly before 11 o'clock today from Cincinnati, accompanied by Mrs. Taft and Gen. and Mrs. Corbin.

After passing on an accumulation of correspondence, he went over the four-mile golf course with Senator Bourne of Oregon as an opponent. Upon returning to the hotel he casually remarked that he believed the change from the heat of Cincinnati to the comparatively cool air of the mountains produced a feeling of fatigue.

At Covington, Va., the car which the candidate's party occupied was switched to the branch line. Mr. Taft was greeted by quite a crowd and shook hands and chatted for some minutes through the car window.

The engagements during August are to be very limited. If the wishes of the candidate can be realized. For next Wednesday he has accepted an invitation to address the annual meeting of the Virginia Bar association, to be held here. His speech will be non-political. A horse show to be held at White Sulphur Springs, Friday and Saturday of next week, to which Representative Gaines of West Virginia has extended an urgent invitation to the Taft party, is admitted somewhat tempting to Mr. Taft. He says he would like to go, especially as the trip would be made over mountain roads in a coach. The proposed rally of Virginia Republicans, which is being arranged to take place here at a date in August yet to be fixed, will afford an opportunity for what Mr. Taft expects to be his only political speech that month.

Frank H. Hitchcock, chairman of the Republican national committee, is expected to have a conference here with Mr. Taft probably shortly after the New York headquarters have been opened on Aug. 1, and Arthur I. Vorys, chief of staff of the candidate, is expected to be a frequent visitor here during August.

Aside from a somewhat extended talk with United States Senator Scott of West Virginia on the train this morning, Mr. Taft has been free from political discussion today.

INCENDIARIES AFTER MILLIONAIRES' HOMES

New York, July 30.—So many fires, clear of incendiary origin, have occurred within the last two weeks up to and including today in what are known as the "Millionaire Colonies" of Great Neck, Manhasset, Port Washington and other towns in the North Hempstead district of Long Island, that radical measures have been determined upon and there is earnest talk of the formation of a vigilance committee to run down and inflict summary punishment.

Some of the elaborate and costly estates in the section affected are those

of William K. Vanderbilt, Jr., at Great Neck; Clarence H. Mackay, at Roslyn; Bourke Cockran and Howard Gould, at Port Washington; and Martin Hall, the beautiful residence of Mrs. Satterlee White, who until her marriage a few days ago, was Mrs. James E. Martin.

CANDIDATE HISGEN WELCOMED HOME

Springfield, Mass., July 30.—Thomas L. Hisgen of West Springfield, nominee of the Independence party for president of the United States, arrived in this city from Chicago today. Upon his arrival he was greeted by several hundred of his townsmen, who escorted him to the town hall in West Springfield, where he was tendered an ovation unparalleled in the history of the town. The meeting of the citizens in his honor was thoroughly non-partisan and purely a personal tribute to Mr. Hisgen. Mr. Hisgen was accompanied by a committee of the Massachusetts delegation to the convention. Previous to the meeting, which was addressed by delegates to the convention and Mr. Hisgen himself, the party paraded through the main thoroughfares of Springfield and West Springfield. Mrs. Hisgen rode with her husband.

BELLA GUINNESS' DEATH CAUSED BY STRYCHNINE

Laporte, Ind., July 30.—Coroner Mack announced today that Dr. Walter Haines of Rush Medical college, Chicago, who analyzed the stomach of Mrs. Guinness and found it contained arsenic and strychnine in fatal doses, has also found in the stomachs of Mrs. Guinness and two of the children arsenic and strychnine in quantities sufficient to have caused death.

Atty. Worden, who represents Lamphere, charged with the Guinness murders, and with being an accomplice of Mrs. Guinness in the Helgelein death, declares that the discovery shows that his client could have had nothing to do with the death of the woman and her children.

As the result of the finding, the lawyer this afternoon announced that he would at once prepare papers to go before the circuit court and either ask for the release of Lamphere upon a writ of habeas corpus or would ask for the reduction of bail.

The county officers who are working on the Guinness case this afternoon issued a formal statement in which they said:

"We hope now that this report will set at rest the vaguing tongues of a few who have seen fit to declare that Mrs. Guinness is still alive for the seeming purpose of creating a sentiment to that effect. Just what effect this report may have on the trial of the case of Ray Lamphere we are unprepared to say at this time."

THREE MEN KILLED.

Canadian Express Train Runs Into Gang of Section Hands.

Fort William, Ont., July 30.—A Canadian express train today ran into a gang of 60 section men employed on the double track at Osco. Three men were killed and a fourth is so badly injured that he will die. The men had stepped from the westbound track to allow a freight train to pass.

EBERHARD INDICTED.

Hackensack, N. J., July 30.—Gus Eberhard, the New York grocery clerk, who recently shot and killed his aunt, Mrs. Ottilie Eberhard, on a lonely road here and then robbed her body of her life savings, was indicted today for murder in the first degree. His trial was set for Sept. 14.

Miss Ottilie Eberhard, who was also shot and wounded by her cousin and Chief of Police Dunn were the only witnesses before the Bergen county grand jury, which found the indictment against Eberhard and her mother reached this country from Vienna only two days before the tragedy.

Chief Dunn testified that Eberhard confessed to him.

HUNTING DOWN WOMAN'S MURDERER

At Least Two Men Involved in
Crime Committed in Williamsburg, Brooklyn.

BODY WAS PARTLY BURNED

Was Also Acid Seared—Failure to Establish Victim's Identity a
Great Obstacle.

New York, July 30.—That at least two men were concerned in the murder of the unidentified woman whose half-charred and acid-seared body was found in the Green Point avenue dumping ground in Williamsburg, Brooklyn, early yesterday morning, was established today by the police. Philip O'Brien, a laborer of Green Point, saw a covered wagon driven to the dump at dawn yesterday. Two men got out and lifted from the wagon what the witnesses supposed to be only an old mattress. He saw the men pile a heap of brush on the mattress, pour oil over it, and then set fire to the bundle. Believing the mattress was being disposed of because it was disease-infected, the man avoided the spot. There is little doubt that the mattress was the one in which the body of the murdered woman was concealed.

This led to the discovery that the covered wagon was seen by several other persons, and the police now have a minute description of the two men. They were foreigners. The wagon was seen by a Mrs. Murray, who lives in the neighborhood; it was seen going to the Green Point ferry by another witness, and the lookout at the ferry remembers checking such a wagon with two men in it when the ferry boat Alaska made an early morning trip to East Twenty-third, Manhattan.

Another feature of the case was disclosed when a physician, Dr. Wuerst, made a second autopsy on the corpse. His first autopsy revealed a deep cut across the woman's throat. The second autopsy shows that this cut was made by a person who is expert in surgery.

The coroner's physician, as such is in a desperate case of diphtheria, where it is necessary to pierce the windpipe to prevent strangulation. Whether this wound caused death or not Dr. Wuerst is not prepared to say. Dr. Wuerst will make a careful analysis of the stomach to discover whether a drug was administered. Besides the incision in the woman's throat, her skull was fractured, and the police believe that poison may also have been used to make things worse of her death.

Failure to establish the identity of the victim is the greatest obstacle the police have to overcome. A general alarm has been sent for Mrs. Mamie Muskovitch and her husband Stanley, who have disappeared. Detectives learned that the couple are missing, and there is a possibility that the murdered woman may be Mrs. Muskovitch. Muskovitch and his wife left Green Point last Monday supposedly for Stamford, Conn., and Mrs. Muskovitch has not been seen since. Her husband returned to Green Point on Tuesday alone, it is said.

INDIANA OFFICIALS ALLEGED BOODLERS

Indianapolis, Ind., July 31.—Sensational evidence was given today in the case of the state vs. John McGregor, county commissioner, who is charged with accepting a bribe in connection with the installation of new boilers in the county's powerhouse.

Ernest S. Huggins, who declared he was in the deal with McGregor, and on whose testimony the latter was indicted, testified this afternoon in the Marion county criminal court that he had acted as a "go-between" and had paid McGregor \$1,000 of a sum amounting to \$3,500 he had received from the Atlas Engine works of Indianapolis, which company had been awarded the contract for the boilers. The contract price was \$21,331.

Huggins while on the stand also confessed to over 50 forgeries while acting as clerk of the county commissioners' court. He admitted embezzling \$5,000 from Marion county by means of false warrants. He further testified to having entered the court house at night and stolen various county records to cover up his misdeeds and to having them burned in order to destroy any possible evidence against him.

Arthur W. Wilcutts, salesman for the Atlas Engine works, followed Huggins on the stand and admitted the payment of \$3,500 to Huggins to be used by the latter in paying "commissions" to the county commissioners.

A LOYAL HUSBAND.

Gen. Wardwell, Retired, Refuses to Be Separated from Wife, a Leper.

Los Angeles, July 31.—Determined that he would not be separated from his wife who is a leper, General Wardwell, retired veteran of two wars, stole her from the institution and fled her across the Mexican border where he declares he will live with her until death separates them. No attempt will be made to bring them back as the officials say they both threaten to end their lives if forced to live apart.

AERONAUT KILLED.

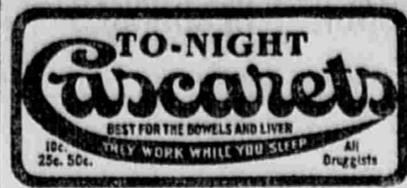

Jackson, Mich., July 30.—William Oliver, a young aeronaut of Mason, Mich., was killed today while making a parachute drop at Hague park, on Vandercreek lake, near here. Just as the parachute filled the strings of the slide snapped and the aeronaut dropped 2,000 feet to his death, the parachute trailing a useless rag, after him. Oliver landed near a crowded merry-go-round and lived five minutes after being carried to the nearest house.

DROWNED IN GRAND RIVER

Glenwood Springs, Colo., July 30.—J. C. Darland, 36 years old, was swept over Shoshone falls and drowned in the Grand river today. He was one of a party of five men in a flatboat who were stretching a steel cable across the river to hold in place a raft from which operations preliminary to driving an addit to the main Shoshone tunnel are to be begun. In midstream the boat overturned. Darland clung to the boat and was carried over the falls. His companions reached the shore in safety.

WANTS SEPARATE MAINTENANCE

San Francisco, July 31.—Mrs. Lloyd Osbourne, wife of the novelist Lloyd Osbourne, has filed suit for separate maintenance. According to the petition Osbourne has been allowing his wife \$15 a month during their separation, the court has made that the amount is insufficient to support Mrs. Osbourne and the two children. Mrs. Lloyd Osbourne said that

her husband's income is about \$500 a month and of this she asks for \$300 a month.

In her petition Mrs. Osbourne declares she has no property, and that she had been forced to borrow \$175 in order to meet the expenses of her house.

INFURIATED HUSBAND KILLS CHILD, SHOTS WIFE

Seattle, Wash., July 31.—Jesse Elfer, a street car gripman, killed his 8-year-old daughter Hazel, Mrs. Dennis Nichol, a confinement patient, fatally wounded his wife, Mrs. L. Elfer, seriously wounded Mrs. Ethel Nichol, his sister-in-law, in a private maternity hospital on Twelfth avenue, near Madison street, here last night. He then turned his revolver upon himself and committed suicide.

Elfer and his wife had been separated; he lived at the hospital which is conducted by Miss McLean. Although forbidden to go near the house, he made his way into the place through the basement. After finding his wife seated in a front room at the place he started shooting. The lights went out after the first shot and he had to light matches to see the victims to shoot at. His daughter and Mrs. Nichol he drove into the street and then shot them down there.

NIGHT RIDER RAID.

Ripley, O., July 30.—Two acres of growing tobacco belonging to Hedrup Elmsager, North Rushville, in this county, which was ready for topping, was cut down with hoses last night by persons incensed because he was said to have pooled his 1907 crop and afterwards sold it to outsiders.

TO NOTIFY SHERMAN.

Senator Burrows Will Make Address On Behalf of the Committee.

Utica, N. Y., July 30.—Representative James S. Sherman received word today from Senator J. C. Burrows, chairman of the committee to notify him of his nomination by the Republican party for vice president, that it was agreeable to the committee to come to Utica Aug. 15, the date suggested by Mr. Sherman. Senator Burrows will make the address on behalf of the committee and Mr. Sherman will respond, formally accepting the nomination. The committee will be entertained by the city of Utica. Mr. Sherman expects to leave Monday for the St. Lawrence to spend a few days on Wolf Island as the guest of an old schoolmate, Walter Clark of Philadelphia.

FRESH EGGS.

Eat Brook Ranch eggs and poultry. Phone Forest 69 n. y.

CORTEYOU MAY BE HUGHES' COMPETITOR

New York, July 30.—Gossip has been in circulation in this city for several days to the effect that George B. Cortelyou, secretary of the treasury, would allow the use of his name as a candidate on the Republican ticket for governor against Hughes. The gossip apparently had no basis in fact, as stated by Mr. Cortelyou or his friends. It is said some of the leaders of the Republican state organization approached Mr. Cortelyou before Gov. Hughes announced his willingness to accept renomination, and that these leaders asked Mr. Cortelyou whether he would be willing to become a candidate in the event of further consideration. It is not understood that the nomination was definitely offered to Mr. Cortelyou.

Mr. Cortelyou gave no explicit reply to these suggestions, but promised to consider the matter.

EXTRADITION WITH MEXICO.

Proving Source of Irritation to the United States Government.

Washington, July 30.—Inability to extradite offenders for so-called political offenses which, in the opinion of the administration, are really crimes, that should be extraditable, is proving a source of great irritation to the effort which the United States government is making to break revolutionary activity along the Mexican-Texas boundary. This, coupled with the difficulty in detecting and proving violations of the neutrality laws, renders it difficult to convince the Mexicans of the sincerity of this government in its determination to punish the guilty. On his recent trip to Oyster Bay, Dr. Creel talked over the whole border trouble with President Roosevelt, who is determined to put an end to the trouble as far as lies in the government's power. The president, it is understood, favors, if necessary, the employment of special consuls, who may apply themselves to the question of neutrality violations and extradition, so that the law may be fully enforced.

PHONOGRAPHIC RECORDS OF INDIAN WARWHOOPS

New York, July 31.—"Canned" warwhoops, songs, chants and weird incantations in the language of the untutored American savage are the latest development in the realm of the talking machine.

Prof. Paul Radin had recently returned from a sojourn of nearly three months in the Winnebago Indian reservation, which stretches south from Sioux City, across the Iowa line into Nebraska. While making a study of the language and customs of the Winnebago, he made phonographic records of 120 different songs, chants, prayers, medicine and war dances, and the like, all of which he intends to use for scientific purposes, for popular or commercial purposes.

EXCURSION TO CANADA.

August 4th.
Via Oregon Short Line. Greatly reduced rates to Stirling, Raymond, Magrath, Cardston and Lethbridge. 30 day limit. See display advertisement in this paper for rates, or City Ticket Agent, 201 Main St.

Feeding Human Stoves in Hot Weather

Meat produces heat. It is all right in winter, but the more you eat now the more you will feel the hot weather.

These are Mapl-Flake days. Here you get the maximum nourishment and the minimum heat.

A great deal of food, as you know, goes toward producing heat.

Fat foods are heating; lean meat is heating. But whole wheat is not. At least one meal a day, in this weather, should consist solely of Mapl-Flake and fruit.

Don't expect other cereal foods to take the place of Mapl-Flake, for they cannot.

Mapl-Flake is the one food that's all food, because it all digests. We spend 96 hours in preparing it—four times as long as we need spend.

We steam-cook it for six hours—cure it for days—toast it in ovens at 400 degrees.

All this is done to separate the starch particles so the digestive juices can get to them.

Every food specialist knows that this is essential. So do the makers who don't do it.

One must choose between making a food cheaply and making it right. We choose to make it right.

And our choice will be your choice after you know.

Mapl-Flake

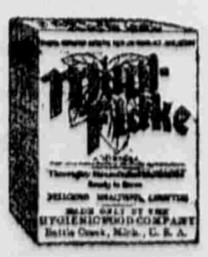

The Food with the Maple Flavor

We shall always have food fads that last for a little time. But wheat in this form is enduring. There will never be a better food prepared in a better way.

Never a food more enticing, for we cook Mapl-Flake in pure maple syrup.

Children will beg for it after they get it once. Please serve it to-morrow morning. Telephone your grocer now.

You surely want to serve the food that children like best, when it's the best food for them.

When You buy at a store that does not advertise, you are giving your patronage to a store that has not asked for it—and, not caring enough for it to seek it, will, presumably, care no more about keeping it.

BIG YELLOW CARNIVAL!!!

THE GREATEST MERCHANDISE EVENT EVER HELD IN SALT LAKE IS SOON TO COMMENCE AT ROWE & KELLY'S STORE.

The store will be turned inside out, up side down or the roof raised if necessary in order to make room to display our stock.

Every article in this entire stock will be cut in price and cut deep.
