AMERICAN.

Wired From Washington.

WASHINGTON, 3.—Hon. John L. New, Assistant Secretary of the Treasury, refuses either to affirm or deny the truth of the statement telegraphed from Indianapolis last night that he would resign and retire from Washington on the return of Secretary Folger. It is known, however, that for some time Mr. New has contemplated resigning in order that he may better look after his newspaper and other private interests; and he will probably carry his resolution into effect at an early day. There is no foundation for the report that unpleasant relations exist between Mr. Folger and Mr. New. Their intercourse has always been of a pleasant character. Mr. New will leave for Indianapolis after the return of the President and Secretary Folger. The Assistant Secretary is very popular here, and his resignation will be greatly regretted, especially by his many warm friends in the journalistic profession.

It is thought at the Internal Revenue Bureau that claims for rebate of taxes on tobacco, snuff and cigars growing out of the recent internal revenue act have nearly all been presented, and it is estimated they will aggregate $3,500,000. The total annual reduction of revenue on tobacco, snuff and cigars is now computed at $36,000,000.

The charge d' affairs of France is informed that a deputy from the State Government of that Republic having been led to interfere in the affairs of Tonquin, and to occupy that province for the purpose of restoring order there, France has been compelled to adopt measures to prevent arms and munitions of war being sent to Annam for the purpose of strengthening its enemies; that it consequently ordered the exercise of a strict surveillance in the Gulf of Tonquin, and to search all suspected vessels entering Anam ports. Those vessels which enter having received special notice of the prohibition of trade in arms and shall still endeavor to discharge their cargoes or to run the blockade are to be seized. The charge d' affairs further states that a treaty is concluded between France and Anam, whereby certain ports are open to foreign commerce irrespective of nationality, provided that arms and ammunition shall neither be exported or imported, and that the French commissioner in Tonquin and the commanding officer of the squadron have been entrusted to take all necessary measures to enforce this proviso.

The free delivery system was established in 42 cities and towns during the fiscal year ending June 30th, 1883.

O. N. Denny, U. S. Consul General at Shanghai, made a report to the State Department under date of Shanghai July 23d, in reference to cholera at Port Swatow. A number of foreigners composing the crew of foreign vessels have died. Hong Kong has declared Swatow an infected port. Denny was requested by the Consul to order somebody to communicate with the Chinese officials to secure their co-operation to the enforcement of the regulations.

Depravity and Disaster.

FLORENCE, Arizona, 3.—Redfield and Tuttle, who robbed the Riverside stage and killed the express messenger on the night of August 11th, were hanged this morning. Cowboys assembled in force, protesting against the hanging. Fears are entertained that they may create trouble.

New York, 3.—Wm. E. Harding is arrested on a charge of acting as referee in the Dempey-Force prize fight at Coney Island this morning.

Police officer McNamara is held for the action of the grand jury, the coroner's jury finding that he killed with his club John Smith, a young Scotchman. Bail was refused.

Bridgeport, Conn., 3.—Rose Clark, about 25 years old, daughter of Nathan W. Clark, of Stratford, was found dead near her father's residence about 25 miles north of Stratford depot. Finger marks on her throat indicated that she was choked to death. She was to have been married in about two weeks to Wm. Loomis, of Stratford. She was accustomed to visit his house, which she did last evening. She started to go home about nine, which is the last seen of her until she was found this morning. The post mortem showed that the deceased had been shockingly outraged. The body and limbs bear bruises and other marks of violence, indicating a desperate encounter.

Boston, 3.—White (colored) who figured prominently in the Brush murder, is suspected also of many others.

Norwich, Conn., 2.—Policeman Frank Hill was fatally stabbed this evening by Manuel Mantero, a Portuguese. Hill had arrested Montero for some minor offense.

Gallatin, Mo., 3.—The James trial proceedings did not begin until late this morning. Mrs. Frank James, accompanied by her little boy, made her first appearance in the court room during the trial, and took a seat by her husband. The Court announced that each side would be given 10 hours in which to present their arguments, which will permit the case to go to the jury Wednesday at noon. The Court denied a motion to extend the time of the defense to 12 hours.

Instructions for the State and defendant were then read. The instruction for murder in the second degree does not amount to much, as it can only be returned as a separate form of robbing. The killing of McMillan by any members of the gang while pursuing the robbery, if defendant is believed to have been one of the party, is murder in the first degree. Instructions as to the credibility of witnesses were very clear and favorable to the defense, the jury being instructed that the testimony of an associate in crime requires corroboration to the extent of certainty.

W. D. Hamilton, prosecuting attorney of this (Daviess) county, opened the case for the State and and spoke till court adjourned. John M. Glover will open for the defense.

New Haven, 2.—A disastrous fire occurred yesterday, in a large brick building, No. 22 to 30 Artisan street. The fire broke out in a lumber yard in the rear of the building. The building was four stories high, occupied by the New Haven State Manufacturing Company, Strong Cartridge Company and Chas. Brown, scroll sawing. Loss, $100,000; insurance $65,000. Fireman Bristol was seriously injured by falling bricks.

New York, 2.—The steamer *Spain*, which arrived from Liverpool today, reports that on August 27th, in latitude 40 44, longitude 44 20, she spoke the German steamer *Lessing*, from New York for Hamburg, with her shaft broken; she wanted no assistance.

The steamer *Furnesia*, which arrived to-day, also reports that she spoke the *Lessing* August 28th and she refused assistance.

The bark *Aureolus*, from Atlanta, Mexico, which arrived to-day, reports that when passing East Island, latitude 27-26, longitude 109-24, in the Pacific Ocean, she hailed a flagstaff with a red flag flying.

Cincinnati, 3.—Shortly before 3 p. m., a fire broke out in the lower story of McCaull's five story rag warehouse in Walnut Street near Sixth. It ran up the elevator in a twinkling and communicated with Drehman's rag warehouse, same size, on the north, and with the upper rooms of the *Times Star* newspaper office on the south. The two warehouses were almost burned out. The upper rooms of the *Times-Star*, including composing rooms, were also burned out. Rumors of loss of life cannot be verified.

Louisville, 3.—John Stinson, a young man who had just attained his majority, was arrested this morning while attempting to throw himself head first from the top of a freight car. He said he had tried to make a man of himself, had failed and was no good, and wanted to die. He was taken to jail, and within fifteen minutes had climbed to the top of the corrider, thrown himself to the stone flagging below, fracturing his skull, dying in a few minutes. He had been despondent for some time. He bade his family good-bye this morning, saying they would probably see him no more.

St. Johns, N. B., 3.—Intelligence from Trepassy is to the effect that several Newfoundland vessels succumbed to the storm of Thursday last, portions of vessels' hulls, water casks, dories and punts having been driven ashore.

New York, 3.—The second victim by the collision of the Far Rockaway and Long Branch trains Sunday night, is identified as Henry Bolt of New York. The injured are doing well. The railroad officials lay all the blame on Conductor Johnson of the Far Rockaway train who has been arrested. Johnson claims he followed instructions in stopping the train to put off a passenger without a ticket. The wife of J. Hart, the other passenger killed, was with him; he was seriously injured.

News from Panama.

PANAMA, via Galveston, 1.—The election of President of the United States of Colombia, took place yesterday. Panama, Colon and Buena Ventura voted in favor of Nunez. Nothing definite from the interior. Everything is quiet as far as known. At Bogota, during the presidential canvass there were riots and loss of life.

Figuera, Foreign Minister of Costa Rica, and a very old man, was shot in a duel by a young man named Leon Fernandez, who published a scurrilous attack on the Minister.

The Cuban mountain brigand chief Pacheco was attacked by some Chilian cavalry and 100 of his men killed. This loss is expected to stop further depredations.

The passage of the cemetery bill, providing for the interments in cemeteries regardless of creed, causes a panic in Santiago, and a number of bodies have been disinterred and reburied in churches and chapels; and now cemetery exhumations are caused by the ecclesiastical authorities promising to curse the general cemetery as soon as the new law is promulgated. The Ministers intend to prohibit further disinterments until precautions have been adopted for the protection of the living.

Prest. Barrios of Guatemala and President Soto of Honduras have fallen out. Soto wrote to Barrios from San Francisco that he sought to create anarchy in Honduras, and bring about a change of government. He declares that bloodshed is not necessary to turn him out of office; that he will resign rather than be the cause of creating anarchy, which will follow if the country is exposed to the machinations of Barrios. Barrios, replying, says that he knew Soto was about to seek a pretext to abandon Honduras; that he has appropriated all the riches of the country, and having nothing further to expect and much to fear in Honduras, he was preparing to go abroad and enjoy his fortune, with the determination never to return; to obtain which object he would appeal, as he did directly when he thought himself in safety, to the opposition. Barrios says: "At a pretext you leave the treasury penniless, the nation ruined, and all its inhabitants injured and impoverished." Barrios warns him not to make the Guatemalan government a pretext for not returning to Honduras, and threatens him with the liability of attack for imprudences committed while a thousand miles of ocean are between them.

A CLEAR HEAD.

"One year ago I was induced to try AYER'S PILLS as a remedy for Indigestion, Constipation, and Headache, from which I had long been a great sufferer. Commencing with a dose of five Pills, I found their action easy, and obtained prompt relief. In continuing their use, a single Pill taken after dinner, daily, has been all the medicine I have required. AYER'S PILLS have kept my system regular and my head clear, and benefited me more than all the medicines ever before tried. Every person similarly afflicted should know their value. 152 State St., Chicago, June 6, 1882. M. V. WATSON."

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes: "AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.

W. L. PAGE, of W. L. Page & Bro." Franklin St., Richmond, Va., June 8, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable. J. T. HAYES."

Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.
