CORRESPONDENCE WITH WAR DEPT

Efforts of M. & M. A. to Have Body of Troops Transferred to Post.

THE EXCURSION TO MANTI.

Arrangements for the "Boost" and *Get Acquainted" Trip Going

The efforts of the Manufacturers and Merchants' association of Utah to induce the war department to transfer a large body of troops to Fort Douglas, to take the places of those troops that were transferred to other posts in the last few weeks, or that will march during the present month, has resulted further correspondence with the headquarters of the department of Colorado, at Denver.

The following letter was received by Manager Gordon H. Place of the as-sociation this morning from T. F. Da-vis, military secretary of the department headquarters:

THE LETTER.

General McCaskey left this date to issume command of the department of fexas, and hence cannot take action dicially on your communication of the 12th inst. relative to having garri-son of Fort Douglas, Utah, increased. Prior to leaving, he directed me to say that the new commander of this de-partment—Colonel B. C. Lockwood, Twenty-ninth infantry, would be here from Fort Douglas in a few days, and the matter will be placed before him

One regiment of infantry and two batteries field artillery having been with-drawn from service in this military department, there is plenty of room now at Fort Douglas, Utah, and Legan, Colo., to accommodate at least a regit. It is not likely that artillery be assigned again to Fort Douglas Utah, at least not soon, and no encouragement is held out for increase of garrisons in this department in the from the United States. Colonel Lock-wood can, however, make recommenda-tions in this matter when he comes over

MANTI EXCURSION.

The arrangements for the excursion to be given next week to Manti are being rapidly perfected. Acceptances to the invitations sent out recently from association headquarters to the officials of the state, county and city, are coming in daily. Governor Cutier has signified his intention of going on the trip if he can so arrange his bustthe trip if he can so arrange his business affairs. Several other state officials have done likewise. All of the county commissioners will attend and Mayor Thompson has stated that he will go and help the "boosters."

A number of the members of the city council will make the trip, and every

indication points to a gigantic suc-The executive committee of the association has closed the contract for serv-ing a light lunch on the train. The cost of this lunch is ilmited to twentyfive cents. The Arropine Commercial cost of meals to be furnished at Manti during the stay of the organiza-

Assurances have been received by Manager Place that large numbers of Manager Flace that large numbers of business men from Davis county, Mur-ray and Sandy, Riverton and other points would take the trip, accom-panied by their wives. The fact that the wives, sisters, mothers and daughters of the "boosters" are invited to participate in the excursion, will tract a large number of persons who ould not otherwise participate in the

STAY TO BE EXTENDED.

Arrangements were perfected yester-day by Manager Place, to extend the stay in Springville, Mt. Pleasant and Ephraim, from twenty and thirty min-utes to forty-five minutes in each place The association headquarters, 209 south West Temple street, where the sale of tickets has commenced, is deluged with inquiries concerning the details of the trip. More than one hundred tickets have already been dissed of. William Kraack of the Jorposed of. William Kraack of the Jor-dan "boosters" club, comprising the southern part of the county, took fifty tickets from Manager Place yesterday, stating that he had already secured pledges from that number of boosters to go from that end of the county, and that probably one hundred more would be in line when the train started. A keen rivairy has been developed between Murray and Sandy as to the town which would send the greatest number of persons on the trip, and it is expected that Murray will be in line prepared to attempt to double the num-

ber of sales made at Sandy.

"Dorothy" Rendered by Nineteenth Ward Talent.

Last evening in the Nineteenth ward chapel, before a crowded house, the comic opera "Dorothy" was rendered by a cast and chorus drawn entirely from that ward, including the new Twenty-fourth ward, and presenting array of talent that was truly surrising. Of course scenery and stage very limited degree only, on so small a stage, but the most was made of what space there was behind the footts. The scenery was all painted by Edward Burley, a member of the

ward, and was highly creditable. ward, and was highly creditable.

Mrs. Lizzle Thomas-Edward took the title role and rendered it splendidly.

Mrs. Sarah L. Wood, who has a wonderfully sweet and winning voice and manner, in the part of Lydia, captured the audience. Mr. S. D. Winter, who has a fine tenor voice, sang and acted the role of Wilder remailed. the role of Wilder very well, and Mr M. J. Thomas, basso, in the role of M. J. Thomas, basso, in the role of Sherwood surprised and pleased his friends very much. The solos and quartets sung by these four were very well rendered indeed. Mrs. Ridges as Phyllis, Miss Erickson as Priscilla, Mr. Richard Newton as Tom Grass, and Mr. James Poulton as the squire, and Charles Parsons as the inn keeper, all deserve special mention. Mr. all deserve special mention. Mr. sang and played the part very well indeed, and brought out roars of

But the great feature of the opera was the chorus. It was strong both in numbers and talent, and its work was splendid. The bright, sweet, innocent faces of the girls were a delight to see. The costumes worn by the entire com-pany were handsome and appropriate, and some of them were elegant and some of them were elegant and

Several members of the ward have worked assiduously to get up the opera and make it a success. Special credit is deserved by Mrs. Chloe Larsen, who

SURVIVAL OF THE FITTEST

A Righteous Crusade Against Patent Medicines Containing Inert and Dangerous Drngs.

A vigorous war is now being waged against the manufacture and sale of proprietary articles which are found to contain substances injurious to health and subversive of the public good. Nearly all the great nations of the earth, including the United States, are

Nearly all the great nations of the earth, including the United States, are engaged in this struggle which, it is predicted, must result in completely purging the markets of the world of an evil so deep-rooted and far reaching in its consequences.

Happily, Germany has, in this movement, taken the initiative and has placed on her statute books the most stringent laws against the sale of patent medicines containing injurious or noxious drugs. She has established a National Board of Pharmacists, composed of eminent chemists, to analyze and pass upon the merits of all proprietary articles before being offered for sale. It is with unfeigned pleasure that we have to announce to our readers that Warner's Kidney and Liver Cure has passed this severe Germantest, and, as a result, is today the only kidney and liver cure permitted to be sold in the German Empire. It is an absolutely pure vegetable compound and pronounced such by eminent chemists. Each package bears the certificate of an analyst of the New York State Board of Health, with the words, "entirely free from all poisonous and deleterious substances." Assuredly this "entirely free from all poisonous and deleterious substances." Assuredly this is a flattering compliment to the cura-tive worth of this great American Kidney and Liver Cure, and ought to insure with the American public an increased confidence and a wonderfully increased sale.

Since purity and value are needed in the patent medicine we purchase, we note with pleasure this successful out-come of Warner's Safe Kidney and

The marked success of Warner's Safe Kidney Cure in passing the rigid tests of the foreign analysists and microscopists will be hailed with gladness by all suffering from kidney and liver diseases, as well as by the multitude who have been cured and are today living vitnesses of its healing power and high

standard of excellence.

A sample bottle of this wonderful remedy will be sent absolutely free of charge to any reader of the Descret News who will write the Warner Safe Cure Co., Rochester, N. Y.

coached the ballet, and Mr. Alvin Bees.

ley, who, as conductor, trained both cast and chorus.

The Nineteenth ward may well be The Nineteenth ward may well be proud of the array of talent presented in this performance, and the effort to bring it out and develop it deserves the heartfelt encouragement, which, by the way, is being given. The opera will be repeated each evening this week, and most of the seats for each performance have been sold performance have been sold.

W. R. JONES ARRESTED.

Former Infirmary Superintendent is Charged With Embezzling Property.

William R. Jones, Jr., former superintendent of the country infirmary, was arrested last night by Deputy Sheriff Steele on the charge of embezzling property of the alleged value of \$200. The complaint was drawn up by Assistant County Attorney Willard Hanson, and was sworn to by Steele. A warrant was issued from Judge Diehl's court and Mr. Jones was arrested at his residence as he was at supper with his family.

As soon as possible he was taken before Judge Diehl who fixed the bond at \$250. This was immediately furnished by Mr. Jones, who gave his personal check for the amount. As soon as he has consulted counsel arrangements will be made for on the charge of embezzling property of

ounsel arrangements will be made for the arraignment and the preliminary

the arraignment and the preliminary hearing.

The complaint enumerates scores of small articles alleged to be missing from the infirmary. The alleged value of the articles range from about 3 to 30 cents each. For instance, these articles are mentioned: A cup and saucer, milk strainer, a potato grater, two pairs of socks, a butcher knife, and so on.

This morning Mr. Jones was asked for a statement concerning this latest move to make political capital by character assassination methods, and said:

"I do not care at this time to make a detailed statement. In the light of the cowardly attacks which have been made on me in the past, it appears quite clear that this arrest on a trumped up charge was animated by the spirit of malice. There is no truth in the charge, a fact that will clearly be shown when the proper time comes."

THREE BURGLARIES.

Committed on South Temple Street This Morning.

At an early hour this morning three burglaries were committed on south East Temple street, within half a block of each The door of each house visited was pried open, presumably with a "jimwas pried open, presumably with a "jimmy." too, the Douall drug store and the
Van Dyke drug store, being entered from
the Main street entrance, and the other,
the book store of Frank Leib was broken
into from the rear door. The first named

CHARGES WILL BE INVESTIGATED.

Sensational and Serious Allegations Made Against Postoffice Officials.

STATEMENT BY MR. THOMAS.

Accusation Looked Upon With Suspicion But Will be Brought to Attention of Proper Authorities.

A paper published in this city makes this morning serious charges in display type against certain postoffice inspectors, alleging the use of Federal building offices by them for immoral purposes, and casting reflection, by inuendo on the postmaster in connection therewith. Postmaster Thomas, when asked if he cared to make any statement, today, said:

"I have no personal knowledge what-ever of the truth of the statements ever of the truth of the statements published in a morning paper charg-ing two postoffice inspectors with us-ing the postoffice premises for immoral purposes. From my personal experi-ence with the paper which publishes the charges, I have been led to look upon every statement it publishes with suspicion and to doubt its truth and suspicion, and to doubt its truth, and I believe that is the general opinion of I believe that is the general opinion of the people of this community. Further, charges have been repeatedly published against one of the inspectors, for the purpose of injuring me, which I knew to be false, and I, therefore, know that this paper will resort to any extreme to do injury to me, and to any one whom it believes or thinks is my friend, or has a friendly feeling for me. Its course has been marked by vindictive malice, fostered and encouraged by one of its owners, and when I say this, the of its owners, and when I say this, the people of this community will well know and understand what I mean. "But disreputable as is the paper from which the published charges emanate, they demand attention, and, while a postmaster cannot investigate an in-spector, he can bring the published statements to the attention of the proper officers, and this has been done, and I have no doubt steps will be taken to ascertain the truth or falsity of the

Circumstantial Account of the Liquidation During the First Hour Accident on the Great Battleship.

OFFICERS AND MEN VERY COOL

Seems Certain Electric Switch Was Short Circuited by Shell-Tongs Striking It

New York, April 18 .- The Herald today prints a cable dispatch from Calmanera, Cuba, which purports to contain a circumstantial report of the accident jast week on the battleship Kearsarge, the official version of which in detail is not yet available. The Herald's cable says:

"When the Kearsarge had finished two successful runs firing at targets on Friday afternoon, using all four guns of her forward turret, she turned off range to secure it.

"One gun, the left 13-inch piece, was loaded when the firing ceased. Lieut. Hudgins, the turret officer, and Liuet, Graeme, the umpire, remained in the turret discussing some firing rules. HOW ACCIDENT OCCURRED.

"The turret crew, about 10 minutes after firing ceased, began to unload the guns. Three sections of the charge had been withdrawn by metal hooks and placed on the turret floor, when the man handling the hooks accidentally short circuited the switch to the electric ammunition hoist behind him. causing the arc which fused the metal of the switch. The molten particles dropped into the powder on the floor, and seeing the danger, the man jumped headlong down through the turret and was but slightly injured.

"Lieuts, Hudgins and Graeme and 11 seamen were seriously burned. No explosion took place and no sound was heard by the officers on the bridge, but smoke and flame burst from the tur-

FIRE QUARTERS SOUNDED.

"Fire quarters were sounded and here laid to the fire with geat promptness. It was put out without difficulty and further damage was prevented. The burned men were removed at once.

SIX MEN DEAD.

"Six of the enlisted men were removed at once. "Six of the enlisted men were dead.

Lieut, Hudgins died at a quarter of four o'clock the next morning, and Lieut, Graeme, who was removed at once to his own ship, the Maryland, died at 8 o'clock. The condition of the injured men is favorable.
"Every officer and man on the Kearsarge behaved in the coolest and bravest manner after the accident. There

is a long list of men and officers whose "Lieut. Hodgins pushed L. W. King, ordinary seaman, away from the dan-ger, and interposed his own body. King was very severely burned, and in his delerium cried: 'Mr. Hudgins, you are having me, but burning yourself.'

saving me, but burning yourself.' his men removed from the turret behis men removed from the turret be-fore the rescuers took him out. Lieut, Graeme asked that the others be at-tended by the surgeons before him and repeatedly inquired after his comrades

SHOUTING FOR HELP.

"J. A. Koester, turret captain, himself frightfully burned, climbed to the top of the turret, shouting for help for those inside. When the fire was put out and the rescue began he sank down, saying: Good-bye, Kearsarge, He was conscious until his death, at 15 minutes after 3 o'clock that night and gave a clear statement of what had happened in the turret though suffer-

ing excruciating pain.

"All of the wounded men showed great fortitude and self-control, uttering many expressions of affectionate regard for Lieut, Hudgins.

CALL FOR VOLUNTEERS.

"As soon as the flames in the turret were beaten down volunteers were called for to go in and bring out the njured. Gunner McHugh wous in the brave work in the hanading room and magazines. G. Bree-man, seaman, rushed into the handling room, stamping out the burning pow-der and then clesed himself inside the magazine and began covering the powder tanks.

"Boatswains Mates Pickard, Nord-strom and Carpenter and Chief Machinits's Mate Cavanaugh were the first who rushed into the turret in the blinding smoke. They remained there in the suffocating gas until all the injured had been passed out.

SEEMED LIKE CERTAIN DEATH. Boatswain's Mate J. Herrick, Chief Master at Arms Magnuseen, Ordinary Seamen Egan and Schreiber, Seaman Weber, Keith and Dougherty and Ma-chinist's Mate Wilson led the hose into the 8-inch handling room to what eppeared certain death

at appears certain that the electric switch was short-circuited by the handle of the shell tongs accidentally striking it, and fusing the jaws of the switch. Midshipmen Hall and Connor, though barely a month at sea, remained at their stations in the handling room leading out the base thought. room leading out the hose, though the burning grains of powder were falling

AS A WATER EXPERT.

Kubelik on Arrival Will Inspect Salt Lake's Newly Acquired System.

When Jan Kubelik, the Bohemian vi-Maist, comes to Salt Lake City at the end of the month, he will take time to visit the new water system that is being installed. The millionaire artist has an especial interest in waterworks, as he intends to put what he has seen in America to good use when he returns

On his estate, Castle Bychor, in Bohemia, there are several springs of good water. The city of Prague, which is not far off, has to drink the muddy waters of the River Elbe, which any amount of filtration can hardly make fit to drink. The violinist has a scheme which will make him a millionaire many times over. It would be no difficult matter for him to sell his water to the city of Prague. With this end in view he has inspected all the notable waterworks systems in the United States. In all probability he will employ an American engineer to go the On his estate, Castle Bycher, in Boploy an American engineer to so the

OFFERED FREELY

Was on a Very Large Scale.

SUPPORT SOON CAME OUT.

Not Abundant Enough to Discourage Selling by Profes-

sionals.

New York, April 18.-Stocks came upon the market freely at the opening today and there were wide declines all through the list. The coalers and stocks which have been advanced recently showed the most conspicuous weakness. Liquidation was on a large scale during the first hour of trading. The San Francisco disaster and Russian loans seemed jointly responsible for the disposition to sell. Support ing measures were in evidence and the decline was checked before the end of the hour. Activity decreased at slight railies. All active stocks were forced a point or more below last night. The principal declines were recovered in Union Pacine, St. Paul, Great Northern preferred, Amalgamatea Copper and Smelting 2 to 2½, and C. C. C. & St. Louis, St. Louis & San Francisco second preferred, Brocking Transit, Colorado Fuel, National Lead and Sugar 1½ to 1½. Northern Pacific dropped 3, United Railway Investment 5½ and the preferred P4.

Supporting orders were not abundant enough to discourage active selling by professionals and there was a heavy driva against the market which forced prices materially below the previous low figure. Chef lozes were United Railway Investment 2½, the preferred 1½. Northern Pacific 4½, Union Pacific and Smelting 3 to 5½, L. & N. 2, and Southern Pacine, Sugar, Ice and Pennsylvania 2 to 2½. eline was checked before the end of the
