## OLD OFFENDER IN THE TOILS.

Henry Parker, Alias Peterson, Faces Second Term in State Prison for Forgery.

## THE FEBRUARY TRIAL JURORS.

Three Boys Arrested for Stealing—Butcher and Grocer Corporations—News Briefs.

Ogden, Jan. 23.—Henry Parker, the man charged with passing a worthless check on O'Neill Brothers at the Owl saloon last week, has confessed to the officers his guilt and decided to waive preliminary examination when his case is called for trial. The face of Parker seemed familiar to some of the officers when he was arrested, and an examination of the records showed that he was arrested in 1903 by Sergeant Chambers and Pincock on a similar charge of passing a forged check. He was convicted of the charge and has only recently completed a term in the penitentiary, at that time he went by the name of Henry Peterson.

## FEBRUARY TRIAL JURORS.

The following named trial jurors will serve during the February term of the Second District Court which convenes February 5:

Reese Howell, Alonzo W. Brown, John Doney, H. G. Hess, David S. Tracey, Joseph B. Dana, Albert P. Farrington, J. C. Simmons, Frank M. Farrell, Heber C. Olson, Ogden; Lorenzo Fisher, Farr West; Ammon Allen, Huntsville; Joseph Waymont, Warren; Joseph Ballantyne, Ernest F. Mallon; James Lamont, Joseph R. Paine, James S. McGregor, Ogden; Charles N. Aldous, Huntsville; William F. Toller, Ogden; Wheatley Gibson, Andrew P. Anderson, West Weber, Olaf Anderson, James F. Crosbie, Joseph B. Foulger, Ogden.

## THREE BOYS ARRESTED FOR STEALING.

Probation officer H. C. Jacobs has been investigating a case of three boys who have been doing a wholesale stealing business, and will no doubt end up in the Reform school. It is not the first offense these boys have been guilty of. A short time ago two of them were mixed up in the "brass union" when a gang of boys formed an organization to steal brass around the depot which they sold to the junk dealers. They were arrested but the court thought it was best to give them another chance before placing them on probation, but their having violated the probation will have to suffer the

consequences. A few days ago one of the boys was caught right in the act of stealing some pocket knives and razors from Badcock's drug store, and he implicated the other two boys in the stealing.

## BUTCHER AND GROCERY CORPORATION.

Articles of incorporation of the Russell-James company have been filed with the county clerk. The company is incorporated for a period of 50 years and will make Ogden City their principal place of business. The company is capitalized for \$10,000, divided into shares of the par value of \$100 each. The business pursued by the corporation will be to conduct a wholesale and retail grocery, meat market, general merchandise and real estate business. The new company absorbs the meat market of W. L. Russell and W. A. James on Twenty-fourth street. The officers of the new company are W. L. Russell, president; George W. Jones, vice president and treasurer, and W. A. James, secretary and general manager.

## THREE COUPLES WED.

Marriage licenses have been granted by the county clerk to the following couples:  
W. R. Jepperson, 33, of Salt Lake City, Miss Emma Keeler, 29, of Richfield, Utah.  
James G. Poorman, 24, and Miss Jennie Wilson, 20, both of Ogden.  
Henry E. Lee, 24, and Miss Charlotte Crossland, 19, both of Ogden.

The first two mentioned young couples were married by Elder George Ritchie at the clerk's office.

## HIGH PRIESTS OF WEBER STAKE.

## J. X. ALLEN, Secy.

## HORROCKS PLEADS GUILTY.

Roy Horrocks appeared before Judge Howell this morning and pleaded guilty to two charges of attempted rape, preferred against him by Aquilla Truelock. He will be sentenced Saturday.

Peter Shupe was arraigned on the charge of violating the quarantine ordinance, to which he pleaded not guilty. The hearing was continued.

## ECCLIES HOME BURGLARIZED.

The home of David C. Eccles was entered by burglars some time between 7 and 10 p. m. on Sunday and thoroughly ransacked. The thieves gained entrance through the store room window, which

property owners to remove snow, hail and sleet from paved sidewalks was presented by the committee on judiciary, and went over till next meeting.

The committee on judiciary presented a bill providing a license of \$25 a year for operating a dance hall, provided that no charges shall be made for dances given under the auspices of religious, educational or charitable organizations, except where a paid officer is required to be present, in which case \$250 is to be charged. Action on this ordinance was also deferred.

The matter of requiring the electric light company to move its poles nearer the sidewalk was referred to the committee on electric light.

Councilman Bott moved that the city watermaster, the supervisor of streets and the superintendent of waterworks be requested to attend city council meetings, when convenient. Carried.

The committee on judiciary was requested to report on the bond ordinance at the next meeting.

The matter of ascertaining when the suit affecting the water rights between the Teal-Jordan Power company and the city could be determined was referred to the committee on judiciary, in necessity for having the matter settled before the irrigation season being strongly urged by several members of the council.

The garbage ordinance, which passed its first reading a week ago was taken up on its second reading, and on motion of Councilman Miller the ordinance was struck out. Mr. Miller was of the opinion that the present ordinance, if enforced, was sufficient.

Councilman Miller reported having received a letter from P. C. Kelsey, consulting engineer of the waterworks system which should not be made public, and moved that the council go into committee on the matter.

On a vote the following councilmen voted for the amendment: Giles, Gray, Bott, Snow and Partridge, and Councilmen Johnson, Poillon, Miller, Povelson and President Booth against it. The vote on adopting the report was lost on the same vote as before, the Democrats all voting against it, and the Republicans for it. The report was referred back to the committee for further investigation, the committee to ascertain the bona fide circulation of each paper.

Seven hundred dollars was ordered transferred to the free public library fund.

A bill for an ordinance requiring

had been left open, and succeeded in making off with a ladies' alligator hand satchel, \$10 in cash, several small pieces of jewelry, a pair of opera glasses and a quantity of wearing apparel. The matter was reported to the police, but so far no clue to the perpetrators has been discovered.

## MISDEMEANOR CHARGED.

A complaint was sworn to yesterday by Sanitary Inspector Power, charging Peter Shupe with a misdemeanor. It is alleged that Mr. Shupe violated the quarantine ordinance by removing or causing to be removed, from his home on Twenty-sixth street, his daughter Blanche, who was suffering with smallpox. The young lady, it is said, was taken to the Union depot and thence transported to Salt Lake, where she was immediately placed under quarantine. It is expected she will be released today and will be required to testify at the hearing.

## HORSE AND SADDLE FOUND.

Joseph Saunders of Harrisville reported to the police yesterday that a large bay horse with heavy saddle, on had been left in his yard, presumably by someone who had stolen it and ridden it for some distance. The matter will be investigated.

## DISTRIBUTION OF WATER.

At the meeting of the board of county commissioners yesterday, communication was received from State Engineer Tanner asking the board to get into close touch with the water commissioners and urge them to use their efforts with the farmers for a more equitable distribution of water, for irrigation purposes. The communication was referred to Chairman Standish, who will look into the matter at once.

## SPEAKS FOR COLORED RACE.

Mrs. Booker T. Washington Gives Interesting Lecture at Y. M. C. A.

Mrs. Booker T. Washington lectured last evening in the Y. M. C. A. auditorium before a large audience on "The Advancement of the Colored Woman."

The speaker said in part:  
There are 3,000,000 adult women illiterates in this country, says a recent writer. To be sure this does not mean that all of the women-mothers of our colored American civilization, are Americans of color, but it does signify that a very large majority of this number belong to what some people call the "child race." As long as this state of things exists, there will be no real progress in the form of time, strength and patience. I say patience because I sometimes fear that many people who were one time interested in the advancement of colored people, have grown impatient. They do not regard the strides made by us sufficiently rapid ones. They want to see us do in 30 or 40 years what the rest of the people of our country have taken hundreds of years to do. They imagine that we ought to be more capable than other races and why? Simply because they do not stop to think of what we have had, and still have, and shall have, for years to overcome.

"My interest is in the race at large, men, women and children, for all of us must somehow pull up together; but I am here tonight to speak especially for that part of the race to which I belong, the women, the mother, the one who more than any other is held accountable for the rearing, the honest development of the child, the citizen, the father, and mother of the coming generations, the mother living in these days when more is expected of us and rightly so. There are nearly 10,000,000 colored Americans in our country. More than four millions of this number are females. These women live in all parts of the country, all the way from Maine to Mississippi, on plantations, in the sugar towns, in our great cities. Many of these are intelligent, many more are ignorant. Some are well off in this world's goods, some are exceedingly destitute, some so beyond our conception.

"The census each year brings to us information that testifies to the gain in the life and activities of the colored population and of colored women especially. In the last census, 1,995,744 colored youths attended our schools over the country, 886,767 were young women, 160,231 women attended school from four to five months, and 27,446 women attended school six months or more.

"There are a hundred public high schools for colored young people. The census shows the enrollment of 3,889 women in elementary grades, and in secondary grades, 3,933 women. In these schools 154 women are enrolled in business courses, 1,000 in normal and higher schools, there were 17,138 colored students receiving the industrial training of whom 11,012 were women.

"Our schools are increasing every year, and the number of trained colored women is steadily and surely growing larger, and just in proportion as the women who have had advantages of time and money and heritage come up, so shall we also come up. We want our friends to trust us, to stand by us yet a little longer, to feel that we shall by our work for others of all races, in part, at least, repay them for their confidence in us.

"In city and country the status of our women is rising. Compare yesterday with today, we thank God for the advancement. The efforts of our young, well-trained women are making for the advancement of those who have been without educational privilege, and slowly but surely the good work is radiating. Especially is this true as seen in the improved home life where good seed has been sown.

"Better knowledge of the laws of health is disseminated by the 35 women doctors who are actively engaged in a warfare with the infectious diseases of the race. Four hundred and twenty-eight nurses have ranks of workers, and I feel that the needs of the race are in a measure being met, with better homes, skilled physicians and nurses, who, in their relation to the homes and the mothers of the race will aid materially in the development of sound bodies and the indwelling of a better soul.

"The advancement of the women of the black race of America is assured. By the tremendous educational influences of the twentieth century, an epoch will soon be reached in the history of the black race of America that will be marked by the advancement of its women to the highest plane, and a corresponding uplift of the masses of an out-cast people."

"I consider that there are no better remedies put up than Dr. Miles' Nervine, Anti-Pain Pills, and Nerve and Liver Pills. We have used them for years, and recommend them to you, and to all who are suffering from Nerve, and considers it the best medicine in the world. A lady friend of mine who was almost blind, and was wrecked through my earnest solicitation has used several bottles of the Nervine with perfect success."

## RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.
