cold. The "Hair Grower" is a fallacy. It requires but a slight knowledge of anatomy to know that the hair gets its life and strength from the hair papilla at the bottom of the hair follicle, and the papilla in turn gets its nour-ishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that causes hair loss and baldness. Invisible microbic growths enter the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Faris, says the mi-ony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and failing hair. On Thursday evening, Oct. 20, the nembers of the Tabernacle choir, with heir wives, husbands, the stake presidency and wives, High Councilors and wives, and Bishops and counselors and wives of the four wards of Brigham, very successfully surprised Con-ductor S. L. Lee of the Tabernacle choir. The regular choir practise was selected as the most sultable time for the surprise and proved to be so. Whil the choir was busily rehearsing, th visitors walked into the Tabernacle an formed in a group at the font of th stand. A signal was then given, the the chord struck by the organist, and all joined in singing, "Now let us re-joice," etc. Brother Lee looked rather joice," etc. Brother Lee looked rather cross at being thus so rudely inter-rupted in his work, but when he realized the "joke" was on him, he was near-ly overcome. A short impromptu pro-gram was rendered, during which H. E. Bowring, the oldest member in the Howing the oldest memoer in the choir, on behalf of the choir members and their friends presented, Brother Lee with a handsome gold watch chain.
