EASTERN.

THE YELLOW FEVER SCOURGE.
Appeal in Aid of the Destitute and
Unemployed.

WASHINGTON, 8.—The following
appeal was issued to-day:

To the Chambers of Commerce and
Charitable of the Chief Cities
of the Union.

The cry of anguish from the
stricken cities and people of the
South has been answered by a
burst of charity from the people
and cities of the country. Contributions,
great and small, have been
extended to the sufferers. The
aid of the government to the
poor and needy of the pest-ridden
cities, but great as has been the
aid, the sum subscribed are yet not
adequate to the wants of the suffering.

At a temperance mass meeting
in the Library Hall, presided over by
Francis Pickens, \$70 were collected.
The general relief fund to date
reaches \$10,018.18. Remitted by
A. Q. U. W. \$70.25. Besides these,
other secret and benevolent societies
have contributed largely, and the
many private donations will prob-
ably make a grand total of \$20,000.

Between gentlemen roadsters, liv-
erly stable cracks, and other horses
took place, yesterday, at the track
of the St. Louis Jockey Club, for
the benefit of the fever sufferers.

A series of races, which netted about \$2,000.

New Orleans, 8.—New cases, 223;
deaths, 31. The weather is cloudy
and stormy this forenoon. Heavy
rain this afternoon. Maximum of
thermometer 55 degrees. Dr. Brown,
of the Howard's, was taken down.

The Right Rev. Bishop
Southard of the Howard Association,
and five children, are down with
the fever.

The Board report 472 new
cases, including sick and destitute.

Port Gibson, 8.—There is great
suffering, especially among the
colored people; 79 deaths to date.

Victims of the fever. Bishop
Elder reported dying; he received
the last sacrament to-night.

Memphis, 8.—Another sad day
passed and nearly 100 fresh cases
added to our cemeteries and the
potter's field. The total number
of interments reported up to 5 p. m.

74, with no firm records of deaths
to be heard from, which will make
the deaths, this day, in the neighbor-
hood of 100. Only partial reports
of new cases have been made to-
day.

The physicians are so pressed
for times that the majority prefer to
violate the ordinance requiring them
to report than neglect the sick.

The resident physicians re-
port 96 new cases, and it is safe to
assert that there are near 200. A
meeting of prominent members of
the Howard Association and the
city's relief committee was held
this morning, at which it was de-
termined, as a means of forcing
more rapid relief, that the city
no more rationals would be issued
to the city to those not sick, but that
camps would be established at va-
cated points remote from the city,
and the rationals removed thither
would be supplied with food.

A committee, consisting of General
Luke M. Wright, Major J. S. Pres-
cott, C. G. Fisher, ex-Mayor John Johnson,
and Dr. W. E. Rodgers was appointed
to carry out this measure. A. F. C.
Cook, of the Howard Association,
died to-night. This makes four of
the membership of 21 who have
died in the past week. Four more
are sick.

Applications for nurses continue
to pour into the office of the How-
ard Association, but they are not
being accepted. Some relief organ-
izations are paying the nurses \$10
per day, and still cannot get enough
to care for all the sick. J. Har-
vey, Malda, editor of the Ledger,
and George S. Miller were taken
down to-night. Dr. Mead, of
Kentucky, a volunteer physician,
died at the infirmary to-night.

Detroit, 8.—Subscribers for the
south amount to \$6,851, mostly for-
warded. The nickle plan will be
inaugurated very generally.

The following relief subscrip-
tions to the citizens' committee is
\$3,571; from other sources, \$7,931;
total \$11,502.

The following telegram, sent by
Dr. Mitchell, with the approval of
Dr. Langstaff, president of the How-
ard Association, explains the situa-
tion to-night:

Chairman of the Relief Committee,
New York:

The situation is terrible beyond
description. Three thousand cases
of yellow fever have 40 physicians;
eight have died. Those from the
north sick in a few days and die.

A provision house has opened. The
city has only one hotel. We want
everything that a pestilence-stricken
people need.

R. W. MITCHELL, M.D.,
Medical Director.

Only two drug stores were open
in the morning. The Howard's
will open the drug stores that have
been closed by the physicians, and
place prescriptions clerks in charge.
The Howard physicians report over
800 new cases to-day. There are in
addition to the pestilence-stricken
the bodies of health.

A. D. Langstaff, president of the
Howard Association, states to one
and all, most emphatically, that no
more uneducated physicians or
nurses from the north are wanted.

Their presence here is only adding
fuel to the flames. It is a matter
of a few days only when they are
taken sick, and thus increase the
labor of those who are striving to
stamp out the plague. The num-
ber of sick is daily increasing.

Howard's, to-night, have 1,000
nurses on duty, 800 of whom, per-
haps, have had no food for 24 hours
owing to inability to cook or send
them food. The situation is be-
coming desperate.

Thousands of negroes are still in
the city kept here by free railroads.
A meeting of a few prominent citi-
zens will be held to-morrow, at
which it is probable a committee of
safety will be formed to take charge
of the city, and adopt measures, if
necessary, to drive the people out
of the city by force who cannot be
induced to go by consideration for
their personal safety.

Louisville, 8.—Stuart Robin-
son's church gave \$25 to the fever
sufferers to-day. The fund contrib-
uted by Louisville thus far is over
\$150,000.

Philadelphia, 8.—There will be
benefits in all the theatre and
places of amusement in behalf of
the yellow fever fund during the
week. There is a general regret
that Col. Welsh, chairman of the

BEAUTY!

OR, THE
Secret of a Fair Face

An Item of Interest to Every Lady who
Desires to be More Beautiful
than she now is.

Unfortunately not one woman in a hundred,
subjected to the whims of an American climate
remains that pure and starting point of real
beauty—a pure and clear complexion.

What nature has thus denied, art must be
called upon to furnish.

It can be done, it is done daily. Prof. W. E.
Hagen placed beauty within the reach of every
woman, and he has done it by the discovery
that surprising article known in fashionable circles
as the true secret of beauty, and called

MAGNOLIA BALSAM

The MAGNOLIA BALSAM is a pure and beautiful
preparation of a pure and beautiful complexion.

It removes all pimples, eruptions, redness,
blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and
exhaustion.

It makes the complexion as beautiful
as the roses of the East.

It is the only preparation of the kind

INDIANAPOLIS, 8.—Contributions

from the Old Fellows Lodges
throughout the city for the yellow fever
sufferers amount to \$4,500.

Greenfield, Miss., 8.—Five deaths
and 20 new cases the last 24 hours.

Washington, 8.—Several members
of the yellow fever fund committee
saying that their action in declining
to allow theatrical performances to
take place under the auspices of the
committee, has been misinterpreted.

The position the committee
took was that it did not wish to
take the care or responsibility of the
tickets for entertainments.

If anybody is disposed to undertake
the good work of giving theatrical
entertainments the committee will be
thankful, but it was not deemed
prudent to interfere in the matter
of entertainment.

Rose Eytling received a tele-
gram from the secretary of the
New York yellow fever committee,
saying that as the Philadelphia
committee are unwilling to accept
the contributions for the benefit of
the yellow fever sufferers from play
people, and the committee will do
their most cheerful disburse them
for such charity in accordance with
your instructions.

Deadwood, D. T., 8.—The fol-
lowing news received from Camp
Devlin: Have moved camp, to-day,
to the Bedwater, near Nelson's
ranch, Johnson, the well-known
horseholder of Hay Creek, was cap-
tured yesterday morning, in close
proximity to two governments
mules that had been stolen from
camp the night previous, and is
now in the hands of the military.
The evidence on hand cannot fail to
convict him. He will probably be sent
to Cheyenne for trial. The mules
were recovered.

Camp Robbers.

CAMP DEVLIN, WYO., 8.—
Early last Friday morning five
masked men surprised and captured
the herding camp of W. P. Noble,
18 miles from here. The four herd-
men were taken to the camp, and
held possession of the camp till Sat-
urday night, when they left, going
west, taking with them all the
camp outfit, provisions, etc., and 13
good horses. During their stay in
camp they conversed freely with
their prisoners and showed a
thorough knowledge of the coun-
try. They also stated that they in-
tended to take in the paymaster.
It is supposed they are part of the
gang of robbers who tried to wreck
the train on the U. P. R. R. some
time ago.

Now Fall.

Two inches of snow-fall here this
morning.

Fight Between Indians and Troops.

A son of the Shoshone Chief,
Washakie, came into Camp Brown
on Friday, reports that a fight on
September 8th, on Clark's Fork, be-
tween a detachment of troops and
Crow Indians, and about twenty
lodges of the hostile Bannocks. The
Bannocks were defeated, their chief,
all their squaws and children, and
a large number of horses being cap-
tured. One soldier, a citizen, and
a Crow scout were killed, one sol-
dier was wounded and many of the
Bannocks killed.
