sary of the same school. At this time he entered the class of '67, in the University of the City of New Yorks presuing a special and scientific course under the di-rect 'supervision of the Drapers. In the spring of 1869 he received his degree as Doctor of Medicine from the medical depart-ment of the same institution and stood first in a class of 75 men in ob-stetrics and diseases of women. During his studies in the University We take the liberty of again drawing the attention of General Mc Cook and other officers of Fort Douglas to this subject. These gentlemen, we feel assured, are anxious to prevent their men from injuring During his studies in the University he was the pupil and intimate friend of Profs. Henry and John C. Draper, the citizens. We feel cosiderable concern upon the subject, because and was their principal assistant, not only in the laboratory, but in the preparation and demonstration of their regular lectures. He did not practice medicine after gradua-tion, but continued his clinical it is important that amicable relations should exist between the military and civilians, but we are afraid if the outrageous conduct of some of the soldiers is not checked, some studies until the winter of '69 and injured party will, under the influ-70, when, having received baptism at the hands of Elder Benj. Hulse, and confirmation by Bishops Bur-ton Hammond and Bringhurst, he ence of exasperation, shoot some of them down, an event that would be a subject of regret. The patience decided to come to this city, which of some of the people is already ex-
