## TEACHERS AND BOARD DISAGREE

**Pedagogues Protest Against Drastic Provisions in Contract.**

## SUICIDE OF AGED GERMAN.

**Gabriel Zweisler Drinks Carbolic Acid—Gus Johnson Meets Shocking Death Under Train.**

OGDEN, May 22.—The board of education of Ogden city finds itself against a very hard proposition, and it is very probable that unless the contract it asks the teachers to sign is not modified to a certain degree the city will be without teachers for the next year. This is the situation as it appears here this morning following a mass meeting of the teachers yesterday afternoon and the board of education last evening.

At the meeting of the board last evening a communication was received signed by more than 100 teachers who were at the mass meeting at the Congregational church in the afternoon, protesting against certain clauses in the contract and asking for an extension of the time for the signing of the contract.

As today was the last day for the signing of the contracts, the request was granted and the time extended for one week. That portion of the contract against which the teachers vigorously protest is that which authorizes the holding back of a small portion of the salary each month as a security against the "jumping" of contracts, a number of which occurred last year. J. M. Bishop, principal of the South Washington school and who was re-elected to that position, sent his declaration to the board and the same was referred to the teachers' committee.

The bids of 25 or more business houses for the furnishing of supplies for the year, was referred to the supply committee and the superintendent. Upon recommendation of Supt. Mills the eighth grade graduation exercises will be held in the tabernacle, June 4, at 2 p. m.

## SUICIDE OF AGED GERMAN.

OGDEN, May 22.—Gabriel Zweisler, the aged German who was sent to the chain gang at the city jail on Wednesday through mistake and subsequently released, died at the police station yesterday afternoon at 2:30 o'clock, from carbolic acid poisoning, which is believed to have been taken with suicidal intent.

The man was released early yesterday morning. In the afternoon a report was received at the police station to the effect that a man was lying on the sidewalk who was apparently very ill. Upon the arrival of the man at the police station he was attended by Dr. Forrell who found that the man had drunk carbolic acid. Everything possible was done for him, but he succumbed to the deadly drug.

The body was removed to the Richley undertaking parlors and the funeral arrangements will be announced later.

The man was about 60 years of age and had been engaged in carriage and automobile painting for the past two years. As far as could be learned he has no relatives in Utah.

## SHOCKING DEATH ON THE RAIL.

OGDEN, May 22.—The body of Gus Johnson, the young railroad man who was killed at Lakeside, on the Southern Pacific on Wednesday evening, was brought to the city yesterday and is at the Larkin funeral chapel awaiting the arrangements for the funeral.

According to the coronian received at the office of Supt. Minson of the Southern Pacific, Johnson was killed at Lakeside by jumping off the gravel train upon which he was working in front of the westbound mail train, which he failed to see. Almost before the young man had stepped upon the track the engine was upon him, and he was ground to meat. The train was stopped as soon as possible and his remains were gathered up and brought to Ogden.

It is stated that Johnson was making arrangements to marry an Ogden girl next week, and was waiting for payday on Friday when he would come to the city.

The Boxelder county officials went to Lakeside, where an inquest was held over the body. The body was brought to Ogden for interment. The funeral will be conducted under the auspices of the Scandinavian society.
