# the time should come that He should raise up seed unto himself, He would command His people. Now, when the Lord raised up the Prophet Joseph to lay the founda-tion of this Church, He found mon-gramy instead of polysemy to be ogamy instead of polygamy to be the rule of Christendom, and He enjoined, in the early revelations to this Church, that every woman cleave unto her husband, end that every man cleave unto his wife and none else, saying that he that lock-ath unon a woman to lust after her ath upon a woman to lust after her who is not his wife bath com-mitted adultery already with her in his heart. This was the law gov-erning Christendom which had been inherited by the Gentiles for ages past, and introduced among the Roman Empire and perpetuated by the Roman church and the Prot-estant churches that had sprung out estant churches that had eprung out of her, and the Lord in the early history of this people continued this order of things, but revealed unto the Prophet Joseph, nevertheless, that the time would come when He would require His people to enter into plural marriage as He did Abra-ham and the prophets of old, to bring about His purposes in the lat-fer days. Joseph revealed this un-to some of the first Elders of the Caurch, taking care to enjoin them that they must preserve these things that they must preserve these things in their own hearts; that the time had not yet come when the Lord required His people to enter into this order, but the time would come when He would require them to do so. This was made manifest in the early stages of this Church, but not until 1843 was this law commilted to writing and given to the people. This revelation we find in the Bock of Doctrine and Cove-

nants. Now, Joseph-I refer now to the young man that is allye and who was a mere boy at his father's death, and who with his mother and her children remained behind, though his mother did know for herself that her husband did teach and practice this order of marriage, yet she was not willing to own or acknowledge it to her children, and her children, the oldest of which, as I have said, was only sleven years old when his was only eleven years old when his faher woa murdered—were studi-ously kept ignorant of the facts of the case as far as she was concerned, and therefore we can make allowand therefore we can make allow-ance and excuse in part for what they assert. But there are great numbers that I can call to mind who know for themselves that the Prophet Joseph did receive from the Lord and teach this order to the first Elders of this Church, and did re-ceive and commit to writing this revelation on the subject of plural revelation on the subject of plural marriage which is contained in the Doctrine and Covenants, and did teach it and did practice it, and I am one of those witnesses. I know that he taught to me as early as in the spring of 1842 what God had re-vealed to him on the subject; I know that he gave to me my second wife and assigned his brother, Hy-rum, to seal her to me; and I know that he taught this dectrine to quite a good few others—the Twelve Aposa good few others—the Twelve. tles and others of the faithful Elders of Israel-and that very many of the faithful and good women of Israel know and understand and are witnesses of these things for them elves. And we testify of these things, that God has reserved to Himself this right to command His people when it seemeth to Him good and to accomplish the object He has in view—that is, to raise op a righteous seed, a seed that will pay respect to His law and will have a first the second that will have been a second that will be been a second that will have been a second that will be been a second that will have been a second that will be been a second that will be been a have been a second that will be been a second that will be been a have been a second that will be been a second that will be been a have been a second that will be been a second that will be been a second that will be been a have been a second that will be build up Zion in the earth. And while the wicked are hardening their bearts in sin and giving them-

selves up to whoredoms and lost, and seeking to prevent the increase of offspring among them, God is im-pressing upon us the heinonsness of pressing upon us the heinonsness of these crimes and showing us the the beauty and glory of multiplying the families of lersel. When we visit the settlements of the Baints and attend the Quarterly Confer-ences thronghout the land, what do we hear in the reports? We hear that of the entire population are children under eight. under eight years of age, and an-other one-third between that and twenty, and scarcely one-third of the population are yet old enough to enter into the marriage relation. And what dowe heat? Reports from the Relief Societies and the Im provement Associations and the Sunday school teachers and superin-tendents that are encayed in in-

Brethren and sisters, let us put our trust in God, who will give us the victory through our Lord Jesus Christ. Amen.

I am sure that no citizen of Salt Lake City would rejoice more than your correspondent to see all the churches of this city units with the Mormon Church in selecting a delegation of leading Christian and moral men to visit the officers of railroads centreing in this city, to ascertain if some arrangement cannot be made to put a stop to the run-ning of excursion trains on the Sabbath day. I was about to say something as to the "why and wherefore" of this, but here is a wherefore" of the, but here is a paragraph much more to the point, which I quote from a New York City journal: "All honer to Col. Bennett Young, President of the Louisville, Altauy & Chicago Rail-road for his order, that, so far as pos-sible, no work shall be done, or trains berun on that road on Bun-day. The only passenger train that trains berun on that road on Sun-day. The only passenger train that will be run on that day is for carry-ing the mails, and efforts will be made to arrange for its discontian-ance. In cases of perishable goods or live stock, freight trains will run necessarily only." The order fur-ther says: "You will in future run necessarily only." ther says: "You will in future run no excursion trains of any kind, for any purpose, on Sunday. This order applies also to camp meeting trains. If Christian people cannot flud other places for worship, this company will not violate the divine and civil law, and deny its employees the es-sential rest of the Sabiath, to carry them to the camp meeting ground." Even in Chicago with all its wick-

Great and beneficial changes in the running of Sunday trains have the running of Sunday trails have been brought about by earnest Christian men of that great city percevering in their efforts to peti-tion leading officers of railroads to unite with them in sustaining the eacredness of the Sabbath; and now officers of railroads are bound to acknowledge that such changes are a blessing to themselves, the employ-ces and the public generally, and best of all have the approval and ap-

Thinking a few words from this part of the Lord's vineyard would be perused with interest by the readers of your paper, we' take this opportunity of writing a few lines. We are enjoying good health and spirits, and feel determined to press on in the good fight of subduing error and establishing truth. In our travels through this State we observe a grait change in the minds observe a great change in the minds of the people since one year ago, then the Edmunds bill was fresh in so many of them are anxious to do, consequently we have a number of invitations from various parts of

of invitations from various parts of our field to come and visit with and preach to the people. We have just returned from a short trip to the east of this place through Anoka, and Mille Lacs Counties, where we succeeded in holding a number of meetings, some where for the past four years, the Elders have been unable to preach on account of the strong op-Edunday school teachers and superin-tendents that are engaged in in-structing them-and what do we bear? Why, we hear that the spirit of the Gospel is in them, that faith is in them, and that they possess bright, intelligent minds that are enching out after knowledge, and enverbeen introduced, and we bright, intelligent minds that are

to come again; and some are inves-

tigating our doctrines. The papers are noticing with what favor we are received by many of the people, and are advising them to take the same course with the to take the same course with the Elders in this State as the people of North Carolina did with the Elders there; but this is nothing more than we may expect, for the Evil One is sure to rage the hardest when he sees the work of the Lord progress-ing; but so far the people have not taken the advice of the press to use rigorous measures against us, and rigorous measures against us, and have satisfied themselves with mak-ing threats, which we would rather they would do than put them into execution. The work in this State is gaining

ground very fast, and this confer ence is in a more prosperous condi-tion than it has hitherto been; four were baptized last month and others are now ready for the ordinance as soon as the Elders can get around to visit them.

We have just completed arrange We have just completed arrange-ments for holding our fall confer-ence in the city of Minneapolis, on Sept. 8th and 9th, as the gospel has not been preached very exten-sively in that city, and it was thought that would be the best means of effecting an opening. Editor Deservet News:

Dear Sir-The two day's meetings at Fish Lake on the 3rd and 4th inst., were really subjects worthy to be recorded. The first meeting was called to order by President Frank-lin Spencer of the Sevier Stake, at lin Spencer of the Sevier Stake, at 8 o'clock p. m. There were present at the Bowery, on the shore of the Lake, President F. Spencer and Councilor A. K. Thurber, Elder E. Stevenson, of Salt Lake, Bishop Madson, of Gunnison, the Bishops and Councilors of Barrville, Koo-sharem, Freemont and Thurber, Bishop Wm. King and two brothers, Volney and John, of Kingston, and people from Sanpete, Minersville, Holden, and most if not all of the settlements between the places settlements between the places named, and we noticed one gentleman from Salt Lake besides Elder Stevenson, and perhaps there were more. It is estimated there was over 100 wagons and carriages there

After singing the opening and dedicatory prayer was offered by Councilor A. K. Thurber. Franklin W. Yonng was sustained as reporter of these meetings, and Wm. Niswonger, John King, E. K. Hanks. Jos. B. Meeks and Isaac Hatch as marshals to keep order in and short the camp. As it began to and about the camp. As it began to rain the meeting was adjourned until the storm was over or until 9 o'clock a. m. to-morrow. It proved a wet afternoon, but towards evening the more active part of the pleasure seekers indulged in a few foot races, wrestling and horse races, but as the crowd was somewhat scattered the reporter did not try to write down all the twas asid all that was said.

At 9 o'clock a. m, on the 4th the people assembled to the call of the drum. After singing and prayer the Declaration of Inderendence was read by Hon. A. K. Thurber, who also addressed the assemblage for a short time in a very interesting way about the discovery of Americs, national existence, political and re-

ligious liberty, etc. The names of the speakers were ident Spencer in the forenoon, and Bishop Madson, of Gunnison, Elder John R. Young, ef Los, and Presi-dent Spencer in the afternoon. They testified that Christopher Columbus was inspired of the Lord to discover this load, that the Constitution of Elders Edward Stever this land, that the Constitution of the United States was given by the inspiration of God, and their will-ingness to support it. Related many rich bits of Church history, and prerich bits of Church history, and pre-dicted many glorious things for the children of Zion. An opportunity being given for short speeches, toaste and sentiments, F. W. Yonng pro-posed, and the assembly arose and gave three hearty cheers for the flag of our country. F. K. Hanks contiment, "In God

Lake, E. Stevenson and A. K. Thurber. The singing was per-formed alternately by the Koosh-arem and Freemont Ward choirs, and both choirs are deserving of great credit for their promptness, and their happy selections, and pleasant rendering. Music by the Koceharem martial band was a pleasant feature, and

band was a pleasant feature, and with horse racing, foot racing, feast-ing, singing, laughing and shouting, with glee and merriment, the glori-ons Fourth on the thores of the Forest Reflecting Lake, snrrounded by majestic and towering mountains, beautifully dotted over with lofty pines, ever-moving aspens, never failing streamlets of sparkling water and wasting but never absent banks of snow, closed with a pleasant rain.

Nothing occurred to mar the peace of any one, save one case of sick-ness of Brother Wm. King, son of Bishop King, who had a severe Attack of cholera morbus, but was

recovering when we left. I had almost forgotten to mention a vote of thanks to the committee a vole of than as of arrangements. Yours respectfully, F. W. YOUNG.

#### WHERE DIVISION WOULD BE PROFITABLE.

"FACTIBUS" DROPS INTO CRITIC: ISM.

PROVO, July 18th 1883,

Editor Descret News:

Recently I arrived in Utah from the East, and wished to settle down. I visited some of the places in Utah County, for the purpose of finding a location. Truly there are many thrifty towns growing up, each having advantages, which, in the whole amount to a diversity whreby even amount to a diversity whreby even the most fastidions may be suited. Not being very fastidious, the qulet little town of Halem met my fancy. Now, this Salem is no relation to its namesake in Maccachusetts where witches were killed and Christians banished, and in that in-stance, if in no other, is this unlike stance, if in no other, is this unlike stance, if in no other, is this unlike the one in the Bay State, for I really believe thats witch could not find a place here, even to stay over night, though, as for Christians, (or any other) if not a "residenter," they might as well have been in one Salem as in the other, though here they might not be formally and for-cibly banished, it amounts to the same if by a different modus operaudi. Now, Mr. Editor, pardon me if include in a little innocent criticism at this point, as regard the criticism at this point, as regard the criticism at this point, as regard the policy pursued by the majority of that place. This naturally beauti-ful location, which, owing to its many advantages and facilities, is promising in the future to become a large place, is at present, in my estimation, rendered almost intoler-able to persons who like to "live and let live," as, under the existing suc-cessful merconal menopoly. it is litcessful perconal menopoly, it is lit-tile else but a town of farms, few being satisfied with less than a young "rancho" in the middle of town, holding and convulsively hugging from two to twelve city lots (which by the way, contain only (which, by the way, contain only one and one fourth acres each). Selling is out of the question. If from some cause (which would seem almost miraculous) one should want almost miraculous) one should want to sell, his neighbor is ever ready and greedily grasping the chauce, and the more he gets, the closer be will hng it. Even "the root of all evil" is almost a powerless lever. Of course there are exceptions, but they are "like hen's teeth," and in such cases the seller considers it an act of charity, though full value may be received. Now, this is greatly to be regretted, for it is obvi-ous that public prosperity, financigreatly to be regretted, for it is obvi-ous that public prosperity, financi-ally and otherwise, cannot exist and fionrish alongside of a narrow, con-tracted personal monopoly, which discontages and prevents the influk of new settlers, and consequent growth of a city. Fortunately, however, all towns are not alike in this respect. In my case, I went to Provo and found owners ready to divide and sell their property, and that, too, at reasonable prices, bought a place, and am now in a fair way to get a home. My object in writ-ing this is to get your opinion on a ing this is to get your opinion on a subject so suicidal to the public weal, and if you would kindly give the matter your attention through your valuable paper, my aim is reached. FACTIBUS reached.
