## 10 COUNCIL SESSION THE The Great SEMI-WILL BE LIVELY Country WEEKLY Paper of the West. NEWS Patriots Gather Tonight to Perform Their Usual Issued Mondays and Thursdays Circus Acts. and Contains All the Cream of the Daily and Saturday News. MAY OPPOSE THE MAYOR. LOCAL BRIEFS. Kennedy Item is Due for Consideration Death of Wm, Dummer-William Again-Bond Issue on Tapis-Dummer, aged 72, an old time Salt Lake street car employe, died yester-day. He was a native of England. Attorney's Opinion Coming. Pay for the Soldiers-Lieut.-Col Vin Pay for the Soldiers—Lieut.-Col Vin\_ son, deputy paymaster general of the army and paymaster of the department of the Colorado, is at the Knutsford hotel from Denver headquarters to pay soldiers at Fort Douglas \$12,000. He will visit Fort D. A. Russell after complet-ing his work here. A fight among the "patriots" is scheduled for this evening at the meeting of the city council. Maybe two fights. The first will doubtless be on the matter of passing the bill of Contractor Kennedy for \$9,988 for pumping water Capture Sleeping Tramps-Early Sunday morning the hay loft of Fur-rington's livery stable in State street was raided by Officers Clough and Yeager, and as a result seven tramps are now in the city jail charged with trespass. The tramps were asleep in the loft. from the intercepting sewer, which the mayor vetoed, and was returned to him mayor vetoed, and was returned to him in an amended form and which he dis-approved a second time. This bill is believed by a majority of the council-men to be a legal one, and one which the city is entirely liable for; and the city attorney has publicly announced that the city would have no defense should the council fail to pay the bill and the matter come into court. Mayor Bransford, however, has a dif-ferent opinion, and it must be said that he maintains that opinion with an hon-esty of conviction that does credit to his desire for the welfare of the city. Mr. Bransford says the item of pump-ing this water from the sewer was not included in Mr. Kennedy's contract, and that the whole matter appears to him to be an unnecessary expense, as he says the damage could have been averted easily at the time it was being done. "It was caused by a small stream of water running through a small pipe into the sewer after it had been completed," said Mayor Brans-ford, "and the simple precaution to stick something in that pipe and turn the water off would have prevented all this damage, and there would have been no bill for nearly \$10,000 to pay for this carelessness." It is known that since Mayor Brans-ford has expressed his determination to in an amended form and which he dis-

Miss Parker's Success—Word from Parks states that Miss Mildred Parker, granddaughter of T. J. Almy of this city, is making unusually gratifying advancement in violin study. Her father was the late Capt. M. D. Parker of the Eighth U. S. infantry, who died in Manila and is buried in the Fort Douglas military cenetery.

Leave for Conference-Rev. Dr. Leave for Conference—Rev. Dr. Lloyd, general secretary of the Episco-pal board of missions, was given a well attended reception Saturday evening at St. Mark's cathedral, where he preached yesterday morning. He left today for Portland to attend a missionary con-ference, accompanied by Bishop Spald-ing and Rector Perkins of St. Paul's church.

Y. M. C. A. Summer Camp-During the month of June the Y. M. C. A. will conduct two big camps for its boy members at Pelican point on Utah lake, where fishing and swimming will be among the attractions for the boys. Each class will have five adults to look after the boys in their sports and after the boys in their sports and games. The Y. M. C. A, has secured exclusive use of the site from June 9 after the gumes. Th to July 1.

Negroes Rob Gamble-Daniel W. Negroes Rob Gamble—Daniel W. Gamble, former building inspector, a man 70 years of age, was attacked by two female negro crooks Saturday night on Second South and Second West streets and robbed of a purse con-taining \$3. As Mr. Gamble was walk-ing along the street the two women rushed up to him and before he could resist had taken his purse. The police resist had taken his purse. The police are searching for the thieves.

Burglars in Roominghouse-Roominghouse thieves continue their opera-tions in this city. Early Sunday morn-ing thieves entered the room of A. B. Jensen in the Richelleu House on Third East and Second South street and stole jeweiry to the value of about \$150. They secured several rings, a gold watch and chain, but missed a quantity of silver-ware. They also stole \$6 in cash. A room occupied by H. J. Blundel was also entered, the thieves getting two razors.

It is known that since Mayor Brans-

ford has expressed his determination to stand by his veto, that some of the

councilmen are veering toward his way of thinking, and a pretty contest is looked for at this evening's session.

THE BOND ISSUE.

THE BOND ISSUE. The second clash promises to be on the adoption of the ordinance submit-ting to the voters of the city the ques-tion of the \$600,000 bond issue. A special meeting was called by the finance com-mittee of the council to consider this matter Thursday evening, but through some hitch the special meeting fell through and only the regular commit-tee meetings were held. It seems that there is some misunderstanding among the "faithfuls" of the "American" bunch, as shown in the numerous post-ponements made every time the bond issue matter was brought up. The or-dinance has been prepared for more than two weeks, but a proper under-standing has evidently not been reach-ed among the patriots, and unless an agreement has been reached since Thursday night there will be a squab-ble should the majority attempt to put the matter through this evening. Some definite action may be taken with regard to the grading of Third avenue, between Canyon road and A street tonight. The councilmen visited twe convinced of the injustice being done to the property owners by the en-forcement of the arbitrary grade insist-ed upon by the city engineering depart-ment. In some places the sidewalk was to have been cut down 22 feet below the property line.

with a couple of companions by Detec-tives Shannon and Raleigh. He, and his companions were given a floater and im-mediately got out of town. This occur-red on Sept. 10, 1905. When Special Agent Rossiter took the man into custody it was for working the trains. Rossiter recognized the crook and to make sure looked up the records and ran across a circular with a description and photograph of Mor-gan. After his arrest word was at once sent to the Seattle authorities and the officers hurried to Kansas and took charge of the prisoner. The main is 49 years of age and claims to be in poor health.

THE MOST COMMON CAUSE OF SUFFERING.

SUFFERING. Rheamatism causes more pain and suf-fering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to suf-ferers to know that Chamberlain's Lini-ment will afford relief and make rest and sleep possible. In many cases the relief from pain, which is at first tem-porary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent chire can-not be expected; the relief from pain which this liniment affords is alone worth many times its cost.
