OGDEN.

Freeway Boys — Ogden City Council — A Small Blaze — Railroad Work.

Special Correspondence.

Ogden, May 1.—Yesterday forenoon John Muir of Hoy, this county, came to the city and called at the sheriff's office to consult the advice of the sheriff in apprehending his son Thomas, 17 years of age, who, in company with a boy named Neal, left home Sunday morning, ostensibly bound for Texas. The boys stopped at Riverdale Monday night and left in the direction of Salt Lake Tuesday morning. The sheriff was accosted by the officers in Salt Lake to whom the young man gave and if found to arrest him. His father wrote the boy and the house and saddle which he took with him.

The county clerk's tax statement for April shows licenses issued as follows: Marriage, $100; civil cases, $2; probate cases, $6; conveyances, $12; marriage licenses, $2.50; naturalizations, $11; miscellaneous, $28.85.

MARRIAGES.

The county clerk issued a marriage license yesterday to J. E. Selby, 21, of Ogden, Montana, and Miss Florence Pickett, 21, of Ogden.

Monday evening a marriage license was issued to Bernard F. Lawler, 25, of Winnemucca, Nev., and Miss Johanna Wright, 21, of Elko, Nev.

A SMALL BLAZE.

A fire in an upstairs bedroom of the residence of Prof. L. F. Monch, corner Madison avenue and Twenty-second street, about 2 o'clock p.m. yesterday, badly burned a bed and some bedding. The fire department promptly responded to the alarm.

RAILROAD WORK.

J. M. Ferris has loaded and forwarded his first shipment of men and teams to railroad work in the mountains. He will send a score men and teams within a few days.

The young eight Ogden lodge, No. 1, Knights of Pythias, united the following named as delegates to the grand lodge session at Provo: Messrs. Spence, L. N. Nash, Anderson, J. O. Wells, A. T. Hermann, E. E. Joyce.

EFFECTS OF THE STORM.

Bishop Robert McFarland of West Weber writes: "On the 28th ultimo, afternoon, says the storm of the last three days will assess more loss or damage to the farmers of this ward by the waters, by rainwater settling to the ground, which had become pretty dry, and was rendered soft by the depth of snow.

Mr. and Mrs. Al. Wake have returned to their home in Ogden from Salt Lake several weeks ago for the benefit of Mr. Wake's health, which is very much improved.

Hon. Nathan J. Harris of Harrisville is rejoicing over the arrival at his home of a baby boy, who, like Shem, was born on the light of day April 29th.

Thomas C. Hoyer, the shoeman, and family, have moved to Ogden. Mrs. Hoyer was born in Ogden a boy Saturday last.

Water was turned into the Weber canal yesterday, and the farmers have started to irrigating.

The banks of the city closed their doors of business between the hours of 1 and 2 o'clock p.m. today, on account of the funeral of Captain Brown.

OGDEN CITY COUNCIL.

The street committee recommended to the council at the regular meeting, M. H. Thomas et al., that the low place on Madison avenue, between 25th and 26th streets, be filled down 2 to 3 feet. Adopted.

The dog tax collector, J. A. Lamport, reported $6 in taxes collected, which was turned into the treasury. He was allowed $30 for services in April, and the council adjourned.

Payed Reuben A. Peterson reported $11.35 turned into the treasury for April, and was allowed $5 for services rendered.

The Ogden Messenger and Signal Co., Alex Loshbaugh, manager, asked for a franchise to allow wires for a telegraph and messenger service. Referred to the joint committee on fire and police.

H. Terrell and six others protested against any action looking to the closing of Lincoln avenue. An ordinance passed its first and second reading and was referred to the committee on whole. Several remonstrances and against the measure were heard on the subject.

The Fire Alarm corset was appropriated $128.20 for wires for Lester and Liberty parks for 1899, $120 steam engineer at Reese, and $60 for Sunday service.

The Weber Stake Academy was granted the use of Lester park and permission to fence for a term of years, subject to action of public buildings and grounds committee.

The Ogden Club was granted the use of Lester park for a dance on Thursday, May 25th, subject to action of committee.

John Reese and ten others protested against the erection of a sanding tower on the corner of 25th and Grant, now being built by Mr. McKendry. Referred to sanitary committee.

The petition praying for the sale of beer was presented and referred. Several remonstrances in paying docket No. 1 passed its third reading, as also did the ordinance providing for fire and police officers. An order of councilman Brower to raise the Reed-Hall sidewalk was referred to the committee on streets.

The bond of Councilman John Watson was approved, and he took part in the meeting for the first time since his election.

RESOLUTIONS OF RESPECT.

The following resolutions were passed in honor of Captain Brown:

Whereas, Death has removed Rosey, captain of police of Ogden City, was killed by a desperado on Sunday last while in the discharge of his duty; and

Whereas, By his death Ogden City has lost one of its best trusted and faithful peace officers; therefore

Be it resolved by the city council of Ogden City that in the taking away of Captain Brown, the public loses a faithful and true friend who has diligently discharged many years of service in the cause of law and order; and be it further

Resolved, That we appreciate his devotion to duty, and deplore his untimely and tragic end, and be it further

Resolved, That we extend our heartfelt sympathy to his wife and children, in their great loss and bereavement at the hour of their terrible affliction; and that the council attend the funeral in a body.

The council adjourned for one week at 11:40 p. m.

PROVO.

Railroading in Provo Canyon—Sewerage for Provo—Garden City Briefs.

Special Correspondence.

Provo, May 2.—Chief Engineer Yard and Assistant Engineer Nash, of the Rio Grande Western Railway company, are visiting the grade of the Provo canyon extension yesterday, and expressed themselves as well pleased with the manner in which the work is progressing. The company will put a large force to work on track-laying this week, and Chief Engineer Yard states that before the 20th inst. the iron horse would be putting in the mouth of Provo canyon.

The bridge at the mouth of the canyon has been completed, and as soon as the track is laid to it material for the extension will be carried by rail on the south side of the canyon, to be used in the second eight-mile division of the extension. All the grading will be done before June 15, the limit of time given in the contract, and then it is believed that bids will be asked for the further extension of the road into Provo Valley, but which probably would be advertised, the chief engineer did not care to state.

SEWERAGE FOR PROVO.

At the regular session of the city council held last evening, the special committee on sewerage, which was appointed at the previous meeting, reported as to the probable cost of constructing a sewer for a distance of two miles. The total cost for labor and material was placed at $15,000. A grade of one foot to the rod can be obtained. The committee was discharged from use of eight inch pipe.

The city attorney is now preparing a bill to be presented to the council, which will create a new fire district, to be known as district No. 3, and which embraces sections 32 and 33, and the territory between the two blocks of the city. The sewer will empty into the factory race on H street.

David R. Hoole was appointed a member of the city council to fill the vacancy caused by the resignation of Hilaleth Johnson of the first ward.

Mayor Bean is opposition to Mr. Hoole's appointment.

NOTES AND PERSONALS.

County Treasurer Mad Goes of Emery is visiting friends in the Garden city.

William F. Silver, the printer, has let the contract for the erection of a new brick residence in the Third ward.

Robert Stewart and Sarah Ann Salt Lakers registered at the Hotel Roberts.

The town is being filled with the people of the Provo Woolen Mill company, which appear at the Opera house on the evening of May 9th.

Hon. Thos. Kearns, a prominent Salt Lake mining man, was in Provo on a visit today.

Mrs. J. E. Ferris is visiting in Salt Lake in the city.

It will be learned this city today that Lydia A. Knudsen has returned to New York City en route to Scotland, where he will visit his old home. Mr. Knudsen expects to sail for Europe on the 10th of May, and will spend a year in traveling over Europe.

Mrs. Ellen Jones today swore out an action in the Third District Court against her husband, Charles Jones, for divorce for taking total unlawfully. Their home is said to be found as soon as Justice Ellis reserves from Europe.

EFFECTS OF THE STORM.

Lillian, the seven-months-old daughter of Mr. and Mrs. George Stone, of the Third ward, died early this morning of bronchitis. Funeral takes place from the residence, corner of Fifth west and Fifth south streets, at 2 o'clock p.m. Thursday afternoon, at the family residence.

The county commissioners have been notified by the engineering department of the R. G. W. railway company, entrusted for the grading of the new county road in the Provo canyon, that the work of the Ancel & Sorensen contractors, or railway company appreciated about a mile and a half of the old county road for a road bed and are now using the same over in its place.

A. A. Jones of American Fork was doing business in Provo today.

Deputy Fish and Game Warden M. C. Nelson reports that there are thousands of trout destroyed by the heavy rains into the different canals from the Provo river and that unless some relief is given to the fish inside where they perish. One day last week Mr. Nowell with several other men went along the Provo bench canal and picked up over five hundred trout which they deposited back into the river.

LOGAN.

Ordinance Providing for Trash Cleaning—Delicate Surgical Operation.

Special Correspondence.

Logan, May 2.—The city council met in special session last night to hear protests against the passage of a new ordinance providing for the levying and collection of a special tax for cleaning and repairing the ditches and for providing for additions upon the same. The proposed ordinance provides for a tax of ten cents per rod for cleaning and repairing the ditches, which must be paid by the property owners before the third Monday in November, when the tax is required for delinquency will begin. A citizen who cleans his own ditch will receive a rebate of 10 per cent. The protest against this ordinance was heard in its third reading last night and postponed. The ordinance was passed at the regular meeting.

The stake conference in Smithfield, which was very well attended yesterday, continues today in the meeting house which raged all day. Apostle M. W. Merrill and Elder Rudger Clawson in delivering an instructive and interesting address upon temple work. Apostle Merrill addressed the saints in the afternoon and President Orson Smith made the closing remarks of the conference. Conference will convene in Logan July 30 and 31, when it will be continued in Byron.

SUCCESSFUL SURGICAL OPERATION.

Drs. Parkinson, Gowans and O. S. Ormsby performed a delicate operation this afternoon upon the ten years old daughter of Wm. Weir, Richmond. About two weeks ago the boy was thrown from a horse and sustained a fracture of the skull, which resulted in paralysis. Today the operation of trephining was performed and a large portion of the deadened skull taken out. Unless relieving the pressure on the brain, the boy would have died. The operation and is feeling much better.

KANOSH.

Fruitless Search for the Missing Man Gardner—New Sunday School Superintendent.

Special Correspondence.

Kanosh, Millard Co., April 29.—Since Thursday, April 27, and Friday evening the two men who volunteered to go in search of our supposed to be drowned citizen, Mr. Gardner, have returned from their long and fruitless search. It will be remembered that on March 31st Mr. Gardner left the residence of Mr. Gregory of Snake Valley, in a wagon that has given rise to a report that he had met with foul play or perished from lack of food during the storm. The citizens of Kanosh collected $25, and the above named gentlemen, Messrs. Eldridge and Anderson secured the country around the coming and above ranges, whilst Mr. Hatch, Mr. Gardner's son-in-law, Mr. Mons, and three cousins, California, without finding any further trace of the unfortunate man.

Three boys have done a generous and humane act, and the people of this locality are grateful to them for not only putting up their money, but also doing the plowing and seeding of the farms of the missing man, who have about a thousand miles in 22 days over a sparsely settled and barren country, to search for a man who is likely to be reported here.

The opinion regarding Gardner now prevailing here is that there is a reasonable "method in his madness," and that unrequited love is the cause of his disappearance, which has involved him in financial difficulties. His disappointments have probably unbalanced his mind temporarily, and he has gone to some place where they perish. One day last week Mr. Newell with several other men went along the Provo bench canal and picked up over five hundred trout which they deposited back into the river.

SPRINGVILLE.

Sheriff Arrives with the Captured Burglar, who Gives His Name as Geo. Thompson.

Special per Deseret Telegraph.

Springville, Utah Co., May 2.—Sheriff Stores is here with the person who burglarized three houses on Sunday last. He caught him at Strobl Junction, who gives his name as George Thompson, and hails from Texas. Nearly all of the stolen property was recovered. The prisoner looks to be about twenty years old, is well dressed and well informed. He waived preliminary examination.

MANTI.

City Still Quarantined—S. S. Conference Notes—Severe Frosts.

Special Correspondence.

Manti, May 2.—Manti is still under strict quarantine regulations. We have had no cases of public health for the past two weeks, and there are yet so many families quarantined that there is no hope of our schools resuming anything more this school year. The town, accordingly, is very quiet, and though desirous to be in a position to care for sicks, people are naturally very anxious that the town may be no longer under the ban of disease.

CENTERFIELD VS GUNNISON.

The county court is in session here today and tomorrow. One important question to be decided is whether Centerfield is to be a district separate from Gunnison, or not. At present the two towns form one district, Mayor Blood's control because an independent school district. It would undoubtedly cripple the Gunnison school.

The May term of the district court convenes next Monday. Several important criminal and civil cases are to be tried. The case of Mrs. Hannah Christensen vs Rasmus Clawson and her husband, is attracting considerable attention.

S. S. CONFERENCE NOTES.

At the Sanpete Stake S. S. conference held at Ephraim last Saturday and Sunday, the attendance was good, the quarterly reports should take the place of our semi-annual jubilees; it was also decided to hold the next stake S. S. conference in connection with the summer school, which is to be held at Manti. The following questions were raised before that time. Two young ladies from Salt Lake City, Miss Adams and Miss Hall, have been engaged to conduct the kindergarten work.

Silvester North was given an old fable party in the tabernacle these two evenings. A good program of exercises has been arranged.

Mrs. A. Peterson of Manti has gone to Richfield to take charge of the conservatory published at that place. If he finds the business agreeable he may accept the position permanently.

The "News" mentioned some time ago that Supt. C. C. Nelson was suffering from a cancer on his cheek. The last letter to their inducement seems to have been effectual, for now the wound is nearly healed, and Brother Nelson reports that the cancer will not bother him again.

For some days a week we had very strong winds from the southwest, and though the cold spell, which has continued for several days. Every now and then we have a little snow storm, but the air is always too cold for rain, or even snow, to fall. Fears are entertained that our fruit is being nipped in the bud.

The Ephraim Enterprise states that Joseph Jorgensen has just declined a very flattering offer from the Latter-day Saints' College Business department to call Lake City. He was offered the position of teacher of English and literature at a good salary, but his connection with the Manti schools has been so pleasant, he decided to remain in that city.

WOODRUFF.

Beautifying Church Grounds—Sunday Services—Returned Missionaries.

Special Correspondence.

Woodruff, Rich Co., May 1.—The weather for the past few days has been quite cold, freezing both the snow and making it backward for crops.

BEAUTIFYING CHURCH GROUNDS.

A large number of men, boys and teams assembled on the meeting house grounds on Friday, the 28th inst., for the purpose of leveling, removing rock and arranging the walks and grounds in harmonies with our beautiful meeting house. Bishop Matheson, with his usual efficient aids, formed the committee. The same good work continued on Saturday, the 29th inst., and by 5 p. m. it was finished in general shape.

SUNDAY SERVICES.

Elders L. A. Thurman, A. D. Crockett, R. Spence and M. Nelson, returned missionaries, addressed the saints at the meeting house on Sunday, and their remarks were accompanied with a strong testimony of the truth of the latter-day work.

Elder Enoch Cottam recently returned from a mission to the Eastern States to visit relatives and friends. He has the honor of being the first child born in Woodruff.

A Sunday school was also conducted by the T. S. M. I. A. at the ward hall on Sunday evening, May 1st.

OUR NEICHBORS.

WESTON, IDAHO.

Late Storm Injures Fine Crops on Dry Farms—Returned Missionary.

Special Correspondence.

Weston, Oneida Co., Ida., May 2.—We have had a severe storm since we passed through Cache Valley. The snow began falling Sunday evening and continued until Monday evening, and in the mountains must have fallen from eight to twelve inches. This almost insures a failure of grain on dry farms, and an average of five or ten more bushels per acre for our farmers. For some weeks the soil has been soaked, and the grain well and drying winds and our farmers were beginning to despair of raising anything like an average crop on dry farms.

Bishop Elder James Nielsen, our late returning missionary, gave us an account of some of his labors in the city of Milwaukee, while he was from his home. He labored principally in the city of Milwaukee, where there is a thousand miles in 22 days over a sparsely settled and barren country, to search for a man who is likely to be reported here.

The opinion regarding Gardner now prevailing here is that there is a reasonable "method in his madness," and that unrequited love is the cause of his disappearance, which has involved him in financial difficulties. His disappointments have probably unbalanced his mind temporarily, and he has gone to some place where they perish. One day last week Mr. Newell with several other men went along the Provo bench canal and picked up over five hundred trout which they deposited back into the river.

If he has a beer breath don't condemn him. First ascertain the cause of it. Perhaps he's not a friend and was invited to some King Cabinet. If they only had a bottle between them.

INVESTICATED MORMONISM.

Rev. Dr. Thomas E. Green of Iowa Much Impressed With It.

DEEP RELIGIOUS FERVOR.

Growth Astonishing When Men Cheerfully Obey the Commands to Go Out and Work for Faith.

Rev. Dr. Thomas E. Green, the distinguished Presbyterian divine of Iowa, who thrilled the Sons of the Revolution at their banquet recently in this city by his eloquent address, occurred yesterday from a study of Mormonism. He visited Salt Lake as the guest of President K. T. Jeffery and Colonel H. C. Dodge, and things outward visit impressions of the "Mormons" and the probable effects of the creed on the United States.

In speaking of his observations at the Brown hotel last evening, Dr. Green said: "The Mormons are a highly dynamic force and so potential in its possibilities that it is a matter of grave importance on the country and the world. I regard the Mormon Church as the most powerful and best equipped religious organization in existence for the propagation of religious doctrines. Its missionary work and its Church school system in this respect. The Mormon Church owns a farm for a family in a thickly populated part of the country, transports them across the mountains, places the family on a farm and provides a market for their crops. The farmer is then required to pay for his farm from the proceeds of the Church and of course he is forever the friend of those who secured his position.

COMPARED WITH CHRISTIAN SCIENCE.

"I see no more danger to the Republic from the growth of Mormonism than in the growth from the progress of Christian Science. From an orthodox point of view, it is not any more heretical to say that Mrs. Mary G. Eddy is inspired.

"The Mormon Church is a true—it is a spiritual and a temporal trust. There is no question about that fact. It is going to be a great power in the land, astonishingly. I am told that the Church has only to suppress in Utah, but has been successful in the work in Wyoming and is making rapid progress in Wyoming and in southeastern Colorado. The Mormon leaders encourage large families, and as I watched the faces at the great congregation which gathered in the Tabernacle at Salt Lake last Sunday, I was profoundly impressed by the earnestness of that mighty throng. I have visited nearly every house of worship of every denomination in this country, and I never saw anything like it. The people were deeply earnest. The effect of the sermon that was to be witnessed at the Tabernacle meeting. The speakers were referred to Mormonism as the only true religion, Georgia, New York and Germany. They spoke with fervor and as they told of their trials, their persecutions and their final triumph, through the assistance of God Himself, a great wave of emotion swept through the audience in the highest pitch of religious enthusiasm.

TERRIBLY IN EARNEST.

"Of one thing the visitor in Salt Lake is assured. The Mormons are terribly in earnest. They believe as truly as they believe in their own existence that their Church is of God, and they have faith and matters to what they point with a religious fervor unknown to Christendom. The secret of the Mormon's success is the earnestness of the same conditions as developed Christianity in the early days of the Christian era. Mormonism runs on the same category. Mormonism runs on the simple theory of inspiration of the Bible and the literal acceptance of its teachings. The institutions of the Bible still. They firmly believe that inspiration did not stop with the Bible, but that fathers passed through fire, water and blood that we conquer a home in which to worship God as we desire.

Dr. Green had a long talk with President George Q. Cannon, whom he considers a remarkable man. He also spoke in many conflicting reports concerning polygamy but he did not arrive at any conclusion. He will undertake further investigations before he writes his book. The interior religious enthusiasm and the willingness of men to leave their comfortable homes and go to the mountains and foreign lands, in the interest of the Church, were points which struck the author of the pamphlet with great force. He will embody his observations in a lecture upon "Mormonism" and its effects.—Denver News.
