CANYON RESORTS HAVE "DRY" SUNDAY

County Board Authorizes Sheriff To Make Canyon Clean and Safe for All Citizens.

FUNERAL OF DR. F. E. ROCHE

Systematic Campaign Against Crooks Daring G. A. R. Encampment—Weber Dairies Found Good.

OGDEN, Aug. 2.—For the first time this year the "d" was put on the resort in Ogden canyon yesterday and everything was "dry" at the Hermitage, Idlewild and Oaks. This action was taken by Sheriff Wilson under orders of the board of county commissioners. During the summer the resorts have been allowed to keep open on Sunday but were admonished to use discretion in the selling of liquor. The proprietors of the resorts did not follow the "d" in the matter of the selling of "booze" and on several occasions a number of disgraceful scenes occurred in the canyon by young fellows from the city who had imbibed too freely and had proceeded to become obnoxious to those who went to the canyon for rest and recreation. The resort proprietors can only blame themselves for the action for the county was forced to take in this matter. Sheriff Wilson and his deputies have also started a crusade against the violators of the auto speed law in the canyon and it was learned that a number of arrests will probably be made during the week. One of the auto speed artists is the driver of the machine of Dennis Smyth of Ogden and against whom numerous complaints have been made for the utter disregard of the laws for the protection of the traveling public. In a mad race between the Hermitage and Idlewild Saturday night it narrowly escaped striking a survey with two ladies and five children in it.

FUNERAL OF DR. ROCHE

OGDEN, Aug. 2.—At the St. Joseph's church this morning at 10 o'clock a requiem mass was conducted by Rev. Father Cushman over the body of Dr. Francis E. Roche, who died in this city Saturday. At the conclusion the funeral cortege moved to the City cemetery where interment took place. The local lodge of Knights of Columbus of which the deceased was grand knight, attended in a body. The death of Dr. Roche came as a great shock to the community and the medical profession of the city and state of which he was an honored member. About a week ago Dr. Roche while following his profession received a slight pin scratch which developed blood poisoning. Everything possible was done to save the man's life but to no avail and he died Saturday.

Dr. Roche was born in Cork county, Ireland, June 18, 1842. He graduated from the University of Dublin with high honors. He came to America and settled at Oakland where he lived from 1876 to 1888 when he came to Utah and settled at Corinne. Three years ago he came to Ogden where he continued the practice of medicine. He is survived by a wife and 15 children, two of whom are residing in England.

CAMPAIN AGAINST CROOKS.

OGDEN, Aug. 2.—Following conferences with the heads of the Salt Lake police department, the Ogden department has outlined a very active campaign which will be waged on suspicious characters entering Ogden en route to Salt Lake City. The campaign is one that will catch all the crooks who expect to operate in Salt Lake City during the G. A. R. encampment.

Folger's Golden Gate Coffee

The kind that makes the breakfast—real Coffee—strong and through—always the same.
Your grocer will grind it—better if ground at home—not too fine.

If the crooks do not keep "right on moving" when they strike Ogden or Salt Lake they will be jailed for 30 days on the vagrancy charge. Plain-clothed men of the Ogden police department will special officers of the railroad companies together with one or two experienced detectives from the east, will watch all avenues of approach to Ogden and all suspicious characters entering the city will receive a reception surpassing that extended the big visitors during the encampment. They will be sufficiently urged to be the guest of the city for about 20 days and watch the operations of making cobbles from rocks which will help the good roads movement in the state so that when they leave they will find hard roads made easy.

DAIRIES IN GOOD SHAPE.

OGDEN, Aug. 2.—Following the inspection of the Weber county dairies by Dairy Inspector Hansen, Health Inspector George Shorten stated Saturday evening that the dairies were found to be in good condition. "Of course," he stated, "the dairies are not ideal, but it is very noticeable that the milkmen are making an effort to keep their dairies clean. We find that some of the milk does not come up to the standard, but most of it is good."

JOSEPH C. PARCELL OF PROVO BENCH BADLY BEATEN

(Special to the "News.")
Provo Bench, Aug. 2.—Shortly after Saturday midnight, Joseph C. Parcell, Jr., while on his way home from Provo, was waylaid by two young men of Lake View, named Neely Souler and Abe Lunceford. He was knocked from his bicycle and badly cut up about the face, and would probably have been worse used had not passers by come to his rescue. His assailants then decamped and got away in a buggy which they had tied up nearby. A warrant has been sworn out against Parcell's assailants, and they will soon be arrested.
It appears that revenge was the motive for the assault. The two youths were forcibly ejected from a dance hall managed by young Parcell's father, and to get even with the older Parcell, the youths waylaid and beat up the son.
