SESSION OF THE CITY COUNCIL

Extension of Electric Lights and
Sewer System on North
Side Authorized.

VAST CANAL IMPROVEMENTS.

Capacity of Davis and Weber Coun-
ties' Big Ditch to be Quadrupled
—News Briefs.

OGDEN, Oct. 5.—At last night's ses-
sion of the city council, the extension
of electric lights on Washington avenue
to the northern limits of the city was
authorized after the committee had re-
ported favorably.

The petition of residents living on the
north side of the Ogden river for an
extension of the sewer system was
granted, and the city engineer in-
structed to prepare plans.

Fred C. Nesbitt was appointed cus-
todian of the voting machines at the
next election.

Liquor licenses were granted to forty-
eight dealers, forty-six of whom are re-
sidents.

Claims of the Wheelwright Construc-
tion company for paving and curbing
amounting to \$457.50 were allowed.

The commissioner reported receipts of
\$10.25 for September. The city pay roll,
amounting to \$2,227.50, was allowed.

The waterworks pay roll from Sept. 16
to 26, amounting to \$12.28, was allowed.
The poll tax collector turned in \$215 to
the city treasury. The sexton reported
receipts of \$27 for graves dug and lots
sold. The balance of the session was
devoted to the usual routine.

WAITING FOR FINISH OF ROAD.

OGDEN, Oct. 5.—The Plain City line
on the Ogden Rapid Transit Co. is being
rushed to completion, and it is thought
that it will be opened for traffic by
Oct. 15 or very soon thereafter. The
farmers in that locality have petitioned
the Amalgamated Sugar Co. to allow
them to delay the digging of beets un-
til the road has been opened, and the
company are favorably considering
the request. Until the line is
opened, the beets from the Plain City
district will be hauled to the cars at
Five Points.

CANAL IMPROVEMENTS.

OGDEN, Oct. 5.—The extensive im-
provements to be made on the Davis
and Weber counties canal have practi-
cally been started, and Engineer De-
Loach is making arrangements to en-
large the water capacity of the canal.
At the present time the capacity is 200
second feet, and it is proposed to en-
large it to 800 second feet. The bot-
tom and sides of the canal will be laid
in concrete, thus avoiding all leakage
and making the canal practically in-
destructible. It is also intended to
build an electric power house near
Rivendale, the power from which will be
used by the Salt Lake & Ogden rail-
way.

NEW UTAHNS THEATER.

OGDEN, Oct. 5.—The new building
being constructed on the site of the old
Utahns theater is fast being complet-
ed, and it is understood that it will be
in readiness in about 50 days. When
completed it will be one of the most
modern show-houses in the west and
will have a seating capacity of nearly
1500. Although the building will be
the last for the first part of the show
season, yet a great many splendid at-
tractions are promised for the winter
and the management promise to make
up for the loss by good quality.

Clifford Care, the young man who was
accidentally shot in the right eye with
bird shot while out hunting, will lose
the sight of that eye. The doctors at
the L. D. S. hospital have operated on
him and say there is yet some hope
of saving the eye, but it is very small.

R. C. NYE IN HOSPITAL.

OGDEN, Oct. 5.—Word from the Holy
Cross hospital at Salt Lake gives the
information that Robert C. Nye, the
brother of Fred M. Nye, who was
brought in from Ely on a special train
suffering from an acute attack of ap-
pendicitis, is getting along nicely,
though no operation has been per-
formed.

morning a fine 3 pound baby boy

at the residence on Adams avenue.

PUSHING PAVING WORK.

OGDEN, Oct. 5.—Word has been re-
ceived by Foreman Joe Wheelwright
of the Moran Construction company, to
get ready for the laying of asphalt in
Ogden on the streets being paved. As
a result, a large force of men and
teams at the plant at the west end of
Twenty-fourth street are busily en-
gaged "getting ready." Some delay
was caused by the burning of the
Moran plant at Salt Lake City and
now the entire force of asphalt layers
are to be sent here to get the job
finished before the term of the contract
expires. The work being done by the
O'Neil Construction company in laying
the concrete is fast nearing completion
and notwithstanding the muddy condi-
tion of the roads, everything is moving
forward as rapidly as possible, and
there is every reason to believe that
no delay will be met.

IN THE JUSTICE'S COURT.

OGDEN, Oct. 5.—Nine "Sunday
drunks" and two vagrants lined up
in the police court yesterday to receive
sentences from Judge Murphy. Eight
of the drunks are now doing time to
the tune of "five days" each. The other
man had the necessary \$5 and was re-
leased. The "Sunday drunks" habit
seems to be due to the purchasing of
bottles on Saturday night. The "vags"
endeavored to induce his honor to al-
low them to shake the dust of Ogden
from their feet but he remained hard-

I gave in favor of Doan's Kidney Pills

did me a great deal of good and I am,
therefore, always pleased to speak in its
praise. Backache annoyed me off and

unable to get relief until I commenced
taking Doan's Kidney Pills. I can add
to my own experience that many other
