

MINING, BUSINESS AND STOCKS

IRON BLOSSOM CLOSED WEAKER

Some Heavy Trading Done in This Tintic Stock on Exchange Today.

PRINCE CONSOLIDATED SOLD.

Sloux Consolidated Held Its Own—Ohio Copper In Demand And Firm.

While trading was brisk on the mining exchange during the forenoon session there was, in a number of instances, a sagging of prices. Iron Blossom, was in the list. It sold as high as \$2.25 and dropped to \$2.15 at the close. Colorado, on the strength of the statement of Jesse Knight that the company would pay a dividend in November, had a good effect and the stock was quoted higher. Sloux Consolidated broke about even, but Uncle Sam Consolidated and Nevada Hills weakened.

Ohio Copper was in demand again and sales were reported at \$4.05; Silver King Coalition brought \$2.95 and Bingham Central Standard, 2 1/2 cents. This represented all the unlisted sales of the forenoon. The closing quotations and sales were:

MORNING CALL

Table with columns: Listed Stocks, Bid, Asked. Includes entries for Addie, Ajax, Albion, Beck Tunnel Con., etc.

REGULAR SALES

Black Jack, 100 at 55. Colorado, 600 at 3.4. Iron Blossom, 200 at 2.20; 500 at 2.20; 800 at 2.20.

REGULAR AFTERNOON SALES

Indian Queen, 500 at 12. Iron Blossom, 800 at 2.12 1/2; seller 60; 100 at 2.12 1/2; 500 at 2.10; seller 60; 200 at 2.10.

REGULAR SALES

Black Jack, 100 at 55. Colorado, 600 at 3.4. Iron Blossom, 200 at 2.20; 500 at 2.20; 800 at 2.20.

This Morning's Metals.

SILVER, per ounce, 51 1/4. COPPER, cathode, lb., 13 1/4. LEAD, per 100 lbs., 4.30.

NEW YORK QUOTATIONS.

LEAD, firm, 4.30 @ 4.32 1/2. COPPER, firm, 13.75 @ 13.87 1/2.

MUST PAY UP SAYS DICKERSON

Nevada's Chief Executive Sends Instructions to Various District Attorneys

REGARDING BULLION TAX

Dividend Paying Mines Must Contribute to the State—After Lotteries Too.

Gov. D. S. Dickerson of Nevada has ordered Atty-Gen. Richard H. Stoddard to notify the district attorneys of the various counties to begin proceedings at once against every dividend-paying mine in the state which has not paid its bullion tax. It is probable that many of the mines that have filed sworn statements showing they are operating at a loss and yet have been paying dividends will be indicted for perjury in falsifying their reports.

These prosecutions will follow the lead suggested by State Bullion Tax Collector Haley, which shows that while the output of the state's mines is \$1,000,000 a month, only \$48,000 has been paid in for taxes in the last six months. A feature of the report is that many lotteries have been operated openly in the state in violation of both federal and state laws. "The lotteries must stop at once," said Gov. Dickerson, "as for the mine owners, their cases may take a little more time."

OHIO COPPER FINANCES.

Convertible Bonds Will Soon Be Offered at Ninety-Five.

The Boston News Bureau prints the following relative to the financial affairs of the Ohio Copper mine at Bingham: "Of the 530,000 shares of stock of the Ohio Copper company optioned to new interests by F. Augustus Heinze, 200,000 shares have already been taken up at a price slightly above the present market of \$3 per share. The remaining stock is optioned upon a rising scale of prices. With the sale of this stock, F. Heinze loses control of the Ohio Copper company, although he will remain a director and retain a personal ownership of about 50,000 shares.

The Ohio Copper company property adjoins that of the Utah Copper company in the Bingham camp and is fast approaching the producing stage. It is building a 5,500-ton concentrating mill, and on that property, 2,350 tons is promised for March 1. By that time the Mascot tunnel, which will connect the mines with the concentrator and formerly owned by the Bingham Consolidated company, but now the personal property of F. A. Heinze, will be put into operation. All the ore will be handled by gravity at a comparatively small cost. It is claimed that the Ohio Copper company mines have in sight one of a gross value of \$13,000,000.

The proposed issue of \$1,000,000 6 per cent bonds, convertible into stock at par, \$10 per share, will soon be offered at 95. They have been underwritten by a syndicate composed largely of the Ohio Copper company, but have already been taken by the directors and the underwriting syndicate.

NEW MINING CONCERN.

Articles of incorporation of the Merill Mining company of American Fork were filed today with the secretary of state. The company is represented by a lease and bond on the American Fork and Silver Wave patented claims in American Fork mining district. H. D. Coley is named as president of the company and H. C. Johnson, secretary and manager, John Cleghorn, vice president, and J. V. N. Dorr, inventor of the Dorr classifier for the treatment of ores and who is an operator of cyanide mills in the Black Hills, was a Salt Lake visitor yesterday and registered at the Wilson.

NEW COMPANY FORMED.

Articles of incorporation of the Merill Mining company of American Fork were filed today with the secretary of state. The company is represented by a lease and bond on the American Fork and Silver Wave patented claims in American Fork mining district. H. D. Coley is named as president of the company and H. C. Johnson, secretary and manager, John Cleghorn, vice president, and J. V. N. Dorr, inventor of the Dorr classifier for the treatment of ores and who is an operator of cyanide mills in the Black Hills, was a Salt Lake visitor yesterday and registered at the Wilson.

TINTIC SMELTER STARTS.

One Lead Furnace Goes Into Commission Tomorrow.

It was learned from the offices of Jesse Knight in Provo today that up to one furnace of the Tintic smelter tomorrow morning; the second to follow within a few days. This is splendid news and will be appreciated by the mineral mining companies which have been obliged to hold ore shipments pending the adjustment of difficulties experienced at the plant. The properties that will resume marketing will be the Grand Central, Coloradoan, Ajax and Beck Tunnel Consolidated.

NEWHOUSE CACTUS.

Conditions Improving Under New Management.

Results from the Cactus property of the Newhouse Mines & Smelters Corporation, since the Boston News Bureau, have been disappointing the past 12 months, but under the new superintendency of T. R. Drummond, who made such a splendid record as general manager of the Cactus property, an improved condition of affairs is promised for the Cactus in the near future. It is now producing about 500,000 pounds of copper per month at a profit, on 13 1/2-cent output of about 60 cents per pound. Mr. Drummond has had many difficulties to contend with, the principal one being a serious cave-in which extended to the 600-foot level and shut off mining from the rich seam of ore which proved so profitable to the company a year and a half ago. There is no reason to expect other than that the rich seam of ore which can be shipped direct to the smelter, will be found in place below the 600-foot level, or the lowest level upon which it has so far been mined.

ORE AND BULLION.

The ore and bullion settlements reported last yesterday by McCornick & Co., base: Crude ore and concentrate, \$20.00; base bullion, \$56.00. Total, \$76.00.

FIRST NATIONAL SMELTER.

The information comes from California to the effect that the First National Copper company's smelter, near Redding, has been blown in and the plant is treating 700 tons a day. The second 750-ton unit is ready, but for the time being the smelting operations will be confined to the first unit. The plant will treat ores from the Balaklava and Trinity copper mines, the latter being one of the Thomas W. Lawson enterprises.

BADGER BROS., BROKERS

160 SOUTH MAIN ST. MEMBERS SALT LAKE EXCHANGE.

PRIVATE WIRES.

Direct connections with all markets. Perfect facilities for execution of orders in New York and Boston stocks, Chicago grains and San Francisco stocks.

WILL SELL

1 acre Utah Mex. Rubber\$145. Utah Mex. Rubber Capital.....\$250. 10 Montezuma Orange & Banana \$90. 300 Elk Coal90c. 500 Independent Coal92c. 1,000 Utah Arizona Gold & Copper12c.

COLORADO DIVIDEND.

Tintic Company Will Share Profits With Shareholders Next Month.

"Uncle" Jesse Knight has given assurance that the Colorado Mining company will be in the dividend column next month, but is unwilling as yet to state the amount that will be disbursed among shareholders at that time. The directors of the company met on the 10th of November and the dividend will be payable about the 20th.

WHAT ELECTION RETURNS COST

It is Estimated That \$5,000,000 Will Be Spent on Wire Service, Etc.

Chicago, Oct. 26.—Getting the returns of the election this year will cost the American people over \$5,000,000, it is estimated, or more than has ever been spent for such a purpose in a presidential election before. Representatives of telegraph and telephone companies here report that the demand for wire service on the night of Nov. 3 is already greater than it was in 1904 and the remaining days will put the final figure well above that of 1904.

CONCENTRATES.

Chicago, Oct. 26.—The large producers of copper in the United States has sold its entire supply of copper for the balance of this year and has turned down bids for a number of million pounds of heavy delivery at above the present market.

VISITED CAMP OF CHAFFEY.

M. M. Johnson of the Newhouse staff of engineers, and Count LaBorde, have returned from making an inspection of the mines located in the new Chaffey mining district, but any more than to say that they were looking over the possibilities of the camp in general. The mines, Johnson and LaBorde had nothing to say about their trip. They visited the scene of the original discoveries.
