Late last evening the jury in the case of Mrs. Clara Sherer against Mrs. W. O. Stanley brought in a verdict in the plaintiff's favor for \$25 and costs. The action was brought to recover \$295 damages alleged to have been sustained as the result of a fight with the de-fendant while en route to Lagoon, last August on an excursion train. The case was tried in the municipal court and judgment was returned in the relatiff's favor for \$150. The defend-ant then appealed the case.

OF INTEREST TO FARMERS AND MECHANICS.

MECHANICS. Farmers and mechanics frequently met with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-thild the time usual-ly required by applying Chamberlain's Liniment as 'soon as the injury is re-ceived. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by all druggists.

STRENGTH AND ENDURANCE.

Are factors of the greatest success. No person can do full justice to himself without them. In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify. 8

some mighty good advice this way once. He says: "Drinking coffee left me nearly dead with dyspepsia, kidney disease and howel trouble, with constant pains in my stomach, back and side, and so weak I could scarcely walk. "One day I was chatting with one of my neighbors about my trouble and toid her I believed coffee hurt me. Neighbor said she knew lots of people to whom coffee was poison and she pleaded with me to quilt it and give Postum a trial. I did not take her advice right away but tried a change of climate which did not do me any good. Then I dropped coffee and took Jensen, Ealth McBrue, Escher Suton, Irene Wrathall, Alice Wrathall, Edna Barrus, Lisle Cask. Governor Spry addressed the students, and in the evening the governor was hanqueted, being the guest of the teach-ers and students of the school.
