Three Men in Addition to Fugitive President Believed to Be Involved.

### ONE OF THEM CASHIER HERING

When Confronted With a Bogus Note He Became Very Much Embarrassed.

Chicago, Aug. 11 .- All theories that Paul O. Stensland was the sole forger of the \$1,000,000 worth of crooked notes in the looted Milwaukee Avenue bank were smashed last night.

At least three other men in addition to the fugitive pesident are thought to have been engaged in the production of bogus signatures.

The authorities now believe Hering's hand penned the signatures of over \$500,000 worth of crooked paper.

A bogus \$10,000 note with the name of M. A. Labuy attached to it was discovered.

When confronted with the signature and charged with its execution, Her-ing became embarrassed. This was late in the afternoon and at 1 a. m., when the night's inquisition came to an end moral certainty had taken the place of suspicion in the minds of the officers of the law.

Five years ago Hering fell into Stensland's grip. He had, it is alleged, guil-ty knowledge of the theft of \$50,000 by teller in the savings department and, in fact, is said to have participat-ed in the loot.

summon peremptorily last night three of the principal directors in the affairs of the institution. They were called upon to explain conditions which iadicate that another line of robberies was being carried on independently of Stensland's own gigantic swindle.

The directors who responded to the submoons were Frank R. Crane and Marius Kirkeby. An officer was sent for M. A. Labuy, another director, but he could not be located,

Director Crane was submitted to a hot examination by Assistant State's Atty, Olson in the presence of Inspector Shippy and Assistant Chief of Po-lice Schuettler. He denied all knowledge of the forgeties perpetrated by Stenshand

From the admissions secured from the two officials it appears conclusive that the board of directors throughout its existence was a board of dummies. "Dld you ever attend a meeting of

the executive committee of the hoard? asked Mr. Oxon of Crane. No. sir; I never did." replied the

director "Did you ever know the executive

committee to meet?" "It never met so far as I know," admitted Crane.

"Did you ever pass on loans or do anything else to further the interests of the bank?" pursued the prosecutor, "No. sir," said Crane.

The director was shown a note for \$4,000 dated April 4 last and asked 1 1. e signature was genuine. He replied that it was. He said he had borrowed total of \$25,000 from the bank, the

stations at Monterey, Honolulu, Poriland and Tacoma, a pipe line from Santa Maria to Gaviota, a refinery at Gaviota and many oil properties; also six vessels for carrying oil, all at a cost exceeding \$4,000,000.

### SALT WATER FIRE SYSTEM.

San Francisco, Aug. 11 .- The fire ommission yesterday approved a rec-mmendation of Chief Shaughnessy, favoring the establishment at the ear-liest possible date, an auxiliary sait water system, so planned as to pro-tect the business portion of the city. The chief urged that cisterns holding at least 100,000 gallons, be established on the various hills throughout the city. city. Two high power fire boats were also recommended for use on the water front

Moscow, Aug. 11.—The police have discovered in a neighboring village a secret printing establishment of the revolutionary league, where the Vi-borg and Terjioki manifestoes to the army and navy have been printed. The police also secured three bombs. It is learned that among the members of the revolutinary committee recently arrested in Moscow was Mme. Efren-off, who is said to have been the chief of the central organization of the social revolutionists and peasants league of the Moscow district.

Fifty workmen agitators were ex-pelled yes day from Moscow.

## CHAIRMAN CORTELYOU.

Spends Three Days in Secret Confer-

### ence With Party Leaders.

New York, Aug. 16, The Herald tomorrow will say: Chairman Contel-you of the national Republican committee spent three days in this city this week in secret conferences with leaders of the party, with a view to bringing warring factions in the or-ganization in this state into complete armony if possible before the opening of the state campaign. Among the men he consulted are Republicans of large influence, some of them not identified ctively with either the Odell-Quigg r the Parsons-Higgins factions. Mr. Corielyou had little to say him-

self, seeking to become thoroughly fa-miliar with the situation before undertaking to bring the various leaders to-gether before the state convention is So far as could be ascertained. he made no suggestions for reconciliation before coing to his country place on Long Island. He will return early next week and those in his confidence would not be surprised, it is said, if he presented a plan by which both factions would be pacified.

### MRS. DEVLIN'S CLAIM AGAINST ESTATE DISALLOWED

Topeka, Kan., Aug. 10 .- The claim of Mrs. C. J. Devlin against the estate of the late C. J. Devlin for the sum of \$620,661.42 was today disallowed by N. H. Loomis, special referee in bankruptcy. The amount of the claim is the equivalent of the life insurance turned over by C. J. Devlin, with the consent of Mrs. Devlin, beneficiary, to the re-

celver of the First National bank as collateral security. Mr. Loomis' order disallowing the claim will be entered in the United States district court, but there is every reason to believe that an appeal from the referee's decision will be taken and the case will be fought out before

#### MRS. MYERS CASE.

United States Judge Hollock,

Said Gov. Folk Will Not Interfere With Her Execution.

Kansas City, Aug. 10 .- It was stated here today that Gov. Folk had sent word to Liberty, Mo., where the wo-man is in the county jail, that as far as he is concerned, he would not interfere with the execution of Mrs. Agnes Myers and Frank Hottman, charge with the murder of the woman's husband at Kansas City. The date of execution was previously set by the state supreme court for Monday, Sept. 2. next.

# MEN IN CONTEMPT.

Released From Jail by Judge Palmer Of Denver.

Denver, Aug. 16 .- Judge Peter T. Palmer of the district court today reased on bail H. L. Doherty, Frederick Williams, J. Cook, Jr., and George N. Ordway, who were in the county jail by order of County Judge Ben D. Lindsey on the charge of contempt for refusing to be sworn in the franchise investigation. The plea on which the cases were taken before Judge Palmer was that the county court had no jurisdiction and that the supreme court is now in recess

and cannot act. Two more ballot boxes were opened in Judge Lindsey's court today, but the result was negative. While there were irregularities found in both boxes, they balanced each other, and there was no chang in the total figures of the votes in the two boxes.

# CHICAGO POLICE.

#### Chief Collins Unexpectedly Explodes A Bomb Under It.

Chicago, Aug. 11.—Chie' of Fonce John M. Collins last night exploded a long ex-pected bomb under Chicago's police deartment. The order, one of the most sweeping

in recent years, mows down the peace guardens of all ranks. Inspector Nicholas Hunt, head of the Hyde Park police division since Hyde Park was made a part of Chicago, is discharged for superannualion and recom-mended for a pension. Another inspector, Patrick J. Lavin, for some months head of the Chicago Avenue division, is sup-pended pending the investigation of nargei

charges. Twenty-six changes and transfers were included in this order, there being but two discharges, Inspector Hunt being ac-companied in his retirement by Lfeut. Francis L. Smith, of the Rogers Park sta-tion, who also is on the superannuated list. The other changes include the pro-motion of two desk sergeant and one pa-trol sergeant to lieutenancies, the shift-

trol sergeant to lieutenancies, the shift-ing of eight captains and of eight lieu-tenants, the transfer of a captain to the head of the detective bureau, and the promotion of Capt. Peter M. Kelly of the Warren Ave. district to be inspector, to succeed Hunt.

## Relative of the Prophet Joseph Smith in Chippewa Falls.

CLAIMS ARE NOT SINCERE

#### On the Part of Certain Elders of "Josephite Church"-Admissions Made And Then Denied.

Chippewa Falls, Ia., July 31 .- It will be perhaps interesting to the readers of the Deseret News to learn that a close relative of the Prophet Joseph is liv-ing in this town who has until recently cupled the position of an elder in the e-organized church, but now belongs to the Roman Catholic church. The result of the conversation between the undersigned elders and this member of the Smith family will also throw light upon the methods of the Reorganites in denying the fact that the prophet practised the principle of plural marriage

during his life. We found Edson D. C. Smith, who is a son of William Smith, brother of the prophet, a few days ago, living about one and a half miles outside of the city limits of Chippewa Falls, and had the following interview. In response of our equest to give us a short sketch of his ife, Edson Smith had this to say:

If the Edson Smith had this to say: "I was born in the year 1862 in Elka-der, Clayton county, I.a., and joined the Reorganized church in 1888. Previous to this I had not affiliated with any church. A few years after joining that church I was ordained an elder and commissioned to preach the gospel in different parts of the United States Aldifferent parts of the United States. Although I did not possess a strong testimony in regard to the claims of Jos-eph Smith as a prophet of God I en-deavored to perform my dutles as an elder in that ehurch. Often when elder in that church. Often when standing in the pulpit and preaching to a congregation, however, I felt keenly that I was lacking divine authority to do so and this feeling weighed heavily upon me. About six years ago Elder P. W. Chathnen, residing in Independence, Jackson county, Mo., came to my house and while conversing with him I asked him the question whether it had come to his knowledge that Joseph Smith had practised polygamy. In re-sponse to this question Elder Chathnen stated that the prophet had practised that principle at one time during his career. He also told me that William Smith, my father, had lived in plural-marriage. This statement made such an impression upon my mind that I lost all faith in the principles advocated by my church, inasmuch as my father was a high priest in the Reorganized church and I have been always very much opposed to the teachings of plural mar-riage. Shortly afterwards 1 left that church and joined the Catholic church. which in my opinion holds the keys yet. hich were given to Peter by Christ Himself." When the undersigned en-tered upon the principles of the gospel as restored through the Prophet

Joseph and made comparison with the written word in the Bible, showing the harmony of both and the fulfillment of prophecy, Edson Smith remarked: "I Davis, pastor, 139 west Sixth South-Preaching, 11 a, m., by Rev. Richard Wake: Sunday school, 12:15 p. m.: have finished investigating the princi-ples as taught by Joseph Smith. I have found the Church of Christ and will re-main in the Catholic church!" We wish to state that Elder Chath-

contrary. Whether Edson Smith would be willing to give an affidavit to the foregoing statement we don't know. He expressed himself that he could do so, but didn't know whether it would

pay him to trouble about it. The work in Chippewa Falls is pro-gressing and we are convinced that a

few souls will be added to the fold of Christ in the near future.
