TERMS—IN ADVANCE.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, JUNE 20.

Mail Service Extension.—Hon. G. L. French, acting Second Assistant Postmaster General, telegraphs Hon. George Q. Cannon that the mail service will be extended on the Utah Southern Railroad Extension, as soon as the distance circular is returned by the Company.

Northern Notes.—Brother Jonas N. Beck, writing from Clarkston, Cache Valley, says they are experiencing a very dry time up there. It has not rained for six or seven weeks.

Much of the grain is not yet up, but that which is has been kept back by the extremes of heat and cold. Good health prevails in the settlement, and the people feel well and hopeful.

Kicked and Killed.—A special to the News, from Nephi, states that this morning a son of Benjamin Midgley, of that place, was kicked to death by a horse. He was leading the animal to water, when it became frightened and ran away. The boy got entangled in the rope and was dragged quite a distance and so badly bruised and mangled that he expired in about 45 minutes. The scalp was stripped from the skull. The lad was about 11 years of age.

Fatal Fall.—Saturday, a miner, named John P. Kieffe, a native of Pennsylvania, aged about 32 years, was accidentally killed by falling down a shaft of the White Pine mine in Park City. He was assisting to lower a pump column into the shaft, and was standing on a plank sustained by ropes, when he fell a distance of 140 feet and was instantly killed. He was buried in this city on Sunday.

Appraisers Report.—The appraisers appointed by the District Court to set the price on the property owned by Mr. Hardcastle, through which the owner refused to allow the big canal to pass, unless he were paid the sum of \$500 damages, yesterday submitted their report, which was accepted and the right of way granted to the canal. The report sets forth that a reasonable remuneration for the land and damages altogether would be \$145.80.

Three Ladies Drowned.—A terrible and fatal accident is reported to have occurred on the 14th instant, near Popper's Ranch, on the White River, about 35 miles from Ashley's Fork. Two women, a girl and a boy were crossing the river in a boat, which is propelled by the inmates pulling along a rope stretched from one side of the stream to the other, when by some means the boat turned and shipped water. The boy becoming alarmed, leaped out and the ladies followed his example. Before aid could reach them, though strenuous efforts were put forth by several men near by, the women and the girl were drowned. The boy clung to a log, thrown into the river, and was saved. The two women were the wives of a Mr. Campbell, and the girl was his sister. The boy's name was Darling.

News from Fillmore.—Brother Thomas Turner, of Fillmore, writing from there on the 27th inst., gives us a series of items on affairs in that city.

At the priesthood meeting held the day before, President Hinkley broached the subject of the establishment of home industries, which met with general favor. Brother Hinkley is fully alive to the importance of these matters. Among others, Bishop Abraham Kimball, of Kanosh, addressed the meeting and during his remarks stated that the

grasshoppers had appeared in his settlement and were taking the grain off rapidly. There seemed to be three hoppers to every stalk of wheat. But many of his brethren had been working on the railroad and had laid by enough means to supply their families with bread and other necessities.

Fillmore has, been re-consolidated into one ward under Bishop T. A. Smith.

There was a thriving day school taught by Mr. Alma Greenwood, a graduate of the Brigham Young Academy, of Provo, who is much liked by the people for his good management and general efficiency.

FROM WEDNESDAY'S DAILY, JUNE 30.

Silk Machinery.—Bishop A. C. Pyper informs us that the machinery is now in position at the Silk Factory, and as soon as the wheel is properly balanced, the threads will be put in and operations commenced. It will be in perfect running order in a very short time.

Paralytic Stroke.—The other evening, Mr. George Irvine, of the 6th Ward, was brought in from the Park prostrated by a stroke of paralysis. He had been cutting ties for the Utah Eastern and was stricken down while at work. His speech was gone and his right side deprived of feeling. He is under the treatment of Doctor Benedict, and at last accounts, had recovered the use of his tongue and was getting better.

Death From Burning.—The Junction of last evening says:

We learn that yesterday a couple of little children, a boy and girl, living at Corinne, crawled into an old deserted shanty, and finding a keg of powder set fire to it. The powder had undoubtedly been dampened, and did not explode, but burning up, set fire to the clothing of both children. The little boy was so badly burned that he died this morning at 1 o'clock, while the burns of the little girl, though not being necessarily fatal, are such as will, it is expected, necessitate the amputation of one of her arms.

"Contributor" for July.—The Contributor for July is out a day ahead, and furnishes the same interesting variety of literature, for which the magazine has been noted from the first. The contents of the present issue are: "Light," Quebec; "An Interesting Record," H. G. Whitney; "Felicia Hemans," I. Maria M. Miller; "Reading the Bible," J. J. Chandler; Editorial, "Political Parties and the Future;" "Trials and Happiness," Emmeline B. Wells; "Lesser Lights of the Book of Mormon," IV, R; "Bits of Travel," X, De Vallibus; "Oyster Raising," B. F. Cummings, Jr.; "Queen Victoria's Childhood," selected; Association Intelligence, and Publications Received. A collection that will well repay perusal.

Pioneer Day Celebration.—The committees who have in hand the proposed Mammoth celebration on the 24th of July, met in the Council house last evening, Chairman Jos. E. Taylor presiding. The following errors made by the press were corrected. On pioneer committee it should be John Pack, instead of John Paul or John Peck. H. B. Scoville, on brooms, instead of H. B. Laville. The Great Western Trunk Factory was misnamed by the secretary of the meeting. The following additions and changes were made in the committees last evening: W. King, Tenth Ward, was put upon the basket committee in place of Job Smith, not in the city.

E. Schoenfeldt, released, and Fred Goss appointed on the nationality committee. The committee was also empowered to select four ladies to assist them.

Bishop John Brown, of Pleasant Grove, was added to the committee on pioneers.

J. W. Tuckfield was transferred to the committee on machinery, etc., and Thomas Tuckfield appointed in his place on the committee on chains, boilers, etc.

The following additional committees were appointed:

Zion's Camp.—Hon. W. Woodruff, Joseph B. Noble and Wm. F. Cahoon.

Mormon Battalion.—C. Layton and O. G. Workman.

Merchants and Bankers.—Wm. Jennings, H. S. Eldredge, S. P. Teasdel and L. S. Hills.

Bookkeepers.—Thomas G. Webber, C. H. Bassett and Heber J. Grant.

Salesmen.—Geo. E. Bourne, Jas. Needham, Ed. Dowden and R. F. Neslen.

Representatives of the Press.—C. W. Penrose, Robt. W. Sloan, and Mrs. E. B. Wells.

Telegraphy.—W. B. Dougal, A. M. Musser and Daniel Spencer.

Invitation.—J. T. Caine, J. E. Taylor and C. R. Savage.

The several committees were requested to send in their reports of what they will be prepared to do, how many wagons and horses they will have, etc., by Saturday next, at the latest, to Jos. E. Taylor, Council House, Salt Lake City.

The committees are called upon to meet in the Council House, on Wednesday evening, July 7th, at 7.30 o'clock, sharp.

FROM THURSDAY'S DAILY, JULY 1.

Encouraging News.—Elder John Morgan has just heard from the settlements of the Saints in Colorado. The people are thriving. Crops are splendid and a general good feeling prevails.

Who Knows?—If this meets the eye of anyone who knows the name and whereabouts of the man who was "Hospital Steward" for the "Mormon Battalion," after Doctor Spencer left, please communicate the desired information to R. N. Alfred, Esq., Chester, Sanpete County.

Information Wanted.—Mr. Thos. Davies, of Mineral Point, Tuscarawas County, Ohio, writes asking information of his brother, David Davies, formerly of Rummey, South Wales, whom he has not seen or heard of for 14 years. Before leaving Wales for Utah, David had the misfortune to lose one of his legs. This may assist in his identification. Any one who knows him will do a favor by writing to our correspondent at the above address.

Educational Tour.—Professor Karl G. Maeser, whose arrival from Provo we noticed the other evening, called in to-day, previous to leaving for the north on a tour in the interest of education. He is accompanied by Messrs. J. E. Talmage and Edward Tanner, of Provo and Payson respectively, and at Ogden they are to be joined by Professor L. F. Monch, whose acquaintance with the northern country will be of much service to the party in their travels. Professor Maeser has received instructions from President John Taylor, and will visit all the settlements of the northern counties. We commend him to the kind care of our friends everywhere, and trust the journey will be pleasant and profitable to all.

Out on Time.—The July 1st number of the *Woman's Exponent* was placed on our table to-day. The leading prose articles are "Byron's Monument," by Hannah T. King; "Life Incidents," by H. M. Whitney; "Jubilee Celebration," editorial; "Orphanage, Nazareth;" "In What Does Beauty Consist?" W., and "Seek a Reward," W. Besides these, are an interesting budget of home affairs, minutes of the Relief Society conference, correspondence, reports and miscellaneous matters. The poetical pieces are "Offence versus Truth," by Emily H. Woodmansee, and "Wild-wood Leaves and Flowers," by Esther A. Benion. This number is among the best yet issued. Read it.

Returned Missionary.—Elder N. J. Gronlund, who returned Tuesday morning from a mission to New Zealand, called upon us yesterday afternoon. He left here on the 20th of last November, in company with Elder John P. Sorenson, and proceeded immediately to New Zealand, where he labored until the 25th of May, when his failing health compelled him to return home. The climate is very changeable, he says, and affected him so seriously that at one time he was deprived of his speech. His hearing was also affected. He traveled considerably and was busily occupied in preaching

and visiting. The work was progressing favorably when he left, but more missionaries were needed, as the harvest was great and the laborers few. Elder Gronlund has improved in health since arriving at San Francisco, but is still somewhat deaf from the effects of a severe cold contracted while away. We wish him a speedy restoration.
