

A CENTENNIAL AWARD

Is valuable to the recipient and the public, when given to one of many competitors, as showing true merit. The competition at the Centennial was great yet the manufacturers of Benson's Caprine Porous Plaster received the highest and only award; thus proving by the highest medical authority in the world the great superiority of their article over ordinary porous plasters and the slow action of the ordinary porous plaster, and to afford quick relief from pain. Only the purest vegetable ingredients enter into the composition of Benson's Caprine Porous Plaster. When combined they constitute the best remedy ever devised for the cure of rheumatism, neuralgia, lame and weak back, spinal and kidney affections, sciatica, lumbago, stubborn colds, sprains and bruises. Sold everywhere.

BENSON'S CAPRINE POROUS PLASTER is the best remedy for a lame or painful back, or weakness of the back ever invented or known. It soothes, it strengthens, it cures, where other porous plasters and all liniments fail.

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required.

AMONG beliefs founded on fact is the faith which the public entertain in the efficacy of Glenn's Sulphur Soap as a remedy for skin diseases and a beautifier of the complexion. It has widely superseded the greasy ointments, ointments and other oleaginous compounds used for cutaneous eruptions, and the ladies declare that it is far preferable to any cosmetic, as a means of whitening the skin and removing tan, pimples, freckles, moth patches, and the like. Both the medical profession and the press have borne evidence to the salutary qualities of this standard external specific for all diseases affecting the cuticle.

Sold by druggists. Price 25c. per cake. 1 Box (3 cakes) 75c., sent by mail, prepaid, on receipt of price. C. N. Crittenton, Prop'r, 7 Sixth Avenue, New York.

In the cure of consumption there is probably no known medicine equal to the Syrup of Hyophosphites, prepared by Mr. James I. Fellows, chemist, St. John, N. B. A number of cases have come under our notice the past year, when the results which have followed its use have been astonishing. We write this unsolicited by any one, and advise the afflicted to try it.
