# MINING, BUSINESS AND STOCKS

## MAY DAY ON THE EXCHANGE.

### Tintic Stock Moved up Another Notch During the Forenoon Calls.

### DALY JUDGE STRONGER, TOO.

**Columbus Consolidated Continues Popular Among Investors— Closing Quotations.**

The day opened with the mining stock market in good form, and there was some slack trading indulged in with Park City and Tintic stocks figuring in the transactions. Daly Judge found ready takers and the stock was bought up to $10.90 a share, at which figure 400 shares were brought out. May Day moved up a few more points and for a time it looked as if the stock might reach 30 cents a share, as some of the recent buyers have predicted it would do. Beginning with a sale at 28 cents the stock moved steadily forward and the gavel dropped on a sale at 23¾ cents.

Columbus Consolidated managed to keep in the $7 column, with a little over 800 shares moving. Tetro closed strong. South Columbus found a purchaser at 18 cents, while Sacramento changed hands to the extent of 6,000 shares, at 17½ cents.

The closing quotations and sales were:

## EVENTS AT SEARCHLIGHT.

**Flattering Returns Come From Estella Group in Sunrise Camp.**

A correspondent at Searchlight, Nevada, write that the recent developments on the Estella group in the Sunrise camp show very flattering returns to the owners. This young camp, hardly two months old, is about three miles southeast of the town and demonstrates that the mineral belt in the immediate vicinity of Searchlight extends south, as well as north.

The Estella group is situated about a quarter of a mile north from the original rich discovery made by Blutquist and Hammersly, and the camp is within plain sight of town. On the Estella No. 1, a 20-foot shaft has been sunk and L. D. Morrison, one of the owners, said: "We have taken a number of assayings from what we have and are returning anywhere from $12 to $30 per ton. In the foot wall of the vein we have opened up a streak that shows two feet of ore

## Today's Metal Quotations.

Local settling prices are reported by the American Smelting and Refining company:

| | |
|---|---|
| SILVER, | 64¼ |
| COPPER, (Casting) | 18½ |
| COPPER, (Electro) | 18¼ |
| LEAD, | $5.35 |

### NEW YORK QUOTATIONS.

| | |
|---|---|
| LEAD, quiet, | 5.35@5.45. |
| COPPER, Firm, | 18¼@18¾. |

that will run as high as $50, and some of the samples taken from this streak show 'free gold.'" The owners, L. D. Morrison, C. E. Topping and Fred W. Holmes, are experienced mining men from Colorado and Wyoming, and have done considerable leasing in Cripple Creek and other mining camps. The rock taken from the claim is both porphyry, closely stratified with spar and thickly imbedded with the live looking quartz characteristic of this district, the general appearance is identical with the ores of the principal mines of the district and would indicate that it is a direct continuation of the main mineral belt.

These assays values showing up in the surface croppings and in holes not over ten feet dep speak well of the camp.

### KIRBY ON FAIRVIEW

**Reports Favorably on the New Nevada Mining Camp.**

John A. Kirby, who has been making an investigation of the Fairview, Nev., district, has made a report to local associates and forecasts a promising future for that district.

Mr. Kirby states that the values at shallow depths at Fairview remind one of the values at Tonopah in the first days of that camp's life. He is of the opinion that the surface showings could not be surpassed, and is convinced that the ledges will descend with great strength and permanency. These ledges are enormous in extent on the surface, being traceable for many thousand feet in many instances. The mineralization of the district has been proved practically for a distance of 15 miles in length, and he is certain that Fairview has the making of a great district.

He gives the result of 17 assays on ore from 27 claims and the highest gave returns of $257.20 in silver and $523.46 in gold.

### THE OGDEN SMELTER.

**Work to Start on the New 150-Foot Stack.**

J. J. Burke, to whom was awarded the contract for the construction of the 150-foot stack and dust chambers, for the new Ogden smelter of the Utah Smelting company, went to the Junction City this morning to confer with officials of that corporation and to arrange the preliminaries preparatory to the commencement of work.

The information has come from Ogden that the laying of track to the smelter site on the spur from the Oregon Short Line main line is under way.

### SMELTER DESTROYED BY FIRE.

Grand Encampment, Wyo., March 28.—The great smelting, concentrating and electric and steam power plant of the Penn-Wyoming Copper company was almost completely destroyed by fire today, entailing a loss estimated at from $300,000 to $500,000, partially covered by insurance. The entire building was saved after a hard fight by the fire department. The origin of the fire is a mystery.

The plant had been closed down for the winter on account of the deep snow, and improvements under way. Preparations were on foot to resume last month.

### NEVADA STOCKS.

### PLACER GOLD FOUND IN CEDAR BASIN.

Kingham, Ariz., March 29.—Reports come from Southwestern Utah, one of the wildest spots in the week, of the finding of placer fields in what is known as Cedar Basin. The mines are north of Iceberg canyon, one of the canyons of the Colorado, and in the east side of Virgin mountains. Last summer veins of gold were found here, but lack of water made it impossible to work them.

A rush from St. George, Utah, and the Muddy valley in Nevada is now on and many people are outfitting here and will go to the new fields at once.

## BALAKLALLA TO SAN FRANCISCO.

### Head Offices of Copper Company To be Moved From Salt Lake.

### MGR. WHITE'S ANNOUNCEMENT

**Will Vacate Local Offices Next Saturday—To Push Smelter Construction.**

Salt Lake is to lose the head offices of the Balaklalla Copper company. While this move has not been entirely unexpected since the American Smelters Securities company acquired a heavy ownership of Balaklalla stock, official announcement of the proposed change was not made until today by Gen. Manager R. T. White.

The office effects of the copper company in the Scott building are being boxed up, preparatory to shipment to San Francisco. Mr. White having notified the owners of the building that the local offices would be vacated on next Saturday.

The mine, and smelter which is to be erected there, can be reached much more conveniently from the city on the bay than from Salt Lake, and inasmuch as local capital is no longer interested in the property to a very great extent and the fact that the main product of the Shasta county property is to go to the American Smelting & Refining company's San Bruno plant for final treatment, the California metropolis is the logical center for the maintenance of the company's headquarters.

Immediately after getting settled in his new home Mr. White will direct the drawing of plans for the new smelter in accordance with the recent changes, and will endeavor to get the construction of the plant under way at the earliest possible date.

### UTAH COPPER PLANT.

**New Dormitory Almost Ready for Occupancy.**

A gentleman who spent yesterday at the site of the Utah Copper company's new 6,000-ton mill expressed considerable surprise this morning at the progress being made with the construction of the plant.

A few weeks ago there were no buildings on the ground, except a few temporary shacks put up by the contractors, who had been working on the foundations for the permanent structures. Today several of the latter are about ready for the finishing touches.

The dormitory building, put up for the accommodation of officials of the company, is now practically completed and will be ready for occupancy early next week; the warehouse is also almost ready, and the power house is rapidly nearing completion.

The steel structural material for the main concentrator building is arriving daily, and the Rio Grande has delivered several carloads of equipment for the machine shop.

### PERRY AT DUCK CREEK.

**Local Mining Man Said to Have Investigated a Lead Property.**

It has been learned from an authoritative source that D. H. Perry and associates have been making an investigation of lead properties in the Duck Creek, Nevada, country, located northeast of Ely. The camp will be about 70 miles distant from those facilities by the construction of the Nevada Northern railroad.

### A TEN-FOOT LEDGE

**Mascott Mining Company Strikes One —Running a Tunnel.**

Provo, March 29.—The Mascot Mining company, whose property is located in Little Rock canyon, between Provo and Springville, has a 10-foot vein of gold-copper ore, from which assays of 18 gold have been obtained from samples taken a few feet below the surface. A 100-foot tunnel is being run to tap the vein 300 feet below the outcrop.

### MINING PROPERTY DEEDED.

**Spanish Fork Property Transferred to Colorado Parties.**

Special Correspondence.

Prvo, March 29.—Deeds conveying the South Point Lithograph quarry, 160 acres, situated one mile north of the mouth of the fork in Spanish Fork canyon, have been filed with the county recorder. The first. from John A. Strong and others of Utah county to J. C. Clark and others of El Paso, Colorado, and the second, from J. C. Clark et al to J. A. Voucheres of the same place. The consideration in the first deed is $160, and in the second deed $1 and other valuable considerations.

### CONCENTRATES

Broker H. B. Cole is still in the Manhattan, Nev., district.

Fred G. Schaeffer, a prominent Denver mining man, is in the city on a brief business trip.

Superintendent Fred B. Whitmore of the Columbus Consolidated mill is in the city for a few days.

E. W. Kelly has returned from an inspection of the properties of the Utah Goldfield Mining company near Goldfield.

Samuel L. Adams, manager of the Paymaster mine in Washington county, is in the city to confer with local interests.

Manager Tony Jacobson of the Columbus Consolidated is expected to arrive home from California in a few days.

Herman Reischke, a prominent mining man of Reveille, Nev., has reported conditions as improving in that district.

J. A. Jacobson is on a bonanza charge in the southern Nevada. He has been in the Searchlight and El Dorado mining districts.

John Campbell, secretary of the May Day Mining company, says the three cars of ore now at the samplers will net about $20 to the ton, or $2,000.

The ore and bullion settlements received yesterday by McCormick & Company were: Crude ore and concentrate, $27,000; base bullion, $48,000; gold bullion, $15,000.

Engineers in the employ of the Tin-

## STOCKS SHOWED IMPROVED TONE.

### Moderate Selling Movement Soon Followed by Bidding up Of Prices.

### ADVANCES THEN REACTIONS.

**Firmness of Money Market Acted as A Restraint Upon Speculation.**

New York, March 29.—The opening dealings in the stock market today were active and some large blocks changed hands, but the price changes were small fractions as a rule.

After moderate selling movement, in which Reading went down to 134½, prices were bid up again. Large transactions in United States Steel within a narrow range was a feature. In the railroad section in high priced transcontinentals and coalers there was considerable constant reactions went hand in hand with advances. Northern Pacific and Sugar each rose 1½ and St. Paul, Great Northern preferred, L. & N. Rock Island preferred, Republic Steel and Pacific Mail advanced 1 to 1¾ smelting preferred lost 1.

The issuance of the call money market acted as a restraint on speculation and prices in the general list were held back. Special stocks showed strength. Northwestern rose 2, Smelting and Colorado fuel 1⅓. Large buying of Colorado Northern fell from 1 to 1⅝. Steel preferred gained a point.

The price of lemons is of an upward tendency, because of reports that this year's crop is not up to the standard in quantity, and prices are up to $4.50 wholesale. Oranges, too, are stiffening in price and are up to $4 and $4.50. Poultry is scarce, but prices are not advancing as yet. The quotations obtaining today, in the local markets, are as follows:

### LOCAL MARKETS.

The feature in the local markets today, is the arrival of half a dozen cars of potatoes, from out in the desert, and dealers say there is always a ready sale for the ever present and ever desired tuber. There are also cars of various kinds of vegetables, oranges and lemons arriving from the coast, with consignments of pineapples from Cuba, tomatoes from Florida, and lettuce from southern Texas. But shipments from the Pacific coast are irregular and for the present hardly to be depended upon because of the interruptions from washed out railways, and rains over the farming districts.

## LIVESTOCK.

### OMAHA.

Omaha, March 29.—Cattle—Receipts, 4,700; market stronger. Native steers, 4.00@5.50; cows and heifers, 3.00@4.40; western steers, 3.40@4.60; canners, 1.75@2.5; stockers and feeders, 2.75@4.25; calves, 3.00@6.50; bulls and stags, 2.50@4.00.
Hogs—Receipts, 8,000; market steady. Heavy, 6.35@6.35; mixed, 6.30@6.37; lights, 6.25@6.30; bulk of sales 6.25@6.30.
Sheep—Receipts, 14,000; market steady. Yearlings, 6.00@6.60; wethers, 5.50@6.15; ewes, 4.50@5.30; lambs, 6.00@6.55.

### KANSAS CITY.

Kansas City, March 29.—Cattle—Receipts, 5,000; market steady. Native steers, 4.00@6.30; stockers and feeders, 2.25@4.90; cows and heifers, 1.65@4.30; western steers, 3.50@5.50; calves, 3.00@6.75; western fed steers, 3.75@5.25; western cows, 2.75@4.50.
Hogs—Receipts, 8,000; market strong to 5 cents higher; estimated tomorrow, 18,000; mixed and butchers, 6.25@6.47½; good heavy, 6.45@6.47½; rough heavy, 6.25@6.35; lights, 6.25@6.47½; pigs, 5.35@6.30; bulk of sales, 6.35@6.47½.
Sheep—Receipts, 5,000; market steady to strong. Sheep, 3.75@6.15; lambs, 4.50@6.90.

### CHICAGO.

Chicago, March 29.—Cattle—Receipts, 4,500; market steady. Beeves, 4.00@6.25; cows and heifers, 1.65@3.10; stockers and feeders, 2.75@4.50; Texans, 3.75@4.50.
Hogs—Receipts, 26,000; market strong to 5 cents higher. Mixed and butchers, 6.25@6.47½; good to choice heavy, 6.35@6.47½; rough heavy, 6.25@6.35; light, 6.25@6.47½; pigs, 5.35@6.30; bulk of sales, 6.35@6.47½.
Sheep—Receipts, 14,000; market steady to strong. Sheep, 3.75@6.15; lambs, 4.50@6.90.

## WOOL.

St. Louis, March 29.—Wool, steady. Territory and western medium, 22@27; fine medium, 21@22; fine, 18@21.

## PRODUCE.

### CHICAGO.

Chicago, March 29.—The wheat market opened easier today but prices quickly became firm on a fair demand from shorts and commission houses. Receipts in the northwest were reported as being liberal and Liverpool showed only a small decline in the face of yesterday's break. This factor, coupled with the demand from shorts and brokers, more than offset the bearish advices. May wheat opened a shade to ¼@¼ lower at 78 to 78¼ and advanced to 78¾@79¼.
Minneapolis, Duluth and Chicago reported receipts of 261 cars against 361 cars a year ago.
The corn market displayed considerable strength. The May option opened unchanged to a shade higher at 44⅜ to 44½ and advanced to 44¾.
The oats market was strong. May opened unchanged to a shade higher at 30⅞@30¾ and sold up to 30⅞.

The provisions market was steady. May pork opened unchanged to 2½ higher at 16.47½; lard was steady at 8.45 and ribs were unchanged at 8.77½.

Cash: Wheat—No. 2 red, 84..55; No. 3 red, 80@84; No. 2 hard, 79@80; No. 3 hard, 78; No. 1 northern, 78@80; No. 2, 79@79; No. 3, spring, 76@79.

Corn—No. 2, 46@46¼; No. 2, 45@45¼@46; No. 3, 45@45¼; No. 3 yellow, 45@45¼.

A reaction occurred later in the session because of profit taking. May selling down to 78¾@78⅝. Prices soon rallied, however, and held firm until the close, which was at 78¾@78⅞ for May, an advance of ⅝ over the close of yesterday.

Corn—The high point for May was 44⅞, a higher at 44¾.
Closing:
May Wheat—May, 78¾@78⅞; July, 77¾.
Corn—May, 44⅞; July, 45⅜.
Oats—May, 30⅞@30¾; July, 29⅜@29¾.
Pork—May, 16.50; July, 16.75.
Lard—May, 8.45; July, 8.50.
Rye—Cash, steady.
Flax—Cash, northwestern, 1.12.
Timothy—March, 3.17.
Clover—Cash, 13.50.
Barley—Cash, 37½@53.

Liverpool, March 29.—Close; Wheat—March, nominal; May, 6s, 6¾d; July, 6s, 6¾d.
Weather in England today was fair but cloudy

## WESTERN MARKET LETTER.

Special Correspondence.
Stockyards, Kansas City, Mo., Monday, March 26.—Representation from distant points has been small in the cattle trade for the past week. Cattle of this description have advanced to 15 to 25 cents since a week ago, particularly stockers and feeders. Total receipts last week were 38,000 head, the smallest of any week this year, but also containing the largest share of beef steers of any week before this and winter. The supply today is 10,000 head, and contains more country grades than usual lately, market steady or killing steers, strong on butcher stuff and stockers and feeders. A shipment from Sapache sold at a sensational price here last week, 1,051 pound feeders at 4.50, and 850 pound stockers at 4.50, with a pretty large fall and sorted out at 4.60. Idaho stockers sold at 4.30, and other range stockers and feeders at 3.90 to 4.60. Stock cattle are going to meet sharp competition for the next few weeks, as the demand will be keen on account of the nearness of spring, while the supply will be small for the same reason.

Sheep and lambs shaded downwards last week, more in sympathy with lower prices at other points than account of large run here, as the total supply was 37,000 head, a reduction of 2,000 from previous week. The run is heavy today, however, at 16,000 head, market 5 to 15 cents lower. Bulk of lambs sold today at 5.85 to 6.25, wethers and yearlings 4.50 to 5.70, ewes 4.40 to 5.25. Choice stock sells a shade above these figures. A shipment of lambs 86 to 95 pounds from Ft. Collins, sold at 6.40 last Thursday. Southern feeding sheep are pretty well run out, but considerable number remains in northern Kansas and Nebraska, besides the large volume still to move from southern Colorado. Ewes are being held back for breeding and shearing, and wethers and yearlings are also scarce as compared with lambs. High priced wool may cut some figure in receipts off after shearing is over, but present outlook is discouraging for much improvement in the situation.

Said sale will be made on or after April 19th, 1906, and written bids will be received by the undersigned at the office of Messrs. Cannon, Irvine and Snow, attorneys, room 514 Templeton Building, Salt Lake City, Utah. Terms of sale cash, 10 per cent payable on the date of sale and the balance on confirmation of the sale and delivery of deed.
DAVID FULLMER,
Administrator with will annexed of the Estate of David Fullmer, Deceased.
Dated March 20th, 1906.
Cannon, Irvine & Snow, Attorneys for Administrator.

## ASSESSMENT NOTICE.

Notice is hereby given that at a duly called meeting of the Board of Directors of the Riverside Canal Company held Thursday, March 22nd, 1906, an assessment of one dollar and fifty cents per share was levied upon the capital stock of the company, payable immediately to John L. Nebeker, Treasurer, No. 14 North Main Street, Salt Lake City, Utah. Any stock upon which this assessment shall remain unpaid after the first day of May, 1906, shall be declared delinquent, and if not paid on or before will be sold on the first day of June 1906, at 2 o'clock p. m. of said day to pay said delinquent assessment together with the cost of advertising and the expense of sale.
JOHN L. NEBEKER,
Secretary of the Riverside Canal Co.
