LAST NIGHT'S DISPATCHES

EASTERN.

WASHINGTON, D. C., June 15.—Changes are soon to be made in about twenty consulates, in order that Southern men may be appointed to them, the President having recently expressed his desire to give office to a large number of his Southern political friends.

General O. C. Howard, noticing recently the published article concerning his management of the Freedman's Bureau, and certain papers in that connection, submitted to Attorney General, says the sum of between three and four thousand dollars, represented as short in the disbursing officer's account, was unavailable, and is in no way wrong, and will be immediately paid to the Government as soon as the account is ascertained. As to the thirty-three thousand, the disbursing officer sent in the money as well as the receipt, and as soon as the second auditor can cancel the vouchers, he says all his transactions can be satisfactorily explained.

WASHINGTON.—The recent proceedings with regard to the return of the Kickapoo Indians to the United States, are in accordance with the action of the Mexican government, and of our own in April of last year, for the realization of the project. It was suggested that the government of the United States should advise the Governor of Mexico of the time and place on the frontier where the agents would present themselves, and the government of Mexico would, in such cases, provide that the authorities who represent it in that region, should take part in the conference and, if the Indians should freely determine to leave Mexico and settle on a reservation in the United States, Mexican military forces would escort them to a point on the frontier where American troops might receive them. The Mexican government further advised that agents, to treat with the Indians, be persons other than those who made the former attempt, in order to avoid reviving suspicions and prejudices against those persons, which might exist in the minds of the Indians, and the Mexican government promised that none of its authorities, accused of being opposed to the removal of these Indians, should have any part in the execution of the plan suggested.

John A. Bingham will remain in Washington several days to receive instructions as minister to Japan; he will not proceed for some weeks.

The secretary of the navy does not hesitate to say in advance of his official report, that the testimony elicited shows that Captain Hall died a natural death, and that the separation of those on the ice floe from the *Polaris* was accidental. He is desirous however of hearing the story of Capt. Buddington and his party, that both sides may be fully known.

MEMPHIS.—There were twenty-one interments to-day, against twelve yesterday. The physicians say the number of cholera patients is increasing, but the disease yields more to treatment that before.

ST. LOUIS.—The funeral of Major Henry Ewing, to-day, was very imposing, and numerously attended.

BOSTON.—A medical commission appointed by the Governor to investigate the present mental condition of Smith, the Westfield murderer, report that they find him sane and of fair intellect. The Governor and council thereupon decline to interfere, and he will be hanged on the 27th instant.

NEW HAVEN.—The large wooden building of H. B. Bigelow, iron works, on River street, was totally destroyed by fire this morning; the finished and unfinished machinery, which the building contained, was also destroyed; loss one hundred thousand, insurance $63,000.

GALVESTON.—A fire at Nova Scotia, this forenoon, laid in ashes the larger portion of the business portion of the town; originating in the rear of Smith's saloon, the fire swept Washington Avenue, from the post office. Loss is estimated at $200,000.

WASHINGTON.—The Smithsonian Institute has received a telegram from Professor James C. Watson, of Ann harbor, Michigan, announcing the discovery of a new planet, in seventeen hours, sixteen minutes of right ascension south, and twenty-one degrees, forty-three minutes of declination. It had a rapid motion north, and is of the eleventh magnitude.

PORTLAND, Me.—Judge Rice has resigned the Presidency of the Maine Central Railway, and has accepted the position of resident director of the Pacific R. R.

NEW YORK.—The coroners' jury, to-day, in the case of James Downey, who died from a blow by a brick, hurled by Michael Croning, on Saturday night last, have given a verdict of justifiable homicide. The coroner, however, required Croning to give bail to await the action of the grand jury and sent the witnesses to the house of detention.

The twenty-ninth annual meeting of the National Division of the Sons of Temperance will commence in this city on the 18th inst., the visiting delegates will be given a public reception.

Stellcheimer, the resident partner at Frankfort of the well-known banking firm of J. & W. Selignian, of this city, died there to-day; he was U. S. Consul at Stuttgart during the administrations of Pierce and Buchanpan.

The Germans are preparing to give a fitting welcome to the Prince George Royal Band of Saxony, which is expected to arrive in a few days.

Nine thousand immigrants arrived during the week at this port, making 141,866 since January 1st.

Cliffwood House, Keyport, New Jersey, was burned last night, loss not stated. The hotel was new, and just opened for the season.

Among the passengers for Europe, to-day, were Prince Azuma, and suit, of Japan, and Don Piatt.

The District Attorney is preparing for the new trial of Stokes, and has caused the committal to the house of detention, of the three Hall boys of the St. Nicholas Hotel, the principal witnesses in the case.

NEW YORK.—The *World's* special, dated London 15, says the Emperor William continues seriously ill, private advices representing his condition as alarming.

Francis Gillem, aged 23, a steam fitter of 131 Mulberry Street, this evening met his wife, Ellen, aged 19, to whom he had been married five months, but with whom he had never lived, in front of No. 33, Crosby Street, where she was walking with a friend, and, after a few moments' conversation, he brought her up Broome Street, near Elm, where he stabbed her in the breast, causing instant death.

James Duffy was stabbed and instantly killed by Edward Kirtland, *alias* Curtis, in a drunken affray.

PHILADELPHIA.—Prest. Grant has accepted an invitation from the Centennial Committee, to participate, on the approaching 4th of July, in the ceremonies attending the transfer of the grounds in Fairmount Park to the commission for the Exhibition in 1876.

NEW YORK.—A new chapter in the history of the Tammany frauds is about to be made public. T. W. Roe & Co. bring a suit against the comptroller for more than $200,000, alleged to be due them for stationery, and C. H. J. Fainter, employed in the Comptroller's office, has made an affidavit charging that the greater part if not the whole amount of his money was paid by the city, and divided among E. A. Woodward, and his so-called confederates in the late ring.

WASHINGTON, 14.—The Commissioner of Indian Affairs has received a letter from Thomas J. Jeffards, Indian agent at the Cachise reservation, Arizona, in which Jeffard says he has given a deal of attention to the matter of the alleged raiding into Mexico by Cachise's band of Indians, and he is satisfied that the depredations in Sonora are committed by Apache Indians living on the Mexican side of the boundary line. In corroboration of this statement he reports that a party of Sonora Apaches recently came to his agency, bringing stolen Mexican stock with them, which they wanted to trade with Cachise's Indians. They were threatened and compelled to leave the reservation. Jeffards, in conclusion, reports that Cachise and his band were still on their reservation, behaving well in strict compliance with the treaty.

HARTFORD.—David Scott, who, with his brother, was sentenced to imprisonment for life for the murder of three inmates of a house of illfame, in the rear of the Windsor locks, in January, 1872, committed suicide in the State prison, at Weathersfield, this morning.

INDIANAPOLIS, 14.—Jack Pierce and Thomas Daily were shot this a. m., by David Dunwarth, while they were passing the latter's house. It is supposed that Daily was fatally wounded. Some previous difficulty is the alleged cause of the act.

A large meeting of farmers and laboring men was held at Shelbyville, Ind., to-day; several addresses were made, and resolutions condemning salary grabbers, railroad monopolies and moneyed aristocracy were unanimously adopted.

ZANESVILLE, O.—Last evening Doctor Lewis, a physician in this city, learned that Thomas Smith, clerk in the B. & O. shops, a married man, having three children, had taken the daughter of Lewis in a buggy and left town, the Doctor followed and overtook them and shot Smith through the lung, besides beating him severely; he is not expected to recover. ST. PETERSBURG, 15.—The war office has received a despatch from Central Asia, which reports that the division of the expedition advancing on Khiva, by way of the sea of Arad, had made satisfactory progress. General Werewkin occupied Kungrat, one hundred miles north of Khiva, on the 20th of May. The Khivan forces had abandoned the place. The General continued his march along the line of the Oxus to Khojetli and Kunis Urgenj, the enemy flying before him. The Aral flotilla had entered by Aiogior, the southern arm of the sea of Aral, and had sailed as far as Kungrad, where its progress was stopped by shallows, and efforts would be made to reach Kala, at the southern extremity of the bay, where a depot of supplies is to be established for the troops advancing under Gen.
