LOCAL AND OTHER MATTERS.

The following dispatch was received this afternoon.

WASHINGTON, 12.—The nomination was made, to-day, of Silas A. Strickland, of Nebraska, as Governor of Utah Territory.

THEATRE.—Owing to the cold and stormy state of the weather the Theatre was not thinly attended last night. Tomorrow night the splendid drama "The Lancashire Lass" will be performed, Miss Hale Hinckley and Mr. G. W. Thompson, appearing in the leading roles.

THE LECTURE ON "PHOTOGRAPHY."—According to appointment, C. R. Savage, Esq., delivered a lecture on the above subject, in the 19th Ward Literary Institute, last night. Considering the stormy condition of the weather the audience was large. All who attended appeared to feel amply repaid for having left their snug fire-sides to spend a short time in the lecture room. Mr. Savage treated his subject in a most able and instructive manner to the delight of all present. He gave a condensed history of the art from its first independent stages, showing the high degree of perfection which it has now attained, the multiplicity of uses to which it is put and the employment it gives to hundreds of thousands of men and women. The lecturer explained, with experiments, the composition of the various chemicals used in photography and gave an account of the several species of cameras, some very massive, with regard to the choice of colors, for dresses, &c., showing which kind are the most durable. He alluded to the uses to which photography is being put in the present Franco-Prussian war. Mr. Savage spoke one hour and fifteen minutes, and, apparently, had scarcely commenced to expend the fund of information possessed by him on the subject upon which he lectured.

VARIOUS.—A violent wind and snow storm prevailed in this valley during the greater part of last night, accompanied by intense frost. This morning the clouds had cleared away and the sun has shone out brightly during the day. There will be a Grand Matinee at the Theatre on Saturday, on which occasion a splendid bill will be provided. This will give a fine opportunity to afford the children a little recreation and amusement.

Mr. John Lamb, just in from Morgan city, informs us that it has been intensely cold in that part this winter. More improvements, in the way of neat and substantial buildings of various kinds have been made during the past year than were ever known since the settlement of Water Valley. The people have been celebrating the holidays by indulging in the "light fantastic toe." There will be a Grand Soiree at the Social Hall to-night, it will probably be the most brilliant affair of the kind that has yet been given during the present season.

A desirable improvement has been made at the south and east entrances to the Temple Block, the old gates having been removed and their place filled by new ones. McKay and St. Ledger were, yesterday, taken to Provo, to appear for trial there, before the District Court of the First Judicial District, Judge O. E. Wickenden presiding. We are pleased to learn that the University of Deseret has secured the services of Professor Karl G. Maser. He will doubtless prove a valuable addition to the already efficient staff of that institution.

AT LAST.—That Carson Register, of the 8th has the latest intelligence concerning the Governorship of Utah. It is as follows:

"Hon. F. A. Tritle left for Utah on Thursday last, as we learn from a gentleman who met him at Reno. Rumor hath it that Tritle confidently expects to be appointed Governor of that Territory, Stephen T. Gage having gone to Washington some weeks since to demand such appointment as a right."

DISTRICT COURT.—FIRST JUDICIAL DISTRICT.—The following was received last night, per Deseret Telegraph Line, too late for publication in yesterday's News:

"Provo, Jan. 11.—The U. S. Court for the First Judicial District, Hon. G. E. Strickland presiding, convened in the Court House yesterday morning, at ten o'clock. The grand jury of twenty members was called, sworn, and charged by the Judge, to investigate the no-math whereon the laws of the United States had been violated. On the jury returning the civil docket was read. The Court then admitted about fifteen aliens to citizenship, and adjourned until 10 a.m. to-day.

At 10 a.m. to-day, the Grand Jury came into Court and presented one bill; and retired to investigate into Territorial business. Twelve or fifteen aliens were admitted, and the Court adjourned until 2 p.m.

When the Court resumed session, the case of Field, et al. H. N. No. 1, on appeal was called. After investigating the matter it was referred back to the Justice's Court to be re-opened and heard.

Some twelve aliens were admitted, and the number of aliens owned to having two wives, but married them before the act of 1863 was passed. After considerable questioning the Court admitted him to citizenship, complimenting him for his honesty.

The following civil suits have been acted on:

Hawks, vs. Hawkins, went by default against defendant.

R. M. Rogers, vs. Joe Sheppard and Parley Draper was called and continued until the adjourned term.

The Grand Jury has been in session two days, and has apparently been very busy.

A NOTICE TO LEAVE.—The Oakdale Transcriber, of the 9th, says that the day previous, a notice to the following effect, was posted upon a building occupied by Mrs. Kaiser as a boarding house: "Ladies, beware! D. Kaiser, we give you twenty-four hours to leave town; if not you will receive a coat of tar and feathers. By order of a committee of your creditors." The person named was Anna, named Kaiser, who ran away from Oakland some months ago with her sister-in-law, deserting his wife and children.

OAKDALE.—To-morrow evening Mr. Joe Barker delivers a lecture on "The Apostasy from the Primitive Church," in the 19th Ward Schoolhouse. The captives of the railroad robbers—Messer, H. P. Kimball, J. Q. Knowlton, R. Judd and B. Hampton—passed through Ogden on Monday, for Elko, to give evidence at the trial. Mr. and Miss Condeagle and Langridge Company played on Tues-

day in the "Chimney Corner" and on Wednesday in "Dora". The weather has been moderate and the consequence must tolerably plentiful.

BLACK.—It is said to be the intention of the Union Pacific Company to paint their locomotives—brass work and all—a jet black.

ELEGANT.—We saw to-day, some elegant nicely finished cutters, which were made at the Utah Manufacturing Company's works. The Colonial is turning out some splendid sleighs. Now is the time to buy, before the snow goes.
