DAY'S ATTORNEYS ARE WORKING HARD

mit to the East Convinces Him Strenuous Efforts Being Put Forth to Save Life of Condemned Man.

CLAIM NEW EVIDENCE FOUND

May Ask Supreme Court for Rehearing of Case, or Seek Reprieve From Governor Cutler.

The attorneys of A. T. Day, sentenced to be shot on Friday next at the state prison, are making strenuous efforts to save the negro's life. It is possible that some time today a petition to the board of pardons will be filed fisking further consideration of his case, seeking commutation of sentence to life imprisonment. The attorneys may file with the supreme court information to the effect that they have discovered new and material evidence which should go before the court and seek a rehearing of the case upon this ground. One other course remains: To seek a reprieve from Gov. John C. Cutler.

WORKING HARD.

Associated with Little and Dunn, attorneys for Day at the time he was tried in the district court on the charge of murder, are Dickson, Ellis, Ellis & Schulder. These attorneys have combined to take every step within the law to forestall the execution of their client. Their action was heralded for this morning, but up to noon nothing had been filed with the state's officers. It is probable that they will take some action in the matter before the day is over.

DIED OF TUBERCULOSIS.

Physicians Announce Result of Autopsy Over John Sergestrand.

John Sergestrand's sudden death was caused by tuberculosis. Such is the verdict returned by Drs. Calderwood and Raley after an autopsy performed yesterday afternoon. This disease is believed to have brought about dilirium, which the doctors imagined Friday to have been the result of unnatural causes, such as the presence of drugs. Sergestrand was arrested by the police Thursday and taken before the insanity board meeting the same day in the city and county building. His actions, while those of an insane man were so queer as to excite suspicion and belief that some kind of drug was the cause of his insanity. The body is now at Joseph William Taylor's awaiting burial. No word has been received from friends and unless relatives or acquaintances of the dead man step forward to contribute towards the burial, this will have to be paid for by the county. lirium, which the doctors imagined
