

## HOW ABOUT TWO-MINUTE TROTTER?

So Far This Season Has Failed To Produce One Yet.

RECORD OF CRESCUS 2.02 1/2.

Still Stands Unbroken—Also That of Paer Star Trotter With Unbeaten Mark of 1:59 1/2.

Now that the harness racing season has passed the middle stage without bringing to the front a trotter fast enough to lower the long standing record of Crescus, 2.02 1/2, or a pacer capable of wiping out the champion mark of 1:59 1/2, made by Paer Star Trotter in 1897, horsemen who were cocksure a year ago that the then new practice of driving a runner in front of the harness horse afforded no aid to the latter are beginning to admit they were mistaken and to realize that the real two minute trotter may not yet be in sight after all.

At this time last season both Lou Dillon and Major Del Mar, trotting in the wake of the runner in front, had beaten the best time on record, and the mare had reached the two minute mark. Among the paces, Dan Patch had eclipsed Paer Star's record at his first attempt with the aid of a runner in front, trying repeatedly and always failing under normal conditions. In the month of September, Dan Patch trotted a mile in 1:59 and Major Del Mar trotted in 2:00, with a wind which broke the natural resistance of the atmosphere. After all these performances had been ascribed to the highest of wind, the trotting turf, the owners of the wind shield champions decided to discard all artificial aid for their horses this year, and the performances of Lou Dillon and Major Del Mar have been made under normal conditions, with the prompter, or pacer, in a position affording no assistance to the harness horse.

**FIELD DILLON'S FASTEST PUBLIC PERFORMANCE**  
Thus far this season is a mile in 2:04, and this is four seconds slower than his best performance in August, 1903, and a quarter of a second slower than he trotted when tried without wind shield at Brighton Beach, August 1, 1903. In justice to the mare it should be said, however, that her mile in 2:04 this season was made on July 27. At the corresponding period last season she had trotted in 2:03 1/2, in the wake of a runner. Shortly after trotting in 2:04 last July she was reported to be ill, and since then she has made no serious effort at record-breaking, hence her career in 1904 cannot as yet be fairly compared with that of 1903, and her performance with little light on her ultimate speed under normal conditions. As she is said to be now in fine trim again and is being carefully fitted for a season's effort, the fast track at Memphis in October, the next few weeks will doubtless tell the story. That she can best the present record of 1:59 1/2, is generally believed, even by those who think the runner in front helped her three seasons ago. More last season, but her ability to trot in 2:00, or even in 2:01, seems extremely doubtful.

**MAJOR DEL MAR'S RECORD.**  
Major Del Mar has trotted in 2:02 1/2, on three occasions this season, equalling the world's record made by Crescus in 1901, but missing the two-minute mark by a few seconds. He has also trotted in 2:04, and has been reported to be ill, and since then she has made no serious effort at record-breaking, hence her career in 1904 cannot as yet be fairly compared with that of 1903, and her performance with little light on her ultimate speed under normal conditions. As she is said to be now in fine trim again and is being carefully fitted for a season's effort, the fast track at Memphis in October, the next few weeks will doubtless tell the story. That she can best the present record of 1:59 1/2, is generally believed, even by those who think the runner in front helped her three seasons ago. More last season, but her ability to trot in 2:00, or even in 2:01, seems extremely doubtful.

## PITCHER JAKE WINNER.

Bumps Against Fresh Trouble When His Latest Bride Leaves Him.

A bride of a few hours, Laura Trumbull Weimer, wife of Jacob Weimer, the crack pitcher of the Chicago National League baseball team, it is announced today, fled from her arms to take refuge at the home of her father, George T. Trumbull, president of the Trumbull and Vault company, says a Chicago dispatch. She had discovered that Weimer was not the man she had married, and she fled from her arms to take refuge at the home of her father, George T. She had discovered that Weimer was not the man she had married, and she fled from her arms to take refuge at the home of her father, George T. Trumbull, president of the Trumbull and Vault company, says a Chicago dispatch.

The ceremony was performed by Bishop Muldoon a week ago. Weimer abandoned his bride in order that the wedding might conform with the wishes of his bride's family. Ten years ago, when a mere boy, the now left-handed pitcher was married at Des Moines, Ia., the union being unhappy and of brief duration. Weimer followed her to the former Mrs. Weimer took up her home in Los Angeles, Cal., where she now is with her little daughter.

## YALE'S FOOTBALL TEAM.

Some Good Men Added and a Fine Aggregation Is Looked For.

Despite the losses suffered by graduation last year Yale will begin the season with some excellent return material. Of the 15 men who won their Yale last fall, former Capt. Rafferty, Miller, Metcalf, Mitchell, Soper and Russell will be lost through graduation. The other men who are still eligible, and will in all probability play, are Bloomer, Kinney, Cusley, Rockwell, Hornback, Morton, Bowman and Hogan. With additions from last year's freshmen team and the entering class the team should start off a little better than usual, say nothing about Yale's football team.

Of these Yale, the former University of Chicago guard, Levine, Colby University, W. W. Coe, formerly of Oxford University, England, and Dan Quill, who has played in the past on the eleven of

Tufts and Amherst, were the leading candidates for the Yale team. At first it would appear that Capt. Hogan had a great aggregation at his command for the start, but Manager Spalding has discovered that Trip and Hornback are out of the game for a portion of the season at least because of conditions in their studies. One and Levine are probably out of the game for all time at Yale. One made a fizzle of a year's work and will not come back. Levine will be back but he is not just in his work dropping a year, and is before ineligible. He will play on the second eleven again in hope of helping develop the first.

Knocked Out Rose.  
Story of Little Fellow Whipping Jim Jeffries' Latest Challenger.  
"Chicken" Reeder, a lad of pugilistic accomplishments, and not a few victories in the amateur ring to his credit, is greatly enjoying the publicity which is being given to Ralph Rose's claim that he is the only man who can defeat Champion Jeffries. He has the distinction of having put the athletic giant down and out with very little effort, of course it was a couple of years ago, but Rose was just as big as he now is and Reeder was no larger. His present height being about 33 1/2 inches. He is in the light-weight class.

Reeder has many friends, who back up his assertions today and asking him out. The big lad had bullied the little fellow in an athletic contest between the Santa Monica and the Hollywood High School teams, and the amateur pugilist "it" according to the story. Those who saw him say that it lacked particularly interest, as the little fellow too quickly disposed of the giant.

## M'CLOSKEY WANTS PAY.

Spoilane, Wash., Sept. 26.—Pohu J. McCloskey, manager of the Boise baseball club in the Pacific National league, has brought suit against the club for \$1,140. McCloskey claims he was to be paid \$2,750 and 10 per cent of the score card sales and that he is still owed \$1,140. President W. H. Lucas of the Pacific National league, who holds Boise's \$100,000 guarantee, is made garnishee defendant.

The Ogden boys who have played on the Salt Lake team, Hiten, Hiten, Glen and Clark will settle down in the Junction City for the winter.

The selection of Charley Reilly as manager for the Salt Lake team for next season, was the chief topic discussed by local fans last evening. Everybody seems pleased with the selection, and all predict a more successful season for Salt Lake.

Tod Sloan has decided to try his skill as an "automobile jockey" and will drive his forty-horse power Deaerville racer in the international cup race at the Empire City track Saturday afternoon. Sloan's car competed at the last meeting, but was piloted by his chauffeur. Sloan thinks he can do better work himself.

Coach Maddock of the U. of U. football team is rapidly getting his men into first class shape for Saturday's game with the Boulder aggregation. He has had the hunkies practicing every afternoon and night, and it will be kept up until the day of the game. Last night he was assisted by D. Callahan and Dick Oglesby.

Judging from the reports that reach here daily from the different places where duels abound, there will be plenty to go around this week when the season opens. There is sure to be a big crowd of hunters out early in the morning, and a great slaughter is expected. At the present time there are thousands of the fast birds game on the different lakes, ponds and sloughs.

The National Sporting club of London, through its representative in New York, is making strenuous efforts to secure Jimmy Britt's signature to a set of articles calling for a twenty-round bout with Jabez White, the English lightweight. Yesterday the American representative of the foreign club communicated with Britt. The latter replied that he would be glad to meet White, but preferred that White come to this country and fight at Frisco. In view of the uncertainty of boxing being held on the coast after this month it is believed Britt will change his mind and accept the London club's offer.

Tonight, Coach Maddock's men will engage in a friendly game by way of practice with the local eleven. Tomorrow there will be a meeting of the football enthusiasts, at which speeches will be made by Prof. F. Reynolds of Harvard, who will lecture on "Student Life at Harvard." There will be another meeting on Friday when final preparations for the entertainment of the Boulder team will be made. The visitors will be shown a good time while here.

Johnson believes that Jimmy Britt's offer to fight Gaus has helped his case. "He will fight me yet," said Jack, not at all discouraged. "He has got to.
