

OVER OLD TRAIL TO CALIFORNIA.

But This Time the Sturdy Pathfinders Will Go in Pullman Palace Cars.

GUESTS OF SAN BERNARDINO.

Made Such Through the Courtesy of United States Senator W. A. Clark Who Furnishes Transportation.

There are few chapters in the history of pathfinding in the west growing more rapidly in recognized importance as time throws it into the proper perspective, than that of the makers of the trail from Salt Lake to Los Angeles.

A week from Monday all who are left of the little band who crossed over the southwest desert on the pioneer trail will be able, go again, on the train road which has been built in the wake of their earliest efforts.

It is well known now that San Bernardino was a "Mormon" city at its birth, and the "Mormon" people established a settlement at Las Vegas, and that in the San Bernardino mountains the arrowhead emblem is styled the "Mormon" arrowhead in deference to a tradition that it was placed there as a Heaven sent guide to a band of intending settlers.

It is now learned that in addition to the joy of the old pioneers who are to visit again the scenes of the former home in San Bernardino, there is to be a welcome to them on the part of the people of California.

When the "Mormon" pioneers gave way to the California pioneers in the great city belt of California, the first of the new people was to absorb all of the "Mormon" names for the streets of their city at San Bernardino. Now these same pioneers are to welcome their Salt Lake friends to these same streets, and the old prejudice against them is gone till it leaves not the slightest trace. It is merely a case of truth outliving the lie of slander.

of Southern California have met in anticipation of the visit from the Utah pioneers, and passed resolutions requesting them especially to come to San Bernardino in the southwest country.

RESOLUTION OF INVITATION.

This text of the resolution follows: Pioneer Hall, San Bernardino, Cal., Sept. 24, 1905.—To the Honorable Pioneers of Utah:

Greeting We have the pleasure and honor of informing you that the San Bernardino Society of California Pioneers of this city, at its regular meeting held in Native Sons' hall, Saturday last, unanimously and enthusiastically adopted the following resolutions:

Resolved by the San Bernardino Society of California Pioneers that we have learned with great pleasure of your proposed visit to southern California about Oct. 11, as the guests of the Salt Lake road and we most earnestly invite you to visit San Bernardino where a number of your old friends and relatives still live, and who are most anxious to welcome you, and rejoice that the generous action of the Salt Lake road has afforded you this grand opportunity.

SILAS C. CONN, President.
JOHN BROWN, JR., Secretary.
SHELDON STODDARD, DE LA M. WOODWARD, W. F. HALCOMB, R. T. RUDERDUS, Reception Committee, San Bernardino Society of California Pioneers.

FROM SECRETARY BROWN.

Appended to it is the following letter of transmittal from the secretary:

San Bernardino, Cal., Sept. 25, 1905. Hon. C. W. Penrose, Salt Lake City. My Dear Sir: I beg to enclose you the resolution passed by the San Bernardino Society of California Pioneers Saturday last and ask you the kindness to publish the same in the "News" as the best means to inform the Utah Pioneers, who are to visit about Oct. 11, as the guests of the Salt Lake road, of the welcome awaiting them in San Bernardino on their coming visit, and wish you could be among the welcome guests.

Most respectfully,
JOHN BROWN, JR., Secy.

UTAH GUESTS.

The Utah party are to go to California as the guests of President W. A. Clark of the San Pedro, Los Angeles, Salt Lake road, and the trip is given them as a special recognition of their fortitude and bravery in opening the "old San Bernardino trail."

The survivors who have been invited to take the trip are the following: W. C. A. Simot, James A. Bean, A. L. Hale, Benjamin Cluff, W. W. Cluff, Henry Heath, S. L. Ensign, E. S. Worthington, Ruel Egan, William Price Jones, James Oakley, William C. Mitchell, William Robbins, Charles Crismon, Alexander Gemmill, I. N. Dunyon, George Spence, A. C. Mueser, Elmer Wilder, George Harrison, Thomas Dallas, Hop Pender, J. Lawson, Nathan Tanner and Phil Marquette.

FROM TWO PARTIES.

They are made up of members of two distinct parties who started in the westward movement from Salt Lake. One of them established the San Bernardino colony and the other built a fort and established a mail station at Las Vegas. The list is not complete, but apparently other pioneers entitled to go have not yet handed their names to the railroad officials with a statement of the part they took in the early settlement of the southwest.

A THRILLING TALE.

The story of the trip across to San Bernardino is a most thrilling one, and is told most completely in the journal of Parley P. Pratt, who accompanied the pioneers, and in the narratives of those who survive. A number of these were collected by the "News" and printed in its Christmas edition for 1904.

HISTORIC MILEPOSTS.

According to the statement of Mr. George Crismon, who crossed the desert 11 times before the advent of the railway, the mileposts of the old trail were as follows:
From camp Santa Clara to Beaver Dam, 30 miles.
From the Virgin river to Muddy river, 20 miles.
From the Muddy river to Las Vegas, 55 miles.
From Las Vegas to Cottonwood Springs, 15 miles.
From Mountains Springs to Kingston Springs, 45 miles.
From Hitter Springs to the Mojave river, 35 miles.

These long stretches were mostly through sandy bad lands and often up hill, so that the strength of both man and oxen was tested to the most severe limits in driving from camp to camp.

The visit of the pioneers is expected to last from Oct. 9 until they wish to return, within a limited period.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often troubled in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire, unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower cures the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists.

CELEBRATION OF JEWISH NEW YEAR

Rabbi Freund Preaches a Special Discourse on This Historic Day.

THE CROSS ROADS OF TIME

The Festival of Rosh Hashonah Will Conclude With a Good Time This Evening.

The services last evening in the Jewish Temple in honor of the Jewish New Year, were well attended, and Rabbi Freund preached a special discourse suitable to the occasion, and he said in part: "This is our holy Sabbath—the day sanctified by Israel's life and death, by the blood of heroes and martyrs. It is also our great New Year. Should not the day's two-fold importance awaken within us a thrill at the significance of all that is contained in the great day at which we are standing?" "Should it not give us cause to reflect on what each one of us is contributing to his share to the betterment of life?"

"We stand as 'Ivory at the cross-roads—the roads of time—a year passing forth into the spacious lap of history and the young newly-born year—hopeful with promise yet veiled in darkness to human eye. We look backward over the road traversed and what do we behold? Is yonder dark spectral mass, the remnant of obligations never met, of duties still unperformed? Is that gloom on the horizon made still darker by a heavy conscience? In a word, are we perfectly satisfied that we have dealt justly and honestly with our fellow travelers?"

"The value of time is best understood at such a moment as the present, when contemplation concentrates our thoughts on the duties and objects of life. And that we and the whole co-fraternity of Israel should at this or a corresponding moment find ourselves engrossed with this or similar train of thoughts may be an advantage, but it is not to be desired. The psychological reason cannot be satisfactorily adduced and we must accordingly—for a time at least—rest satisfied to ascribe such spasmodic thoughts to the influence of religious feeling to what has been designated the Jewish consciousness. In trying to define what this religious consciousness is, we arrive at a dilemma whose solution would involve us deeply in intricate windings as to religious and racial linking. But of this one fact we are assured from the time thus devoted to the day of memorial—and this fact we cannot deny—there is a strongness—there is an awakening of our religious affiliation with inevitable resultant duties.

"We deplore keenly the gross materialism of the age in which we live. By this we do not mean the materialism which posits that everything originates from a material source and accordingly denies the great creative cause, recently called God. By the term materialism—the pet term of those who desire to depict life's greatest crying evil—we would denote that air of self-satisfaction which seemingly cares for and feels nothing—least nothing short of life's termination."

The festival of the New Year, Rosh Hashonah, is concluded this evening.

LAID TO REST.

Impressive Ceremonies at the Grave of A Young Bride Yesterday.

At 5 o'clock yesterday afternoon all that was mortal of Mrs. Stella Brown McMurrin was laid to rest in the city cemetery. Despite the inclemency of the weather a large crowd of sympathizing relatives and friends surrounded the grave and with bowed heads and tear-bedimmed eyes witnessed the last rites incident to the death and burial of the young bride. The husband and parents of the deceased were visibly affected. Although the rain was pouring in torrents, the services at the grave were deeply impressive and consisted of selections by a male quartet which sang, "Go Bury Thy Burden" and "Sweet and Low," in most excellent style. Remarks eulogistic of the young woman and expressing the deep sympathy felt for the bereaved husband and families, were made by President Seymour B. Young, after which Elder Joseph H. Evans, grandfather of the deceased, dedicated the grave. There was an abundance of beautiful floral emblems, and the services throughout gave evidence of the respect felt for the young woman, who by her genial, sunny disposition and good conduct had won a wide circle of friends during her short life upon the earth. Bishop Edwin F. Parry of the Sixteenth ward conducted the service, assisted by Elder George R. Emery of the Salt Lake stake presidency.

BIG ISLAND RESORT.

Senator Clark and San Francisco Parties Interested—Trolley Lines Talk.

For many years Salt Lake has owned extensive property interests on Antelope Island in Great Salt Lake have looked forward to a day when it should become an attractive spot to Utah people, and serve as a health and pleasure resort to the city. The island has the combined possibilities of a sea beach, a health resort and extensive pleasure grounds, in a high altitude—features not duplicated anywhere in inland countries. Now it is thought that the time is approaching when something real can be done in developing the island's resources.

Before the visit of the San Bernardino

chamber of commerce to Salt Lake last summer, the island improvement company was formed, of which J. E. Dooly was made manager, and in which the various owners of land were members. An option was given by the company to Los Angeles parties, who were impressed with the possibilities of a scheme to improve the island. Mr. J. E. White, who is a pioneer in the field, is much interested in the future possibilities of the island.

In speaking of the matter this morning to the "News," Mr. White said that the recent lowering of the lake had uncovered a number of large fresh water springs on the island, and that this water supply was large enough not only to support a large hotel or summer pavilion, but in addition would, if handled through a pumping system, irrigate a large tract of land. Therefore, lawns and shade trees can easily be maintained about the resort, if it should be built.

As a method of rapid transportation, Mr. White said that at present a trolley line could be built parallel with the Saltair road till past the Cullen ranch, and then in a northwestern direction clear over to the island without crossing a bit of water. "If the lake ever rises," he added, "as I firmly believe it will some day, trolley work will be required, as in the case of the Lucin cut-off. A rapid trolley line would be a very easy thing to build out to the island."

On the bathing proposition Mr. White stated that bays on the west side of the island afford very deep water, clean, and any one of a number could be utilized for a bathing resort. The water deepens gradually, and is safe for women and children within half a mile from shore, but beyond that it is very deep.

The effort of the company when it was first formed was to sell the island to some one who would develop it. It is now known, however, that Senator W. A. Clark and San Francisco parties are interested in it, and whether they buy outright, or secure possession through some other means, it is expected that in the near future a plan of development will be begun.

DIVORCE CALENDAR.

Judge Morse Sets Five Wives Free From Their Husbands.

Judge Morse yesterday afternoon heard his weekly divorce calendar with the result that five unfortunate wives were released from the bonds which bound them to their husbands. The case of Agnes W. Fitzgerald against Mattland Fitzgerald was particularly interesting, and was the only one that was contested. The defendant in that case did not object to allowing his wife to support her, but he objected to allowing her to support herself. According to his evidence he had no desire to live with her any longer, as he said she always ran the house and he was tired of it, but he supposed giving her alimony, as she was capable of earning and did earn more money than he. Mrs. Fitzgerald testified that ever since their marriage on Sept. 17, 1901, her husband had failed to support her, and she had been compelled to support herself. Judge Morse rendered a decree in favor of plaintiff and allowed her \$75 as attorney's fees, but did not allow her alimony.

TIRED ALL DAY, EVERY DAY.

MRS. T. TRENER.

MRS. IDA GERMAIN.

Thousands of Women Write Dr. Hartman to Complain That They Never Feel Wholly Rested, That They Are Always Tired.

MRS. T. TRENER.

Albion Place, Natch Road, Paterson, N. J., writes:

"I suffered five years with my spine and pains in my back.

"I consulted you, fortunately, and in fourteen weeks was cured by the use of Peruna and following your advice.

"I can now do my own work. I cannot thank you enough. I cannot tell you how happy I am. No family should be without Peruna."

Suffered Years With Pains.

Mrs. Ida Germain, 531 Manhattan Ave., New York City, writes:

"For many years I suffered with pains in the pelvic organs. I was unable to find relief, as no doctor could help me.

"I read of your wonderful Peruna and decided to give it a trial. I took it for some time and obtained much relief.

Strong Again.

"Now I am strong again and have a good appetite. Peruna has relieved me of a chronic ailment, and I therefore recommend it to all women."

Always Tired and Weak.

Mrs. E. A. Connolly, 327 Garner St., Kansas City, Mo., writes:

"I have suffered for years with stomach trouble, so that I could eat hardly anything. I was tired and weak all the time.

PELVIC CATARRH CAUSES MANY AILMENTS.

There are so many women who are tired all the time. They get up in the morning tired and drag themselves around wearily all day.

They have pain in the back and dragging sensations which seem to weigh them down as though carrying a burden.

Such women are undoubtedly suffering with systemic catarrh. The proper remedy for them to take is Peruna.

The catarrh has invaded the whole abdominal and pelvic organs. Through mucous discharges they are losing vitality every moment.

The food they eat and the sleep they get is hardly sufficient to keep up with the incessant drain on their vitality.

The only hope for betterment in their cases is the complete removal of the catarrh.

This Peruna will do. It cures catarrh wherever located in the human body—in the thorax, abdomen or pelvis.

"This was caused by indigestion and female trouble. I suffered agonies and was afraid to be left alone.

Completely Exhausted.

"At times I was afraid to stand on my feet and to attempt to do any housework was out of the question.

"One day I read an advertisement of Peruna and its wonderful cures and I decided to try it.

New Life and Vigor.

"My husband brought home one bottle and before that bottle was half gone I felt new life and new vigor.

"That tired, hopeless feeling left me, I began to eat and my food nourished me. I could walk and do my work without fainting."

Peruna's Wonderful Work.

"I took several bottles during the summer and fall and cannot praise it enough for the wonderful work it did for me.

"When I feel tired or nervous from any cause, a few doses of Peruna cure me."

"I hope every man

and woman who suffers will give Peruna a trial and be as grateful as my husband and myself."

Doctored a Year.

Miss Anna McGinn, 161 Plain St., Providence, R. I., writes:

"I wish to let you know of the good your medicine has done for me. I had what the doctors called heart trouble.

I had been doctoring for a year before I tried your Peruna. I suffered the most with pain in my head.

A Friend Advised Peruna.

"One day a friend of mine told me of your Peruna, so I got a bottle. After a week's use of it I began to feel better.

"At first I could not eat, sleep or work, but I have at last found that the medicine that would cure me was your Peruna."

A New Woman.

"My face has a good color now. I am a new woman. I thank you very much."

Followed Dr. Hartman's Advice.

Mrs. Viola Marshall, 420 West Mason street, Springfield, Ill., writes:

"Two months ago when I sought your advice, I had gotten so weak that I had to lie down most of the time.

Praising Peruna.

"I began taking your Peruna and now I feel like a new woman.

"I shall never cease praising Peruna, nor thanking Dr. Hartman for his kind advice."
