

Local and Other Matters.

FROM TUESDAY'S DAILY, FEB. 13.

On the Way.—Elder Brigham Young, Jr., left St. George for this city on Saturday.

Running.—The drinking fountain, near the City Hall, is now in running order, having been "set agoing" this morning.

Shrove Tuesday.—This is the day memorable among Englishmen as "Pancake" Tuesday, consequently to-morrow will be Ash Wednesday, and Lent commences on Friday.

The Ogden Election.—At the Ogden municipal election, held yesterday, about seven hundred and fifty votes were polled for the Regular People's ticket, and four hundred and sixteen for the Revised ticket.

Good.—The variety entertainment last night for the benefit of the 20th Ward Sunday school, at the School-house, was a very creditable affair, the performers, mostly juveniles, rendering their parts excellently. There was a good attendance.

"Hoodlumism."—Last evening about half a dozen youths, located in Tanner's Row and vicinity, were arrested by the police, for disturbance of the peace, and were each fined \$5. Some paid the amount, while others, more impecunious, are working it out.

Election of Trustees.—Last evening the tax-payers of the 12th School District met, at the School-house, for the purpose of electing a board of trustees for the ensuing term. The old board—Messrs. A. C. Pyper, James Jack, and Joshua Midgley—were re-elected.

Periodicals.—We have received Frank Leslie's *Sunday Magazine*, one of the largest, cheapest, best and most profusely illustrated periodicals of the kind published; also Leslie's *Ladies' Journal*, Leslie's *Weekly* and Harper's *Weekly*, all of February 17th, and *Budget of Fun* for March. They are for sale at Dwyer's.

Dropped Dead.—This morning a horse, belonging to Mayor Little, dropped to the ground, in the harness, near the Theatre, and expired in a few moments. It was the same animal that ran away a few days since and hurt the teamster, who is suffering considerably from his injuries.

Returned Home.—Elders Edward Cliff and W. M. Reynolds, missionaries who have been laboring in the Eastern States, in Elder James A. Little's district, have returned home. The first named Elder was in ill health, and Elder Reynolds returned with him to attend him on the journey, as he was not in a condition to travel alone.

Fertilizers.—Brother J. H. Russell intends pushing vigorously the business of manufacturing fertilizers for the grangers of Utah. He will deal mostly in those containing a preponderance of phosphates, with which it is an absolute necessity to replenish the soil after such crops as wheat are repeatedly raised from it. Recently he had the misfortune to have his bone-grinding machine broken, but immediately sent an order for one from the east, which is expected shortly to arrive.

Bear Lake.—W. F. L. writes from Montpelier, Idaho, Feb. 9th, as follows:

"Bear Lake is having one of the most pleasant winters up to the present that the settlers have ever had in this north region. The health of the people is a great deal better at present than it has been for the last few months. Our meetings are well attended. We have a Y. M. M. I. Association. It is doing well, and is interesting. Also a good day school; and our Sabbath school is well attended, superintended by John Bunney. We have also a writing school. Notwithstanding the fine open winter, the Arizona and New Mexico fever is raging among the people hereabouts. Snow is about six inches deep. Hay and fish are plentiful."

Returned Missionary.—We had a call to-day from Elder William Adams, of Parowan, who returned, on Sunday evening, from a mission to the Eastern States, on which he left here last November. His labors were principally in the southern part of Iowa, Lee, Van Buren and Marion Counties, where

he held meetings every week, preaching to the people in the school-houses. He also visited Nauvoo, where he resided thirty-one years ago. He was greatly interested in visiting old scenes. He did not find anybody there, however, with whom he was acquainted.

He found a great many people while on his mission, who are favorably disposed to the Church, and who purpose emigrating to Utah.

During Elder Adams' absence his health has been rather poor.

Weather—Matrimony—Sickness.—Our Kanab correspondent writes under date of February 3d—

"In my last I wrote concerning the fire we had in this place. There was an error in the name and amount; it was the house of Elijah Potter; loss \$500 instead of \$1,500, as it read in the News.

"Our weather is still delightful, like a mild and beautiful spring, by it. Mr. Hill is less partisan than Mr. Norwood, and a man of immeasurably superior ability.

In the senatorial elections thus far the democrats have gained. The following retiring Senators will be succeeded by democrats on the 4th of March: From Arkansas, Powell Clayton, by A. H. Garland; from Illinois, John A. Logan, by David Davis; from Mississippi, James L. Alcorn by L. Q. C. Lamar; from New Jersey, F. F. Frelinghuysen, by John R. McPherson; from Texas, Morgan C. Hamilton, by Richard Coke. Should the two Senators to be admitted from Louisiana, and the successor of Senator Robertson of South Carolina, be democrats, the Senate will stand, after March the fourth, thirty-nine republicans, and thirty-seven democrats; but should they be, as is most probable, republicans, the latter party would have a majority of eight. The present republican majority is seventeen. The political balance in both houses will, during the next four years, be more nearly equal, than it has at any time since the war. This will have an effect to prevent the growing evil of absenteeism; it will stimulate mutual criticism, and impose a wholesome check on partisan legislation. C.

THE BIGGEST NUGGET IN AMERICA.

THE Omaha *Herald* of February 8th has an account of "the largest nugget in pure gold ever found in America, the history of which is as follows. Ed. Pandey, four miles from Helena, Montana, has a number of acres of level plateau-like land, with a sort of sandy soil, almost free from large stones. The soil is from eight to twelve inches deep, beneath which is a smooth solid bed rock. All this soil is pay dirt, and Tandy plows it over, harrows it, scrapes up the soil, hauls it to the nearest water, runs it through a sluice box, and extracts his gold. In other localities the bed rock lies from four to forty feet from the soil surface.

Last fall Tandy plowed over a few acres. Afterward he harrowed it, and the day being warm he threw off his overcoat upon the ground, and went home without it, but sent his step-son for it. The boy picked up the coat and near it the nugget, which is bright, 970 fine, weighs 27 and 60-100th ounces, and at \$20 and 17-100th cents an ounce in coin is worth \$583.82.

Mr. Goshorn, merchant, of Helena, bought the nugget from Mr. Tandy, and carried it to Omaha. Tandy's claim is to be thoroughly worked the ensuing season.

—Parson Brownlow has the reputation of saying something when he speaks. In a recent speech he is reported to have said that "the nearest he ever was to hell was in Washington."

DIED.

At Fillmore, at 5:20 a.m., on Saturday, February 4th, of pleurisy and lung fever, AMASA M. LYMAN.

Deceased was born in the township of Lyman, Grafton County, New Hampshire, March 30th, 1813. He was the son of Roswell Lyman and Martha Mason.

At Holden, Millard County, U. T., Feb. 3rd, 1877, of gravel, WILLIAM S. EVANS, sen.

Deceased was a son of Roswell and Sibbell (Spencer) Stevens; was born October 1st, 1799, in Herkimer, Herkimer Co., New York; moved with his parents in 1801 into the frontier of Upper Canada, on

Grand River, where the town of Brantford sprang up; subsequently his father moved to one fork of Grand River, where he bought a saw-mill and made improvements upon it and was extensively engaged in the lumber business for some six years; failing to meet his last payments in full on the mill property he lost the whole concern. From 1807 to 1818 he moved about from place to place, wherever he could get work at his trade. In 1812 he was in the war as a master mechanic, and in 1819 he moved to Mount Pleasant, about six miles from Grand River, where William grew to manhood and married September 2, 1827, Marinda Thomas; their six eldest children were born there. He first heard the gospel preached by Joseph Smith and Sidney Rigdon, in Mount Pleasant, 1835. In June of the next year he embraced the truth, and was baptized by Elder John P. Greene. He was a farmer. He was the eldest son of his father's family, and the care of the family rested upon him in the absence of his father, who was from home much of his time following his trade. In 1837 he sold out his landed improvements and on the 3d of August started to gather with the Saints in Missouri, but when he reached Hancock County, Illinois, on account of sickness in his family and the lateness of the season he was compelled to stop, which he did; in 1839 the Saints were driven out of Missouri and settled along the Mississippi in Commerce and other places, and some settled in LaHarpe, within four miles of where he was living. He buried two children and had five born in Hancock County, Ill. In Oct. 1845, he moved into Nauvoo and spent the winter, and in June, 1846, with a scanty outfit he started west and found the camp of the Saints at Council Bluffs, where he had one child born; he buried there his father, sister, wife and three children. On the 15th day of June, 1850, he started westward again, arriving in Salt Lake City October 3rd of the same year; camped on the Jordan for a few days, after which he moved and camped on the bottoms at American Fork for a few weeks, but finally built a log house in the fort at Pleasant Grove and wintered there. In the spring of 1851 he moved from the fort to his farm, between Pleasant Grove and American Fork, where he lived till the Fall of 1853, when the Indian troubles drove him into Pleasant Grove, where he had but just rebuilt his house, when a call was made upon him and others to move south to strengthen the settlements in Iron County; in November of that same Fall, he gathered up his effects and went south; at the request of President George A. Smith, he stopped at Fillmore, Millard Co., where he went into the canyon, hauled out logs and built a house, into which he moved on Christmas day, and spent the balance of the winter in building the fort at Fillmore, as a defense against the Indians. In the Spring of 1855 he was called by Pres. John A. Ray, with nine other families, to build a fort and settle on Pioneer Creek, in Millard County, with the view of taking care of all the stock in the county. They commenced to haul rock and to make every preparation to build the fort, where it was discovered that the water was falling, hence they all moved to Cedar Springs, where they built a fort that same season, where since has sprung up the flourishing and beautiful town of Holden, where he lived the rest of his life. He was ever ready to minister to the wants of the needy. He was successful in the business of life, and accumulated some means which he liberally used for the benefit of the Church of Jesus Christ of Latter-day Saints. His property he equally divided among his seven surviving children, with written instructions to each of them to use it for the education of his grandchildren.—COM.

Level Best.

We are sure it pays to do your "level best" at all times, as whatever is worth doing at all is worth doing well; as an illustration, the manufacturers of the famous Charter Oak Stoves have always aimed to buy the best material, employ the best workmen, and make the best COOKING STOVE that could be produced, and the result is, the CHARTER OAK has attained a popularity unprecedented in the history of stoves. w 3

A Card to the Public.

For many years we have made two medicines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the word failure could not be coupled with them. But within the last two years counterfeiters of our medicines have sprung up, dangerous in their close imitation of our Trade Mark. To secure the people we have placed upon each genuine box of Holloway's Ointment the facsimile of the signature of our agent, Mr. Jos. Haydock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing these unprincipled men to the bar of Justice. Uniformly refuse to purchase medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each box or Pills or pot of Ointment and the end will soon be reached.

The public's obedient servants,
w 52 HOLLOWAY & CO.

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease. JOSEPH M. RYDER.

For more certificates of cures see large circular around each box of ointment.

\$10,000 REWARD

Will be paid for a more certain and sure remedy. Sold by all the leading Druggists and country store-keepers everywhere. Warranted a sure cure or money refunded. Beware of imitations. Ask for Dr. Williams' Indian Ointment, and take no other. Depot, 338 Superior Street, Cleveland, Ohio. d

IMPORTANT NOTICE!

Readers and Heads of Families

CUT out this notice and send it to the Graefenberg Company, 56 Rea & St., N. Y., together with TWENTY-FIVE cents, and you will receive by return mail, postage paid, a copy of their valuable family medical book, entitled

The Graefenberg MANUAL OF HEALTH.

It contains 360 pages, handsomely printed on fine paper, and is written in language plainly understood by every one.

Centaur Liniments.

The Quickest, Surest and Cheapest Remedies.

Physicians recommend, and Farriers declare that no such remedies have ever before been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper. will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chills, Swellings, Sprains, and any ordinary

FLESH, BONE OR MUSCLE AILMENT. It will extract the poison of bites and stings, and heal burns or scalds without a scar. Lock-Jaw, Palsy, Weak Back, Caked Breasts, Paralysis, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We feel thankful to you, and recommend your wonderful medicine to all our friends."

James Hurd, of Zanesville, O., says: "The Centaur Liniment cured my Neuralgia." Alfred Tush, of Newark, writes: "Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it, &c."

The sale of this Liniment is increasing rapidly.

The Centaur Liniment, Yellow Wrapper. is for the tough skin, flesh and muscles of

HORSES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Swelling, Ring-bone, Wind-gall, Scratches or Poll-Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can. It is sold for \$20. for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced.

"JEFFERSON, MO., NOV. 10, 1873.

"Some time ago I was shipping horses to St. Louis. I got one badly crippled in the car. With great difficulty I got him to the stable. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with such success that in two days the horse was active and nearly well. I have been a veterinary surgeon for thirty years, but your Liniment beats anything I ever used."

"A. J. McCARTY, Veterinary Surgeon."

For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

Laboratory of J. B. Rose & Co.,

46 DEY ST., NEW YORK.

Mothers.

Castoria is the result of 20 years' experiment by Dr. Samuel P. Parker, of Massachusetts. It is a vegetable preparation, as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gives nor gripes. Dr. A. J. Green, of Rye, N. Y., Indiana, says of it:

"I have tried the Castoria, and can speak highly of its merits. It will, I think, do away entirely with Castor Oil. It is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. It is the very thing."

The Castoria destroys worms, regulates the stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for Teething Children. Honey is not pleasant to the taste, and Castor Oil is not so certain in its effects. It costs but 35 cents in large bottles.

J. B. ROSE & CO., NEW YORK.
