LAW AND EXPLOSOR.-The little Grant whipper snapper over the way who imitalks shout Mormon opedience to "The aws of the United States." What partieuar law of the United States these terrible Mormons have violated, he does not, because he cannot, point out. The concern over the way evidently knows less about aw than it does about religion, and this REID'S BUILDING. is about as strong a statement as can be made upon the subject .- Omaka Heraid.

THE SWISS AND GERMAN MISSION. The following is an extract from a letter from Elder John Huber, dated Barne, Oct. ird, and which appears in the Millewain! Stor of Oct. 19th:

We have baptisms once in a while, mostly young people, who are not so filled with the spirit of unbelief as to be deaf to the warning voice of the Elders of Israel. some time ago I baptized a Protestant minstor at Zurich, who was terribly hostile wards me when he first heard me preach told him to seek unto the Lord for his spirit and then obey its whisperings, and se would soon alter his talk and be bapfixed. The whole story is a very agreeable one, but too longthy to be given here; let me simply say this man gave up his own will, examined "Mormonism" without prejudice, went on his kness and in the name of Jesus asked for a testimony of the coth. In a few weeks he was changed rom a "Mormon" eater to a faithful Lator day Saint.
