CALLED BONDS. The Secretary of the Treasury has issued a call for \$10,000,000 of three per cent bonds, the grincipal and accrued interest of which will be paid February let, 1886, and the interest thereon will cease on that day. The following is a description of the bonds called: Three per cent bonds issued under the act of Congress approved July 12th, 1882, and numbered as follows: \$50, original number 250 to original number 355, both inclusive, and original numper 1,314 to original number 1,367, both nclusive; \$100, original number 2,166 to 2,206, both inclusive, and original number 9,564 to 9,863, both inclusive. \$500, original number 1076 to original number 1000, both inclusive, and origi-nal number 4046 to original number 4200, both inclusive. \$1,000, original number 9,787 to original number 10,012, both inclusive, and original number 20,311 to original number 23,587, both inclusive.

\$10,000, original number 17,401 to original number 18,364, both inclusive. Total, \$10,000,000. Total, \$10,000,000.

The bonds described above are either bonds of the "original issue, which have but one serial number at each end," substitute bonds which may be distinguished by the double set of numbers which are marked plainly "original" numbers and "substitute" numbers. All of the bonds of this loan will be called by the original numbers

orwarded to the holders of the bonds. but will be paid with the principal to the holders at the time of presentation Many of the bonds originally include t in the above number have been trans ferred or exchanged into other denomi nations on "waiver," the original numbers being cancelled and leaving outstanding the apparent amount above stated. The provision of law governing the order on which the bonds shan be called in is as follows: The last of the said bonds originally issued under this act and their substitutes shall first be called in, and this order of payment shall be followed until it shall have been paid. The bonds forwarded for redemption should be ad-dressed to the Secretary of the Treasury, Division of Loans, etc., Washington, D. C., and all the bonds called by this circular should be assigned to the Secretary of the Treasury for redemption. The assignments must be dated and properly acknowledged as pre-scribed in the note printed on the back of each bond. Where checks in payment are desired in favor of any one out the payee, the bonds should be assigned to the "Secretary of the Treasury for redemption, for account of there insert the name of the person or persons to whose order the check should be paid.)"

LAW CASES. In view of the large number of de-fective, irregular and insufficient proofs presented in the public land cases, Commissioner Sparks of the General Land Office, has issued a circular to Registers and Receivers of land offices n which he directs that proofs must in all cases be made to the satisfaction of Registers and Receivers, and that the cross - examination should be directed to the verification of material facts alleged in the case, and es pecially to the actual facts of residence, and whether the entry is made or sought o be perfected for the claimant's own use and occupation, or for the use and occupation, or for the use and benefit of others. The ready-made proofs presented merely as a pro forma ac-knowledgment without verification, cross-examination or evidence of identity, will not, it is stated, be considered such proofs as are required by law The officers taking the affidavits and testimous are required to call the at-

tention of parties and witnesses to the laws respecting false swearing and the penalties therefor, and inform them of the purpose of the government to hold all persons to a strict account for any statements made by them. PENSION LAWS. The pension burcau is in receipt of thousands of letters from all parts of

the country indicating the existence of the widespread but erroneous impression that the recent decision of the Supreme Court in the case of Mrs. Hattie Burnett vs. the United States would bring about an almost total change in the rates of pensions allowed to the widows of soldiers of the late The decision which was rendered by lustice Harlan, on the contrary, susains the practice of the pension office. Mrs. Burnett's husband, Gen. Ward I. Burnett, was allowed a pension of

72 per month by a special act of Con-gress on account of his totally helpless ondition, due to wounds received during the Mexican war. His widow was allowed a pension of the general law. She, however, appealed to the Court of Claims, claiming the same amount per month that her husband had received. That Court in its decision used this lan-guage: "The widow becomes entitled to a pension not necessarily at the rate her husband was allowed, but at a rate he would have been entitled to if his laims were founded upon what in the pension law is technically called "total lisability." The degree of disability by which his pension was rated makes of difference with the widow's right.

After death, all degrees of disability are considered by law as one and the same, to-wit: 'total disability,' and the rate of the pension given to that grade becomes the rate of the pension for widows. Pensions to living sol-diers are granted according to their respective incapacity to perform manrespective incapacity to perform man-nal labor. When the disability is tot i!, \$30 a month is given as an equivalent. A pension of \$30 a month—the sup-posed equivalent for 'total disability'.—is granted the widow.' The deci-

sion of the United States Supreme Court, which has been so much miscourt, which has been so much understood, simply, as before stated, affirms the judgment of the Court of Claims, and the long established practice of the pension bureau has thereby tice of the pension bureau has thereby received the sanction of the highest tribunal in the land.

About a month ago John T. Morion of Arkansas, was appointed through the Civil Nervice Commission to a thousand dollar position in the Postoffice Department. Nothing was known of him here except that he was a tchool teacher and the result of his examination had been entirely satisfactory, and when this morning a colored man presented himself everybody was aurprised. He is the first colored man appointed to a cierkship in that office.

CABINET MERTING All the members of the Cabinet were present at the regular meeting to day except Secretary Lamar, who is at his home in Mississippt. The session was devoted to the consideration of the financial condition of the doublet and the discussion of the probabilities of the action of Congress upon the silver question. question.

The Treasury Department bought in silver bullion to-day, the prices faster being regarded as too high.

It was possible for the Indiaus to move more rapidly than the white troops could by Judge Barnes also proposed the arming and enlistment of a body of Papago Indians, a friendly, industrious race, who are as much annoyed by renegate Apaches as are the whites. The Secretary said, in reference to the plan, that the army was already doing much of the service proposed. Gen. Sheridan had been sent out to the scene of the disturbance, and Gen. Crook, in whom they all had confidence, was in com-mand. If these could not subdue the hostiles, no one could. Springer said he did not know Gen. Crook, and had nothing whatever against him, but judging him merely by results, he was a failure. The renegades dld not num-ber more than 200 men. Crook, with 3,000 or 4,000 men at his command, had been hunting them for years and had not succeeded in putting a stop to the outrages. Senator Manderson came to Gen. Crook's defence, attributing

to his skill and ability the pacification of the Indians of Nebrasks. The bill referred to will be introduced by Congressman Laird, of Nebraska. The Eric Canal.

NEW YORK, 29.-The question of the ncrease of the carrying capacity of the Erie Canal was discussed at a meeting of canal boatmen this afternoon. Rea-olutions were adopted declaring it was the duty of the State to improve the canal without waiting for aid from the government, denouncing the extorions levied on canal commerce at New York and Buffalo, in the shape of excessive elevator, wharfage and insur-ance charges, which placed the Erie Canal at a vast disadvantage with all ts competitors, and calling on the Leg-Islature to enact laws to suppress these excessive charges. Other resolutions were adopted, urging upon the Legis-lature the necessity of immediately, improving the canals by appropriating money to strengthen the locks by raising the banks and thus deepening the canal, and by prohibiting by law the practice of certain railroads in this State in discriminating against shippers who use the canals of the State, by charging such shippers a higher rate for freight than others. for freight than others.

Explosion.

KITANNING, Pa., 29. - At the gas well being drilled for the Kitanning ron Co., three miles from Kitanning an explosion occurred about noon to clay, in which ten men were burned. The cause of the explosion is yet unknown. Detective Stevenson, who was but a few rods off, extinguished the fire under the boiler, which was but 15 feet away from the derrick, immediately after the explosion. He thinks the was ignited from that, while others s y it caught from a spark thrown from a piece of iron which was being sledged. The owners were at the well testing it, and the pressure was so strong that it forced off a gauge. A sheet of fame enveloped everything in the vicinity and turned the derrick and eleging

Mexican Robbers

St. Louis, 21.—News has reached here from Jamanez, Mexico, of a rob-bery which took place a few days ago in the State of California. It appears that John N. Flippen, a former Mayor of Memphis, Tennessee, but now manager of the Guadaloupe Silver Mining Company of Memphis, left the mine with two servants for Parral the party was captured by robbers and all of their personal effects, including the mules and outfit and gold and silver bullion valued at \$5,400 were stolen. Mr. Flippen was not injured. A parts has started from Parral in pursuit of the robbers.

The Imprisoned Miners.

WILKESBARRE, 29 .- There appeared to be no change to day in the situation at No. 1 stope in Nanticoke. The work of clearing up goes on slowly but steadily. George and Joseph Kivier, brothers of the three Kiviers who are among the victims, explored the mine as thoroughly as possible this afternoon. They came to the conclusion that it was impossible that the eatombed men could be still alive and that beyond any further doubt they ad been overwhelmed by the flood of sand which it was found had filled every portion of the workings. The Missing Schooner.

Chicago, 29.—The consignors of the missing schooner Orphan Boy, have given up all hope of her safety. A letter was received this morning by them from a lake captain, who saw the ill fated craft on Friday, Dec. 4th, about 5 p.m., abreast of Beacon Island. In the opinion of the firm, she there foundered in a territic gate of that night, or struck a reef in attempting to make a southern passage, and went to pieces. There were eight mon on board, who doubtiess went down with her.

"Bulldog" Kelly. ST PAUL, 29.—Commissioner Spencer of the United States Circuit Court this morning rendered a decision in the case of "Buildog" Kelly, remanding the prisoner to the county jail to await the action of the State Department of Washington ment at Washington. A complete transcript of the evidence will be at once forwanded to the State Depart-ment, where a review of the law points involved will be made. The prisoner s surprised at the decision, as he con-

Yesterday afternoon a crowd of 500 persons took the prisoner out on the road near the spot where the murder was committed and chained him to a tree, piled light wood about the miserable criminal and when breast-high, applied a torch. As the flames shot upward the negro gave a shrick of agony. The crowd seeing th smoke and flames enveloping him did hot wish him to die so easily, so they scattered the brands and the man was seen writhing in agony. Once more a pile of light weeds was constructed and the flames sprang up briskly seorching the negro terribly. Before they became fatal, however, they were again subdued and again the doomed Block. and wretched man was seen convulsed with terror and pain. St. Louis, 29.—A man named William E. Page, an Adam's Express messenger, dressed in woman's clothes, was brought into police headquarters to night foy: Detective Frank Erskine and taken in to Captain Freichtis's private office, where he produced from various parts of his clothing \$5,500. In the statement made by the prisoner after he was placed in the cell, he said he was express agent and telegraph operator at Golden City, Barton county, Missouri; that he had stolen the money found on him, and more besides, which he did not know what had become of He said he got drunk on Christmas day and had been drunk ever since. The money came from the Bank of Commerce of Kansas City, to Aldrich, Niles & Co. of Golden City. He knew it was coming and when it arrived he took it and all the other money in the office, went to his home, bundled up a lot of his wife's clothes, went into the woods and dressed himself and took the train for Springfield, Mo. There he boarded the St. Louis and San Francis: o train for St Louis, and was arrested by Erskine between Pacific City and St. Louis. He says there was \$8,000 in the package he stole, but he \$8,000 in the package he stole, but he claims not to know where the remainder is. The detectives, however, think he has secreted it. The robbery was committed on Monday, but was not discovered till last uight. Page was was detected through his disguise by a conductor of the train, who telegraphed to St. Louis, and Erskine boarded the first train and arrested the thief a few miles from the city. Page says he does not know why he committed the robbery, except why he committed the robbery, except that it was a drunken freak. He could have taken a much larger sum a few days before.
