

ACCIDENTS ON RAILROADS

Prest. Taft, as Head of American Red Cross, Greatly Interested In Problem of Prevention.

SEVEN RULES FORMULATED

They Are "Nevers" and Their Observance Will Materially Aid in Reducing Number of Casualties.

Chicago, May 12.—President Taft in his capacity as head of the American Red Cross has become interested in the problem of the reduction of accidents on American railways. The society is trying to get the railroads to co-operate with it along certain lines which it is thought will tend to reduce the number of accidents caused largely by the carelessness of travelers.

Several roads have consented to break their rules against the posting of placards in railway stations for the purpose of permitting the hanging of a large card prepared by the Red Cross.

The card in question is a series of red lettered "nevers" and they bear the signatures of William H. Taft as president, and of Robert W. DeForest as vice president.

The card states:

"Prevention of accidents and injuries by all legitimate means is a personal duty which every one owes not to himself alone, but also to his family."

Under the caption, "Rules for the Prevention of Railroad Accidents," seven "nevers" are given, among which are the following:

"Never cross a railway at a grade crossing before making sure that no trains are approaching."

"Never jump off cars in motion."

"Never put head or other part of person out of a car window."

"Never stand on the platform when the car is in motion."

"Never forget that carelessness on your part in regard to these precautions not only endangers your life, but the happiness and welfare of those near dear to you."

Epilepsy, Fits

Convulsions, or Spasms and St. Vitus' Dance are Nervous Diseases. Most cases can be cured by strengthening and building up the nervous system. To do this a nerve medicine is needed. Dr. Miles' Nervine will be found efficacious and satisfactory. It has cured many cases of these diseases and we believe it will cure you. We can give you names of many who have been cured through its use. Write for advice.

"My son John had epilepsy for years, and after having him treated by specialists for over 2 years he still continued to have spells. I had almost given up in despair, but knowing the virtue of Dr. Miles' Anti-Pain Pills for sick headache, I concluded to try the Nervine. During June, 1906, I gave him a teaspoonful three times a day, then in July I gave it as directed, and I could see that he was improving, and he has not had a spell since August 28, 1906, and has taken no medicine since Jan.-07. I am writing the case just as it is, hoping it will induce others to try it."

W. R. ALBISON, Mooresville, N. C.

Your druggist sells Dr. Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you.

WEAK PEOPLE NEED A TONIC

Strength for the Day's Work Depends Upon Good Red Blood to Nourish the Body.

There are thousands of people, who are without ambition or strength to do their day's work and who are always tired out, have but little appetite and a poor digestion, cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness because their blood is impure.

Dr. Williams' Pink Pills give quick relief and permanently cure such men and women because of their direct action on the blood, which they purify and build up to its normal strength. As the blood becomes pure and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting the food and repairs the wastes caused by growth and work. In a word it gives perfect health.

"The usefulness in every family of a safe and effective tonic is shown by the following statement of Mrs. A. B. Gates, of No. 807 East Second street, Duluth, Minn.

"I suffered for over a year," she says, "from general debility, which was brought on by overwork. I had no ambition to do any work and the least exertion used me up. My appetite was poor and I was very nervous at times. I could not get a good night's sleep. I was often confined to bed for a day or so and certainly felt miserable."

"I doctored with local physicians for a time but did not get any help from their medicine. I heard of Dr. Williams' Pink Pills through a friend and gave them a trial. They soon gave me strength and I was able to do my work. I have since kept the pills in the house and recommend them highly."

Dr. Williams' Pink Pills are not like ordinary medicines. They do not act on the bowels but they may be said to actually make new blood. In this way they reach many diseases caused by depleted or vitiated blood and they have cured severe cases of rheumatism, neuralgia, erysipelas, St. Vitus' dance and have accomplished miraculous results in partial paralysis and locomotor ataxia.

All druggists sell Dr. Williams' Pink Pills or they may be sent by mail, post-paid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

PARIS POSTAL EMPLOYEES GO OUT ON STRIKE

Paris, May 11.—The chamber of deputies, after a stormy session of four hours today, adjourned the debate on the interpellations on the postal situation until May 12. The response of the postal employees was quick and decisive. Within half an hour the federal committee had issued an order for a general strike, and the railway mail clerks walked out in a body. An hour later a meeting of 8,000 postal employees took up the battle and unanimously voted to strike.

No great enthusiasm was shown, but determination to force the hand of the government was apparent.

"The government is playing for time; we must not be caught napping," was the spirit of the meeting as expressed by Pauron, a dismissed postman and one of the most active organizers of the movement.

Permanent strike and branch committees were created, and delegates were dispatched to the provinces to pursue the same active propaganda to make the strike complete. The secret committee, composed of men whose names were not made public, so that they might escape the government's surveillance, was abolished.

HIGH WATER PRESSURE.

Saves New York Nearly Half a Million Yearly in Insurance Premiums.

New York, May 12.—Between \$400,000 and \$500,000 a year has been saved in insurance premiums since the installation of the high water pressure fire fighting system in this city, according to the statement of Arthur Williams, general inspector of the New York Edison company. Mr. Williams says this city's two pumping stations can pump 20,000 gallons of water a minute—240,000 pounds of water every 60 seconds. A maximum pressure of 300 pounds to the square inch has been obtained, which was powerful enough to batter down a brick wall.

It is Mr. Williams' intention to bring the subject before the insurance companies and to advocate the adoption of the high pressure system by all large cities.

A HAPPY FATHER

Is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well—soothe its nerves, induce healthy, normal slumber. Best for disordered bowels and sour stomach—all teething babies need it. Pleasant to take, sure, and safe, contains no harmful drugs. Price, 25 and 50 cents per bottle. Sold by Z. C. M. I. Drug Dept. 112 and 114 South Main St., Salt Lake City.

Salt Lake Night, Saltair, Friday, May 14. Train at 8.

GRAVE FILLED WITH CEMENT TO PREVENT STEALING BODY

Paris, Ill., May 12.—S. Branson Davis has filled the grave of his son with cement and gravel to prevent the removal of the body by the widow of the dead man. His action anticipated the filing of a petition for injunction by Mrs. Davis to prevent any interference with her wish to remove the body. Previously Davis had stood guard, armed with a shotgun, over the grave. The petition for injunction and a bill in chancery were filed by the widow, Mrs. Sarah Davis of Vermilion. William R. Davis, husband of the petitioner, was killed in a railroad accident two years ago and buried in a cemetery lot supposed to be owned jointly by himself and his father. Recently the latter served notice on the widow that she belonged solely to him and that she could not be buried there.

Mrs. Davis thereupon began preparations for the removal of the body, but Davis mounted guard with a shotgun. He also prepared to encase the casket in concrete so that it could not be removed. Sheriff Winn, who served the injunction papers, found Davis had completed the work, tons of concrete having been poured into the grave.

Mrs. Davis says she will ask for a decree giving her the sole property rights in the corpse, with the privilege of removal.

A SMILE

Is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Peppermint Cure is mild, yet absolutely effective in all cases. Price, 50 cents per bottle. Sold by Z. C. M. I. Drug Dept. 112 and 114 South Main St., Salt Lake City.

DR. V. C. VAUGHN ON "PHYSICAL BASIS OF LIFE"

Washington, May 11.—At the opening session of the twenty-fourth meeting of the Association of American Physicians here today, Dr. Victor V. Vaughn of Ann Arbor, Mich., president of the association, in his annual address, made assertions which are regarded at an attack on the Emmanuel movement.

Dr. Vaughn said there was nothing in the dualistic doctrine involving the existence of mind apart from and superior to matter. There was nothing in the doctrine, he contended, to justify the founding of any new club.

Taking for his subject "The Physical Basis of Life," Dr. Vaughn said that much has been heard of late concerning the influence of the mind upon the body. That assumption, he said, was as old as the philosophy of Plato. It always had been maintained as a dogma without scientific support and had led to no scientific fact.

Every attempt to apply it to the treatment of disease, he asserted, had led to the development of conscious or unconscious charlatanry and resulted in more or less marked aversion to medical observation and study. He declared, had shown that healthy cerebral conditions were to be found only when the brain was properly influenced by normal functions of all the co-related organs.

"We know equally," said he, "of the influence of the brain on the other organs of the body. We are fully

"BABY MINE"

pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event. It is worth its weight in gold," says many who have used it. Book of value to all expectant mothers mailed free.

aware of the fact that impulses may be started in the brain through any of the five senses, that may favorably or unfavorably influence the activities of the co-related organs. And for centuries the medical profession has employed this physiological principle in the treatment of disease."

DANCED HERSELF TO DEATH.

Chicago, May 11.—Marie Fron, 20 years old, danced herself to death in a public dance hall last night according to the verdict of a corner's jury today.

The girl possessed a frail constitution, but was dancing with mania with her. She was warned by her parents not to exert herself; but when the music started she forgot the warning and danced continuously all evening. Then she was carried out of the hall and died at a hospital.

BOYS WILL BE BOYS.

And are always getting scratches, cuts, sprains, bruises, bumps, burns or scalds. Don't neglect such things—they may result serious if you do. Drug Dept. 112 and 114 South Main St., Salt Lake City.

ONLY \$2.50

Vin. O. S. L. To Logan and return for State Track Meet, Saturday, May 15th. Special train will leave Salt Lake at 8:30 a. m., returning, leave Logan 8:30 p. m.

DR. ELIOT DECORATED.

Invested With Insignia of Order of the Rising Sun.

Boston, May 11.—With an impressive ceremony, President Charles W. Eliot of Harvard university was tonight invested with the insignia of the Order of the Rising Sun, bestowed upon him by order of the emperor of Japan. The red and white ribbon and jewels of the order were placed about President Eliot's shoulders by Ambassador Takahira, who said:

"The emperor, my august sovereign, fully appreciative of the great service you have rendered to the culture of human life, as one of the foremost educators of the age, and for the making of many useful men of Japan who have come here to study at Harvard university during the 40 years of your presidency over that institution, thus largely contributing to the advancement of our country, has been graciously pleased to confer upon you the grand order of the Imperial Order of the Rising Sun, as a mark of his majesty's good will toward you."

President Eliot responded briefly. General congratulations followed, after which the health of the emperor, the president of the United States and Dr. Eliot was drunk.

MOTHER'S FRIEND

WORE HIGH HEELED SHOES.

Lost Suit for Damages as it Was Contributory Negligence.

Oakland, Cal., May 12.—Because she was wearing high heeled shoes when she was injured by a fall from a street car, Mrs. Anna Petersen has lost her suit for damages against the Oakland Traction company. Counsel for the corporation advanced the plea that Mrs. Petersen was guilty of contributory negligence, as no woman wearing a high heel could expect to navigate a level street let alone stepping

from a street car without being overbalanced by such a footwear.

The superior judge held the same view and gave the Oakland Traction company judgment for the cost of the action.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.
