wan, and Bishop Dame's appreciation of the visit of our brethren was evidently discernable in the countenances of the people. An organization has been effected

here, having home manufacture for leather and wood in their several branches. They already have a co-operative stock of general merchandise, sheep-herd and co-operative cattle-herd, all paying institutions. A three-roomed frame house is being conveyed from here in sections on nine wagons, which is rather than Rutland. and says: to be erected at St. George for the accommodation of the people of Parowan, by whom it is owned, purposes. The ground too on which do better." it is to stand has been purchased by them. This is an excellent method ensuring "welcome to St. George."

We were very favorably impressed with Parowan and the people, and very kindly received by Bishop Dame.

On Monday morning part of the company, with Elder C. C. Rich, started ahead of the other, reaching Cedar City in time to hold a meeting there at 11 o'clock. The other part, with Elder Taylor, reached Cedar about three hours later. At 30'clock another meeting was held here, at which the brethren of the Twelve preached a twenty-minute sermon on the building of temples, heir purposes, and the nature and necessity of their ordinances. In he evening another meeting was held, in which Sisters Richards, Clarke and Snow participated, dilecting, of course, their remarks to The unoccupied time was sed in a very lively and interesting manner, eight of the brethren speak- | STANDA ing, all of whom were timed to ten

The people of this, one of the prettiest little places of the Terriory, have the fatherly care of Bishop Lunt, who was one of its first settlers. The town is about ighteen years old, and is certainly credit to its founders. The Bishop, his whole-souled way, said, "We ADMINISTRATORS' the doing fairly well; we have a lew two-story brick building, with ellar, for our co-operative store, nd we have a co-operative sheeppostates." vebir no someremo

## TESTIMONIALS

## Branson Knitting Machines.

GENTLEMEN-In regard to your machines, we beg to say, we have been running them in our factory for the past six months, and the verdict of our superintendent and operatives is in favor of your machine; and we cheerfully give our unqualified approbation of its merits and advantages over any other machine we have used or seen.

The especial merits are, ready adaptability to perform work of various kinds; perfect action; simplicity of construction, durability and cheapness, compared with other machines. We take pleasure in recommending it as a reliable, satisfactory and profitable knitter.

Very respectfully yours,

S. H. RICHARDSON & CO., Manufacturers of Woolen Yarns, Socks and Mi tens, Rochester Woolen Mills, Rochester, Mich.

GENTLEMEN-The following is my wife's testimony in regard to what she has done with the machine. I consider it simple, durable, and all you claim for it. Yours, &c., ROBERT F. DOBSON.

GENTS .- I have earned thirty dollars (\$30) during the past five weeks with the Knitting Machine we bought of you this fall, besides doing all my house work for a family of five persons, by working at knitting less than half the time. My customers think the knitting superior to hand knitting, and I am knitting for several families that have VARIETY and at Prices that Defy other knitting machines. Can do better, now that I am well learned, than I did at first. I am well satisfied with the machine.

Mrs. ELIZABETH DOBSON, Darlington, Wis.

GENTLEMEN-I have now had the Branson Knitting Machine for several months, and I consider it the best machine in use. It is so simple that my little girl, twelve years old, can knit on it without receiving any instruction whatsoever.

## FARMERS OF UTAH!

We have one question to ask you, viz: Ought not the Inventor of the Reaping and Mowing Machine, who has been building them constantly over THIETY YEARS, and who has the largest capital and largest Manufactory of any firm building machines in the world, ought not he to be able to build as good and BETTER machines than any competitor?

Think of the above before you buy! Also, remember that there were more of the McCORMICK machines sold in the United States last year, and every year, than any other make, and ask yourself the reason why. Is it not because they are the BEST and most DURABLE machines?

See for yourselves before buying. Remember that every machine is fully guaranteed.
