The Ogden Postmastership.

WASHINGTON, 2. — Postmaster General Jewell says that the removal of the postmaster at Ogden was ordered on the 26th ult., and was not in consequence of his religious belief, but for other reasons, among which was the fact that the Iowa and Nebraska Congressional delegations have, for a year past, been urging the appointment of N. J. Sharp for that position, and if this removal indicates the adoption by the President of a policy to remove all Mormons holding federal offices he is not aware of it.

Referred to the Attorney-General.

The cabinet were in session about two hours. The question of the imprisonment of Brigham Young was talked of, but without further action than a reference of the matter to the Attorney-General, who will make an investigation.

Two Fools Killed—Morissey Elected.

NEW YORK, 2.—A duel occurred this p.m., on the top floor of No. 106 Delancy St., between two Polish Jews, named Joseph Goldman and Moses Piskalt; Goldman was shot and instantly killed, and Piskalt was mortally wounded. The men were partners as jewellers, and the tragedy is supposed to have arisen out of a business quarrel.

Morissey is elected by over two thousand majority. Thurlow Weed claims that the republicans have carried the State by a small majority.

Tammany Beaten.

Two hundred and forty-six city election districts give Bigelow 32,758, Seward 21,670, Olney 22,672, Phelps 32,572, Dreythe, 21,464, Hackett 32,646. Three hundred out of 550 city election districts show 14,000 majority for Bigelow, 12,200 for Phelps, 14,000 for Hackett. The whole list of Tammany is beaten.

12 a.m.—The republican leaders at headquarters claim the State by several thousand, and two-thirds of both branches of the legislature.

The New York *Times* estimates the legislature as follows—Senate 22 republicans and ten democrats; the assembly 80 republicans and 48 democrats, and claims the election of the entire republican state ticket by 5,000 to 8,000 majority.

The total city vote with the exception of a few election districts in the 21st assembly district shows the following totals—Bigelow 73,—[illegible] Seward 40,050; Olney 40,[illegible] Phelps 71,000; [illegible] 40,004, Hackett 71,228.

Tammany elects only one of the five Senators and six of the 21 assemblymen.

The New Jersey Election.

The returns, as far as received from New Jersey, indicate that both branches of the legislature will be republican.

ALBANY, N. Y., 2.—The democrats carry the city by 500 and the county by a largely reduced majority.

Fire.

FALL RIVER, Mass., 2. — The Massoit steam cotton mill was destroyed by fire to-night. M. T. Bennett, jr., & Co's coal shed adjoining was partially destroyed. Flying embers set fire to a number of houses on Central street, and the roof of the Pocosset mills was fired in several places. The engines were transferred to this mill and soon extinguished the flames. It is believed that the danger, which at one time threatened the whole city, is now passed.

Everybody Enthusiastic and Happy.

MEMPHIS, 2.—Returns, from all parts of the state indicate an overwhelming conservative victory; they have carried every doubtful county and have a decided majority in the House and Senate. Lamor, Singleton, Hooker and Money are elected to Congress. The republicans concede the state and have not had their headquarters open since morning. Everybody is enthusiastic and happy.

A Quiet Election.

PITTSBURG, 2. — The election passed off quietly. All the districts in the city but seven have been heard from, and show an aggregate republican gain over 1874 of 3,817.

Massachusetts Election.

BOSTON, 2.—Crapo, republican, is elected to Congress from the first district by over 4,600 majority.

The election of Rice is generally conceded.

Democratic Triumph.

NEW ORLEANS, 2.—The returns indicate that the democrats carry Mississippi by 10,000 majority. They have a decided majority in both houses, and elected four congressmen and perhaps all the congressional delegation.

Large Vote Polled.

CHICAGO, 2.—The vote was one of the largest ever polled here, and the interest is very great. The banks and most of the business places were closed during the day. Very few collisions occurred between the opposing parties.

WESTERN.

Earthquake—Rain.

SAN FRANCISCO, 2. — A severe shock of earthquake is reported at Yuma, on the Colorado river.

Advices from all parts of the State, the last twenty-four hours, indicate a general rainfall.

The Oregon Election — Suffering at Virginia.

A dispatch from Portland, Oregon, says that later election returns materially reduce the majority for Lane, dem., for Congress. A dispatch from Salem says that the returns indicate the election of Warren, rep., by a small majority.

A special from Virginia reports snow and rain there to-day, causing some suffering among imperfectly housed people.

FOREIGN.

PRUSSIA.

Will Submit to the Government, etc.

COLOGNE, 2.—Several members of the Cathedral Chapter have given formal notice that they will submit to the authority of the Imperial Government. It is stated that a majority of the Chapter have refused to endorse the protest of the archbishop against his expulsion from his palace.

CORRESPONDENCE.

Visit to Tooele County.

SALT LAKE CITY, November 2d, 1875.

Editor Deseret News:

During the past week I visited the school districts in the cities of Tooele and Grantsville and delivered lectures on educational subjects to their good people. Tooele City is all included in one district, with two school-houses, each of which is calculated to accommodate about eighty pupils. There were 330 children reported from that city last year, and, as only 160 of them can be admitted into their schools, 170 are barred out. The school-house belonging to the Methodist mission is nicely furnished with the "Triumph" desks and seats, maps, charts, &c., and, as it is unoccupied by that people, Mr. Robert Skelton, with the other trustees, intends, if possible, to secure the use of it for school purposes. This house will accommodate about seventy-five pupils, and if they succeed in securing it, there will still be ninety-five children left "out in the cold world, out in the street," &c., that cannot possibly be admitted to the privilege of public education in our common schools. If the people of Tooele will co operate, with the deep interest, energy and determination possessed by the trustees, for the advancement of their educational interests, they will soon erect a school-house containing about eight rooms of sufficient size that all their children may be accommodated in school, in whatever grade their qualifications may require. They had not opened their schools yet, but expected to commence soon.

The city of Grantsville is divided into two school districts, and like Tooele has also grown entirely out of its school facilities. There are about 350 children in the two districts, in each of which is a school-house that will hold about seventy-five pupils. Perhaps, by the use of a mallet, a few others might be driven in endways around the corners, still there are about 200 children that cannot be admitted into their schools. On the 18th of October, Mr. H. A. Woolley commenced teaching in the second district. He had but thirty pupils in the beginning, but his ability as a teacher, with the plans he has adopted, being those of his old teacher, Mr. W. H. Rager, will soon call into his school [illegible] more than he can accommodate. This second district school-house is neatly fitted up with comfortable home-made furniture, maps, charts, globes, etc., as directed by Mr. J. R. Clark, the [illegible] who is very much [illegible]

The other district has a log school-house, which, to judge from its architecture and general appearance, one would suppose was built in about the year one, or soon after. They will open a school there soon.

A part of Sec. 17 of an "Act incorporating the city of Grantsville," appears to conflict with the Territorial school law, and has caused considerable discussion and division among the county, district and city authorities, as to whether the county court shall divide the county into school districts, and take bonds from the school trustees for the faithful discharge of their duties, as required in an act providing for the establishment and support of common schools; or whether the city council has this right so far as the city is concerned, and to assess and collect taxes for the support of schools. The same cause of trouble is also in the charter of Tooele City. Some legislation on this point would be of benefit to Tooele county.

Mr. Thomas Atkins, accompanied by Mr. Abel Parker, trustees of Tooele, unsolicited, met me at the terminus of the U. W. R. W. with large hearts and a nice comfortable conveyance to carry me up to their city and thence to Grantsville, from which I was very comfortably conveyed back to the R. W. terminus by Mr. S. W. Woolley. For the hospitality and liberal expressions of good feeling of those gentlemen, I am very grateful. I am also truly thankful for the hospitality extended by Bishop J. Rowberry, who appears to have a soul in him in keeping with his gigantic proportions.
