The grape crop is unusually large this year, and when he left, a few days ago, the wine-making sea-son had just commenced. Pear trees grow there as readily as weeds here; and, with stock raised from the soul and builded with the "Bartlett," he in five years gather-ed pears eighteen ounces in weight. Euough grain has been raised in Southern Utah this associes to supply the people, the yield in Pine Valley alone being 10,000 busines. Health prevails gen-erally among the people.
