

PRIMARY CONVENTION IN SESSION TODAY

Large and Appreciative Gathering of
Officers of the Association Assem-
bles in Whitney Hall.

A large and appreciative gathering of ladies who are doing noble work in the Primary associations of the Church of Jesus Christ of Latter-day Saints, held the first meeting of their June convention this afternoon at Whitney Hall and the instructions given by members of the general board on various topics pertaining to the Primary work and the open discussions on the same were lively and interesting. An excellent musical program was led by Lucile Perron Sharp and May Bennion of Granite state, and leading features also were the earnest opening prayer by the honored founder of the organization, Aurelia Spencer Rogers, and the address of welcome by President Louis B. Felt. At the session tomorrow morning all Primary workers should be present to hear the important lessons to be given, and as many parents as possible.

Should not be neglected. It leads to more serious troubles. It shows that the important functions of the liver are imperfectly performed. The best medicine to take for it is the mild, gentle and purely vegetable cathartic, Hood's Pills, which act on the liver and bowels, cure biliousness, constipation, morning and sick headache, break up colds, relieve uncomfortable fullness after dinner.

BUILDING PERMITS SOAR SKYWARD TODAY

Six Issued This Morning. Aggregating
\$212,300 Against \$194,000 for
Month of June, 1908.

Six building permits were issued this morning by Building Inspector Hirth which call for the expenditure of \$212,300. The largest permit issued this morning was for the Holmes-Knox hotel. It calls for a four-story building. The ground floor to be used for stores and the three top floors for a hotel. The estimated cost of the building amounts to \$185,000. Mrs. M. J. Hollingsworth secured a permit for an apartment house on Third East street which will cost \$6,000. The other four permits are for residences. This makes a total of \$250,000 for the first four days of June as against \$194,000 for the entire month of June, 1908.

ENLARGE THEIR BUILDING.

S. M. Taylor & Co. Begin Excavation
For Blitzer Quarters.

In order to meet the demands for more room for the constantly increasing business of the undertaking firm of Samuel M. Taylor & Co., successors to the pioneer undertaker of Utah, Joseph E. Taylor, the excavation for an addition to the present building was commenced this morning, corresponding to the present three-story building. The dimensions of the addition are 28 feet front by 100 feet deep, at a cost approximately of \$20,000. When finished the entire building will have a frontage of 65 feet, and in all of its rooms and appointments will be the most complete and up-to-date building of this character in the intermountain country. It is situated at 251-259 east First South street.

PAVING CONTRACT TONIGHT.

When the board of public works meets tonight Patrick J. Moran's contract on paving Third South street from West Temple to Second West street, will be taken up. The bid submitted by Moran is about \$7,900 above the city engineer's estimate, and it is considered too high. One member of the board is not in favor of giving Moran the contract at any price, but the others are inclined to think that it ought to be cut down. This for the erection of a garbage building in North Salt Lake will be opened to night. The estimate cost is given at \$500. The bids on the laying of cross-walks will also be opened tonight. This contract is estimated at \$3,000.
