There are times when a horse knows more than a man; when instinct is superior to reason. The horse fights against being forced over the brink of a precipice which he can see in the dark but which is veiled

from the man's eyes. It is often the same fights against carrying the man over the brink of the preci-pice, disease. When pice, disease, the heart bear heart beats irregularly; when there are pains in the head, ringing in the lears, cough, indigestion, loss of appetite and lack of energy—some or all of these symptoms—the body is on the brink of danger and is crying "halt!"

#### ACCUSE COLONEL METCALF

Kensas Officer Charged with Brutal Murder of a Filipino Prisoner.

Col. Metcalf Says the Story is Untrue -Investigation Will be Held

Topeka, Kan., Nov. 20.-Lieut. Hall of Lawrence, formerly of the Twentieth Kansas regiment, in a letter to the Topeka Journal today, makes the charge that Col. Metcalf, recently breveted brigadier-general for gallantry in the Philippines, shot an unarmed and supplicating Filipino prisoner, and in support of it furnishes the following affidavits of Private Husky of the Twen-

tieth Kansas and First Lieut. Fergu-son of the Thiriy-sixth infantry: Philippine Islands, City of Manila, Personally appeared before me this 24th day of July, 1899, Private Harris O. Husky, company K. Twentieth Kansas infantry, United States Volunteers, who being duly gworn, deposes and says, that in the battle of Caloocan he was orderly for Major W. S. Metcalf. Twentieth Kansas infantry, United States volunteers. That at a point where the insurgent trenches cross the road ear and to the right of the tramway he saw a prisoner brought out of the trenches and to Major Metcalf. The deponent further says Major W. San Antonio, P. I., August 29, 1899.
On the 10th day of February 1899, I was engaged in the taking of Caloocan by United States troops, being a corporal in company E., Twentieth Kansas infantry. Immediately after the crossing of the first line of insurgent trenches, about 200 yards south of t' Caloocan church, I heard a shot fi. 4 to my left and rear, and looking that way saw a native falling apparently lifeless to a native falling apparently lifeless to the ground. Maj. Metcalf was standing about six or eight feet in front of the native with a smoking pistol, and the impression that I received was that the major had shot the native. But other matters called me and I went on with the line.

ARTHUR M. FERGUSON. First lieutenant, Thirty-sixth infantry, United States volunteers.

Cleveland, O., Nov. 20.—When Gen. Metcalf was seen at Elyria, twenty-five miles from Cleveland, O., tonight, where he is visiting, he said:

"I understand that the affidavit presented by Hall was merely signed 'A soldier.' That kind of an affidavit is not paid any attention to. The matter with Hall is that he did not get a promotion. There is nothing in the charge

motion. There is nothing in the charge at all.

"The whole story was investigated last spring by the Manila military authorities, and by Dean C. Worcester, a member of the Philippine commission. At that time the charges were found utterly groundless. This is the first time that my name has been connected with the story. The story first origin. with the story. The story first originated in a letter a soldier boy wrote home, and some little incident was greatly exaggerated by the soldier boy. I can't acount for Hall's action unless he feels resentment against me be-cause he was not recommended for pro-motion and expects to injure me by it."

Washington, Nov. 20 .- The officials of the war department are surprised to hear the charges made against Col. Metcalf, for whom a very high opinion is entertained in army circles. tary Root expressed the belief that the charges were not true, but said he had no information regarding the matter, of which he had not heard anything until given the press report. In view of the high rank of the officer and of the explicit account regarding the alleged crime contained in the affidavits accompanying the charge, it is expected that the officials will take formal action with a view to ascertaining the accuracy of the published statements.

# KANSAS OFFICERS ARRANT COWARDS

SAYS METCALF IS INNOCENT

Colonel Was Not Cruel or Cowardly-Funston Gives His Own Accusers a Burning Challenge.

San Francisco, Nov. 21 .- Gen. Frederick Funsion is quoted by the Examiner as saying in an interview:

"Some of the rankest cowards in the army were officers of the Twentieth Kansas regiment, and they were far from being non-commissioned officers, too. They left the firing line without permission during the battle of San Fernando and went to town. All ef-forts to get them back to their places in the regiment were of no avail.
"Had I not allowed sentiment to in-

trefere with duty at the time, I should have preferred charges against them for cowardice. There were five of them, some of whom were staff officers, and it is this same class of skulkers that is now making the contemptible and underlanded attacks. underhanded attacks upon Col. Met-calf and myself.

"I want to deny most emphatically and absolutely that Col. Metcaif was

gullty of either cowardice or wanton cruelty in the treatment of any prison-

ers that fell into his hands.

"The whole trouble arose over the fact that both Col. Metcaif and myself were compelled to reprimand some of the disgruntled officers because of their inefficiency and lack of courage." The general then explained that Met-calf was elected colonel of the regi-ment by vote of the commissioned of-ficers, receiving 27 votes to 1 for Lieut. Col. Little, and none for Major Whit-man.

Gen. Funston sends to the Call a letter in which he emphatically denies that he looted churches in the Philip-pines. He says he has deposited \$1,000 in the bank of California and challenges his accusers to put up an equal amount, the sum to go to the Red Cross society if it can be proved that he ever took, connived at the taking of, or knew of the taking of any article, sacred or otherwise, from any church in the

In conclusion, he says that if his chal-lenge is not accepted within forty-eight hours he will brand his alleged accusers, the editors of Donahue's Magazine and the San Francisco Monitor and J. J. Sullivan, a journalist, as "liars and blackguards of the first water."
