WASHINGTON, 3.—Delegate Hooper, of Utah, is here, and denies that his business with the President is concerning Utah matters.

It is thought that the application to the supreme court, for a writ of mandamus to compel the secretary of the treasury to issue a warrant for \$325,000, alleged to be due Kentucky for arming troops, etc., will be unsuccessful.

The examinations before the commission will be soon commenced.

One hundred troops have been ordered to Fort Leavenworth as an assignment to the cavalry there.

**Indian Affairs.**  
Agent Gibson reports that there are over 800 white trespassers from Kansas on the new Oage reservation.

The surveyors recently sent to the Oage country to fix the line at 36 degrees, made the line four miles west of the previous official survey, by which the choice lands in the valley in the Cane river will be taken from the Oage, thus pushing the Indians upon the mountainous region. The administration directed, for the present, that the Indians shall not be disturbed and that they shall be protected. The names of Colonel Tappan, Colonel H. A. Cline, and General F. Walker are mentioned in connection with the commissioners of Indian affairs.

The Government is investigating the charges against Judge J. W. Wright of this city, formerly of Indiana, in relation to the collection of bounties and pensions of Indian soldiers of the Creek, Cherokee and Seminole nations, who served on the frontier during the rebellion. The alleged frauds it is said amount to nearly \$400,000, and that some of the checks of payments and bounties were cashed by the assistant treasurer at New York upon the endorsement of dead soldiers' names by Wright or his agents.

**NEW YORK.**  
Various.

NEW YORK, 3.—In his speech last night, Tilden said he had been approached by Tammany officials, and offered him to leave the Reform party. The injunction order was modified by Judge Barnard this morning so as to prevent the issue of fifteen millions of bonds negotiated by August Belmont, about the deposit of the subject, Mr. Beecher was away taking his vacation.

to prevent honest men from voting or shield rogues in repeating, will hang the vote to the nearest lamp-post. This was greeted with uproarious cheers and shouts of "We will that."

The steamer Wabash will proceed to Fort Monroe from this city, at which place General Sherman and staff will go on board for Europe.

**MISSOURI.**  
Double Suicide.

LEWISTON, 3.—Two girls named Ada Brown, of Bedford, and Anna Wood, of Hartford, to-day leaped into the deepest channel of the falls with their arms interlocked, and left their clothing on a rock.

**ILLINOIS.**

CHICAGO, 3.—The total registration of the city so far as the returns are received is less than 14,000, or one half the number of last year. It is believed the total registration will not exceed 17,000.

A third ticket for city and county officers, headed by Dr. N. S. Davis for mayor, has been nominated by the Temperance party.

Twenty-five hundred wooden buildings are in course of erection in the north division, 600 in the south, and 150 in the west. Permits for the erection of permanent buildings of stone and brick continue to be issued daily. The weather continues unusually fine for the season.

**GEORGIA.**  
The Governorship.

ATLANTA, 3.—The Georgia Legislature to-day recognized Connolly, Republican, as acting governor. A bill for a special election of governor in December was introduced and a resolution passed declaring false governor Bullock's allegations that the assembly meant to impeach him without investigation, and that the people did not respect the constitution or recognize the results of the war.

**PACIFIC COAST DISPATCHES.**  
California.

The Ely mine shipped in twenty-five days of last month \$25,325.

The Alvarado Beet Sugar Works have capacity for working up sixty tons of beets per day and the amount on hand will last six months.

Another new German paper, with a capital of \$20,000, is to be started in San Francisco.

Henry Julius, a butcher, died from being run over by his own cart.

The case of Police vs. the Pacific Insurance Company, which was decided yesterday by Judge Dwinelle, was taken before the judges of the Supreme Court on appeal, and the decision in favor of the validity of the assessment for making good the capital impaired by losses by the Chicago fire was fully sustained. This will enable all the local insurance companies with the exception of the People's to continue business on a sound basis. Most of the largest stockholders have already assented to the assessments and paid or secured them, but this action was requisite to secure unanimity and make the burden fall equally on all.

**FOREIGN NEWS.**  
FRANCE.

Insurance Suppression.

PARIS, 3.—Intelligence has been received of the entire suppression of the insurance in Algeria. The natives are generally resuming their labors.

**GREAT BRITAIN.**  
Miscellaneous.

LONDON, 3.—There is general surprise that the Bank of England made no change in its rate of interest at the meeting of the governors yesterday. The circumstances are ascribed to the fact that a loan is about to be placed on the market to the amount of \$50,000,000, and by the lord mayor from the fund subscribed at the Mansion House, \$30,550.

The Dutch settlements in Sumatra and in the Dutch East Indies have been sold by the Dutch to the English government.

**Simons' Wife's Mother.**  
A countryman was in New York on an August Sunday, and crossed the Brooklyn ferry in the morning, for the purpose of hearing, Robert. But in the Plymouth point was occupied by a stranger, who delivered a tedious, commonplace sermon from the text, "And behold Simon's wife's mother lay sick of a fever."

Mr. Beecher was away taking his vacation.

In the evening the man, thinking to redeem in a measure the defect of the sermon, accepted a choice sitting in the Reformed Dutch church, for the sake of hearing the genial, eloquent and scholarly Bethune. But his heart quickened when the evil spirit that had possessed him all day got up and gave out a hymn. And when the text was announced, "And behold Simon's wife's mother lay sick of a fever," the party who knew all about the subject rushed wildly from the overdone, and ran to his hotel. Dr. Bethune was taking his summer vacation.

The next morning the man took the first train for home, and stepping into the car there was his ministerial friend of the day before, with his sermon under his arm. The New York bells were ringing a fire alarm, and says the minister to his lay brother, "Friend, do you know what those bells are tolling?" Says the countryman, looking

hard at the sermon, "I don't know; but I shouldn't wonder if Simon's wife's mother was dead. I heard three times yesterday that she was down with a fever."—R.
